2 <sup>nd</sup>		<p>1st Section work continues on the new emplacement of KATBA TEPE 21103 at 9.15 am 5 rounds were fired by 107PP Battery 3 hits obtained and work suspended at 9.40 am Two destroyers took up position off KATBA TEPE and opened fire but the effect could not be seen it is therefore probable that this work is more extensive than appears from our lines. Several more towers have been unroofed in the valley between KATBA TEPE and 706 - The hostile Battery seen a few days ago firing in a S direction was again visible today and was engaged by the Navy. A waded canal train of 6 groups of 4 each was observed near the House 20307 the Tank</p>

Co 2 Section Gun on 971 on BATTLESHIP HILL opened at about 8 am and continued more persistently than for some time. CADDYS Battery as BROWNE'S Co 2 gun engaged them. These guns known as C are exceedingly well placed, commenced as though the hollow in which they are has been searched and swept from 3 different angles by Battery commander is satisfied with the results. The gun on 971 were more easily located they were on both E and W slopes - they were not so persistent as the gun at C. Men were observed out in front of C cutting brushwood. CADDYS Battery fired a couple of rounds, killing several men on the ground and others apparently wounded.

General There was more enemy activity during the morning than there has been lately as they were more

			<p>BROWNE'S Battery fired six rounds at enemy guns at C which appeared effective. and later fired at a machine with good effect at extreme range. Later in the evening a gun was reported 600° E of GERMAN OFFICERS Trench. This information was passed to NZ Art who promised to deal with it at daylight. Strength in future will only be entered weekly. Ammunition expended 177 Casualties 1 wounded.</p>	
	14/6/15		<p>The enemy artillery was very active in the early morning. 1st Section at 5.40 am on Infantry trench parapets were being severely damaged as the line from centre to right was being generally bombarded from GUN RANGE. 450 Platoon - 5 of the six guns were firing from opposite our centre from semi-concealed positions - they were engaged by HUGHES &amp; JOPPS Batteries as a considerable amount of ammunition was expended before they ceased firing. Effect could not be accurately judged. At 9.40 am a gun was located on KABBA REPE about 150° E as a little S of ruin on the hill - This gun was engaged by JOPPS Battery 10 rounds.</p>	<p>J.H.G.</p>

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices
	20/6		At 0500 an enemy gun opened fire from Plakan 400 - Two rounds were fired from HUGHES Battery - The gun ceased at once	
		0945	The OLIVE GROVE Battery opened fire on the beach, several parties of the enemy had been under observation near the Hedge emplacement and the Howitzer emplacement. These are all registered places and BURGESS opened fire, firing three rounds gun fire with each of his 4 guns on a different target - The effect was to stop the <del>the</del> OLIVE GROVE Battery and scatter and drive to cover the various parties. A small party of the enemy was observed working behind a parapet with a tunnel in rear between the ruins of KABA TEPE and the point - Grounds were fired from JOPPS Battery and the party ceased work.	
		1434	JOPPS Battery fired 8 rounds at observing station on KABA TEPE seen to be occupied, low bursts over the station were observed it is thought that fire on KABA TEPE has the effect of stopping fire of the heavy gun near BOGHALI -	
		1455	The OLIVE GROVE Battery fired on the beach but stopped after 6 rounds from JOPPS Battery.

			opened on him with very effective fire - TOMPS Battery was substituted in as HUGHES Detachment withdrawn 49 rounds were fired before the enemy ceased fire.	
		0935	The left section OLIVE GROVE Battery opened fire on the beach at Shiping BURGESS Battery fired 5 rounds enemy ceased.	
		1000	OLIVE GROVE again opened - BURGESS Battery fired 5 rounds - KABA TEPE gun was then seen to be in action as BURGESS Battery was substituted onto it, fired 8 rounds enemy ceased fire.	
		1550	The left section OLIVE GROVE Battery opened fire on the beach but stopped after 7 rounds from BURGESS Battery. No 2 Section PHILLIPS Battery did not fire.	
		0700	BROWNE Battery fired four rounds at guns west of Sandpit no apparent effect enemy guns ceased fire.	
		0840	Guns at C opened fire - on each occasion they ceased fire after a few rounds from BROWNE & CARRYS Battery	
		0910		
		1900	One gun W of Sand Pit opened fire as was engaged by one gun

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices
			<p>1900 A party was seen at work on a new emplacement in 202 02-5                      This was beyond effective time shrapnel range but 4 rounds                      percussion were fired at 650x as the party dispersed.                      This emplacement is possibly a new one for the new gun that                      shells the beach from 202 T.                      No 2 Section PHILLIPS Battery did not fire</p>	
			<p>0500 BROWNE'S Battery fired 7 rounds HE shell at trench immediately                      in front of QUINNS POST. Fire was effective - the overhead cover over                      a large heavily timbered bomb proof shell pit subsided at the fourth                      round as the next round did considerable damage to the cover                      along the trench - This series was followed by a series at the same                      trench as another near it from both BROWNE'S &amp; CANNON'S Batteries                      with apparently good results with percussion.                      BROWNE'S Battery fired 10 rounds into the valleys single rounds 3                      bang fired at intervals during the morning.</p>	
			<p>1700 BROWNE'S Battery fired 7 rounds at guns at C which were effective</p>
