WESTERN COMMAND ADMINISTRATIVE INSTRUCTION Q.3

CAMPS, BARRACKS, BUILDINGS AND OTHER PROPERTY
PROVISION, CARE AND DISPOSAL.

In accordance with the policy laid down in LHQ memo 112672 of 22 Aug 44, and Western Command Routine Order, Serial 19, para 212 of 28 Aug 44, the following procedure will be carried out by Formations and Units in respect of Camps, Buildings, or other properties which, on vacation, are not allotted to an incoming unit.

1. UNITS UNDER COMD HQ FREMANTLE FORTRESS

(a) Upon decision to vacate a gun site, S.L. Station etc. or camp (other than a camp under the jurisdiction of a Camp "Q" Staff) notification of intention to vacate will be forwarded to HQ Western Command by HQ Fremantle Frt, including the following:-

- (i) The approximate date such vacation will take effect.
- (ii) A recommendation regarding the termination or otherwise of the hiring.

(b) The following will be carried out by the Unit concerned under arrangements made by HQ Fremantle Frt.

- (i) The removal of Unit equipment, cables etc., and repair and restoration of sites, filling of gunpits etc.
- (ii) Subject to any direction from HQ Western Command regarding the retention of certain items, e.g. windmills, pumps, etc, the removal of all attractive stores and fittings liable to damage or theft, Portable 12'x16' Huts, Portable Cyclone, Sidney William or Armco Huts, and their return to Engineer Dump, KARRAKATTA. A certificate of Receipt (in quadruplicate) will be obtained for all stores returned.
- (iii) The provision of four (4) further copies of original AAF. P3, each accompanied by a copy of the schedule of items return to Engineer Dump, together with a copy of Certificate of Receipt attached in support. AAF P3s with accompanying documents will be disposed of as follows:-

One copy to be retained by HQ Fremantle Frt.

Three copies to be forwarded to HQ Western Command ("Q" Branch) for action as follows:-

- One copy for retention HQ Western Command.
- One copy for retention ESB(F) Liaison Sec.
- One copy for retention Hirings Service.

- (iv) A certificate in accordance with Western Command RO 19 of 28 Aug 44 para 212 sub para 3 will be submitted with each copy of AAF P3 forwarded.

- ..S\ (c) (1) HQ Fremantle Frt is responsible to HQ Western Command that proper care is taken of unoccupied properties, which have been vacated by Units under command, until re-allotted or finally disposed of. Caretakers and patrols as considered adequate will be provided from Units under command HQ Fremantle Frt.
- (ii) Damage or theft by outside agencies will be reported to Civil Police and Provost. Headquarters will be notified of each occurrence, and action will be taken by HQ Fremantle Frt in accordance with GRO A348/44 and copy of Investigation report forwarded to HQ Western Command.
- (iii) Unoccupied hired buildings will NOT be retained for more than 30 days without specific approval of GOC Western Command.
- (d) HQ Western Command on information from Hirings Service or Disposals Commission will notify HQ Fremantle Frt when responsibility for care of an unoccupied property ceases.

2. UNITS OTHER THAN UNDER COMMAND HQ FREMANTLE FRT

- (a) When a Unit vacates a camp or property under the jurisdiction of Camp "Q" Staffs NORTHAM, MELVILLE, BELLEVUE or KARRAKATTA, and such camp is NOT allotted to an incoming Unit, action will be taken in accordance with Western Command RO 19 of 28 Aug 44, para 212, sub para (3) treating the Camp "Q" Staff concerned as the incoming Unit. As directed by Camp "Q" Staff the vacating Unit will remove such attractive stores and fittings liable to theft or damage and return such to HQ Camp "Q" Staff. Amended AAF P3 (in triplicate) together with certificate will be prepared by Unit and retained by Camp "Q" Staff concerned, who will forward one copy to HQ Western Command.
- (b) A Unit vacating a camp or property NOT under the jurisdiction of a Camp "Q" Staff, will notify HQ Western Command the approximate date such camp or property will be vacated. HQ Western Command will issue directions as requisite regarding the removal of attractive stores, provision of caretakers, disposal of assets etc. The vacating Unit will forward to HQ Western Command four (4) copies of AAF P3, together with schedules of attractive stores removed and certificates as required by Western Command RO 19 of 28 Aug 44 para 212 sub para (3).

WESTERN COMMAND ADMINISTRATIVE INSTRUCTION NO.Q.7.

TRAIN FEEDING - EAST WEST RAILWAY.

Western Command Administrative Instruction Q34 of 29 Jul 44 is cancelled.

1. The procedure set out hereunder covering supply, accountancy, rations and feeding on trains travelling between Port Pirie and Kalgoorlie will come into operation forthwith.

