S E C R E T. COPY NO....

1ST. AUSTRALIAN INFANTRY BRIGADE.

Action for Counter Attack by Support Brigade, Centre Division, XV Corps.

Brigade Headquarters,
30th May, 1918.

REFERENCE MAPS, SHEETS 27 S.E. & 36A N.E. 1:20,000.

1. The Support Brigade may be called upon to counter attack in the event of an enemy penetration of the Divisional Front.

2. There are four probable forms of employment of the Support Brigade, viz Plans "A", "B", "C" and "D".

3. Plan "A". To counter attack the left of the enemy penetration in the event of the enemy penetrating up the METEREN BECQUE in conjunction with operations against the troops on our left.

Action. The areas of assembly for this will be the locality Sq. W.15.D. - Sq. W.21.A., with "B" Battalion on the right, "C" Battalion on the left and "D" Battalion in Support. The line to be passed at Zero Hour will be the Reserve Line of the Forward Zone.

The centre of the attack would probably be directed on KLITE HILL.

4. Plan "B". To counter attack with the object of re-capturing STRAZEELE -

(i) By Day.
(ii) At Dawn.

Action (i). The area for first assembly will be West of the Railway Line in the locality of Squares V.18. and W.7., whence the move to the "B" Line (Firing Line System of Second Zone) would be in artillery formation, and the attack carried out from there at Zero Hour.

(ii) The assembly and advance would be carried out in the same manner as in (i) except that the troops would move to the Reserve Line in artillery formation and attack from that line at Zero Hour.

In both (i) and (ii) the attack would be made with the right directed on the Southern Slope of the STRAZEELE eminence; the left on KLITE HILL; while the PRADELLES - STRAZEELE Road would form roughly the centre of the attack. No troops are actually to move along the road.

5. Plan "C". To counter attack with the object of re-capturing the Reserve Line of the Forward Zone. (It is presumed that ROUGE CROIX is still in our possession).

Action. The area for first assembly would be the same as in Plan "B". The advance from the assembly area would be in artillery formation as far as "B" Line, whence the attack would be made at Zero Hour.

The right of the attack would be directed on the road junction in W.21.C.6.2. and the left on ROUGE CROIX. It is scarcely anticipated that this attack could be made in daylight, or that the Brigade could do more than capture the Reserve Line.

6. Plan "D". To counter attack with the object of re-capturing STRAZEELE RAILWAY STATION and any ground lost in that vicinity. (It is presumed that STRAZEELE is still in our possession).

Action. The Brigade would assembly with its right flank in V.30.D. and its left flank in V.24.D. The advance would be made with the right flank directed on LE PARADIS and the left flank on the road junction in W.29.C.6.2.

P.T.O.

Appendix. 18/5/18.

7. "A" Battalion is in close support to the Brigade in the line and is at the direct call of the G.O.C. Line Brigade.
The above Plans for counter attack do not provide action for "A" Battalion, it being presumed that this Battalion has already been employed by the Brigade in the line. If this is not the case "A" Battalion will assume the role allotted to "C" Battalion, "C" Battalion then being in support and "D" Battalion in reserve.

8. Locations of Units, assembly positions and routes to them are shewn on the attached map.

9. Reconnaissances of assembly positions and routes to them will be made forthwith

10. The Code Message for the move to any of the assembly positions will be "Move to assembly position, Plan "A" (or "B", etc.,), starting at", starting points are given below. Reports will be forwarded to Brigade Headquarters when the move is completed.

11. (a) All Units of the Brigade will be prepared to move at one hours notice.
(b) Dress and Equipment:-
Fighting Order will be worn and the following carried per man- 220 rounds S.A.A., 1 bomb or rifle grenade, water bottle filled, ground sheet rolled and 24 hours iron ration.
Officers will carry 4 ground flares each.
(c) A mounted Officer from each Battalion will report to Brigade Headquarters on the warning order being received.

12. The L.T.M.Bty., will move to assembly position at V.19.A.0.2., and there await further orders.

13. On any of the Plans "A", "B", "C" or "D" being put into effect, Support Brigade Headquarters will move forward to the Headquarters of the Brigade in the Line.

14. Starting Points. Battalions will pass the following respective starting points at the starting time laid down in the order to move to assembly positions :-

"B" Battalion	-	Starting Point	-	V.18.A.4.5.
"C" Battalion	-	" "	-	V.11.C.1.3.
"D" Battalion	-	" "	-	V.9.C.2.7.

15. The Brigade is in direct telephone communication with "B", "C" and "D" Battalions, and with "A" Battalion through the Brigade in the Line.

16. Action of the Brigade Nucleus Battalion. The Support Brigade on moving into the Support Brigade Area will appoint a C.O. and Staff for the Nucleus Battalion.
Instructions for the action of the Nucleus Battalion are contained in Appendix "A", attached.
On receipt of a precautionary order, or of the move order as in para 10, Battalions will, after issuing the necessary ammunition and rations, despatch the Nucleus Personnel to report to C.O. Support Brigade Nucleus Battalion at V.24.C.0.9.

17. Action during Precautionary Stage. Should there be indications of a general enemy attack within 48 hours, a "precautionary Stage" will be ordered. On receipt of the message "Adopt Precautionary Stage" the following action will be taken -
(i) The Nucleus Battalion will be formed in accordance with para 16 and with Appendix "A".
(ii) The C.O. Nucleus Battalion will proceed to take over the ~~SUPPORT~~ DEFENCES in accordance with Appendix "A".
(iii) "D" Battalion will detach 4 Lewis Guns and ~~teams~~ teams from A.A. Defence and send them to report to the Nucleus Battalion.

AUSTRALIAN WAR MEMORIAL RCDIG1016685

Appendix 8-/5/18 149

(iv) "D" Battalion will send forward 2 Lucas Lamps to Nucleus Battalion.

(v) "A" Battalion will despatch one Company to occupy the ROUGE CROIX Defences.

18. Ammunition and Transport. Each Battalion will form a Reserve Ammunition Dump and forward the location of such dumps to Brigade Headquarters.

The Brigade Ammunition Reserve will be formed with one Limbered Wagon G.S., S.A.A. per Battalion, and two Limbered Wagons, L.G. per Battalion.

The remaining ammunition wagons, one water cart and maltese cart per Battalion will, after the departure of Battalions, move forward to suitable rendezvous in the locality V.18.D. (West of Railway) and V.24.A., from which time onwards they will be at the disposal of Battalion Commanders.

The Brigade Reserve of ammunition and the Regimental 1st Line Transport not included in the above, will remain at the present wagon lines and be prepared to move at half an hours notice.

ACKNOWLEDGE.

The Forward Zone and "B" Line of the Second Zone cover the village.

3. Works have been constructed to deny approach from any direction. They are especially strong to meet an attack from the S. and S.E. The System STRAZEELE, PRADELLES, BORRE should delay any attack in order to permit a counter attack to be organised and carried out.

PRADELLES Defences.

5. Command. O.C. Nucleus Battalion Support Brigade will command BORRE Defences.

(c) Signal Communication will be opened with Headquarters, Second Zone Defences.

(d) A Regimental Aid Post will be established and stretcher bearers allotted. M.O. in 6 b will take charge of this.

(e) When all troops are in position, inform Headquarters Second Zone Defences.

(f) Straggler posts will be established.

8. Action. When the direction of attack is clearly indicated positions will be amended suitably. Until the direction of attack is clear two Companies of the Nucleus Battalion will occupy the trenches N. of the PRADELLES - HAZEBROUCK Road, and two the trenches S. of that road.
