STATS	—	

135. CLOSED CAMP.

Closed camp will be observed from 1300 hrs until 1800 hrs tomorrow 3 March 45.
Only personnal detailed for duty on Sunday 4 March 45 will be permitted to take leave on Saturday, which will be regarded as their Rest Day.

136. DISCIPLINE - SALUTING.

Reports indicate that there is some apparent lack of knowledge concerning the meaning of distinguishing Flags and Pendants flown on vehicles.

Flags and Pendants are of various shapes and colours, each directing that the vehicle is carrying some senior officer, such as the C in C, a Formation or Area Commander etc.

When passed or approached by a vehicle flying a Flag or Pendant, personnel will salute in the same manner as when passing or being passed by a senior officer who is on foot.

A Flag or Pendant is flown only when a vehicle is being used by a senior officer, and such officers are likely to be frequent visitors to areas in which this unit will be.

Personnel must realise that failure to pay appropriate compliments, brings a low opinion of the whole unit.

137. CAMP KITCHENS. OUT OF BOUNDS.

Camp Kitchens used for Officers, Sergeants and Mens' Messes are out of bounds to all personnel other than those duly authorised. Any members disregarding this order will be subject to seforedisciplinary action.

138. EMPTY SOFT DRINK BOTTLES.

All personnel having in their possession empty soft drink bottles, belonging to Unit Canteens are to return same, as otherwise it will be impossible to maintain supplies of soft drinks.

163. UNIT WAR HISTORY. 1. Under provisions of GRO298/44 it is necessary to determine the wishes of each member of the unit as regards the production of a Unit War History for purchase by members and others, after the end of the War.

2. As the production of a Unit War History would involve some expense the GRO provides for the transfer of up to 5/- per head to a special fund for that purpose. This transfer of funds could only be effected with the concurrence of 66% of members on the posted strength of the unit. It is anticipated that an equal amount would be contributed from other sources. These funds would not cover the full cost of production and it is anticipated that those members requiring copies would have to pay whatever purchase price was fixed for the book.

3. To enable a decision and any necessary further action on this matter a ballot will be taken on Friday 16 Mar 45.

4. Any further information required can be obtained by reference to GRO 298/44 copies of which are held in the Orderly Room and respective sections.

164. CENSORABLE MAIL.

Attention of personnel is again drawn to the correct procedure concerning letters of a censorable nature. All letters with addressees outside Australia will be placed unsealed in the Censorable Mail Box located in the Orderly Room, for franking by the Orderly Officer.

Any personnel posting letters of such nature through other channels will be subject to disciplinary action.

The following is an extract from a personal letter from His Royal Highness the Governor-General to the Corps Commander, dated Canberra, 16 Feb 45 :-

"I enjoyed my stay with you immensely, and was most impressed by everything I saw. The physique and bearing of all ranks was excellent, and every Man looked really hard and fit. I thought that the training which was being carried out was of a high order, and the keenness and enthusiasm of the officers and men was a real pleasure to see.

All Guards of Honour were of an extremely high standard.

Will you please thank those concerned-on my behalf- for their most efficient arrangements which made the visit go so smoothly and well.

Wherever your future battles may be fought, I send you and 1st Australian Corps my very best wishes for all good luck and success.

201. HQ 1 Aust Base Sub Area G.S. Instr.No.3. Security of Movement.

1. The following are extracts from the above mentioned instruction and are promulgated to all ranks.

2. GENERAL SECRECY :-

(a) All ranks are informed that it is imperative that NO information whatsoever should be divulged regarding our activities in Australia with reference to movements or installations. It is essential that the utmost secrecy be observed and that the possibility of information reaching the enemy be precluded.

(b) All ranks are warned against the dangers of indiscreet talk and spreading of rumours, both within and without the formation and in the presence of civilians. Troops will NOT engage in speculation of possible future operations.

3. PHONES :-

(a) Special care will be taken by all ranks to prevent possible leakage of information during phone conversations.

(b) During movement private phone calls will NOT be made.

(4) CENSORSHIP :-

(a) All ranks are instructed that NO mention of any move whether imminent, in progress, or completed, will be made in correspondence, telegrams or cables. This instruction will continue in force until units are advised by HQ 1 Aust Base Sub Area that individuals may mention that they are no longer in Australia.

