Reference your list of captured German Weapons held by units. The ammunition position is as follows:-

(a) German Sub Machine Gun. No ammunition in stock and must depend on captured material for replenishment.

(b) Spandau M.G. If 7.91 mm as presumed, then Besa 7.92 Ball will be suitable if weapons is kept particularly clean and well lubricated.

(c) Schwartz-Lose M.G. 8 mm. Approximately two million rounds in stock

(d) German A/Tk. Gun. Presumed 20mm or Zolothern Rifle. Supplies of Italian H.E. available, Ammour-Piercing stocks short. With one type of German 20mm A/Tk. Gun, occasional burst cases may be encountered.

(e) German 37mm A/Tk. Gun. No supplies available.

(f) 75mm Fd. Gun. Supplies are plentiful.

(g) 100 mm Fd. Gun. Supplies are plentiful.

(h) Browning M.M.G. These weapons are obviously from some British aircraft. .303 may be used but perhaps the Air Force or Ordnance are more interested in the recovery of these weapons.

Second line ammunition for all the above will where possible be placed in A.Ps. as from 0800 hrs. 31/5/41.

1. SALO R.O. No. 91-95 were handed to me by PATRICK of HUGS at 1730 hrs 28 Apr 41.

3. Cpl Dunn visited D.I.O. at 1700 hrs & no rum was then available

4. Cpl Dunn visited D.I.O. at approx 15-30 hrs again and was told by Capt Bass that 9th Div were picking up all the rum and distributing same to all units including 18th Bde.

[illegible] Lieut

To S. Sup.O. Duco. 1 May 41.

Report on Rum issue 29 Apr 41.

.1. Meeting of Bde and Formation A.S.C. Officers called by S.Sup.O at 1630 hrs 28 Apr 41 at which I attended as Sup.O for Div Tps and Fortress Tps. Meeting concluded 1815 hrs.

.2. At Meeting S.Sup.O. gave instructions regarding greater control and supervision of indents and spoke on pilfering. 1745 S.Sup.O. received early copy of R.O. which contained instructions re indents and an order that there was to be a general issue of rum to all troops in the area on 29 Apr 41.

.3. On calling at D.I.D. and F.S.D's mainly to check Units indents in accordance with the new instructions found that all D.I.D's & F.S.D's had not received the ~~order~~ R.O. re Rum issue and had had no prior warning. From inquiries by Units for Rum D.I.D's sent to F.S.D for rum but issue was refused as F.S.D had not heard of order.

.4. From numerous enquiries on this question it appeared that machinery to produce rum to D.I.D's was in motion and I confined myself to checking indents.

.5. Returned to Duco at 1400 to find that rum not available was well known and that all enquiries for S.Sup.O. had been without result.

6. Returned at 1500 hrs to D.I.D's and continued checking indents. While at 25 F.S.D. rum arrived and within half an hour was all issued for and returned to F.S.D. Returned to unit (Duco) 1730, and at 1945 received instructions to report S.Sup.O. at F.S.D.

.7. Drew some rum at F.S.D and issued to certain units, other arrangements for Rum to be available at D.I.D's for final issue to troops in the morning, together with list of units ~~not~~ finally completed.

Our instructions received from you and 9 Div R.O's & informed Lieut Mc Cartney that rum would be available for issue on the following morning 29 April.

On his return from DID at approx 0945 hrs he told me of the inability to draw rum. I immediately rang D350 and informed him of the fact. Major McKennan said he would contact you.

Approx 1600 hours I saw Major McKennan & he said it was quite alright to draw now as you had seen Col. APO. White. He also said I arrange to draw for the whole of the Bde & would have 9 Div. delivered.

I saw Lt McCartney on my return and told him it would be OK to draw. I sent [illegible] down but no result. I then rang [illegible] to D350 Capt Bees stating I had been [illegible] to draw rum, and that in the meantime I [illegible] authorising him to be issued D350
