(5) HEALTH OF THE FORCES

(a) Malaria:

43 cases of malaria were admitted to hospital in NG for week ended 1 Sep 44.

There is a slight decrease in admissions to mainland hospitals; 1873 cases being reported as compared with 2008 for the previous week.

(b) Scrub Typhus:

Only one case is reported for week under review.

(c) Dengue:

The incidence in NG continues to be low, 49 cases are reported.

The incidence of other communicable diseases remains extremely low.

The following figures illustrate the effect of suppressive atebrin in the Bdes of 9 Aust Div :-

(11) BRANCH OF THE QMG
WEEKLY REPORT FOR WEEK ENDED 30 SEP 1944

HIRINGS

7. Requisitions for the week ending 30th September, 44, were as follows -

ARMY	RAAF	MISCELLANECUS	TOTAL
10	8	3	21

8. The following hirings were terminated -

No.17 L of C Sub-Area	No.1 L of C Sub-Area	QLD	NSW	VIC	SA	WA	TOTAL
10	10	1	5	8	1	4	39

SUPPLY AND TRANSPORT

RATIONS:

9. The number of balanced rations on hand as at 16 Sep 44 was 61,322,000

FOOD TECHNICAL:

10. Stocks of special rations on hand for week ended 22 Sep 44 were:-

	ABL(6)	ALC	A3	02
MELBOURNE	5	3,690	39,270	32,076
SYDNEY	193,484	37,611	2,090,184	1,034,675
TOTAL	193,489	41,301	2,129,454	1,066,751

PETROL, OIL AND LUBRICANTS:

11. 2.000 Barrel Bolted Tanks

Proposal to requisition in the United States for 50 of these tanks to maintain a pool for all Service requirements will not be proceeded with. Australian Army proposes to use welded 80,000 gallon tanks, and U.S. Forces requirements have been met by direct importation and withdrawals from the existing pool now held on the mainland of Australia.

12. Coastal Tankers

At the July meeting of APPCEC, it was agreed that application would be made through Army/Navy Petroleum Board, Washington, and British Ministry of War Transport, for a substantial increase in the coastal tanker tonnage for SWPA. As a result of these representations, 4 tankers of approximately 2,500,000 gallons capacity are now en route to the area, with 2 more to be supplied at an early date. It is also understood that US Navy is obtaining 2 additional tankers of similar capacity for use as floating storage within this area. A further 4 "Y" type tankers each of approximately 200,000 gallons capacity, are also en route with a further 2 still to come forward.

G.H.Q. has advised that should any operational demands arise for supply by coastal tanker to Australian Services engaged in individual operations, the requirements would be met from the common pool of coastal tankers.

POSTS

LETTER MAIL:

For New Guinea

13. In the seven days to 27 Sep 44, daily lifts of letter mails from the mainland for Port Moresby were effected, there being carry-over on only two days, 24 and 25 Sep.

There was similarly a daily lift for Lae, Madang and Finschhafen, complete clearances being the rule excepting for 25 Sep when there was very light carryover.

From New Guinea

14. In the period 11 to 17 Sep full clearances of letter mails were effected daily from Port Moresby to the mainland. Regular clearances were also made in respect of Lae, a shut-out occurring on one day only, 12 Sep 44.

MAILS FOR NEW GUINEA - DAMAGE TO

15. An outbreak of fire aboard the vessel "J.S.Morton" when en route to New Guinea about 15 Sep 44 has resulted in extensive damage to Parcel and Newspaper mails being transported in the vessel.

(iv) MGO BRANCH ACTIVITIES FOR WEEK ENDED 30 SEP 44

17. GRENADES, HAND NO. 36M

Reports have been received from operational areas that these grenades are subject to rapid deterioration from exposure to moisutre.

To prevent rust, provision has been made for the cadmium plating of all components. A small quantity of grenades fitted with a bakelite cap in the centre piece have been manufactured for humidity, and user trials. This cap is designed to prevent moisture reaching the cap through the top of the grenade.