(b) Information likely to suggest movement, such as reference to innoculations, natives, coconuts and souveniers will NOT be mentioned in correspondence. Army newspapers published in Staging Areas, or in area of embarkation will NOT be sent through the post until permission to do so is given by HQ 1 Aust Base Sub Area.

(c) Franking officers will watch carefully for any indications of codes being used in correspondence or telegrams and will report such instances for investigations with a view to disciplinary action.

LIFE ASSURANCE POLICIES taken out be members of the Forces :- GROF412.

1. Life assurance policies taken out by members of the forces on their own lives after September, 1939, usually contain a war clause which imposes upon the member assured, if he wishes to remain covered under his policy for the full sum assured while serving outside the Commonwealth, the obligation of :-

(a) informing the life assurance office concerned of his departure from Australia and of the date thereof, and
(b) payment to that office of an extra war loading premium.

2. Certain life assurance offices regard the Territories of Papua and New Guinea as being, for this purpose, outside the Commonwealth and there are variations in the rate of war loading premiums charged by different offices, while in some circumstances, an office may not

be prepared to cover the additional risk, and may therefore, refuse to quote any extra premium.
A member who desires to remain covered while serving outside the Commonwealth should ascertain from the office concerned to what areas the existing cover extends and what rates of war loading premiums are required should he serve outside those areas.

(3) If the member subsequently embarks for service outside the Commonwealth, he may arrange through Army channels -

(a) for payment of the amount of extra war loading premium (as previously ascertained by him) to the office concerned, by means of a remittance of undrawn pay, and

(b) for notice of the dateof embarkation to be given to that office by the D.F.O. when paying the remittance. The member will attach to the remittance form a letter requesting the giving of the notice mentioned in sub para (b) of this paragraph.

(4) For security reasons, direct notification by members to life assurance offices of their impending or actual embarkation is strictly prohibited.

202. 1 Aust Base Sub Area Adm Instr. No.14.
MARKING OF WINTER DRESS AND CLOTHING.

1. All personnel are instructed that the following items of clothing and dress will be clearly marked with the Regt No. of the member, ONLY.
2. If articles are already marked with the members' name, this need not be obliterated but Regt No. must appear.
3. The items to be marked are :- Jackets S.D., Trousers S.D., Greatcoats, Drawers Woollen (2 per man) Singlets Woollen (2 per man) and shirts worsted (2 per man).

221. WASHING OF ISSUE CLOTHING. (GRO 103 6th April 45)

1. Due to the short supply of all raw materials involved, it is necessary that the maximum life be obtained from all items of clothing on issue to MF personnel.

2. Incorrect methods of washing, exposure to strong sunlight, excessive sweating and using too much of certain soappowders, may seriously affect the dyes and weaken the fibre of clothing material. Failure to remove completely all soap and perspiration by thoroughly rinsing after washing, is one of the reasons for the breakdown of fabrics.

3. Neglect to pay due attention to regular and efficient washing of garments has been responsible for many cases of dermatitis. Observance of the following instructions will assist in decreasing the incidence of all skin complaints.

4. Washing flannels and woollens. -

(a) Worsted shirts, socks, woollen drawers, etc, should be washed in lukewarm water and never in boiling or hot water, as this shrinks the material. A tablespoon of ammonia added to every two gallons of water will remove grease and perspiration stains;

(b) Good quality yellow soap only should be used, and, after washing, the garments should be well rinsed in clean, tepid water and stretched by hand before drying.

5. Washing of cottons. -

(a) If cotton garments are boiled, the washing compound or soap will be added to the water prior to putting in the garments to be washed.

(b) If washing compounds, which are usually sold in packets under well-known brands and frequently known as soap powders, are used, not more than one tablespoonful of the compound will be added to each gallon of water to be boiled.

(c) If ordinary soap is used, 1-oz (approx a 1-in cube) should be added to each gallon of water to be boiled.

(d) It is most important that, after washing, the garments are thoroughly rinsed to remove all trace of soap.

