FIRST AUST ARMY OPERATION INSTRUCTION NO 22

DEFENCE OF TORRES STRAIT ISLANDS

To :- Commander Torres Strait Force

1. First Aust Army Operation Instructions No 14 of 10 June 42 and No 19 of 1 Sep 42 are cancelled.

COMMAND

2. With the exceptions noted in para 7 below you will command all land forces in the TORRES STRAIT ISLANDS, on the mainland of CAPE YORK PENINSULA north of latitude 12° south, and (from a date to be notified) at MERAUKE.

TASKS

3. Your tasks are :-

(a) The defence of HORN ISLAND, JACKY JACKY and MERAUKE aerodromes.

(b) Denial to the enemy of such sea channels as are covered by your fixed defences.

(c) Protection of installations, including fixed defences, on THURSDAY, GOOD, HAMMOND and ENTRANCE Islands, at RED ISLAND POINT and at MERAUKE.

4. In carrying out your tasks, the following principle, which has been laid down by South West Pacific Area, will be observed :-

> "In case of landing attacks, the senior commander of Allied Land Forces on the ground will assume supreme command in the area in which the attack is made including all elements of the three forces therein except bombardment aviation which will remain under the command of the Allied Air Forces Commander. The Commander of the land forces in the area, in emergency, may call on the local commander of the Allied Air Forces for the support of bombardment aviation."

5. You will ensure that all ground troops including air force ground personnel have a fighting role and that there exists a co-ordinated plan for the combined action of all three services. You will ensure by arrangement with the local commanders of the other services that the troops under their command are trained in their emergency roles.

DISTRIBUTION OF TROOPS

6. The following units, which are allotted to you for the defence of JACKY JACKY aerodrome and installations at RED ISLAND POINT, will not be removed from the mainland without the authority of this HQ :-

One coy 13 Grn Bn with six light tanks and two 18-pr guns
Carrier pl 31 Aust Inf Bn
One light sec A Coy 4 Aust Fd Amb
A Sec 2/1 Aust Dental Unit
Det 1 Aust Fd Svy Coy (for local adm only)
Det 8 Aust DID.

ANTI-AIRCRAFT DEFENCES

7. As long as there are no Air Force squadrons stationed at aerodromes in your area you will command Australian anti-aircraft units in the vicinity of these aerodromes; but in the event of Air Force units being based on these aerodromes the operational control of the anti-aircraft defences will pass to Allied Air Forces.

8. Australian anti-aircraft units in your area will be under you for local administration at all times.

9. Anti-aircraft guns will be sited to carry out their primary role of defence against hostile aircraft: provided that this condition is satisfied, consideration in siting will, where practicable, be given to their secondary role against land attack. All anti-aircraft guns will have prepared alternative positions.

COAST DEFENCES

10. Coast defence weapons will be given secondary roles against land attack, and their tasks will be linked with those of the field troops.

MERAUKE

11. Command of the troops at MERAUKE will be exercised, from a date to be notified, through the then existing HQ of MERAUKE Force. No change will be made in the composition of this force without reference to HQ First Aust Army.

DEMOLITIONS

12. You will make plans for the destruction, if necessary, of all fixed defences, jetties and port installations, and material of use to the enemy.

FIRST AUST ARMY OPERATION INSTRUCTION NO 23

2 Aust Corps
1 US Corps
5 Aust Div
3 Aust Armd Div
Torres Strait Force
QLD L of C Area

INTRODUCTORY

1. The object of this instruction is to bring up to date and amplify the statement of tasks of First Aust Army formations given in previous instructions.

2. First Aust Army Operation Instruction No 18 of 9 August 42 is cancelled.

3. No large scale attack on North Eastern Australia is considered likely so long as -

(a) the present relative naval and air strengths in SW Pacific Area are maintained, and

(b) the enemy is prevented from acquiring suitable land bases from which his fighter aircraft could effectively support such an attack.

In these circumstances, it is reasonable to accept a measure of dispersion of our forces in North Eastern Australia for the protection of our air bases and defended ports against attack on a lesser scale.

COMMAND

4. The formations comprising First Aust Army are :-

(a) 2 Aust Corps, including 3 Aust Div, part of 32 US Div (for defensive operations only), and a few remaining units of 7 Aust Div and 1 Aust Corps Tps.

(b) 1 US Corps, including 41 US Div and part of 32 US Div, the latter for matters other than those connected with defensive operations.

(c) 5 Aust Div.

(d) 3 Aust Armd Div.

(e) Torres Strait Force.

5. Should operations become imminent or be in progress in First Aust Army area, this HQ will exercise operational control over all L of C units and installations under command of QLD L of C Area, and of those L of C units and installations under command of NSW L of C Area which lie within First Aust Army area.