18. MOTOR CYCLE COMBINATIONS

1235 of the above vehicles have been received in Australia and the delivery of the first combination was made to Army during the week.

These machines are of robust construction and highly powered. They are well equipped with tools and accessories and it is considered that they should be very suitable for use by Provost Companies and Despatch Riders.

19. WIRELESS SET NO. 208 MK.II

Urgent requirements of this patrol set have been met from production and it is no longer a critical item.

20. SHOT APC QF 17-PDR MK.VII T

The experimental plate proof of this projectile was satisfactory and the position is now clear for Ordnance Factory, MARIBYRNONG, to proceed with manufacture.

21. ORDNANCE STORES - REDUCTION IN PACKAGE WEIGHT

Difficulties of tropical warfare transportation have made it necessary to develop lighter, smaller, and more easily handled packs for Ordnance Stores. Lighter timbers are being used and smaller quantities are being grouped. The general trend is towards smaller and lighter packs without loss of strength and with the added advantage of cushioning and qualities resistant to tropical conditions.

(6) RAISING, DISBANDMENT AND REORGANIZATION OF UNITS

The following SMs in respect of Raising, Disbanding and Reorganization of units have been issued for week ending 30 Sep 44:-

RAISING

SM 10293 1 AUST SOUND RANGING CADRE - RAISING OF.

DISBANDING

SM 10138 9 AUST WAR GRAVES UNIT) DISBANDING OF
10 AUST WAR GRAVES UNIT)

REORGANIZATION

SM10073 2/1 AUST GEN HOSP - REORG OF - AAMWS PERSONNEL
SM10071 REORGANIZATION OF CERTAIN UNITS OF 29 AUST INF BDE ON TROPICAL SCALE WEs.
SM9917 9 AUST L OF C STATIONERY DEPOT - TYPE B - EXPANSION OF
10 AUST L OF C STATIONERY DEPOT - TYPE B - REDUCTION OF
SM10210 % HQ SECOND AUST ARMY - REORG OF - AMDT SM3424
SM10197 REORG OF BDE WKSPS, AEME ALLOTTED TO 7 & 9 AUST DIVS
SM10103 REORGANIZATION OF 1 AUST FD EXPERIMENTAL STATION - RAE
SM10123 ORGANIZATION OF ORD UNITS - NG FORCE.

MISCELLANEOUS

SM10134 PAY PERSONNEL FOR 23 AUST INF BDE GP - TRANSFER TO DFO NG
SM10202 VACANCIES FOR OFFICERS IN THE AMF
SM10234 PERSONNEL FOR AMPHIBIOUS UNITS - ADDITIONAL AAOC PERS.
SM10160 AUST ARMY AUDIT STAFF - RAISING OF - RENDERING OF FD RETURNS
SM10209 ATTACHMENT OF DIESEL ENGINE MECHANICS - DARWIN
SM10176 1 AUST PARA TP RAE - REINFORCEMENTS
SM10122 USE OF HOSPITAL SHIPS - AMDT SM7010
SM10131 DETENTION BARRACKS & GUARD COMPOUND - MAINTENANCE OF STAFF
SM10267 AMDT SM9934 - NEW GUINEA INF BN - RAISING OF
SM10136 CANCELLATION SM5512 - 1 AAOC TRG BN - DISBANDMENT

SECRET

(11) BRANCH OF THE QMG
WEEKLY REPORT FOR WEEK ENDED 30 SEP 1944

HIRINGS

7. Requisitions for the week ending 30th September, 44, were as follows -

ARMY	RAAF	MISCELLANEOUS	TOTAL
10	8	3	21

8. The following hirings were terminated -

No.17 L of C Sub-Area	No.1 L of C Sub-Area	QLD	NSW	VIC	SA	WA	TOTAL
10	10	1	5	8	1	4	39

SUPPLY AND TRANSPORT

RATIONS:

9. The number of balanced rations on hand as at 16 Sep 44 was 61,322,000

FOOD TECHNICAL:

