1. A copy of spot report is attached.

2. This document refers to 15 Machine Cannon Coy which arrived at SALAMAUA 6 Jul. It is not considered that this unit is now at FINSCHHAFEN.

3. The positions shown south of the BUBUI River (MAPER) were probably constructed by 15 Machine Cannon Coy whilst en route to LAE. As, however, defensive positions were constructed in the areas shown on the sketches, they may well be occupied and made use of by any enemy that remain in that area.
