War Diary

1. CINEMA ENTERTAINMENT

Regular cinema entertainment was provided for troops of 7 Aust Div, 9 Aust Div, Corps Troops units and Base Sub Area units in MOROTAI. Three programmes per week were screened at each screening site to 16 Jun 45 but from that date to the end of the month only two programmes could be screened at each site owing to the movement to OBOE SIX area of several of the Mob Cinemas allotted to 9 Aust Div.

Regular cinema entertainment for the troops of 26 Aust Inf Bde TARAKAN was continued. Two programmes per week at three locations were provided, general coverage in TARAKAN being shared with one PAAF Mob Cinema also providing two screenings per week at three locations.

Cinema entertainment for the troops in LABUAN was commenced on 14 Jun 45 by 115 Mob Cinema which accompanied the assault forces. Two additional Mob Cinemas commenced operations on 30 Jun 45 and a fourth cinema will commence on 3 Jul 45. Programmes are being provided for TARAKAN and OBOE SIX area on a basis of two screenings per week at each location (three locations per cinema unit). Attendances at all screenings were large, averaging 2000 per screening. Programmes provided were good and comprised mainly of pre-release features.

2. CONCERT ENTERTAINMENT

No AA Entertainment Unit Detachments operated in the area. Three detachments are awaiting movement from AUSTRALIA. The 9 Aust Div Unit Party - the "Six Dominos" - continued their performances among units of 9 Aust Div.

3. BAND ENTERTAINMENT

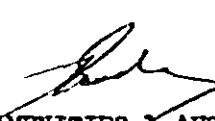

HQ 1 Aust Corps Band and 1 Aust Armd Div Band gave performances in unit lines and also at 2/5 AGH and 2/9 AGH. Unit bands also gave performances in unit lines.

4. SPORT

Sporting activity was again limited by operational commitments. Intra-Unit games were played by some units while in the staging period. Swimming was again a general and popular individual activity.

5. PHILANTHROPIC ORGANISATIONS

The work of the YMCA and Salvation Army organisations was again a prominent feature of the welfare side of operations. Representatives and NCO's attached to units provided refreshments and other comforts in assault areas, in beachheads, and among the static units, in addition to the embarkations and disembarkation points. Supplies of welfare goods were satisfactory and ACF Depots in MOROTAI, TARAKAN and the OBOE areas are well stocked. Units were assisted in establishing field recreation centres while staging.

Subject: DADWGS MONTHLY REPORT FOR MONTH ENDED 30 JUN 45

**HQ 1 Aust Corps
1 Jul 45**

DADWGS, LHQ

1. Allotment of War Graves Units.-

8 AWGU.- En route to Tarakan. Embarked from Morotai on WILLIAM ASHLEY 29 Jun. "B" Detachment - Cpl photographer and dvr-mechanic - left at Morotai.

23 AWGU.- Embarked for Labuan 19 Jun.

24 AWGU.- Located at Blue Beach, Morotai, awaiting movement to a current operation, where it will come under command 7 Aust Div. OC and 1 OR embarked for this operation 26 Jun.

2. Personnel.-

(a) Lieut T J COLLINS took over command 8 AWGU 16 Jun 45, vice Capt F H TREASURE, to RSL (reposting). Capt TREASURE will remain at Tarakan as OC "A" Detachment until arrival of Lieut COLLINS, ETA 3-4 Jul.

(b) Pte COLLINS M W (signwriter) was taken on strength of 8 AWGU 4 Jun, and evacuated to 2/5 AGH 14 Jun. Cpl DYER J E (signwriter) was TOS 8 AWGU 17 Jun 45. On return from "X" List Pte COLLINS will be transferred to 1 Aust Armd Div Provost Coy, from which unit DYER was obtained.

(c) Dvr FLATCHER R E (dvr-mechanic) was TOS 8 AWGU 11 Jun, supernumerary to WE.

