Sgt KADAMOTO

Notice to Japanese Soldiers.

You are now under condition that you can not obtain ration or ~~ammunitions~~ ammunitions, therefore how about coming out.

On our side we have plenty of warm food and also have good doctors who will treat you accordingly if you are sick.

There is no sense in hiding around with little or no food and finally starve to death.

If you come out on the path we will not fire at you. We have warned our soldiers not to fire at you, so there is no necessity to worry. But when you do come out you must come out without ~~ammunitions~~ arms. If you come hiding and crawling, we will fire at you.

On our side we have some of your comrades which will probably make you feel at home. Stand on the path ~~and~~ with your hands up until we go after you.

Australian Force HQ.

AZIBU - WENGA (642918) JAM JAM (634943)

They say that the Japs used to
patrol to their villages but have
not been seen for weeks.

Natives hostile to Japs because
they used to shoot their pigs and
rob their gardens.

CO is considering sending a patrol
