- X 1. 1 Aust Corps Op Instn No.4 dated 2 May 42 is cancelled.
2. The role of 21 Inf Bde Gp is to hold the area between incl line MAROOCHYDORE - NAMBOUR and incl CALOUNDRA - LANDS-BOROUGH - WOODFORD. The bn of 4 Aust Inf Bde at CALOUNDRA will be under comd 21 Aust Inf Bde for operations.
3. It is essential that the enemy should be prevented from passing through this area either by an advance down the axis of the rd GYMPIE - NAMBOUR - BRISBANE, or as the result of landing operations on the coast North of CALOUNDRA.
4. The force allotted is too small for static defence in the whole area, and it is undesirable to adopt a static defensive attitude in the close country which covers most of the area allotted to the Bde. It will, however, be necessary to hold posts on the most likely lines of approach so as to interfere with the enemy's advance and to assist counter-attacks by bde and corps reserves.
5. The areas which must be held are:
- (a) CALOUNDRA - in order to protect the Fortress Bty O.P.s Direction Finders and Naval War Sig Sta. The retention of the CALOUNDRA headland also covers the coast defence bty on BRIBIE Is. Even in the event of these installations being made unusable by enemy action, the continued retention of the CALOUNDRA area would be desirable to restrict enemy movement at the entrance to MORETON BAY and the BRISBANE RIVER.
- (b) An area astride the rd GYMPIE - NAMBOUR - BRISBANE -
In order to restrict movement from the North of organized enemy forces (not infiltration by small parties) an area must be held astride this rd. It should be sufficiently far fwd to cover the lateral comms through KILCOY-WOODFORD, but not so far fwd as to over extend the bde area. NAMBOUR would be suitable, but YANDINA might be considered. There is an approach to the lateral rd KILCOY - WOODFORD, through KENILWORTH. It is considered that to hold this route would be beyond the resources of 21 Aust Inf Bde. 1 Mot Bde are responsible for recon, and delay in the area North of 21 Aust Inf Bde, and may be expected to fall back, in part, by the KENILWORTH route.
- (c) The entrance to the MAROOCHY RIVER - the area affords facilities for enemy landing. An area near MOOLOOMABA-MAROOCHYDORE must be held in order to restrict his ops in that area and so facilitate counter action by reserves.
6. It is the intention that bn defended localities should be organized at the three places mentioned above, and that the enemy should be attacked vigorously by reserves between these posts in the area allotted to 21 Aust Inf Bde. These fwd bn areas must be held to the last man and the last round. The rest of the bde will be placed suitably for the role of counter attack. Unless the enemy also lands East and South of BRISBANE, or there is a threat there which cannot be neglected, 4 Aust Inf Bde, less the CALOUNDRA Bn, will be regarded as Corps reserve for ops in 21 Aust Inf Bde area.

7. 21 Aust Inf Bde will prepare plans for this role. Defence schemes will be drawn up for fwd bn areas to be held as defended posts.

8. Consideration will be given to withdrawing all transport from fwd bns, except that which is absolutely essential for fighting, to an area well in rear.

9. An estimate of material needed for field works in fwd bn areas is to be forwarded by 17 May. In this connection it is desired to stress the fact that deception and some mobility will be essential qualities in successful protracted defence of fwd bn areas.

X 10. The role of 4 Aust Inf Bde Gp, less CALOUNDRA Bn, will be:

- (a) to be prepared to support 21 Aust Inf Bde in the MARBOCHY River area. This is to take the form of attacking and destroying enemy who enter 21 Aust Inf Bde area--not occupying defended positions in order to block holes. Close co-operation between 21 and 4 Aust Inf Bdes will be required in formulating the necessary plans as it is intended that 21 Aust Inf Bde will allot the task to 4 Aust Inf Bde if action in 21 Aust Inf Bde is necessary. 4 Aust Inf Bde will come under cmd 21 Aust Inf Bde for operations in 21 Bde area, until HQ 1 Aust Corps decides to assume control.
- (b) Direct defence of BRISBANE against an enemy landing in HORTON BAY.
- (c) Operations to the South of BRISBANE to meet as far to the South as possible, any advance on BRISBANE after landing in the SOUTHPORT area.

4 Aust Inf Bde will prepare plans for the two latter eventualities designed to attack and destroy enemy detts which may land. If a landing does not take place or is not immediately threatened in 21 Aust Inf Bde's area, the 21 Aust Inf Bde's reserve bn may be placed under cmd 4 Aust Inf Bde.

