31 0900 7/13 Activity of enemy A/C yesterday -  
details not yet clear due conflicting  
reports - Believed plane came from  
South along back of CANADA HILL, came  
over the top of the hill, turning west  
& dropped one bomb, believed in the water  
at mouth of MIRI Kue. It then made  
a sharp turn, straddled the hospital area  
again the plane came around Canada Hill  
and passed overhead. My took as offensive  
action. To endeavour to clarify account