10. Stocks of special rations on hand for week ended 22 Sep 44 were:-

	ABL(6)	ALC	A3	02
MELBOURNE	5	3,690	39,270	32,076
SYDNEY	193,484	37,611	2,090,184	1,034,675
TOTAL	193,489	41,301	2,129,454	1,066,751

PETROL, OIL AND LUBRICANTS:

11. 2,000 Barrel Bolted Tanks

Proposal to requisition in the United States for 50 of these tanks to maintain a pool for all Service requirements will not be proceeded with. Australian Army proposes to use welded 80,000 gallon tanks, and U.S. Forces requirements have been met by direct importation and withdrawals from the existing pool now held on the mainland of Australia.

12. Coastal Tankers

At the July meeting of APPCEC, it was agreed that application would be made through Army/Navy Petroleum Board, Washington, and British Ministry of War Transport, for a substantial increase in the coastal tanker tonnage for SWPA. As a result of these representations, 4 tankers of approximately 2,500,000 gallons capacity are now en route to the area, with 2 more to be supplied at an early date. It is also understood that US Navy is obtaining 2 additional tankers of similar capacity for use as floating storage within this area. A further 4 "Y" type tankers each of approximately 200,000 gallons capacity, are also en route with a further 2 still to come forward.

G.H.Q. has advised that should any operational demands arise for supply by coastal-tanker to Australian Services engaged in individual operations, the requirements would be met from the common pool of coastal tankers.

POSTS

LETTER MAIL:

For New Guinea

13. In the seven days to 27 Sep 44, daily lifts of letter mails from the mainland for Port Moresby were effected, there being carry-over on only two days, 24 and 25 Sep.

There was similarly a daily lift for Lae, Madang and Finschhafen, complete clearances being the rule excepting for 25 Sep when there was very light carryover.

From New Guinea

14. In the period 11 to 17 Sep full clearances of letter mails were effected daily from Port Moresby to the mainland. Regular clearances were also made in respect of Lae, a shut-out occurring on one day only, 12 Sep 44.

MAILS FOR NEW GUINEA - DAMAGE TO

15. An outbreak of fire aboard the vessel ".J.S.Morton" when en route to New Guinea about 15 Sep 44 has resulted in extensive damage to Parcel and Newspaper mails being transported in the vessell

(iv) MGO BRANCH ACTIVITIES FOR WEEK ENDED 30 SEP 44

17. GRENADES, HAND NO. 36M

Reports have been received from operational areas that these grenades are subject to rapid deterioration from exposure to moisutre.

To prevent rust, provision has been made for the cadmium plating of all components. A small quantity of grenades fitted with a bakelite cap in the centre piece have been manufactured for humidity, and user trials. This cap is designed to prevent moisture reaching the cap through the top of the grenade.

18. MOTOR CYCLE COMBINATIONS

1235 of the above vehicles have been received in Australia and the delivery of the first combination was made to Army during the week.

These machines are of robust construction and highly powered. They are well equipped with tools and accessories and it is considered that they should be very suitable for use by Provost Companies and Despatch Riders.

19. WIRELESS SET NO. 208 MK.II

Urgent requirements of this patrol set have been met from production and it is no longer a critical item.

20. SHOT APC QF 17-PDR MK.VII T

The experimental plate proof of this projectile was satisfactory and the position is now clear for Ordnance Factory, MARIBYRNONG, to proceed with manufacture.

21. ORDNANCE STORES - REDUCTION IN PACKAGE WEIGHT

Difficulties of tropical warfare transportation have made it necessary to develop lighter, smaller, and more easily handled packs for Ordnance Stores. Lighter timbers are being used and smaller quantities are being grouped. The general trend is towards smaller and lighter packs without loss of strength and with the added advantage of cushioning and qualities resistant to tropical conditions.

L. H. Q.

STAFF CONFERENCE - MINUTES - 6 OCT 44.

