19. DEPENDANTS ALLOWANCE FOR CHILDREN OVER 16 YEARS OF AGE RECEIVING FULL - TIME EDUCATION.

1. Approval has been given for continuing the payment of dependants allowance in respect of children dependent upon a member after they have reached the age of 16 until they are 18 years of age if they are receiving full-time education at a school or university.

2. The approval will take effect on and from 11th July 1945 and will apply to children who have reached the age of 16 years at that date or who subsequently attain that age. Payment will be subject to the conditions of War Financial Regulations.

3. As regards children who have not yet reached the age of 16 years, the DFO paying the allotment will advise the allottee of the extension now notified some time prior to each child attaining the age of 16 years and the allottee will be invited to make application for payment if applicable.

4. Any member whose children have already attained the age of 16 years and who are entitled to receive dependants allowance in accordance with this approval should arrange for his allottee to make application to the DFO paying his allotment.

(GRO 200/45)

20. P.W. CAGE.

1. Pursuant to the provisions of Regulation 6 of the National Security (Prisoners of War) Regulations, the barbed wire enclosure at Map Ref (BALIKPAPAN 1 - 10000) 566611, is deemed to be an AUSTRALIAN Prisioner of War Cage.

2. VX 121066 Lt H.R. MALONEY is appointed Camp Comdt.

3. The PW Cage and immediate vicinity will be Out of Bounds to all personnel other than those entering the area on duty.

4. No member will be permitted to enter the area unless in possession of a Pass. Passes issued in respect of duty other than interrogation of PW will be signed by the Camp Comdt. Passes issued for interrogation purposes will be signed by an officer of GS (Int) HQ 7 Aust Div and countersigned by the Camp Comdt.

5. Interrogation of PW will NOT be permitted unless authorised by HQ 7 Aust Div.

21. DEALINGS WITH NATIVES.

1. (a) All native villages, houses, compounds, barracks and all other places or areas where natives are congregated or reside are out of bounds to all personnel except where their presence in such place is required by duty.

(b) Personnel will not loiter in the vicinity of such places or areas.

(c) Personnel will not approach the boundaries of such places or areas for the purpose of conversing with natives.

(overleaf)

DEALINGS WITH NATIVES (CONT'D)

(d) Personnel on duty will not remain in such places or areas longer than the particular duty requires and will enter no part of such places or areas which their duty does not require them to enter.

(e) No natives other than those in authorised working parties will be permitted in any camp at any time. Special urinals and incinerator latrines will be provided for use by such native working parties.

2. Disciplinary action will be taken in cases of breaches of this order. (7 ABSA RO 65).

21. TRAFFICKING IN CIGARETTES AND LIQUOR AND MANUFACTURE OF INTOXICATING LIQUOR.

1. No member will, except to the extent that his duty requires him to do so, sell, exchange or part with the possession of any cigarettes, tobacco, cigarette papers, or alcoholic liquor, for money, goods or any article whatsoever.

2. No member will manufacture or take part in the manufacture of intoxicating liquor, nor will he have in his possession any intoxicating liquor except that on authorised issue from the Canteens Service.

3. Further issues of liquor to any unit may be refused if any member of such unit is known to have improperly disposed of liquor. (7 ABSA RO 66)

22. ANTI-MOSQUITO PRECAUTIONS.

(a) Dengue carrying mosquitoes rest in grass and low undergrowth. As far as practicable, therefore, grass will be kept short in and within a radius of 100ft of all camps.

(b) Particular attention will be paid to small collections of water lying on the varied foundations of improvised tent floors. Any crevices other areas capable of holding water will be either oiled or sealed with clay or concrete. The under surfaces of tent floors will be sprayed once daily. (7 ABSA RO 70)

23. ANTI-REPELLENT LOTION - SCRUB TYPHUS.

(a) One case of scrub typhus has occurred in this area, therefore, all clothing will be treated with anti-mite lotion at least once per fortnight.

1 AUST BASE SUB AREA DETAILS DEPOT - "D" DETACHMENT.

12. CENSORSHIP

This instruction is intended to summarise briefly the various regulations as applicable to this area.

1. LOCATION
Troops may mention that they are in BALIKPAPAN area but will NOT mention other place names until authorised to do so by amendments to this order.

2. MOVEMENT TO THIS AREA.
Troops may describe shipboard incidents but they will NOT disclose the name or type of ship or aircraft on which they travelled to this area, its armament, duration or course of journey, escort vessels, number of troops or identity of other units seen or contacted, ships or aircraft sighted en route.