X 11. In the event of operations North of BRISBANE occurring before the arrival of Adv HQ 3 Div in the corps area, Adv HQ 1 Aust Corps will be established in the area LANDSBOROUGH - CABOOLTURE-WOODFORD to control 4 and 21 Aust Inf Bde.

AFFILIATION OF UNITS 3 AND 7 AUST DIVS

The following instructions are fwded for infm, and for the preparation of the necessary preliminary arrangements, to permit of the plan being put into operation, on a date which will be notified later.

1. 3 and 7 Aust Divs are portion of a fighting Formation, making up 1 Aust Corps. During ops the action of one, successful or otherwise, will materially affect the ops of the other.
2. Success will depend upon a level, high standard of efficiency applicable to both, and a closely knit understanding and high regard one for the other.
3. 7 Aust Div has had opportunities for continuity in tng with war equipment, and the gaining of experience in War, which has been denied to 3 Aust Div.
4. 3 Aust Div has suffered disabilities which have not been experienced by 7 Aust Div. These disabilities, which have greatly affected efficiency, include the necessary provision of offr, NCOs and ORs for the AIF, thereby causing a large turnover in leaders; the ill effects of the man power plan upon personnel, denying any continuity in stability regarding the retention of personnel; and the lack of MT and equipment, a disability still experienced.
5. The nature of service and the differentiation between AIF and CMF, by the value of things in the past, has tended towards creating human misunderstandings, not in the interests of the Army generally.
6. Mutual arrangements between GOC 7 Aust Div and GOC 3 Aust Div, and approved by GOC 1 Aust Corps which aim at the application of:
 - (a) Methods whereby 3 Aust Div may rapidly obtain the benefit of the experience of 7 Aust Div.
 - (b) Provision for opportunities whereby the personnel of each Formation, will establish a high regard, one for the other, and mutually benefit by helping, each the other, in their tng and fighting problems.
This will, by mutual good will on the part of both, break down prejudices and misunderstandings now existing and will pave the way for the firm establishment of a "One Aust Army".
7. The plan to achieve success, which is undoubted, will be based on;
 - (a) Affiliation of units, 3 and 7 Aust Divs.
 - (b) Provision for personnel 3 Aust Div, living and serving with units 7 Aust Div for short periods. These will cover comd, Staff and Regimental aspects.
 - (c) Mutual arrangements between affiliated units which will enable offr and NCOs 3 Aust Div attending TEWTs, Tng exercises etc, conducted by their affiliated unit in 7 Aust Div.
 - (d) Provision for Pls and similar sub-units, visiting units 3 Aust Div and providing demonstrations covering various aspects of the tng of their own particular arm.

INSTNS FOR TWO SIDED BN EXS.

1. The following instns are issued to enable all Comds to make preliminary arrangements for all two sided exs to be conducted within the Bde Gp;
2. VEHICLES.
Vehs on strength should be allotted to "A" & "B" Echls and drivers and personnel allotted to them, should have explained to them fully what is meant by "A" & "B" Ech.
3. REPORTING OF ATTACHED ARMS.
Comds of attached tps allotted to Units should report personally to the C.O. of the Unit to which they are attached, for instns as soon as practicable, after receipt of order.
4. PRISONERS.
All ranks taken prisoner and ruled as such by umpires will play the game, and not refuse to be taken prisoner. In actual warfare of course these men would be shot or bayoneted if they attempted to escape.
Arms will not be taken from prisoners, nor will bolts be removed from rifles.
Dvrs of vehs captured will remain with the vehs, and will not attempt to escape.
Keys will not be taken from vehs or dvrs.
5. CASUALTIES.
Before each exercise, umpires will be provided with cards to pin on those personnel who are made casualties. Those who are made casualties must go through the chain of evacuation of wounded in order to train Pd Amb personnel.
Exercises are conducted to train all troops for war, and Offrs and N.C.O.'s should ensure that all Units and sub-units of the Bde Gp are given an opportunity to function in their roles.
6. UMPIRES DISTINGUISHING ARMBANDS etc.
All offrs will respect distinguishing signs worn by umpires, neutral sigs, umpires' orderlies etc, and allow to pass through. On no account, at any time, will any personnel taking part in the combatant forces use umpires distinguishing signs for any purpose whatsoever. Military vehs taking no part in the exercises will have a piece of paper - quarto size, pasted on the near side 'top' corner of the windscreen. This 'pass' must not be violated in any way by opposing forces, nor will personnel be allowed to ride in these or civilian vehicles, for the purpose of attacking or obtaining information concerning the enemy.
Provost personnel engaged in the duties of pasting these "passes" on military vehs will be regarded as neutral.
7. PUTTING TPS IN PICTURE.
In all exs conducted within the Bde Gp umpires will be especially instructed to see that the tps have been given all the necessary information to ensure that their interest and enthusiasm is aroused. Comds should make certain that the tps are given as much infm as possible in order that they can learn and benefit by the exercise.

