- (a) Maintained through USASOS.
- (b) Maintained from IAE.
- (c) Represents Army distillate only.

(ii) With the exception of JACQUIOT BAY, the supply levels are satisfactory. 3,206 tons (M) of rations are now loading on the "JOHN ROPE" in SYDNEY, and 250 tons (M) have been allotted to load on the "KATOCHRA" at BRISBANE for JACQUIOT BAY.

(iii) Native Rations - BUNA and MILNE BAY.

USASOS Base Section advise that space has been booked for the shipment of 1,345 tons (M) native rations to GBO BAY for BUNA, and 371 tons (M) (mainly rice) for MILNE BAY and that these tonnages will be despatched on the first minimum maintenance vessel to this port.

(iv) Loss of Reefer Stores - MADANG.

USASOS Procurement Section advise that they will make good the reefer cargo short delivered to MADANG as under:-

2 c/s chicken
2 c/s rabbit
4 bags tripe cooked
10 c/s calf liver
147 c/s apples
147 c/s oranges

USASOS Procurement Section has issued a requisition on their SYDNEY office to obtain these supplies and hand them over to DBST KSW I of C Area for shipment to IAE on the "RIVER CLARENCE". The additional space required will be made available from US proportion of reefer space.

(b) Sagr Stores.

With the exception of AITAPE, the engr stores now loading or allotted to load, clears the majority of the urgent requirements. Owing to the slow rate of discharge of vessels at AITAPE, the assignment of a further vessel for loading to that port has not yet been made. 2,367 tons (M) of engr stores are awaiting shipment to AITAPE.

(c) Ord Stores.

(i) With the exception of AITAPE and TOROKINA, the holdings and stores now allotted to load are satisfactory. 1,498 tons (M) of ord stores are now awaiting shipment to AITAPE and 1,703 tons (M) for TOROKINA.

(ii) Ammunition.

95 tons (M) for JACQUIOT BAY and 778 tons (M) for TOROKINA are awaiting shipment. These tonnages will be allotted to the next ships assigned to these ports.

(d) Canteens.

The holdings of canteen stores and beer and spirits at most centres are not satisfactory, due to the shortage of shipping space. The tonnages now available will be despatched on the first ships assigned for ports concerned.