3. STAGING AREA.
Troops may mention that they staged at a NEI Staging area before moving to BORNEO but will NOT disclose the name of that area e.g., MOROTAI.

4. DAMAGE TO AREA.
Damage to the area may be described in general terms but NO specific mention will be made of damage to individual oil installations, communications or essential services.

5. PORT FACILITIES, AIRFIELDS, ETC.
Although members may mention that the port has been opened to shipping and that a regular air-mail service has been inaugurate NO specific mention will be made of port facilities, airfields, military installations, number of troops in the area, or enemy action.

6. In the event of an air raid, the fact of enemy planes being overhead and the fact that bombs were dropping may be mentioned. NO mention will be made, however, of the number or type of planes nor the number of bombs dropped nor the description of casualties or damage.

7. CASUALTIES
NO mention will be made of casualties until after official notification or a period of one month has elapsed. The reason for this is that earlier reference to casualties has often, and frequently unnecessarily occasioned acute distress to the relatives.

8. PUBLICATIONS
There is NO restriction on the sending of TABLETOPS to AUSTRALIA. Unit publications, however, must be approved by DADPR before being sent from this area.

9. LOCATION OF GRAVES.
The location of graves will NOT be disclosed when writing to next of kin or others, so long as operations in or near the area are in progress.

10. DUTCH CURRENCY
DUTCH currency and JAPANESE invasion currency issued for the NEI or PHILLIPINES may be sent from the area and exchange loading on pay may be mentioned.

CENSORSHIP(Cont'd)

11. ENEMY DOCUMENTS, PUBLICATIONS, EQUIPMENT.
Articles of enemy origin, equipment, publications etc NOT required by Intelligence, which the finder desires to retain, or send through the post will be submitted to Div, Bde or Base I.O's, who will certify them as valueless for Intelligence purposes.

12. LOOT AND DERELICT MATERIAL.
Loot or derelict material may NOT be sent out of the area. Cloth, items of clothing, footwear etc are urgently required to clothe the returning Indonesian population.

13. CANTEEN GOODS, COMFORTS ETC.
Members will NOT send out of the area any articles sold, distributed or supplied by AACS or any Allied Forces canteen or any similar institution or any recognised philanthropic organisation.

14. GREEN ENVELOPES.
The issue of green envelopes is one per man each ten days. Contents will be restricted to letters containing strictly private, family or business matters. Currency or valuables will NOT be enclosed.

15. PEN FRIENDS.
Letters will NOT be written to PEN FRIENDS other than those sponsored by an approved organisation.

16. DIARIES AND NOTEBOOKS.
These may NOT be sent by post under any circumstances, but will be collected by Units as provided in SRO G 371/44 and forwarded to Det 1 Aust Fd Censorship Coy.
(7 ABSA G101)

17. Several instances have occured of troops referring in private correspondence, to Allied PW in Borneo. This is most undesirable, both from the point of view of jeopardising possible escape of PW, and the causing of needless mental anxiety of next of kin and relatives of PW still in enemy hands.
No reference whatsoever will be made in correspondence to Allied PW in the theatre of operations. Particular points in this regard cover the finding of PW effects, recovery by our troops, treatment by the enemy and any information or conjecture as to their fate or possible recovery.
(7 ABSA RO 20)

13. GAMBLING.
Gambling in any form is forbidden whether in camps, installations or elsewhere. Disciplinary action will be taken against future offenders. (7 ABSA RO 25)

14. TROOPS CARRIED IN VEHICLES.
(a) Several instances have occurred recently of Aust Army troops being carried in the rear of vehicles containing natives proceeding on working parties.
(b) In future, Aust Army troops will not travel in the rear of vehicles, in the company of natives. (7 ABSA RO 30)

15. INFLAMMABLE FLUIDS.
1. Fatal accidents have been caused by petrol and other inflammable fluids being used for lighting or boosting fires.
2. This practice will cease and under no circumstances will inflammable fluids be used for this purpose.
3. Personnel will ensure that inflammable fluids are not brought within close proximity of naked flame whereby injury might be occasioned to personnel or damage to equipment.
(7 ABSA RO 41)

16. INTERFERENCE WITH BUILDINGS AND BUILDING MATERIAL.
(a) The authorised interference with buildings and building materials will be discontinued.
(b) Fire bricks, timber, etc, will be removed only by written authority of this HQ.
(7 ABSA RO 52)

17. BERETS

Berets black will NOT be worn by members of this Unit.

Any member having such berets will return them to Q.M. Store forthwith.

