 - (a) 1 car DS to be allocated to the Comd NT Force.
 - (b) 1 car DS to be allocated to G Branch and to be controlled by the principal GSO.
 - (c) 1 car DS to be allocated to A and Q Branches and to be controlled by the AA and QMG.
 - (d) 1 car DS to be allocated until further notice, to the Medical Service and to be controlled by the DMS.
 - (e) 1 car DS to be allocated, until further notice, to the Supplies and Transport Service and to be controlled by the DDST.
4. The cars allocated vide sub-para 3(b)(c)(d) and (e) will be treated as "pool" cars EXCEPT that they will NOT be used without prior reference to the officer occupying from time to time, the appointments specified. Such officers are directed to make available to the pool cars allotted for the use of their Branch or Service on request from the transport pool wherever possible, but it must be clearly understood that these four vehicles constitute a transport reserve in the hands of the Comd and Staff and will NOT be called for by the transport office unless essential.
5. The Camp Commandant will issue instructions, as soon as possible, as to the method of control, etc., to be followed in regard to requisitions for transport by officers other than those referred to in this instruction.
6. Attention is directed to the provisions of HQ NT Force Order A170/1/38 of 3 Jan 46 - USE OF TRANSPORT BY OFFICERS.
