Lt-col R. HORLEY Commanding 16 Aust Inf Bn (AIF).

221. MESSAGE FROM BRIG E. G. H. MCKENZIE.

Owing to a medical disability I have contracted, it has become necessary for me to return to AUSTRALIA for treatment. This means that there is every possibility of my relinquishing Comd of 13 Bde. I would like, therefore, to pass on this message to all Offrs, WOs, NCOs and men of the Bde; to all I say sincerely.

"I have commanded the Bde for five years and it is with deep regret that at this stage it has become necessary, at least temporarily, to break my association with you. The Bde as a whole, and each individual unit therein has developed splendid team work and Esprit de Corps - keep it up. I am confident that the Bde will give an excellent account of itself in whatever task it may be presented in the future.

I would like to give a special message to you men of the various units - I have often told you before, and now some of you have learnt by experience, that it is a Junior Leaders war, and even more so that of the individual soldier, therefore I will repeat once again the advice - train hard, keep physically fit, be alert and always on top of your job.

Believe me, there is nothing surer than the saying "As you train, so you will fight."

What lies ahead I do not know, nor can I hazard a guess, but whatever you are called upon to do, whether as members of the Bde or not, you Officers, WOs, NCOs and men will be a credit to your unit.

Finally, you have always pulled well together as part of the unit or Bde team and I have always felt that all ranks have been behind me and conscientiously done everything that has been asked of them.

As your Brigadier I have been and always will be intensely proud of the 13 Bde, and I trust that I may have the privilege and honour of again commanding you, at some future date.

Aurevoir and the best of luck to you all !!

E. G. H. MCKENZIE Brig.

222. ALLOTMENT AND DEPENDANT'S ALLOWANCE PAYABLE OUTSIDE AUSTRALIA.

1. With the approval of the prescribed authority under War Financial (Military Forces) Regulations, a member may make an allotment to a person resident in any country outside Australia. Where the allottee resides in an enemy or enemy occupied country, the allotment may be dated back to 25th August, 1944, provided that this does not place the member's pay account in debit.

2. Where a member has made an allotment of not less than the standard rate, dependants allowances will be payable, in accordance with War Financial Regulations -

3. (a) where the allotment is payable in a country forming part of the sterling area - to any person dependant on the member; or

.....OTG
.....

(b) where the allottee resides in a country other than a country included in the sterling area - to the wife or children of the member and not to any other dependant.

3. If the allottee resides in a country where it is not possible to effect payment of allotment and dependants allowance, either because of the conditions set out in National Security (Exchange Control) Regulations or for any other reason, the amount of such allotment and dependants allowance will be held in trust until payment becomes practicable. A member may cancel such as an allotment at any time before payment is actually made to his allottee and, in that case, the accumulated amount of the allotment will be credited to his pay account. In such circumstances, no dependants allowance will be payable.

4. In this order, the words "sterling area" have the same meaning as in National Security (Exchange Control) Regulations, namely :

"All parts of His Majesty's dominions (except Canada and Newfoundland), and includes all territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Majesty and is being exercised by His Majesty's Government in the United Kingdom or in any dominion, all British protectorates and protected states, Egypt, the Anglo-Egyptian Sudan and every other country or area declared by the Treasurer, by order published in the Gazette, to be included in the sterling area, but does not include any country or area so declared not to be included in the sterling area."

5. The following areas have been included in the sterling area :-

- ICELAND
- FAROE ISLANDS
- IRAQ.