18. CONTROL OF DENGUE.

The number of cases of Dengue is rising and at present constitutes a mild epidemic. Unless more stringent precautions are observed universally the number of cases will increase to the proportions of a major epidemic and thus seriously interfere with the efficient working of the base.

CAUSES OF AN EPIDEMIC.

There are three factors which must be present before an epidemic can occur. Correspondingly one or more of these factors must be removed if the epidemic is to be curtailed or stopped.

The factors are :-

(a) a human reservoir.
(b) an insect vector (or transmitter)
(c) a large body of non-immune people.

A moments consideration will lead to the realization that "the human reservoir" is present - namely the native population in which a definite epidemic is present.

Of the insect vector little need be said. There are three main types - Aedes aegypti, Aedes albopictus and Aedes scutillaris. All three are very efficient carriers of the disease.

The large body of non-immune people exists in the forms of the troops in the area, few of whom have had dengue and fewer still who are immune.

The scene would be thus set for a major epidemic were it not for the precautions which are being observed. However the increasing number of cases indicates that at present we are losing ground in the fight.

CONTROL

The first factor in successful control is to convince troops that the rather irksome precautions are reasonable, logical and necessary. Due to the success of atebrin there has been a pronounced falling off in other anti-malarial measures which unfortunately are the main weapons in the fight against dengue.

The second factor is discipline. Any measures which have been proven beyond doubt to be successful and which will prevent reduction of the available force by 30% or more, are worthy of the most rigorous discipline.

GRO 321/44 will be strictly enforced with particular emphasis on the following points :-

(a) Dress discipline - since the mosquito vectors bite most frequently in the early morning, trousers, shirts, socks etc., will be put on immediately on rising. Shaving will be carried out with shirts on and sleeves rolled up. Sleeves will then be rolled down until 0830 hrs. There will be no showering after 1900 hrs or before 0830 hrs until further notice. A minimum of time is to be spent with the body exposed, shirts may be removed under the following circumstances only :-

(i) While actually engaged in tending fires.
(ii) Personnel working in the holds of ships.
(iii) Personnel engaged in welding inside petroleum tanks during the day only
(iv) Personnel may remove shirts whilst actually playing sport.

(b) spraying - to be carried out at Reveille, 1700, 1900 and lights out in tent lines, immediately before meals in messhuts and hourly after 1700 hrs in recreation huts until lights out. It is anticipated that adequate spraying facilities will shortly become available. Spraying, the lower half of the structure should be concentrated upon first, particularly the under sides of stretchers, shelves, tables, flooring etc.

CONTROL OF DENGUE(Cont'd)

CONTROL

(c) repellant - particular attention will be paid to the two-hourly use of repellant at night.

(d) clearing - as far as possible, scrub will be cleared for a distance of one hundred yards beyond the boundaries of the camp.

(e) Unit Mosquito Squads - these will be formed on the basis of 1 NCO and 2 ORs per hundred and fifty men. Personnel on light duties could be used. Duties of Squads are set out hereunder. Visiting ANCU representatives and Hygiene Inspectors will supervise and check Squads.

(f) breeding places - all tins in the area will be gathered up, burnt, flattened and buried. Every Friday will be a "dry" day when all water receptacles will be emptied and stood upside down for at least two hours. All receptacles which cannot be drained thus will be inspected and if necessary, oiled (kerosene) once each week and covered with an impermeable lid. Open water-bags will be scrubbed on the inside.

(g) Unit Sick - All personnel will report sick as early as possible with a temperature above 99,4° F will be placed immediately under a net in the RAP. They will NOT be allowed to return to the tent lines. They will wear their sleeves down, use repellant and be evacuated as quickly as possible.

DUTIES OF MOSQUITO SQUADS.

Unit mosquito squads will concentrate on control of the mosquitos which carry dengue fever.

HISTORY AND HABITS.

1. The vectors of dengue in this area are Aedes aegypti and Aedes albopictus, the latter being the more common and important. Both are small black mosquitoes with silver stripes on the back and sides of the thorax and several silver rings around the legs and abdomen.

The flight range is short, about 200 yds.

Adult Aedes albopictus rests out of doors on vegetation near the ground. They enter habitations only to obtain a blood meal. Adult Aedes aegypti rest indoors, in dark corners, under tables, boxes, tunnels etc.

Both species will bite at any time of the day, especially if the sky is overcast or the room dark.

They bite most freely at dusk and in the early morning.

Aedes albopictus will bite throughout the day in the jungle.

DUTIES OF SQUADS.

