AREELE	20		The demand for transport for Road services is so heavy at present in these areas as we have 3 sections of transport units attached to the Coy.	
AREELE	Nov 20-30		Nothing of importance to report during this period. The work of M.T. in forward areas during the period 15 to 30 November was carried out without casualties to personnel or vehicles although the most advanced roads were used heavily. The daily heavy detail averaged 500 loads daily. These were used chiefly on G. Roads. Supply, Ammunition and trash moving several