3. Stores.- Units are well equipped except in the matter of temporary memorials, which has been the subject of separate correspondence. No cemetery can be completed until crosses ordered in Nov 44 are supplied. It is suggested that an order for 3000 crosses be placed now in anticipation of the eventual occupation of Malay. Twenty gallons of paint of original consignment of 48 gallons were received, the balance having been issued by 1 Aust CRE Wks to hospitals and expended. 1 Aust CRE Wks has asked for return of paint received by DADWGS. The matter is in abeyance, and a separate report will be made when it is finalised. Sufficient photographic material is in stock for present requirements.

4. Permanent Cemeteries.- Advice was received from LHQ (memo 79122, of 13 Jun 45) that cemeteries may be established at Morotai, Tarakan, and in the objective areas of OBOE SIX and the current operation, but that none was to be regarded as a permanent cemetery at this stage. Accordingly cemeteries have been established at Morotai and Tarakan, while at Labuan a cemetery has been laid out and 37 direct burials effected. A decision has not yet been made as to whether the site will be approved.

5. Tarakan.- DADWGS visited Tarakan 3-7 Jun. A report was forwarded under cover of GR225, of 8 Jun 45. Of 221 reported dead 10 remain to be located. It is expected that all, with exception of one body washed out of its grave on EAST coast, will be located. Forty direct burials and 9 reburials have been made. The position is unsatisfactory. Factors operating against completion of task in a reasonable time are:-

- (a) Shortage of War Graves Unit personnel. A detachment of 1 officer and 2 OR's reached Tarakan 23 May. Application was made 30 May for movement of unit from Morotai. It was not until 29 Jun that unit embarked.
- (b) OC unit was unable to take active part in exhumations and reburials because of personal revulsion against the process.
- (c) Lack of Labour. Sixty natives are required for development of cemetery and for exhumations and reburials. Six were supplied 15 Jun. The number was increased to 12 on 22 Jun.
- (d) Lack of engineer assistance. Engineers commenced work at the cemetery 6 Jun, but ceased as from 10 Jun. Force HQ advised that work would proceed when men and machinery could be spared from higher priority work.
- (e) Heavy rains.
- (f) Insufficient materials. Sixty additional required, but none may be spared from present stocks.

6. OBOS SIX.

- (a) War Graves Representation.- On 23 AUGU went in with assault force. The advantages derived from this early representation were that a cemetery was established Labuan, map ref Labuan Sth Special 1:25000, 936837, by Z plus 2, and the majority of subsequent death casualties on Labuan received direct burial. OC was on hand to advise Formation HQ on matters pertaining to the Service. All locations were made before the units concerned had moved from the area. 23 AUGU was scheduled to arrive at Labuan about 27 Jun.
- (b) Cemetery.- It would appear that Labuan is the logical place for a cemetery because it is the geographical centre of OBOS SIX operations, and because it is under full British control, whereas pre-war Brunei was a British Protectorate, with a native Sultan and a native council.
- (c) Locations.- All graves on Labuan were located. Unit has yet to locate graves on mainland. These are spread over a very wide area. The work of concentration will be long and arduous and will require water transport.
- (d) PW Graves.- Reports have been received of approximately 60 graves at 903365 and 100 at 927923. Identification as to person or even nationality will be difficult. Separate correspondence has been forwarded on this matter. Two graves at 927923 have markers showing respectively:-

905624 L/Sgt LUMB T G 137 Regt R A
572157 Cpl GIFFITHS G PAF

(See Locations 23/126A.3.1 and 23/126A.3.2.)

- (e) Storerooms.- Unit took 200 arcseer, but more will be required to complete the task. Unit has 5 exhumation caskets, which will be used for road and water transport of bodies. At least 16 bodies could be contained in one movement.

7. Morotai.- Twenty-eight direct burials and 18 reburials have been effected. The cemetery is maintained by 8 AUGU "B" Detachment, which has the assistance of 5 native labourers. A hut 10' x 10' was built. Materials for building darkroom were obtained. Design for concrete memorial centre was approved and is now in the hands of 1 Aust CNE Works; the work has a low priority, and it is not anticipated that it will be constructed in the near future. An improvised grader.

designed by S/Sgt GARDY, was used with a measure of success in levelling the surface of the cemetery. As soon as couch grass seed comes to hand the area will be planted. Banana plants were set on three sides, outside ring fence. Two rows of coconut palms were planted between rear boundary and the sea.