(a) Clean up all tins and other water holding receptacles, crush and bury after prior burning if necessary.

(b) Clean up all coconuts, palm fronds, banana treeleaves and cut bamboo and burn.

(c) Empty all small water receptacles once each week such as drums, barrels, buckets and stand upside down for at least two hours.

(d) Empty water bags completely and scrub out.

(e) All ~~water~~ large water receptacles, such as tanks, cisterns, etc., to be oiled once each week with kerosene or distillate.

(f) All tins or bottls placed under cupboards to prevent ant invasion, should be emptied out at least once each week or oiled weekly with kerosene or distillate.

(g) Guttering on buildings to be kept free of debris and accumulations of rain water.

(h) Fill up all tree holes with a mixture of sawdust and plaster of paris (2 to 1) or else cut down the tree.

(j) Pay attention to slit trenches, slokans, holes in concrete floors etc., and fill up where practicable.

Subject: Security Measures - MOROTAI

Ref 1 Aust Base Sub Area Op Instr No 1 of 3 Jul 45

List A - Units under Comd

1. 93 US Div is responsible for general co-ordination of defensive measures on MOROTAI, and occupies and defends the perimeter and outposts.

-/- 2. The US Perimeter, which extends across the peninsula, is marked on the map attached hereto.

3. The area beyond the Perimeter, from 986325 on the East to 835341 on the West, has been mined in certain localities, and American patrols have constructed booby traps along some of the tracks. It would be unfortunate if AUST troops blundered into a minefield or were fired upon by an American patrol.

4. Personnel from this formation will NOT proceed beyond the Perimeter (except along Route 5) either on duty or otherwise, unless prior approval is obtained from HQ 1 Aust Base Sub Area (AIF).

5. Applications will be submitted at least 48 hours in advance and will contain the following particulars :-

(a) Date and time party will be outside the Perimeter

(b) Officer or NCO in charge

(c) Number of personnel

(d) Route it is proposed to follow

(e) Reason for application

6. If the application is approved arrangements will be made by this HQ to notify 93 US Div, and the unit will be informed to which American Post the party is to report before proceeding beyond the Perimeter.

ADMINISTRATIVE INSTRUCTION No. 25.

USE OF HOSPITAL SHIPS.

Authority - LHQ SM-6566 of 21 Jul 45.

1. All previous instructions are cancelled.

2. (a) Difficulties have arisen in the interpretation and application of the principles governing the use of Hospital Ships for the carriage of personnel and material and the questions of policy and interpretation involved have been under consideration by the Combined Chiefs of Staff.

(b) The following consolidated instructions are now issued for the guidance of all members of the AIF concerned with the embarkation of personnel and the loading of material on hospital ships.

COMPLIANCE WITH REQUIREMENTS OF THE NAVY.

3. AS A SUBSTANTIAL SHARE OF RESPONSIBILITY IS BORNE BY THE NAVY, NO PERSONNEL OR MATERIAL TO WHICH THE NAVAL AUTHORITIES OBJECT WILL BE EMBARKED, LOADED, OR CARRIED ON A HOSPITAL SHIP.

DOUBTFUL CASES.

4. Every effort must be made to maintain the immunity of hospital ships from attack by the enemy and, therefore, in cases of doubt, personnel or material involved should not be embarked, loaded or carried on a hospital ship.

WHO AND WHAT MAY BE CARRIED.

5. Personnel who may be carried fall into two main categories, namely the Crew and Staffs for the ship itself and passengers.

SHIP'S CREW AND STAFFS.

6. The Ship's Crew and Staffs include all those personnel whether combatant or non-combatant necessary for the navigation and running of the ship and for the care of the passengers. These personnel are by the nature of their duties engaged exclusively in the collection, transport and treatment of the wounded or sick. Australian Military personnel so carried will therefore be restricted to personnel who are duly posted within the War Establishment for the Ship's Staff.

INDIVIDUALS WHO MAY BE CARRIED AS PASSENGERS.

7. Individuals who may be carried as passengers include:-

(a) Combatant and non-combatant personnel attached to the armed forces - only if wounded, sick or shipwrecked, except that Chaplains and personnel of any officially recognised relief society travelling either as units or as casuals may be carried for passage in either direction. (The Australian Red Cross Society is an officially recognised relief society).

(b) Shipwrecked (including air wrecked or castaway) persons of any nationality or status.

(c) Strictly medical personnel of any of the fighting services of any belligerent (Australian Military personnel in this category are members of the Australian Army Medical Corps, the Australian Army Dental Corps, the Australian Army Nursing Service, and the Australian Army Medical Women's Service). These may be carried either on the outward or homeward voyage.