6. It is realised that washing facilities and an adequate supply of water are not always available. Nevertheless, the hints and instructions contained in this order will be carried out whenever possible, especially in regard to rinsing thoroughly after washing.

NOTICE.

GIFT PARCELS FOR UNITED KINGDOM ADDRESSEES - DUTY FREE CONCESSION.

1. The conditions of the concession announced in the Notice appearing in GROs dated 20th October, 1944, pages 26 and 27, under which members of the AIF and of the British Army serving in Australia and in other places within the SWPA are permitted to send to their relatives and friends in the United Kingdom a maximum of four gift parcels per year, duty free, have been amended. The notice is, therefore, cancelled.

2. The following are the conditions applicable as from 6th April 1945. -

(a) The usual postage rates are payable.

(b) Parcels must not weigh more than 5lbs, each, and must not include -

(i) any drinkable spirits;
(ii) more than ½lb weight of tobacco, including cigars and cigarettes (50 cigars or 200 cigarettes) or any tobacco goods marked "H.M. Ships only".
(iii) more than ½ pint of scent;
(iv) more than 2lbs of any one foodstuff.

(c) The maximum value of the contents of parcels which can be sent by one person in any one year is £12, and this value may be made up as follows:-

(i) one parcel of £12 value, or
(ii) two or more parcels up to a maximum of six parcels aggregating £12 value.

(d) Special Customs declarations (AFs W5192) must be affixed to all parcels in order to secure the duty free concession. The declarations, where not already in possession of units, are obtainable through normal stationery channels.

(e) Issues to personnel will be under unit arrangements, on the basis of a maximum of six AFs W5192 per year to any one sender. A comparatively few forms should, therefore suffice for the needs of any unit.

(f) Each AF W5192 issued will have entered upon it the sender's number and name and be signed by the issuing officer in the space provided.

(g) Each Customs declaration represents a permissible value of £2 within the parcel to which it is attached.

(h) Where the value of the contents in any one parcel exceeds £2, a further declaration for each additional £2 (or fraction thereof), up to the maximum of £12 must be attached, e.g. a parcel containing goods to the declared value of £6 would require three labels attached.

(i) Gifts under this concession arrangement may also be forwarded by letter post. In such cases normal letter postage rates will be payable, and, if the sender so desires, the article may be tendered for transmission by registered post. To be eligible for the concession, articles forwarded by letter post must conform to the same conditions as those set out above for parcels, with the exception that the maximum weight for letters (4½lbs) will apply.

3. It is stressed that full duty will be levied in the United Kingdom (for collection from the addressees) in respect of the contents of parcels and packets which infringe the restrictions contained in para 2 (b) above. In addition to these duty charges, the contents of any parcel or packet not bearing a Customs declaration, received in the United Kingdom, are subject to purchase tax amounting in many cases to 100 per cent of the value of such contents. This tax is chargeable on most manufactured articles, but tobacco and foodstuffs are excluded.

227. REGIMENTAL LAYOUT OF KIT.

It has been noted on inspection that the following errors in kit layout are still appearing :-

Laundry - is left on top of, or tucked in between blankets.
Capes Gas - are left folded on blankets.
Soiled clothing and sox - are being hung on line in centre of tents, and sox left in boots.
Sheets Ground - are still being wrapped around blankets instead of being folded on top.
Sundry Gear - is being left between folds of palliasse, or lying round tents.
Tent sides - are not being rolled.

In future names will be noted on inspection, and disciplinary action taken against offenders.

228. STATIONERY - ECONOMY IN USE OF (MustBaseSubAreaR.O.Part 1 No.204 13 Apr 45)

1. Considerable difficulty is being experienced in theprocurement of adequate supplies of certain stationery items - in particular, all types of pencils and the larger sizes of envelopes.
2. It is apparent from the large demands made upon Stationery Depots that there is an exhorbitant usage rate in a number of items, which indicates that the need for economy in this regard is not appreciated. This again applies very seriously in the case of pencils.
3. It is imperative therefore, that the strictest economy be effected in the use of stationery items generally, and that present stocks of pencils and large envelopes be conserved to the utmost.
4. The substance of this order will be promulgated to all personnel to whom Army stationery supplies are issued.