GENERAL STAFF

Intelligence

1. Sitreps SWPA and WESTERN EUROPE.

Staff Ditios

MOVEMENT OF OFFICERS

2. QMG and DQMG left for QUEENSLAND on 3 Oct for a visit of approximately one week.

ORGANISATION

3. Reorganisation of Certain Comp AA Regts (LE) to include Mobile SL Btys

Consequent upon the issue of a new War Establishment "A Composite AA Regt (LE) "which provides for the inclusion of A Mobile SL Bty, approval has been given for the reorganisation and or absorption of the undermentioned units which have been allotted to the Offensive Force :-

Units being reorganised				Units being absorbed		
2/1	Aust	AA Regt	(Comp) (LE)	77	Aust	Mob SL Bty
2/2	"	"	" "	73	"	"
2/3	"	"	" "	78	"	"
2/13	"	"	" "	84	"	"

4. Raising of 6 and 7 Aust Jungle Trunk Line Maint Secs

In order to provide two additional trunk line maint secs for NEW GUINEA, approval has been given to raise the above units by absorbing therein as far as possible the personnel of 7, 8 9 and 29 Aust DR Secs which are being disbanded.

5. Raising of 3 Aust Visitors and Observers Secs

The raising of the above unit for 7 Aust Div has now been approved.

6. Disbanding of 3 Aust CE (Wks)

In order to provide the additional RAE personnel required for HQ First Aust Army, approval has been given for the absorption of the above unit.

7. Raising of 3 Aust Adv 2nd Ech

Instructions have been issued for the raising of the above unit for 2 Aust Corps in NEW GUINEA.

8. Raising of 1 Aust Base Sub Area Details Depot

To provide a Details Depot for 1 Aust Base Sub Area, approval has been given to raise the above unit on a new war establishment by absorbing therein, as far as possible, personnel of HQ 2 Aust Corps Reception Camp and AIF Staging Camp which are being disbanded.

WEEKLY REVIEWS

9. Attached hereto as Appendix 'A' are Weekly Reviews :-

(i) D M T

(ii) E - in - C

(iii) SO - in - C

Major,
SD 1.

SECRET.

APPENDIX 'A'

(i) DIRECTORATE OF MILITARY TRAINING REVIEW FOR STAFF CONFERENCE 6 OCT 44

1. LHQ TACTICAL SCHOOL

"C" Wing of LHQ Tactical School has moved to WONGABEL and is now the "Pioneer Wing" of First Aust Army Regtl Trg School. Action is being taken to amend the WEs of both these Schools accordingly.

2. STAFF SCHOOL (AUST)

A new WE (V/2/2) has been approved, and is issued for Staff School (Aust)

3. LHQ SCHOOL OF MOV & TN

The following courses schedules at this School will NOT now be held :-

(a) Course No. 3 Senior Wing - 23 Oct - 25 Nov 44.
(b) Course No. 4 Junior Wing - 16 Oct - 25 Nov 44.

(ii) ENGINEER-IN-CHIEF REVIEW FOR WEEK ENDED 4 OCT 44

STORES

4. Mechanical Plant

As a result of heavy spare parts demands interfering with local production of mechanical plant for RAE and RAAF, a conference was held with representatives of Allied Works Council. It was decided that in view of the manpower position, no improvement could be made in the present situation and it was agreed that the production of complete equipment should take preference over spare parts.

Under the auspices of the Division of Import Procurement a conference was held at which the scheduled deliveries of tractors were tabled. These indicated that after shipments, which are already en route, have been received in AUST, the deliveries of tractors ex USA will not meet more than 1/3 of the initial requirements of the Services. The Division of Import Procurement are sending cables to WASHINGTON, requesting further investigation of the position.

2. 'C' Class Ships

The construction of the first 200' ocean-going lighter is proceeding and assembly of components at the works of Australian Iron & Steel Coy Ltd, has commenced. The building berth at MELBOURNE Harbour Trust, PORT MELBOURNE, has been completed and foundations for the assembly cranes have been poured. Delivery of the 100' jib cranes required for assembly at the building berth has been delayed due to industrial troubles, but it is anticipated that the first cranes will be ready to leave SYDNEY at approximately the end of October, and that by this time AI & S will be ready to make regular deliveries of constructional steel work to MELBOURNE Harbour Trust for erection.