(d) Invalid wives (accompanied by their children of tender years) of personnel of any of the fighting services of any belligerent.

(e) Reliefs for Hospital Ship Crews and Staffs. These may be carried either on the outward or homeward voyage.

(f) Sick or wounded merchant seamen or civil air crews -

(i) of belligerent nations, and

(ii) of neutral nations when such personnel may be regarded as serving the cause of the United Nations, e.g. by serving in British Ships.

(g) Armed guards for sick or wounded PW carried on the ship, if such guards are considered necessary to ensure the safety of the ship.

In any case where an armed guard is embarked in accordance with this sub-para, the fact will be notified promptly to LHQ.

WHO MAY BE CARRIED IN FORMED UNITS.

8. (a) In addition, the personnel of a complete Military Medical or Dental Unit may be carried by a Hospital Ship area formed unit, provided that all personnel carried as "strictly medical personnel" as defined in para 7 (c). Such a formed unit may be carried on either the outward or homeward voyage.

(b) The following must NOT be carried on a Hospital Ship -

(i) Units or personnel performing quasi-medical functions but not being units or personnel of AAMC, e.g. Ambulance Car Coys AASC.

(ii) Personnel not members of AAMC attached (either within WE or Supernumerary) to a medical unit.

WHO MAY BE CARRIED AS GUARDS.

9. A permanent guard for sick or wounded prisoners of war may

not be carried as part of the staff of a Hospital Ship . An armed guard may be carried for a particular voyage in accordance with para 7(g).

PERSONNEL WHO MAY NOT BE CARRIED.

10. (a) "Sick and wounded personnel" means personnel who will actually require medical and/or nursing attention during the voyage. Consequently convalescent personnel and personnel beingreturned by reason of their being over age, or in need of recuperative leave, or unfit for service in the field will NOT be carried.

(b) Strictly medical and dental personnel only may be carried as individual passengers but any other non-combatant personnel may not be carried as individual passengers (notwithstanding that they belong to a medical unit) unless they fall within one of the other categories of personnel who may be carried (vide paras 6 and 7).

(c) Convalescent Depots, Entomological Units or Hygiene Sections are not medical units, and consequently neither these units nor their personnel may be carried unless those personnel fall within one of the other categories of personnel who may be carried (vide paras 6 and 7).

WEAPONS OF PERSONNEL.

11. For the purpose of maintaining order and for defending the sick and wounded, personal weapons may be carried on a Hospital Ship by -

(a) The Ship's Crew and Staff;

(b) An armed guard where special approval for a guard for enemy prisoners of war has been given;

(c) All personnel travelling as passengers who are entitled to the protection of the Red Cross Convention.

MATERIAL.

12. A Hospital Ship may be used to carry the following medical material and stores -

(a) Material and stores for the purposes of the ship and the treatment and care of patients and personnel on board.

(b) Personal belongings of the personnel on board.

(c) Medical and dental stores, provided that -

(i) They are supplies peculiar to medical or dental units; and

(ii) They are in packages clearly marked with the Red Cross and addressed to the medical or dental unit for which they are destined. They must not be marked to Ordnance Depots.

(d) Where a complete medical or dental unit is being carried, the full equipment of that unit except vehicles, but including generating sets and cookers whether mobile or otherwise.

AMMUNITION.

13. Reserve ammunition for weapons of personnel travelling on a hospital ship and entitled to carry personal weapons may not be carried in a Hospital Ship.

A A EDUCATION SERVICE MOBILE LIBRARY.

1. The AA Education Service Mobile Library presented to this Formation by the Queensland Trades & Labour Council will shortly commence visiting units under command.

2. DADAE, HQ 1 Aust Base Sub Area (AIF) will notify units at least 5 days in advance of the time and date of the visit of the Library.

3. The following procedure will be adhered to -

(a) Units will appoint Unit Librarians to assist Unit Education Officers.

(b) Unit Education Officer and Unit Librarian will be in attendance at each visit.

(c) Troops may select one book per man, and will have their names entered on separate book cards by Education NCO i/c Library. At the same time Unit Librarian will prepare in a book supplied by Edn NCO a duplicate list of all books borrowed.

(d) When the Library closes at the unit, the Education NCO will hand to Unit Librarian all the book cards covering issues to the unit. The Unit Librarian will hand the original copy of his list to the Education NCO, for reference at the next visit and will retain the duplicate.