H.Q. 4 Aust Inf Bde,

4 AUST INF BDE TNG INSTN NO 5.

Refs. 2 Aust Corps Tng Instns Nos 3 & 4 of 14 & 15 Sep 42.
3 Aust Div Tng Instns Nos 1, 3 & 4 - 1942.
All A.T.M.'s.

1. The following is an outline of the future training policy for the period both incl 21 Sep - 3 Oct 42.

2. BASIS OF TRAINING.

Tng will be based on the policy and methods defined in Para 6 of 2 AUST CORPS Tng Inst No 3. Jungle fighting in particular will be studied and practised. Particular attention will be paid to the points outlined in Appx A of 2 AUST CORPS Tng Inst No 3.

3. COY TWO SIDED EXS.

These will be conducted under Bn control, the object of the exs being to teach the tps to move silently, and swiftly through jungle country. Lessons to be learnt will be infiltration of an enemy posn, - composition and instructions to patrols and close liaison between patrols. These exs will be adequately umpired - down to secs - and will be of one day's duration. All rifle coys will participate. Attached Tps of 22 A/Tk Bty will take part to bring out the lesson of the necessity to give these guns infantry protection.

4. MUSKETRY PRACTICES.

For these practices, those personnel who have qualified in musketry will have advanced musketry tng, and those who have NOT qualified will be carefully coached to ensure that they do so during these practices. Availability and location of ranges will be notified by this H.Q. later.

5. COY FD FIRING EXS.

These will be conducted on the dates shown on outline Syllabus, Appx A, all automatic weapons, mortars (if amn available) and grenades (if available) will be used, and carrier gun crews will practice from the "hull down posn" as well as dismounted. Mortar carriers will also be exercised. These exs will be controlled by Bn H.Q. and will be adequately umpired.

6. BATTLE PROCEDURE WITHIN THE BN (ref A.T.M. 11 Appx C).

As outlined at the conference of Offrs after the repeat exercise of the Inter Bn Ex of the 17 Sep, Bn exercises for officers will be undertaken. Prior to the days set apart for these, Bn Comds will give their officers short exs to make sure that all are instructed in the procedure, and are TIME & SPACE conscious. After the first ex scheduled for Offrs only - mistakes will be rectified, and then on Oct 3 all Bns will carry out an ex with tps, concentrating on the occupation of a defensive posn. Gnd chosen for these exercises will be notified to Bn Comds by this H.Q. and the location will be kept secret, prior to its commencement.

When C.O.'s are convinced that Offrs, N.C.Os and men are thoroughly conversant with Battle Procedure, then BATTLE DRILL will be developed, particularly for jungle fighting.

7. DIRECTION FINDING IN JUNGLE COUNTRY.

Periods have been set aside for Compass March in Jungle country and night exercise -- direction to be maintained by the stars and the use of the compass. These will take place in thick jungle country.

8. ASSAULT COURSE & 30 YD RANGES.

Each unit will construct its own Assault Course, and 4 Aust Fd Coy will supervise and assist. This work will be undertaken on the dates allotted. 30 yd ranges will be constructed immediately.

9. H.Q. TNG.

All H.Qs incl Bde will undertake tng in movement and layout of H.Qs both by day and night. One exercise for ea will be the minimum. Care will be taken to ensure that H.Qs move with full M.E. of vehs - if necessary borrow vehs to make up deficiencies - and a normal allotment of personnel to vehs, and order of march will be laid down. Particular care will be taken to recce for alternate sites, and for practice, a site will be "contaminated" and rendered untenable, thus necessitating a quick move to the alternative site. Decontamination of vehs and personnel will be carried out in this instance.

10. TNG OF OFFRS.

All Units in Bde Gp will conduct at least two G.D's each week, to discuss thoroughly all infm sent out in A.T.Ms (WAR) (AUSTRALIA). Opportunity will also be taken on Sundays for offrs to practice the use of R/T on 108 wireless sets.

11. SCHOOLS & COURSES.

Bde and unit courses of instn are to be organised and particulars regarding same will shortly be issued.