(111) SIGNAL OFFICER-IN-CHIEF
REVIEW FOR WEEK ENDED 5 OCT 44

NEW GUINEA

Line

Installation of the terminal equipment at LAE was completed on 2 Oct 44 and direct working of the Wheatstone telegraph circuit between TOWNSVILLE and LAE is now in normal operation.

NORTHERN TERRITORY

Line

The NOONAMAH to ADELAIDE RIVER overhead route is 50% complete.

The laying of a second submarine cable across DARWIN HARBOUR between WEST POINT and KAHLIN BEACH has been completed. The new Signal Offices in DARWIN area are completed, and the circuits have been cut over at many places.

Wireless

Progress is continuing on the work of installation of wireless transmitting and receiving sites at CEMETERY PLAINS and LEANYER. It is expected that the buildings and aerials will be completed during the current month.

WESTERN AUSTRALIA

The wireless link from FREMANTLE Fortress to ALBANY Fortress was established 281200H Sep 44.

VICTORIA

Plant has been procured and a workshop has been installed at ALBERT PARK for the maintenance of Typex machines and the manufacture of spare parts.

5. HEALTH OF THE FORCES

(a) Malaria: The incidence in NG remains low; 37 cases were admitted to hospital in week ended 8 Sept.

Admissions to mainland hospitals are declining. This decline follows commencement of suppressive atebrin in some units under command 1 Aust Corps. 1658 cases were admitted for week ended 8 Sept.

(b) Dengue: The decline in incidence in NG continues, only 34 cases were reported for the week under review.

(c) Scrub Typhus: 1 case is reported from NG.

(d) The incidence of other communicable diseases remains low.

6. RAISING, DISBANDMENT AND REORGANIZATION OF UNITS

The following SHs in respect of Raising, Disbanding and Reorganization of units have been issued for week ending 7 Oct 44.

(iv) BRANCH OF THE MASTER GENERAL OF THE ORDNANCE

WEEKLY REVIEW FOR WEEK ENDED 7 OCT 44

Wireless Set X1CA

14. The first consignment of this equipment has been received. It is an experimental multichannel point to point wireless equipment which uses pulse transmission technique and frequency modulation.

Field trials are to be conducted in the SWPA in collaboration with the War Office and to assist in this work a team of Royal Corps of Signals personnel has arrived in Australia.

Range Conversion Card 3" Mortar.

15. To provide for the alteration in weights of charges for the 3" Mortar from 1 primary and 6 secondaries to 1 primary and 12 secondaries, a range conversion card has been introduced and delcared a requirement, on the basis of one per platoon commander, platoon sergeant and detachment commander.

Jungle Sight 2" Mortar.

16. This store has been delcared an Army requirement on the scale of one per 2" Mortar. This sight which, by the aid of a mirror, turns the line of sight through an angle of 90 degrees, was introduced to facilitate shooting through tree tops.

Indicator Time Plotting for Semi Automatic Plotter.

17. Fifty semi automatic plotters are being supplied by UK, loss indicators, time plotting. The indicator incorporates a buzzer which signals at regular intervals to indicate when the present position of the target should be plotted. The results indicate the approximate course and speed of the target. Satisfactory trials of a locally produced prototype instrument have been completed and the production of the 50 units required will commence shortly.

Shortage of Packing Cases

18. Serious shortage of suitable timber exists in all States and particularly in New South Wales. In Sydney, green timber has had to be used for packing cases for Ordnance stores. This increases the risk of dampness to contents, but these cases are being specially marked so that they will be opened as soon as possible. Dry timber is being used wherever possible for cases in which technical stores are being packed. To relieve the packing situation, investigations as to the possibility of installing electric baling machines in depots are in hand.