(e) When a soldier has read his book, he will return same to Unit Librarian who will mark borrowers name off the book card and may issue the book to any other member of the unit only after the new borrower's name has been entered on the book card.

(f) Unit librarian will collect all books the day before the next visit of the Library, and mark in red on his list the names of borrowers who have not returned books.

(g) When the Library arrives on the next visit, Unit Librarian will hand all returned books, book cards and marked list to Education NCO and inform him as to reasons for delayed books, losses or damage. He will keep a record of delayed books and arrange for their collection and return.

4. Borrowers will be required to pay for or replace lost books unless the CO certifies that the loss was occasioned by circumstances outside the control of the borrower.

5. Education Service staff of the Mobile Library will answer or investigate any queries from troops on correspondence courses, Commonwealth Reconstruction Training Scheme, War Service Homes, Land Settlement and any other Educational topic.

ADMINISTRATIVE INSTRUCTION No. 27.

DISCHARGE OF PMF EX-PRISONERS OF WAR.
Ref AAA Instr No 24 of 27 Jul.

Authority - LHQ SM6523 of 30 Jul 45.

1. The option of electing discharge from the AMF which is conferred on ex-prisoners of war by this HQ Aust Instr No 24 of 27 Jul 45 (Authority LHQ SM-5167 of 9 Jun 45 and SM-5288 of 27 Jun 45) applies to ex-prisoners of war who are members of the Permanent Military Forces (i.e. members of the Australian Staff Corps and members enlisted or appointed in the PMF, including the Australian Instructional Corps, prior to 6 Oct 39) except that -

(a) Where a PMF ex-prisoner of war elects to be discharged from the AIF he will be advised that:-

(i) such discharge will be from the PMF as well as the AIF;

(ii) unless he has had more than 20 years' service he will not be entitled to furlough; and

(iii) Sec 40 of the Superannuation Act 1922-1943 will apply.

(b) Where a PMF ex-prisoner of war is medically classified Class D, he will be discharged in accordance with GRO 71/45, and, in addition to any benefits contained therein, will be entitled to sick leave in accordance with AMR & O 1391 para 1(e) for the period of his PMF service prior to 1 Apr 42 (vide para 6 (i) (b) of MBI "Uniform Conditions of Service for Members of the Forces in Australia" forwarded under cover of LHQ 32487 of 31 Mar 42).

2. On arrival in Aust each PMF ex-prisoner of war will be given an opportunity to discuss his position with the OIC, PMF Section of the HQ Comd or L of C Area concerned prior to being sent to a Convalescent Depot or in the case of an officer, prior to being called upon to exercise his election, whether he will continue to serve with the AIF or be discharged.

Subject: WO AND NCO INSTRUCTORS AT TRAINING UNITS - CONFIRMATION OF ACTING RANK.

1. It has been noted that hardship has been experienced by some OR instructors at training units who, prior to their having been selected for such postings, had been appointed to acting warrant or non-commissioned rank in their units, and had been marched out from their units to training units without having such acting rank confirmed.

2. Compliance by CO's with the provisions of GRO 87/1945 should ensure that similar cases do not arise in future, as it is clearly laid down therein that acting rank should be confirmed as soon as possible, and, if the member concerned is of sufficiently high standard to warrant nomination as an instructor, it is obvious that his CO should take action to have his acting warrant or non-commissioned rank confirmed before marching him out to the training unit.

3. HQ Second Aust Army have been instructed by LHQ to ensure that any instructor who held acting warrant or non-commissioned rank at the time he was marched into any training unit under its command is promoted to the corresponding substantive rank with effect from 15 Aug 45 unless -

(a) the unit from which the instructor was marched in was itself a school or training unit; or

(b) HQ 1 Aust Base Sub Area advises Second Aust Army forthwith that promotion to such substantive rank is not concurred in.

4. In order that para 3(b) is complied with, units will advise this HQ not later than 7 Aug 45, No, rank and name of personnel serving as instructors in training units, whom it is considered should not have acting rank confirmed. The reason for not desiring confirmation must also be stated.

3 Aug 45.

Subject: DISCHARGES ON OCCUPATIONAL GROUNDS.

1. As from 1 Aug the new scheme for the release of personnel recommended by Manpower for return to industry on occupational grounds will be known as Occ R Scheme.

2. Occ R Forms will be introduced by the Manpower Directorate commencing 1 Aug 45. Normal action will be taken on MPR Forms submitted prior to that date and which are then still current.

