PRIORITY OF MESSAGES.

There has been a general misuse of priority prefixes throughout HQ BCOF, resulting in jamming of traffic and delay to really urgent messages.

For information of all officers originating messages the following instructions will apply for all messages originated within the British Commonwealth Occupation Force:

The following degrees of priority are in force.

(a) MOST IMMEDIATE.	To be used only on occasions of vital urgency.
(b) EMERGENCY.	To be used only on messages of utmost importance which have a direct bearing on operations.
(c) IMMEDIATE.	To be used only on messages of special importance.
(d) IMPORTANT.	To be used only on messages which require priority above the ordinary.
(e) ROUTINE(non priority)	No entry is required on the originaters instruction space.
(f) DEFERRED.	This will rank below "ROUTINE" service traffic. Originators will write "Deferred" in the originators instruction space. Such messages may be passed by telegraph after all "ROUTINE" traffic has been cleared.

The following officers are empowered to frank priority messages for transmission over Army channels.

(a) MOST IMMEDIATE.	C-in-C British Commonwealth Occupation Force or any Officer delegated by him, in his absence.
(b) EMERGENCY.	(a) above. Chief of staff BCOF. BGS. PAO. The commander of any formation and his immediate GS representative.
(c) IMMEDIATE.	(a) and (b) above. The commander of any unit or establishment or any staff office NOT below the rank of Lt Col or equivalent.
(d) IMPORTANT.	(a),(b) and (c) above. Head of arms and services. Staff Officers of HQ BCOF and of Formations. The commander of a unit or establishment below the rank of Lt Col or equivalent. Adjutants. All signal officers but only on messages affecting the intercommunication service.

Routine Order No 25 PRIORITY OF MESSAGES. (continued)

In cases of special urgency, an unauthorized officer may frank a message with any priority but he will be held personally responsible that his action is justified by the circumstances.

Only officers authorized to frank messages as "IMMEDIATE" or higher priority may demand the services of a special despatch rider.

G30 BCOF has been instructed to examine the signals traffic and report breaches of these orders.

15. FRATERNISATION:

The following is a personal instruction from the Commander in Chief BCOF to all ranks of BCOF concerning fraternisation:

"Every member of the BCOF must bear in mind that he is present in Japan in a dual capacity. You are not only a sailor, soldier or an airman, you are also a representative of the British Commonwealth of Nations and all that it stands for in the world. In dealing with the Japanese you are dealing with a conquered enemy who has, by making war against us, caused deep suffering and loss in many thousands of homes throughout the British Empire. Your relations with this defeated enemy must be guided largely by your own individual good judgement, and your sense of discipline. Your must be formal and correct, you must not enter their homes or take part in their family life. Your unofficial dealings with the Japanese must be kept to a minimum. You must obey strictly all instructions regarding establishments or areas which are placed out of bounds to personnel forming part of the BCOF

Above all you must remember the dual capacity in which you came to Japan, and beyond that the fact that the eyes of the Japanese and of our allies, and indeed of the world will be watching you. Much depends on your conduct and your bearing. Be sure that they remain formal and that they are inkeeping with the dignity and courtesy which are part of our common heritage and tradition."

16. PREVALENCE OF THEFT:

Several instances of petty theiving have been reported, in particular the theft of cigarette lighters. All members are reminded that this type of offence is viewed with extreme gravity and all offenders will be severely dealt with.

160. FRATERNISATION:

In amplification of instructions already issued, the following extract from orders issued by Lt. Gen SICHALBERGER, Comd Eighth US Army is promulgated:-

" Public displays of affection by men in uniform towards the women of any nation are in poor taste. Particularly is this so in JAPAN among those who were so recently our enemies and where the people have never been accustomed to such demonstration. The sight of our soldiers walking along the streets with their arms around Japanese girls is equally repugnant to people at home and to those in the occupation area as well as to most Japanese. Such action in public is prejudical to good order and military discipline and will be treated as disorderly conduct ".

236. HEALTH - BOWEL DISEASES:

(1) With the warm weather, flies are increasing rapidly in this area and are expected to continue to increase throughout the summer months. Consequently, a marked increase in diseases of the bowel may be expected, if all possible precautions are not taken. The most serious of these diseases CHOLERA has already been reported as having occured among the civilian population in this area. Therefore, it is of the utmost importance, that all troops understand, and fully realise the seriousness of such diseases and are reasonably well conversant with their mode of spread.

(2) Bowel diseases can be spread by one or any of the following means:-

(a) Bowel diseases can be spread from the bowel by means of a person using the same latrine as the infected person or persons.

(b) Infection may also be carried from bowel to hand, and to some article to the mouth. Therefore, ensure that you disinfect and thoroughly wash your hands after visiting the latrine.

(c) Polluted water carries many infections, untreated water supply is NOT safe particularly in this area.

(d) Infection grows rapidly on warm food, but is not isolated to such. Latrines, food scraps, sewerage drains etc are all breeding places for diseases which are carried by flies to food. Therefore, all troops, WILL take every care and precaution to minimise fly breeding and preserve a high standard of hygiene and sanitation.

250. FAREWELL MESSAGE: (HQ Brit Com Base HQ Serial No 19 No 275)

The following message has been received from General NORTHCOTT at the eve of his departure.

"Before leaving JAPAN, I wish to thank the HQ Staff Commanders and Staffs and the units of BCOF for the splendid work that has been done by them during the difficult period of concentrating our force from so many widely scattered parts of the Empire and settling into the Occupation Areas. The first phase of our task has been successfully accomplished, but much remains to be done and I am confident that the same co-operation and loyal support that I have experienced will be afforded to the new Commander in Chief Lieut General ROBERTSON. The BCOF is a great experiment in the integration of Empire forces and Empire co-operation. Its success is of the greatest importance to the future security of the British Commonwealth of Nations, and I hope that every man, whatever his rank or job may be, will whole-heartedly contribute towards its success by his conduct, devotions to duty, and by playing the game as a member of this great Empire Team. Our association with the U.S. Forces in the Pacific has been a very happy one. Their co-operationand desire to assist usin the common task of the occupation of JAPAN has been greatly appreciated by us all, and the friendships which have been made will endure long after we have finished our work together. I cannot let this opportunity pass without thanking the British Commonwealth Base Troops for the excellent work carried out under most arduous and difficult conditions. In conclusion, I wish you all good luck, and success to BCOF.

KEEP THE FLAGS FLYING"
