MONTHLY REPORT OF S.O., A.D.S., FRANCE.

1. During the past month I have carried out the under-mentioned inspections of Dental Units. It has not been possible to visit the Units attached the 4th. Australian Division owing to their distance from this Army Area and pressure of work presenting to this Office, hence all matters needing attention in that Division have had to be arranged by correspondence.

2. On November 29 - 30 the work of the Australian Dental Clinic attached Australian General Base Depots was enquired into. The undermentioned figures shew the relative Depot strength and number of men withheld from draft owing to needing dental treatment before being fit for service in the line. <sup>at that date.</sup> Practically all the men marked "T.B. Dental" were

those discharged from Hospital in France to the Base.

The Clinic was being conducted in a very satisfactory manner, the only bone of contention was the need of a Warrant Officer Class 1. and a definite Clerical Staff which would greatly ameliorate the keeping of records of work, control of parades and personnel etc. This matter was previously submitted in my monthly report of July last.

3. Further steps to eradicate ulcerative gingivitis amongst the troops are being taken from this Office in accordance with the more recent research on the subject. The necessary drugs have been asked for from Medical Stores and on receipt of these suitable propoganda in conformity for combatting the disease will be vigorously undertaken.
4. The War Office scheme for the standardization of dental equipment for the English, Canadian, New Zealand, and Australian Dental Corps has been dealt with during the month in a more enlarged form than heretofore and the necessities of the Australian Dental units have been duly put forward, to the D.G.M.S. British Armies in the field.
6. The individual needs and transferences of personnel of the Australian dental Corps in France have been put forward from time to time during the month under separate headings.
7. Nominal roll at this date, herewith, please.