6. Operational control of fixed defences, of depots and other installations and of all L of C units which do NOT come under command of field formations as indicated in the following paragraphs will be exercised through HQ L of C Areas.

7. As soon as operations become imminent, field formations will assume command of VDC and garrison units located in their areas (other than those specifically allotted for the local protection of fixed defences and also 7, 8, 14 and 19 (QLD) Bns VDC) and will notify this HQ and the HQ L of C Area concerned by immediate signal when this has been done.

8. When fixed defences, AA defences and garrison bns allotted for local protection of fixed defences can no longer carry out their primary role they will come under command of field formations within whose areas they are located.

9. All L of C units and installations other than those comprised within the terms of paras 7 and 8, and including 7, 8, 14 and 19 (QLD) Bns VDC will remain under command HQ L of C Areas until such time as their safety is definitely prejudiced by the approach of hostile land forces, in which event they will come under the operational control of the commander of the local field forces in the area.

BOUNDARIES

10. Southern boundary First Aust Army (and southern boundary 2 Aust Corps) :-

General line all inclusive GRAFTON - GLEN INNES, thence due west.

11. Inter-formation boundaries for purposes of coast watching; command of VDC and other L of C troops and installations in the event of operations; planning and, when necessary, execution of operational demolitions :-

(a) between 2 Aust Corps and 1 US Corps (inclusive to 2 Aust Corps) :-

General line incl ROUND HILL HEAD - BULLYAN - excl YARAKA.

(b) between 1 US Corps and 5 Aust Div (all inclusive to 5 Aust Div) :-

General line O'CONNELL RIVER ESTUARY - EMU PLAINS - HUGHENDEN - CLONCURRY.

12. 5 Aust Div will be responsible for the mainland of CAPE YORK PENINSULA south of 12° south latitude.

13. Torres Strait Force will be responsible for all islands in TORRES STRAIT and the mainland north of 12° south latitude.

OPERATIONAL ROLE 2 AUST CORPS

14. The role of 2 Aust Corps is primarily the mobile defence of BRISBANE and the east coast from all inclusive general line GRAFTON - GLEN INNES to BRISBANE.

15. Although under existing conditions it is not considered necessary for 2 Aust Corps to dispose troops either north of the general area COOROY - NANANGO, or south of the general area BRISBANE - IPSWICH - TOOWOOMBA, unfavourable developments in the strategic situation may necessitate the urgent move of troops from 2 Aust Corps beyond these limits.

16. 2 Aust Corps will accordingly prepare and maintain alternative plans as follows :-

(a) To move one brigade group to the LISMORE - CASINO area, the move to be completed within three days of receipt of the appropriate order from this HQ.

(b) To move one brigade group to the SOUTHPORT - BEENLEIGH area, the move to be completed within 24 hours of receipt of the appropriate order from this HQ.

(c) To concentrate 3 Aust Div in the MARYBOROUGH area, the move to be completed within two days of receipt of the appropriate order from this HQ.

OPERATIONAL ROLE 1 US CORPS

17. In the event of operations, the initial role of 1 US Corps will be generally the mobile defence of the ROCKHAMPTON - GLADSTONE area. Should operations develop in that area 1 US Corps will avoid being shut up in ROCKHAMPTON or GLADSTONE, and, if the defence of the area should become no longer practicable, will withdraw southwards, making provision to delay to the utmost any attempt by the enemy to advance south along the main coastal road and the alternative inland route via MT MORGAN - RANNES - GAYNDAH - NANANGO.

18. To meet the possibility of 1 US Corps being employed in support of existing garrisons in the TOWNSVILLE area, alternative outline plans for its move by rail and/or road by the coastal or inland route to concentrate in the area TOWNSVILLE - CHARTERS TOWERS are being prepared by HQ First Aust Army.

OPERATIONAL ROLE 5 AUST DIV

19. The tasks of 5 Aust Div are :-

(a) Defence of TOWNSVILLE.

(b) Defence of aerodromes at IRON RANGE, COOKTOWN, CAIRNS and MAREEBA.

(c) Preparation of a mobile force to counter enemy action in the GULF district.

Details of these tasks are the subject of a separate instruction to be issued shortly.

OPERATIONAL ROLE TORRES STRAIT FORCE

20. See First Aust Army Op Instn No 22 of 22 Dec 42.

OPERATIONAL ROLE 3 AUST ARMD DIV

21. 3 Aust Armd Div will be in Army reserve and will be prepared to operate in the following directions :-

(a) in the BRISBANE - IPSWICH area

(b) in the CASINO - LISMORE area

(c) in the BUNDABERG - MARYBOROUGH area.

22. This division will also be prepared to move at short notice along the inland defence road and to concentrate about RANNES for operations in the vicinity of ROCKHAMPTON.

