NOTE: This map was produced from aerial photographs. Due to lack of accurate ground control, distances and heights on this map may be at variance with actual ground distances.

The figures within the borders of this map are for artillery purposes. The brown figures denote convergence and the blue figures denote corrections in minutes and seconds of mean time, based on standard Meridian 150 E.

Officers using this Map are requested to make any necessary additions or amendments on the map itself and forward same to A.D. Survey, H.Q. of Force concerned.

WARNING FORM LINES ONLY NOT CONTOURS
NOTE: Form Lines are intended to indicate shape of hill features and should not be taken as contours. Heights are only approximate.

NOTE: This map was produced from aerial photographs and all available information as at 9 Jun 45. Due to lack of accurate ground control, distances and heights on this map may be at variance with actual ground distances.

The figures within the borders of this map are for artillery purposes. The brown figures denote convergence and the blue figures denote corrections in minutes and seconds of mean time, based on standard Meridian 150° E.

Officers using this Map are requested to make any necessary additions or amendments on the map itself and forward same to A.D. Survey, H.Q. of Force concerned.