12. PARTICULAR POINTS.

Special attention will be paid at all times to the following :-

- (a) Camouflage.
- (b) Dispersion and concealment.
- (c) Battle drill
- (d) Sec Gp Organisation (Ref A.T.M.11, Page 41)
- (e) IMPROVISED Crossings of streams with or without engr assistance.
- (f) General handling and maintenance of M.T. & Carrs.
- (g) All exs of any description will be adequately umpired and offrs and N.C.Os will receive instn in umpiring.

13. Units will submit two copies of all exs and tng syllabi to this H.Q. prior to the commencement of the activity.

14. 2 AUST CORPS TNG INSTN NO 4 OF 15 SEP 42.

Units will implement immediately instns contained in para 1, 2, 3 & 4.

15. TRAINING SPECIALISTS AS INFANTRY.

All specialists and personnel from the services must be capable of fighting as infantry and will train as such for at least 4 hrs per week.

AUSTRALIA
18 Sept 42.Nos 195 - 201."G"

194. CENSORSHIP. Para 7 of Appx C to Army Pd Censorship Instn No 22 provides as follows :-
CORRESPONDENCE WITH STRANGERS. "Advertisements, Circulars, "Penpals", etc

- (a) All ranks are forbidden to insert advertisements or letters inviting correspondence with strangers in any newspaper or magazine. Nor must they enter into correspondence with any stranger in response to such advertisements or invitations.
- (b) Correspondence with "Penpals" is prohibited.
- (c) All ranks are forbidden to reply to circulars.
- (d) All ranks are warned to exercise the greatest care in acknowledging presents from unknown 'friends'.
(2 Aust Corps RO 109).

195. ROUTE MARCHING.

Besides being dangerous in traffic, route marching of troops along main roads, is both unimaginative and uninteresting. All hardening marches should be conducted across country, and occasionally along lanes. Tactical movements should be practised and varied in form. Officers should also "paint a picture" to the troops to stimulate interest in the movement.

W. Jones
Maj.
B.M. 4 Aust Inf Bde.

196. SPEED OF M.T. VEHICLES.

Many instances of M.T. vehicles travelling at speeds in excess of that laid down for their respective type have been observed, by this H.Q. since the arrival of Units in this area. All drivers of M.T. vehicles will be warned forthwith that in future disregard of instructions as laid down in S.O.O. M.M.V. will be most seriously viewed and disciplinary action will be taken in every instance.

197. DRESS.

Many instances of troops turned out in an untidy manner have been noted. All Units forthwith are to comply with 3 Aust Div R.O. 435.

All members of 4 Aust Inf Bde proceeding on night leave to town adjacent to their areas will conform to para 2a of the above mentioned R.O.

198. COURTS OF INQUIRY.

Concern is expressed by Higher Formation at the excessive delays in submission of the proceedings of Courts of Inquiry. These delays are mainly due to the following :-

- (1) No action being taken for a considerable period after receipt of the Convening Order, resulting in many instances that the relevant witnesses are transferred before the Court is assembled.
- (2) Units fail to have witnesses available when Court is sitting.
- (3) All necessary documents not being made available to the Court.

Commencing forthwith all Courts will be assembled within 48 hours of receipt of the Convening Order, if a time and date of assembly is not stated in the said convening order.

199. PERSONNEL REQUIRING TO TRAVEL BY RAIL.

All previous instructions in reference to Rail travel are cancelled and as from the issue of this order UNITS will be responsible for arranging rail accommodation at their nearest Railway Station.

All Units will endeavour to advise Railway Authorities at least 24 hours in advance.

Personnel who will require sleeping berths must contact local Station Master at least 48 hours in advance.

When any party exceeding 10 persons requires to travel Bde H.Q. will be advised and forward information to 3 Aust Div, who will make necessary travel arrangements.

A.A. Form T 13 is only necessary for interstate travel.

200. SCREENINGS, GRAVEL ETC.

Under no circumstances will any gravel, metal or filling of any kind be removed from sides of roads. Application will be made through correct channels for any of these materials should they be required.

201. WEARING OF SHIRTS.

It is noticed many individual men are discarding shirts in their own lines and even outside their own lines. Shirts WILL be worn on all occasions, except in the case of an organised party when engaged in work of a particularly heavy nature and will then only be removed if in the opinion of the OFFICER this course is necessary.

ROUTINE ORDERS PART I.

H.Q. 4 Aust Inf Bde.,
AUSTRALIA.
25 Sept 42.

by

BRIGADIER G.S. BARBER, M.C., V.D., COMD 4 AUST INF BDE.

Nos 202 - 211.