8. Burial of Japanese PW at Morotai. - A deceased Japanese PW was buried 27 Jun at Map ref Morotai Is, 835257, rear of PW compound. Hard coral was struck at a depth of 1 foot. The grave was blasted out, but it was decided that the area was unsuitable for further burials. US authorities (who had previously withheld approval) granted permission to bury Japanese deceased PW in the enemy section of USAF Temporary Cemetery, Ormocba. Any future interments will be effected there.

9. Statistics. - Statistics for deaths and burials and missing personnel are as shown in Appendix "A". Information was received via W3314's, War Graves Units, 2 Aust Adv 2 Echelon, First Aust Army, and RAAF and RAN Lists. No records are held of any dead or missing EAST of longitude 117 deg EAST. The figures do not purport to be complete to date.

AUSTRALIAN MILITARY FORCES

CAMP ROUTINE ORDER

MAJOR G. P. WILD - CAMP COMMANDANT HQ 1 AUST CORPS

28 Jun 45

43. CONSERVATION OF POWER AND LIGHTING

1. The 25 KVA Lighting Set at HQ 1 Aust Corps is now right up to capacity, and in order to maintain a 100% service all Branches, Services, and attached units are requested to reduce consumption to the minimum possible.
2. This can best be done by ensuring that all lights when not in use even for brief periods, are switched off.
3. Particular attention in this regard is directed when officers or staff leave their offices at night.

44. MEDICAL AND DENTAL TREATMENT OF MEMBERS OF AMF

1. Attention is drawn to GRO 155 of 11 Jun which sets out the medical and dental treatment available to members of the AMF.
2. A copy of this GRO may be perused at Camp Office.

45. VICTORIAN RAILWAY PERSONNEL SERVING IN THE AMF

OR. who worked for the Victorian Railways prior to enlisting are requested to hand their name in to Orderly Room as early as possible.

46. OUT OF BOUNDS

1. The WAMA airfield, taxiways and hardstandings are out of bounds to all ranks except those who are there for air travel or on other authorized duty.
2. Several serious accidents have been narrowly averted recently owing to the practice which has arisen of personnel crowding the airfield for sightseeing purposes.

47. DESPATCH OF PLANTS ETC TO AUSTRALIA

1. A member of the AMF will NOT send or take with him from areas outside AUSTRALIA to the Mainland, any plant which grows or any bulb, seed, or cutting from such plant.

Permission will be granted for the despatch of such articles, to herbaria or scientific bodies, as approved by the Director-General of Health (Quarantine Section-Plant, CANBERRA).

2. Coconuts will NOT be accepted for transmission by post to any address.

48. AMF PRISONERS OF WAR AND INTERNEES, ETC

1. For the purposes of the order, a "recovered prisoner of war" means any member of the AMF who has been captured, detained or interned by the enemy and has subsequently been repatriated, exchanged or in any other way released, and includes escapees.

Duty to avoid capture -

2. Every member of the AMF will, at all costs, endeavour to avoid falling into enemy hands. If, however, a member is taken prisoner, he will obey the directions given in this order which are applicable to all ranks at all times and under all circumstances.

Duty during interrogation by the enemy :

3. During interrogation, a member will supply his number, rank and name only. He will remain courteous and maintain a military bearing, indicating that the obligations of any soldier preclude his answering any other questions.

Indirect methods of obtaining information.-

4. Every prisoner of war will, at all times, be on guard against carelessness, over-confidence and enemy trickery. Such ruses as the use of agents as nurses or of other agents as bogus Red Cross officials or prisoners of war will always be expected. Even in conversation with known and trusted friends extreme caution will be shown, as the conversation may be overheard by eavesdroppers or concealed listening devices.

Broadcasts over enemy wireless and enemy propaganda.-

5. A member of the AMF who becomes a prisoner of war will not transmit messages over enemy wireless, except simple messages of the type permitted in correspondence: for example, messages relating to the health of the prisoner himself and greetings to family and friends. He will not in any way lend himself to enemy propaganda by taking part in wireless broadcasts (other than for the purpose of transmitting a message of the type described above) or in any other way whatsoever.

