TIRIMORO accurately registered by Arty R.

B.M.:
 If it were possible to have overpl of MG. to hold tracks inc.
 SINBANG, a coy ^{2/13} could be relieved in order that two coys might
 be used for offensive ops.
 Use pl might come from the coy at SNELL'S Knoll might do
 it. Brig would like one coy of MGs if possible under command that area.
 G1. According to 2/13 Bn, at least one coy is needed to
 control SNELL'S KNOLL. I will suggest to Gen. that one
 coy MGs be placed at SINBANG; but he may want
 to know why 2/13 Bn HQ and HQ coy should not hold
 it.

~~Village shown between Brig:~~ 2/2 MG coy NOT being used
 tactically at present. A pl might be used on South side of
 BUMI to guard agst movt downwards that area; also to
 patrol to Macbeth's O.P. where A coy of 2/13 Bn are west
 of SINBANG, the task would be easier if about a coy
 of MGs could relieve 2/13 Bn ths at present holding
 the track line at SINBANG.

G1: About 150 required for labour duties daily;
 as long as there can be provided as well by MG bn, they
 could probably be disposed as you suggested. Through G III Air
 Ref. Air Strike WAREO: 20 Bde can arrange bombing
 this area for time being, although 24 Bde area
 Brig: when another pl comes from LAE, it is suggested that it
 might be used in 2/13 Bn area. Comd of ths in beach-head
 area will probably ~~be~~ pass at 1200 hrs.

Memo Brigadier Windeyer

Dear Sir,

It is my intention to move PT boats forward for operation as soon as possible after securing Finch harbor and peninsula.

The installation to be put on shore would consist of gas dump and Tent camp ultimately to house about 50 personnel

and dumps for about 2500 drums. Use of 50 notices is also essential. After establishment of friendly air fields the PT tender would move in.

When the time is appropriate I shall come up and confer with you in detail.

At present our boats are working nightly along coast north of Fortification Point and another pair up as far as Tolokiva. Please notify me via 1st Bus Corp of any movement of friendly troops on shore or along the coast north of Kamlagadu. Respdy.

Dear Bernard

Herewith an outline plan which may be of some use to the GOC for future ops when present situation at SATELBERG is clear. I would like the Brig to see it when he has time, if he is interested - am sending my map in case Lt Maughan would like a sketch of it - would like the map back as soon as he can let me have it.

The Engr Sapper, with 24 native carriers & protective details is carrying amm & supplies for Joe Daclern & expects to stay there the night as there is a fair bit to move

Cheers etc

Blue Allan

PS PIB patrol with white NCO is out at track junction west of KIASAWA, where Japs towing HMG were seen two mornings back. This will be in tonight

Native patrol is now working WEST along the course of the SOOJA river - area NORTH of river to TERERO - JIVEVENANG track reported no sign of enemy this morning.

OUTLINE PLAN (588A)
by Lt Col H. J. Allan

SECRET
Copy No 1

ref map MAP of DISTRICT of MOROBE ~~1:100,000~~
1:100,000
11 miles to 1 inch.

INFORMATION

1. (a) Enemy tps.

Reports from native sources state that during the two weeks prior to commencement of present ops, numerous parties of enemy left FINSCHHAFEN area to escape our bombing. These parties proceeded NORTH & WEST via SATELBERG, TIRIMORO & MAPE river and lived in groups amongst native villages of KOTTE and HUBE areas. Parties of up to 100 were reported, carrying rifles and grenades & very little equipment or supplies.

It is considered likely that further parties of enemy may attempt to escape to these areas & work their way NE to KAKASA and SIO, also from SATELBERG NORTH via WAREO

(b) Tracks - main tracks in these areas are well cut & graded & should be practicable for jeeps with some assistance from RAE and local natives

Native trackers state that road SATELBERG - JOANGENG - KUKUNG TUFU - TENG BANGUN - BOANA is very good & think jeeps can go through.

(c) Terrain - from SATELBERG (3000 feet) tracks run west at height from 3000 - 5000 feet without any very steep climbs - country is thickly populated with many villages & large areas cleared for gardens. River crossings should not present great problems as tracks proceed in head water areas of large coastal streams.

2. INTENTION.

(a) prevent escape of enemy tps from FINSCHHAFEN area

- (c) patrols from SATELBERG NORTH to MASAWENG river

- Phase 3 (a) KULUNTUFU gp to clear area to NORTH & NE as far as central range
- (b) TIRIMORO gp to clear areas SW and WEST to TENBANGUN

- Phase 4 If considered necessary patrol from TENBANGUN WEST along main track to contact YDM the on WEIN - BOHNA area

This operation would effectively clear whole HUSIN PENINSULA SOUTH of SARAWAGED MTS from FINSCHAFFEN to MARKHAM valley
