416. MALARIA - Measures for Prevention and Control.

Attention is directed to the provisions of GRO 321/44. The recent occurrences of cases of malaria and dengue fever in MOROTAI area emphasises the fact that units are not observing the prescribed measures for malaria control.

2. The provisions of the above GRO and ADV HQ AIF Adm Instn No 28 (Standardised Hygiene Routine) will be strictly enforced. COs and Os C will take action to ensure that the prescribed measures for malaria control are re-promulgated to all ranks.

3. The occurrence of malaria is indicative of lax unit administration, and in future, whenever a case of malaria occurs in a unit, an inquiry will be instituted by this HQ.

417. SOUVENIRS AND CONTRABAND ARTICLES.

CO's and OsC will ensure by physical check of kits and unit stores before embarkation that no lethal weapons are included amongst souvenirs. Attention is directed to GROs 209/45 and 273.45/

1 BASE SUB AREA ADMINISTRATIVE INSTRUCTION No. 42

USE OF SMALL BOATS

1. Cases have occurred recently where personnel, whilst sailing small boats off the shores of MOROTAI, have been carried out to sea by wind and tide and returned only with difficulty. Recently search parties in powered launches from other services had to be used in an endeavour to find four small boats which had been missing for some hours in darkness.

2. Commanding Officers and Officers Commanding will ensure that all small craft used by personnel under their command are in a seaworthy condition prior to such craft being used at all. If there is any doubt as to seaworthiness the advice of OC "A" Det 11 Small Ships Coy will be sought and followed.

3. Personnel will not sail or row small craft beyond a limit of one mile from the coast. All small craft will return to the shore at unit lines by 1800 hrs each day. Personnel will have in each craft for use in emergency, a whistle and a torch. These articles are of great assistance to any searching craft. All craft will be equipped with two paddles or oars.

4. It is not desired in any way to restrict the recreational activities of personnel but it will be appreciated that the wind and currents in the vicinity of MOROTAI may lead to craft being in serious difficulties with a resulting loss of life. In addition special craft have to be sent out as search parties and this may cause loss of life in other directions through such craft being away from their normal duties.

5. In the event of any such small craft failing to return by 1800 hrs, the unit concerned will advise this HQ by telephone (Duty Officer Extension 3) so that searches may be organised.

Subject:- RECREATION LEAVE: MEMBERS SERVING OUTSIDE THE MAINLAND OF AUSTRALIA

ALL UNITS UNDER COMMAND.

It has been decided that the reopening of recreational leave would disrupt the demobilisation of personnel having high priority points.

2. HQ AIF memo 136053 of 16 Oct 45 authorises ADV HQ AMF to approve of certain individual cases apart from cases of compassionate and emergency leave. Such authority covers cases where leave has not been granted for at least 18 months, and where hardship is involved and is not covered by the compassionate or emergency leave provisions.

3. Applications will be forwarded this HQ with statement as to whether member concerned is required R.T.U.

4. In accordance with the provisions of HQ AMF 143260 of 31 Oct 45 the procedure laid down in the following paragraphs will be adopted in all cases where personnel proceed on recreational leave in accordance with the abovementioned authority.

5. Personnel at present in the [illegible] compassionate, emergency or recreational leave, or in transit thereto for the purpose of such leave, will, unless their return to unit as key personnel is requested upon receipt of this instruction, be retained and absorbed as far as practicable, in local units. Formations will arrange the reposting of such members as follows:-

OFFICERS: By submission to HQ AIF of a recommendation for reposting of the officer concerned.

OTHER RANKS: In conjunction with the appropriate Ech and Rec component.

In each case the Formation commanding the member's parent unit will be advised in order that the necessary transfer and disposal of personal and regimental documents may be effected.

6. The following procedure will be adopted in future where a member is due to proceed on leave to his or her home State:-

(a) Where a unit desires the return of a member at the conclusion of leave on the ground that he or she is key personnel, the member will be sent on leave in the usual manner and AAF Mob 3 will be endorsed "RTU at expiration of leave".

(b) Members whose return to unit is not required at the conclusion of their leave will be transferred and moved to RR & GDDs of their home states for disposal by HQ Formations of appropriate Ech and Rec as applicable. AAFs Mob 3 in respect of such members will be endorsed "for leave and reposting" and relevant documents will be disposed of in accordance with GRO 41/1945.

7. Members who are retained in their home States for disposal in accordance with this instruction, and who cannot be absorbed within suitable vacancies in units required in the demobilisation period, will be disposed of as follows:-

(a) Those with sufficiently high demobilisation priority to render them eligible for discharge at an early date will be discharged in advance of their normal priority.

(b) Those with low demobilisation priority will be posted to units as replacements for personnel serving in such units whose demobilisation priority renders them eligible for discharge in the near future.

Personnel replaced in accordance with this provision may be discharged in advance of their normal priority.

8. The authority for discharge of OR personnel in accordance with para 4 above will be AMR & O 253A (1)(n) "on account of demobilisation.

Subject:- DEFICIENCIES INCURRED BY PAYING OFFICERS OR NCOs AUTHORISED TO EFFECT PAY (CASHIER'S DEFICIENCIES)

ALL UNITS UNDER COMMAND.

It is apparent that procedure in dealing with cases where paying officers or NCOs authorised to effect pay (in this instruction referred to as "cashiers") incur deficiencies in their transactions, is not uniform in all formations. Accordingly the following instruction is promulgated for the guidance of all concerned:-

> A high standard of care is required of a cashier in effecting and recording cash transactions. The fact that a deficiency is discovered at the end of an accounting period is prima facie evidence of neglect which is blameworthy, (M.M.L. Aust.Ed., page 417, note 6), and in the absence of evidence which clearly appears to exonerate the member concerned, he should be charged accordingly. Where the member is charged, it is for his Commanding Officer or the Court Martial, as the case may be, after hearing the evidence, to consider whether the degree of neglect proved renders it sufficiently blameworthy as to be deserving of punishment. In so deciding regard will be had to all the circumstances as they existed at the time and the military knowledge of the Commanding Officer or members of the Court Martial as to the amount of care which should have been exercised.

Subject:- REHABILITATION INFORMATION.

23 Nov 45

ALL UNITS UNDER COMMAND.

1. Since 1 Oct much information on general Rehabilitation matters has been imparted to members located on MOROTAI.

2. This information has reached members by the following means:-

(a) Lectures given by Unit Education Officers
(b) Talks by Formation Rehabilitation Officers
(c) Broadcasts from Station 9 AD
(d) Nightly broadcasts at the "Boomerang" Theatre.

3. The general field of rehabilitation information has been covered but it is thought that there are many individual queries which yet remain.

4. In order to assist members, the services of Formation Rehabilitation Officers are available at Adv HQ AMF.

5. Units desirous of taking advantage of these services should contact Formation Rehabilitation Officers (Landops 158) to make arrangements for visits of these officers at times convenient to all concerned.

6. Submission of CRTS 1a.

(a) Many instances have occurred where Form CRTS 1a5 have not been completed in respect of the statement to be completed by Commanding Officers.

(b) Para 69 (a)(ii) Orders for Demobilisation of the AMF clearly states that COs will indicate whether or not the member's services are likely to be required by the Army, etc.

(c) Failure to include this indication will in many cases prevent members from obtaining the authority to commence training which they would normally obtain.