OPERATIONAL ROLE L OF C AREAS

23. 2 Aust Corps may give HQ QLD L of C Area an operational role provided that the latter's responsibility to this HQ for maintenance and for command of fixed defences is not affected.

24. 2 Aust Corps may by arrangement with NSW L of C Area give No 3 L of C Sub-area an operational role.

PROTECTION OF AERODROMES AGAINST AIRBORNE ATTACK

25. Although formations, unless specifically ordered to do so, are not required to maintain troops at aerodromes for their immediate protection, the formation concerned will be responsible, in the event of an airborne attack on an aerodrome in its area, for taking immediate steps to deal with such an attack.

26. 3 Aust Armd Div will be responsible for this task in the area bounded on the north by the boundary between 2 Aust Corps and 1 US Corps (vide para 11 above) and on the south by the line excl LAKE COOTHARABA - incl GYMPIE - MURGON.

TRAINING

27. Notwithstanding the allotment of the above operational roles, it is essential that the training of all formations and units for active operations be pressed on with the minimum interference.

FIRST AUST ARMY OPERATION INSTRUCTION NO 24

MERAUKE FORCE

To :- Commander Torres Strait Force

INFORMATION

1. MERAUKE is in DUTCH NEW GUINEA which is part of the TOEAL Division of the MOLUCCA Residency. Lt-Col van den BERGE, Royal NEI Army, has been appointed civil magistrate, with the title of assistant resident of the TOEAL Division, but does not command Merauke Force.

2. The aerodrome at MERAUKE is at present partially constructed, but work has been held in abeyance.

3. MERAUKE is being retained as an advanced naval small boat refuelling base.

CONSTITUTION OF MERAUKE FORCE

4. Merauke Force will comprise the NEI, Australian and US military forces of the SWPA now serving in or hereafter assigned to the MERAUKE area.

5. Merauke Force will initially comprise the following units :-

"D" Bty 104 US CA Bn (AA)		
one coy 62 Aust Inf Bn (AIF)	-	from Torres Strait Force
three light tanks	-	from IRON RANGE
1 NEI Fusilier Coy		
RAAF Radar Det		
RAAF Comms Det		
US Weather and Comms Det		
26 US Portable Hospital		
US Port Det "A".		

6. "F" Coy 46 US Engr Regt (GS), now at MERAUKE, is to proceed to NEW GUINEA.

7. All Australian land personnel proceeding to MERAUKE will be members of the AIF.

8. No change will be made in the composition of Merauke Force without reference to HQ First Aust Army.

COMMAND

9. Merauke Force comes under your operational control at 0001 hrs 1 Jan 43.

10. The senior officer of Allied forces at MERAUKE will command Merauke Force.

11. OC Coy 62 Aust Inf Bn (AIF) will be a major.

12. In exercising his operational control of the force, Commander Merauke Force, while co-ordinating and perfecting planning of all forces in the preparation for defence, will not, except when attack is imminent or in progress, disturb the execution of the general plans of the local commanders of Allied naval and land forces and the Commanding General USASOS.

TASK

13. The task of Merauke Force is to prevent enemy occupation and development of the aerodrome and the port.

14. In carrying out this task the following principles, which have been laid down by C-in-C, SWPA, will be observed :-

(a) "In case of landing attacks the senior commander of Allied Land Forces on the ground will assume supreme command in the area in which the attack is made, including all elements of the three forces therein, except bombardment aviation, which will remain under the command of the Allied Air Forces Commander. The commander of the land forces in the area in emergency may call on the local commander of the Allied Air Forces for the support of bombardment aviation."

(GHQ SWPA Op Instn No 2 of 25 Apr).

(b) "When attack is imminent or in progress, the authority of the commander exercising unified command is unlimited, subject to higher authority, with respect to the forces permanently constituting the command. Such authority should be exercised through the senior commanders of the other forces represented. The commander exercising unified command has no authority over striking forces proceeding through the areas by orders of higher authority. He will, however, utilise all available means at his disposal to insure the success of the mission of such striking forces."

(GHQ SWPA memo of 11 Jul).

SUPPLY

15. USASOS is to continue to maintain Merauke Force. The level of supply for all troops at MERAUKE will be maintained at 60 days.

MOVEMENT

16. The movement of one coy 62 Aust Inf Bn (AIF) and three light tanks from THURSDAY I and IRON RANGE respectively to MERAUKE will be carried out under instructions to be issued by Movements Section Adv LHQ.

17. Complete unit equipment and 60 days supplies will accompany the troops moving. Troops being moved will be available to assist in the loading and unloading of ships and in the dispersal of supplies at destination.

INTERCOMMUNICATION

18. MERAUKE is at present linked by wireless to RAAF Station HORN I; this W/T communication is being maintained.

AMENDMENT - FIRST AUST ARMY OPERATION INSTRUCTION NO 22

19. Para 11 of the above Operation Instruction is cancelled.
