Adv HQ 5 Aust Div
14 Sep 43.

Dear *Garnie*

A new site for Div HQ has been selected at 729025 near KELEA PT. Major Loughlan, G.II, who will be giving you this letter is in charge of the party proceeding there to lay out and commence erection of the new camp. At the moment, and if I have my way, Adv HQ will remain here and move into the new site when it is reasonably under control. I would like you very much to arrange for 50 natives from Angau to be made available to Loughlan immediately. I think they can provide them without interfering with your 100, but if they cannot will you cut yours down as it will only be for a day. More natives should be arriving in the Salamaua native camp each day from now on.

I fear my arrangement with you about the bulldozer may be slightly upset. The present plan I have arranged with the CRE is that the bulldozer will work on filling in the bomb craters for you until it is required on the jeep track to the new Div HQ camp. It will then work on the jeep track, a job which should take at the very most two days. After that it will be yours for further work in Salamaua.

A couple of signals are attached, which I don't think will worry you very much, but are mainly for your information and slight help as regards the Sig party from NASSAU which will more than likely arrive within 48 hrs. This party will be proceeding to the new Div HQ area to establish communications.

I have also enclosed a copy of the signal in regard to captured enemy equipment which I so carefully lost today. See that our Allies carry out the instructions to the best of their ability.

With luck I shall see you during tomorrow afternoon, perhaps about 1500 hrs. There is little news about the show at Lae and the Divs have hardly been in contact with the enemy. Evidently the Jap has withdrawn all his forces into his close perimeter around Lae itself and they expect the war to start there any time now. Wooten's show is still held up by a flooded river and Vasey's show is rapidly approaching down the Markham. Our advance troops are about six miles this side of the Markham and so far have not contacted the Japs. The situation here is slowly coming under control. In fact, I almost think I may be seeing daylight by this time tomorrow.

Yours

Arthur L. Chase

T.O.R. *1110*

1. The comments of this office in respect of NASSAU and TAMBU - the only areas under command of this Division, are not unfavourable.
2. The report was made as a result of a visit before this Division assumed command,
3. Since my arrival I have been impressed favourably by the malaria discipline of the rear Div tps who have maintained their standard of general sanitation and malaria discipline at a satisfactory level.

S.L.

Action Diary

11 Aust Div

Anti Malarial/ anti Dengue Discipline

The following is an extract from a report by Maj FARMER
mariologist, in respect of the MOROBE, MASSAU BAY, TALBU
area:

"MOROBE: The standard of anti malarial discipline is
low. Numerous major breaches seen, such as bathing
after dark, sitting about in tents without clothes,
and working at night without shirts.
Repellent does not appear to be used as a routine.

MASSAU BAY: Personal discipline fairly good though
many breaches are observed among troops in transit.
Shorts were worn by several reinforcements travelling
forward.

TALBU BAY: Clothing discipline generally good, but
laxness among troops in transit.

DENGUE FEVER: 80 cases have occurred at MOROBE in the
past month, causing loss of at least 450 man days.
The mosquito conveying this disease breeds in tins and
coconut shells.
Unit discipline in clearing the unit area of such
receptacles would prevent the occurrence of this
disease."

It is requested that a report be supplied in respect
of units under command setting out:

- (a) Any comments in respect of the above report;
- (b) A summary of action now being taken;
- (c) A summary of any further action which will be taken.

(Sgt) Brigadier
DA of 1st Aust Corps

Q 476

17

Q216

your Q191 of 14 sep only received 2000 hrs 16 sep (.) Gen HERRING during visit Gen MILFORD 14 sep instructed that this HQ investigate native position and advise you number of natives that could be released and estimated date available for move to BUNA (.) on preliminary survey estimated 500 PAPUANS could be released in approx 14 days (.) is this still required in view your Q191 (.) at present all natives fully employed clearing sups amn medical posts equipment salvage etc from inland L of Cs and depots to SALAMAUA and TAMEU (.) estimated time of completion approx 21 days (.) also employed on hygiene and Engr tasks SALAMAUA and maintenance rations to units 15 and 29 aust inf bdes from jeep or beach heads (.) if natives released earlier than above salvage work will decrease accordingly (.) consider that within 21 days additional 400 to 500 could be released (.) *effective*
earlier than above only approx 2000
large majority of natives have been with fwd units for periods of six to ten months (.) owing this fact sick rate high and considered will increase rapidly if natives employed in ops again immediately this especially applies to PAPUANS (.) if natives not required for BUNA consider 500 reasonably fit carriers could be concentrated SALAMAUA ready for movement within 6 days (.) please advise

If liable to interception or to fall into enemy hands this message must be sent in CYPHER.

Subject: Replacement of "E" Sec FSW 5 Aust Div

5 Aust Div
11 Aust Div

1 Aust Corps

9 Sep 43

FSI/RI.

M. G. Force has suggested that "E" Sec FSW attached to 5 Aust Div should be interchanged with 32nd FSW attached to 11 Aust Div. The objects of this move are:

(a) To give as many FSWs as possible experience of active operations in a forward area.

(b) To relieve "E" Sec which has been in a forward area for a considerable period.

(c) If both formations concur, arrangements will be made to put this change into effect.