48. AMF PRISONERS OF WAR AND INTERNEES, ETC (Contd)

Parole.-

6. (a) A member of the AMF when taken prisoner of war or interned by an enemy or neutral power will not give his parole, except a parole of the limited nature described in para 7 of this order.

(b) The term "parole" means an undertaking not to escape given in any form whatever or however described.

7. (a) Parole may properly be given to obtain temporary release from confinement for a few hours on odd occasions for specific purposes: e.g. exercise, recreation or medical treatment. Parole so given will be clearly limited to the period of temporary release.

(b) Parole in respect of a warrant officer, non-commissioned officer or other rank can be given only through a commissioned officer.

(c) The terms of any parole given will be observed with the greatest strictness for the period for which it is given.

Escape.-

8. It is the duty of every Australian prisoner of war and internee to escape at the first opportunity, regardless of any instructions to the contrary issued by or in any prisoner of war or internment camp or by the detaining power and regardless of any reprisals which might be taken against the remaining prisoners of war and internees.

9. (a) Except as provided in paras 10, 11 and 12 of this order, a recovered PW will not give any information in conversation, correspondence, or in any other way whatever to any person regarding the escape of himself or any other person from detention or internment, or about the means whereby he or any other person avoided capture by the enemy.

(b) Such information would be useful to the enemy, would prejudice the chances of others in similar circumstances to escape and would endanger the lives of those who have given help at any stage.

(c) As soon as possible after recovery, every recovered PW will sign an undertaking in the form set out in para 13 of this order. The officer responsible for the interrogation mentioned in para 10 (a) of this order will ensure that this is done and will forward the signed undertaking to the nearest 2nd Echelon component for despatch to the home Records Office of the member whereit will be filed in that member's personal dossier.

Interrogation.-

10. (a) A recovered PW will disclose all details of his escape, evasion of capture, release or recovery to interrogating officers authorised by the Director of Military Intelligence (DMI).

(b) The officers authorised by the DMI are -

- (i) Any GSO, Grade I, on army or higher formation HQ.
- (ii) Any GSO not below Grade II on corps or div HQ.
- (iii) GSO, Grade III (Intelligence), on div HQ.
- (iv) Any officers designated by the abovementioned general staff officers.

(c) Subsequent to interrogation pursuant to para 10 (a) of this order, the Director of Prisoners of War and Internees or, in his absence, the senior 'A' Branch officer on the spot acting on his behalf, is authorised to interrogate on any matter other than those referred to in para 10 (a) of this order.

(d) No member other than one of the officers listed in para 10 (b) of this order will question any recovered PW on any matter referred to in para 10 (a) of this order. Nothing in this paragraph will, however, preclude any officer who is required in the course of his duty so to do from interrogating a recovered PW for information relating to missing and prisoner of war personnel and to the locations of any known burials.

(e) The interrogation procedure will conform to LHQ Intelligence Instruction No.22 dated 15th June, 1945.

Lectures.-

11. (a) If a recovered PW desires to lecture on his experiences, he will not disclose any information about his own escape, evasion of capture, release or recovery, or that of any other person, unless the script of the proposed lecture is first approved by the DMI or his representative.

(b) A recovered PW may, however, lecture on personal matters connected with his detention or internment to War Relatives' Associations and the like, but must exercise the greatest care to ensure that his lecture does not disclose any information which could be useful to the enemy, would prejudice the chances of other prisoners of war escaping or would endanger the lives of those who helped the lecturer at any stage during his escape.

(c) If it is considered desirable for service reasons that a recovered PW should lecture on the means employed by him in his escape, the decision as to the desirability will be made by the Director of Military Training or his representative and the text of the proposed lecture will be delivered to the DMI or his representative for approval and censorship.

A recovered PW will not give an interview to any broadcasting station or newspaper, or broadcasting or newspaper correspondent or representative, until such time as the interrogations provided for under para 10 of this order are completed and unless such interview is conducted in the presence of a representative of the Director-General of Public Relations. Similarly, a recovered PW will not submit for publication or broadcasting any article, letter or account dealing with his experiences unless it is first approved by a representative of the Director-General of Public Relations.

Form of undertaking.-

13. The form referred to in para 9 (c) of this order is as follows :-