2. CATERING STAFF.

Cooking and Catering Staffs have been permanently allotted to trains.

3. RATIONS.

(a) Two days' rations in accordance with Appendix "A" - Ration Scale for Personnel Travelling on East West Line - will be placed on each East West train by O.C. Staging Camp at entraining station (Parkeston).

(b) Rations will be placed on trains as early as possible after receipt of demand, but at least two hours prior to the departure of the train.

(c) Rations will be delivered to WO Caterer who will sign an acquittance on behalf of O.C.Train.

(d) Load list - AF.W5284 - of rations supplied will be prepared in triplicate and will be distributed as under:-

First copy receipted by WO Caterer retained by O.C. Staging Camp.

Second copy in envelope addressed to O.C. DID at detraining station to be handed to O.C. Train for delivery (see para 5 (b)).

Third copy for O.C.Train.

4. RESERVE RATIONS.

(a) 600 rations in accordance with Appendix "B" - Reserve Ration Scale for Personnel Travelling on East West Line - being the tinned equivalents of the ration scale set out in Appendix "A", will be carried on each train as a RESERVE Ration. This ration will not be drawn on except by authority of the O.C. Train.

(b) RESERVE Rations will be segregated from rations for current consumption and will be under direct control of WO Caterer for safe custody. RESERVE Rations, unless consumed on journey, will remain in locker on train and will NOT be returned to DID Kalgoorlie at conclusion of each trip.

- (c) That portion of RESERVE Rations consumed on the trip will be replaced by DID Kalgoorlie at detraining station.
- (d) RESERVE Rations if not consumed will be returned to the issuing DID for turn over and replacement at intervals not exceeding three months.
- (e) A list of RESERVE Rations indicating commodities and quantities and signed by the O.C. Issuing DID and counter-signed by WO Caterer, will be held by the WO Caterer. A physical check of RESERVE Rations against the commodity list will be made by O.C. Train weekly and a certificate of continued possession stated on the reverse side of AF W.3810 will be submitted to O.C. issuing DID after each check.

5. ACCOUNTANCY.

- (a) WO Caterer will prepare and O.C. Train will sign a statement in triplicate as to ration strength of train and number of meals supplies. This statement will be shown in Appendix "C".
- (b) The following documents will be handed by O.C. Train to O.C. DID at detraining station and will be available to DFO representative for a check of rations consumed as against entitlements:-
 - (1) Statement of ration strengths and rations drawn (in duplicate) (para 5 (a) above and appendix "C").
 - (11) Second copy of load list (para 3 (d) above).
 - (111) Triplicate copy of AAF F71 (being handing and taking over certificate for un-consumed Maintenance Rations handed over to DID at completion of previous trip).
- (c) Ration Entitlements ("A" side of AF W3810) will be adjusted in cases where troops in Staging Camp are proceeding on draft and are provided by Staging Camp with one or two meals on the day of departure, the remaining meal or meals being provided at a train feeding point or by train staff. The adjustment will be effected by reducing the strength entitlement of the draft on the day of departure by one third or two thirds depending on the number of that day's meals not provided in Staging Camp.

This adjustment will be indicated by O.C. Staging Camp on the back of AF. W3809 by an endorsement in accordance with the following example:-

"Draft departure at 1350 hrs Strength (say) 188
Two meals only provided here. Deduct 1/3 63"

On the face of AF. W3809 under heading "Deduct not rationed with unit" opposite "Others" the entry will be made:-
"see back of form" and in the appropriate personnel column "63".

This will result in the ration entitlement being reduced by 63 when carried to "A" side of AF. W3810.

6. HANDING OVER UNCONSUMED RATIONS TO DID.

- (a) C.O. DID Kalgoorlie will take over on AAF.F71 that part of the Maintenance Rations which is unconsumed on arrival of train at Kalgoorlie.
- (b) When RESERVE Rations are turned over (at three monthly periods) the complete RESERVE Rations will be handed over to DID and a new RESERVE Ration will be placed on train by OC issuing DID.

7. DUTIES OF W.O. CATERER.

On the East West Railway the catering arrangements are under the control of the WO Caterer, whose duties will be as follows:-

- (a) To take charge of the ration commodities received at the entraining point.
- (b) To see that only authorised issues are made and that such issues are properly recorded.
- (c) To return all unconsumed commodities to the Supply Officer at the detraining point and receive an acquittance on a Handing and Taking over Certificate (AAF F71) (para 6 (a)).
- (d) To maintain a record in triplicate of the number of meals issued to other Services, CCC and/or Allied Forces - the original copy will be handed to the Supply Officer (at the time of the handing over of the unconsumed rations) for transmission to LHQ, the duplicate copy being handed to the local representative of the DFO. The triplicate copy will be retained by the OC Troop Train. All copies will be signed on behalf of the Service concerned.
- (e) To maintain an AFW.3810 which will be signed by the OC Train at the end of the journey.
- (f) To hand to the Supply Officer at the time of handing over the unconsumed ration commodities, a signed copy of the AFW.3810 to which will be attached the copy of the AFW.5284 received with the rations at the entraining point. This will enable a check to be made of the consumption of commodities against entitlements by the local DFO representative.