3. The Occ R Scheme procedure will be similar in all respects to the MPR Scheme except that a change in name is made in view of the large accumulation of Manpower recommendations on MPR forms which on 1 Aug will remain not approved. Finalised MPR Forms will not be used as a basis for future review but fresh recommendations will be submitted by DDGMP on Occ R Forms.

4. Notification of approval for discharge will be issued on the old form MPR 2 which should be overstamped "Occ R". Any reprint should include the new title.

5. The movement of Occ R forms through 2nd Echelon components and executive action on copy forwarded to Comd or L of C Area of service will be the same as for the old MPR scheme.

6. In the case of officers, Comd or L of C Area of Service will not issue Occ R Forms 2. LHQ will take all action subsequent to the issue and receipt by LHQ of copy of Occ R Forms.

7. 02E will issue instructions regarding the inclusion of a notation on Occ R forms as to whether or not the member has served overseas.

8. Promulgation of a GRO in the following terms may be anticipated.

DISCHARGES ON OCCUPATIONAL GROUNDS.

ELIGIBILITY.

1. Application for discharge for the purpose of resuming civil employment in essential industries (hereinafter called "discharge on occupational grounds") will be accepted from members included in any one of the following categories:-

(a) Those irrespective of age, medical classification or area in which serving, who have completed 4 years full time service some of which has been served overseas.

(b) Those, irrespective of medical classification, length of service or area in which serving, who have attained their 35th birth-day.

(c) Those, irrespective of age, length of service or area in which serving, who are medically classified B1 or B2.

RESTRICTIONS ON APPROVAL.

2. An application for discharge on occupational grounds will not be approved unless -

(a) It is recommended by the Director General of Manpower or his Deputy in the State in which the member desires to resume civil employment.

(b) The member does not come within the category of "key personnel" as defined by para 3 of this order.

(c) The application for discharge having been initialed by a prospective employer or the Director General of Manpower or one of his Deputies, the member himself concurs in writing.

(d) In the case of a member serving outside the mainland of Australia and Tasmania, his discharge is approved by LHQ.

(e) Special approval is given by LHQ which indicates that other factors will not be applicable.

KEY PERSONNEL.

3. The term "key personnel" includes any member whose discharge in the opinion of the appropriate formation commander, would seriously prejudice the efficiency of his unit.

4. For the purpose of para 3, formation commander means DA & QMG Adv LHQ or the Comd First Aust Army, Second Aust Army, 1 Aust Corps, NT Forces, Western Comd, 4 Aust Armd Bde or Qld, NSW, Vic, SA and Tas L of C Area.

5. Recommendations for the discharge of serving members may be initialed by the Manpower Directorate without an application having been submitted by the member concerned. The same conditions as to eligibility and restrictions on approval will apply.

PROCEDURE.

6. (a) Where the member makes application

(i) The CO of any unit which receives an application for discharge on occupational grounds from a member who falls within any of the categories mentioned in para 1 of this order will, unless he considers the member falls within the definition of "key personnel" forward the application direct to the HQ of the Comd or L of C Area in which the member desires to resume civil employment.

(ii) If the CO considers that the member falls within the definition of "key personnel" he will forward the application to this HQ for decision together with his recommendation for retention of the member and the grounds on which such recommendation is based.

(iii) If the formation commander decides that the member falls in the category of "key personnel" he will advise the CO accordingly and the CO will advise the member that his application is rejected.

(iv) If the formation commander decides that the member does not fall within the category of "key personnel" he will forward the application direct to the HQ of the Comd, or L of C Area in which the member desires to resume civil employment at the same time advising the CO of his decision.

(v) On receipt of any such application the Comd or L of C Area concerned will forward it to the Deputy Director-General of Manpower (DDGMP) for the State, for investigation and recommendation.

(vi) The DDGMP will forward to the HQ of the Comd or L of C Area concerned a recommendation for the discharge of a member on an Occupational Release form (Occ R Form) or, where he does not recommend discharge, he will forward suitable advice to that effect.

(vii) The HQ of the Comd or L of C Area will notify direct the unit of any member whose discharge is not recommended by the DDGMP or of any member other than a commissioned offr or a member serving overseas, whose discharge is recommended. The unit will then march out the member for finalisation of discharge.

(b) Where the Manpower Directorate initiates the recommendation.

(i) The Comd, L of C Area or LHQ will notify units of such recommendations in cases where the member is eligible and if not claimed as "key personnel" the member will be marched out for discharge subject to his own concurrence.

GENERAL.

7. Where the discharge of a commissioned officer or of a member serving overseas has been recommended by the DDGMP, the HQ of the Comd or L of C Area will refer the matter to LHQ for decision.