"A & Q".

202. OFFENCE REPORTS
B 2069.

Unit Comds are reminded of the provisions of 2 Aust Corps, Order No 61.

It has been noted in a number of cases that such order has not been observed and the order is now repeated for information as follows :-

- (1) Greater care must be exercised by CO's in making awards in all cases and in calculation of automatic forfeiture in cases of AWL. Returns on B2069 disclose numerous cases of illegal awards and errors in forfeiture calculation.
- (2) Since forfeiture of ordinary pay may be awarded as a punishment either alone or in conjunction with another punishment as provided in AMR & O 418 (7)(b) references in returns B2069 to forfeiture will show clearly whether the forfeiture is a punishment or automatic.
- (3) Forfeiture as a punishment should be recorded in the column "Punishment Awarded" as follows "..... days forfeiture of ordinary pay" (AMR & O 418(2)(b)); and forfeiture, when automatic should be recorded in the column "Remarks" as follows: "Informed of forfeiture of days pay and allowances" (AMR & O 427 (2)).

203. PAYBOOKS.

Complaints are being received from Medical Units that pers who have been evacuated from Unit areas are not in possession of their paybooks. Recently Drs M.T. were detached for duty by Higher Formation and their absence was longer than previously anticipated. Many of the Drs were not able to receive any pay during their absence, owing to the fact that Units had called in paybooks for alteration of rates of pay, and had overlooked the fact of returning the paybooks to personnel immediately the alteration was completed.

The calling in of Paybooks is a direct contravention of instructions issued that pers must be in possession of their paybooks at all times.

204. SPEED OF M.T.

All units are directed to 2 Aust Corps Order 127 which is repeated for information of all Dvrs M.T.

"The max permissible speed of Vans 1 ton will be 25 m.p.h. and not 30 m.p.h. as previously indicated.

205. VISITING M.T.

The complete disregard of notices regulating M.T. traffic within this H.Q. must cease forthwith. UNIT T.Os will ensure that all drivers are warned that any future breach of traffic regulations by drivers will entail severe disciplinary action. All visiting M.T. will set down passengers at Comd Area, and then proceed to TURNING CIRCUIT and return to CAR PARK. Vehicles will NOT stand other than in CAR PARK.

206. RATION BOOKS. 2 Aust Corps Order 135 is repeated for the information of all concerned.
- (1) The following is an extract from memo received from Deputy Director of Rationing :-
- "The Commissioner desires to advise that the provisions in regard to the inter-change of coupons between members of a family relate also to the coupons as issued to Servicemen. The only action necessary, if a transfer is desired, is for the Serviceman concerned to hand his book to a member of his family for the coupons to be used on his behalf or for the benefit of the person to whom the book has been given".
207. FLAGS MOTOR CAR, RECOGNITION OF. Recently it has been noted that sentries have failed to pay the necessary compliments to inspecting or visiting officers. Sentries are to be warned as to their duties and 2 Aust Corps R.O. 140 is to be repeated in Unit R.Os in order that all ranks will be fully conversant with the meaning of distinguishing flags on Cars.
208. DRESS. The attention of all Units is directed to 3 Aust Div R.O. 435 in respect to dress. The dress to be worn by troops on such parades as Church and Leave parades will be at C.O's discretion, due regard being paid to dress as laid down in 2 Aust Corps R.O. 151.
209. RETURNS. Units are directed that it is most essential that all returns should reach this H.Q. in order that they can be checked and co-ordinated for forwarding to Higher Formations at the correct time. Recent checks of W 3006 returns have proved that the officer signing the return has not checked the correctness of same, and in two instances the strength as compiled from the W 3006 did not in any way compare with the A.A. Form A.14 submitted with Form AB 55. Too much caution cannot be observed in the compilation and submission of returns for the supply of reinforcements is wholly dependant on this return.
210. CENSUS OF WARLIKE STORES. In the Census of Warlike Stores submitted as at 0900 20 Sep 42, in many instances, particularly in regard to Carriers and M.T., the figures submitted indicated that no physical check had been made, that Units were not conversant with the no of vehicles on their charge, and the whereabouts of the said vehicles. The attention of 3 Aust Div R.O. 467 is again directed to the notice of Units. Particular attention is to be paid to paras (2) (3)(a). This return is the basis of allotment and unless it is accurately compiled essential stores etc are liable to be misdirected, the Bde as a whole, and the Unit in particular, not receiving such stores as they become available.
211. CHAPLAINS. The attention of all Chaplains is directed to G.R.O. A 398.