8. In the case of a member serving overseas LHQ will notify the member's unit of the decision made.

9. In the case of officers all action for release subsequent to the issue of the Occ R Forms by DDGMP will be taken by LHQ.

10. Separate instructions have been issued to Western Comd, L of C Areas and 2nd Echelon components regarding the handling of Occ R Forms.

(7) INSTALLATIONS:

B.S.D.

(a) Work in Progress:
(i) Sheds being filled and levelled.
(ii) Arc mesh being erected around sheds.
(iii) Drains being cleared.
(iv) Stand for drums being laid.

(b) Work required:
(i) Road around Transit shed to be filled, levelled and drained.
(ii) Hard standing for drum transit area.

DID PER:
(a) Drainage in the depot is bad, especially on Northern side of bulk shed. This needs immediate attention.
(b) Assembly of third freezer is proceeding. Lighting motor broke down at 2130 hrs 29 Jul and temporary motor was installed during the late afternoon of 30 Jul.
(c) Extension of electric light to fresh commodities shed is required.

DID RAAF:
(a) Surface of roads in depot traffic circuit urgently requires attention. The bad conditions are causing vehicles to become bogged.
(b) Engineers have erected a covering over the refrigerator unit.

(8) GENERAL (Supply):

DID RAAF: Last issue from Sup Point at SABATAI was made on 2 Aug and Sup Point is now closed. Sups in future will be delivered to units in Sabatai area.

(PART III - POL).
11

(1) [illegible]:

Loading of a total of 264 tons (M) on JORDAN SAMEY for OBOE ONE and OBOE SIX was completed. There were no inward shipments received during the week.

(2) LOCAL DISTRIBUTION:

Ample stocks of all commodities excepting MT 80 and ADF are held in BLPOD depots and petrol points. MT 80 and ADF for local consumption is being drawn by BLPOD from U3 class III depot. All issues of lubricating oils continue to be in 4 gallon drums.

(3) L.M.A. DEPOT:

A stock take covering all commodities in petrol points and LMA was completed as at 31 Jul 45, ledger balances and actual stock being reconciled.
Progressive maintenance of depot stocks continues and stacking, sorting and classification of empty 4 gln drums is expected to be complete by 11 Aug 45.
Engineers have commenced work on reforming depot roadways.

(PART III - TRANSPORT).

(1) Mainly tasks of a domestic nature were carried out during the week. Port working consisted of carryover unloading from previous weekly period.

(2) During the week arrangements were completed for the installation of a four point vehicle wash for ASC use. Work is now in hand and it is expected that wash will be in use within 10 days.

(3) Extracts from Workshop Officers reports:
(i) With slackening off of transport demands, and the improvement of road conditions, a marked decrease in spare part usage rate was noticed. No spare parts problem is anticipated at present. Expense items for body repairs, i.e. bolts and nuts, angle iron, welding electrodes, are in short supply, and may influence this side of repair in the future unless liberal issues can be made in the future.
(ii) Epidemic Faults: Several instances of clutch failure in Trucks 1/4 ton were experienced by 2/10S Wksp #1. No apparent reason for failure can be discovered. The position is being closely watched.
(iii) Semi-Trailers: Strengthening of the side board, stanchions, was found necessary, owing to high rate of fracture and distortion when vehs were used on wharf work. Modification being the welding of a length of 1½ angle iron to inside of stanchion in both corners.

SUBJECT: WEEKLY REPORT OF ACTIVITIES - PROVOST - WEEK ENDING 5 AUG 45 - No.27.

PATROLS: Road Patrols are being maintained and in an effort to control speeding after picture shows a mobile patrol has now been put into operation.

2. JAPANESE POWS: Development and improvement of area is being continued. Number held as at 0900 hrs 3 Aug 45 - 168 males and 4 females. The females arrived by plane on 1 Aug 45 with no papers or information whatsoever and inquiries made by "A" Branch 1 Aust Base Sub Area have, so far, been unsuccessful in obtaining any data regarding their capture etc. In view of the large number of males and lack of any area or facilities for females it is desirous that they be moved at the earliest date. 150 prisoners were evacuated to Lae on 27 Jul 45.

3. TRAFFIC: This aspect of Provost control has been receiving special attention with reasonable results. During the week Lt-Col Ellison of 1 Aust ARD informed me of an incident involving the conduct of an American Provost officer and as I considered it a serious complaint he was asked to investigate the matter and report same in writing to HQS 1 Aust Base Sub Area.