8. RESPONSIBILITY.

Although in this instruction WO Caterer is made directly responsible for catering arrangements, nothing contained herein will relieve O.C. Train of his responsibilities as an O.C.

Where suspected thefts occur on a journey East-West it is the responsibility of O.C. Staging Camp, Parkaston (detraining station) to notify military and civil police, and to appoint an Investigating Officer in accordance with GRO A348/44. Proceedings in duplicate will be forwarded to Hq Western Command.

9. ENTRAINING & DETRAINING STATIONS.

In this instruction the terms "Entraining" and "Detraining" Stations have reference only to Port Pirie and Kalgoorlie.

WESTERN COMMAND ADMINISTRATION INSTRUCTION 99.

TRAIN FEEDING : PERTH - KALGOORLIE.

W Aust L of C Area Adm Inst 12 of 19 Feb 44 is cancelled, and this instruction will come into operation as from 10 Mar 45.

2. Reserve rations sufficient for one meal will be carried on troop trains between CLAREMONT and KALGOORLIE, and vice versa.

3. In this Instruction the terms "issuing and at entraining Station" and "receiving unit at detraining Station" have reference as follows :-

CLAREMONT	-	Western Command LTD
KALGOORLIE	-	Staging Camp.

4. (a) 150 rations, in accordance with the scale hereunder, will be issued to each OC Train by the issuing unit at entraining Station :-

<u>Commodity</u>	<u>Ozs. per man per day</u>
Meat Pres.	12
Biscuits	12
Jam	2
Fruit Pres.	5
Milk Cond U/S	2.½
Sugar	2
Tea	½

(b) Rations will be placed on train at least half an hour prior to departure of train.

(c) Rations will be delivered to OC Train or to a member deputed by him, who will sign acquittance.

(d) The Rations will normally be carried in the Guard's Van, in specially prepared locked boxes. The use of these boxes will not relieve all concerned from the necessity for physical check at handing and taking over. The boxes will be brought into use through LTD and rations at present in use will be withdrawn progressively by DID MARRAZATA.

(e) Commodity list of reserve rations supplied (AFW 5234) will be prepared in triplicate and will be distributed:

First copy receipted by or for OC Train, retained by issuing Unit.

Second copy in envelope addressed to receiving Unit at detraining Station, to be handed to OC Train for delivery.

Third copy for OC Train.

5. Reserve rations will NOT be drawn upon except by the authority of OC Train. For use in the following circumstances :-

- (i) A railway mishap which will delay the train to such an extent that scheduled meals will not be taken;
 - (ii) A train has been delayed through railway workings resulting in scheduled meal or meals not being taken.
6. (a) Reserve rations, if not consumed, will, at the detraining station for each journey, be removed from the train.
- (b) A physical check of reserve rations handed over at the end of each journey will be made against the commodity lists (AFW 5284) by receiving unit at detraining station as they are removed from each train, and OC Train will receive an acquittance on a Handing and Taking Over Certificate (AAF F71).
- (c) Where intact, the same reserve ration will be reissued in accordance with para 4 above.
- (d) Reserve rations, if not consumed, will, at the end of each calendar month, be returned to DID KARRAKATTA by LTD for turnover and replacement.

7. ACCOUNTANCY:

- (a) Where, in accordance with Para 5 above, it becomes necessary to draw upon the reserve rations, AFW 3810 will be prepared in triplicate to show entitlement figure as one third of train strength. AB 55 will then be prepared for the number of reserve rations consumed, in accordance with the scale in Para 4 (a) above. These documents, completed in accordance with GRO Q36/45, will be handed over with all unconsumed commodities, to the supply officer at detraining station.
- (b) To ensure that the Supply Officer will be available, OC Train will advise him and the receiving Unit, by signal at the earliest possible opportunity, that the reserve rations are being drawn upon, and that the Supply Officer will be required at detraining station on arrival of train.
- (c) The Supply Officer will take over unconsumed commodities on AAF F.71 and will arrange for the issue of new reserve rations to the issuing Unit for the next journey.

8. RESPONSIBILITY:

Although the responsibility for the reserve rations rests with OC Train, due to the nature of his duty it is necessary that, in the event of any discrepancies occurring in such rations, the following action be taken by the receiving Unit at the detraining station (LTD or STAGING CAMP) :-

- (a) Appointment forthwith of an Investigating Officer in accordance with GRO A3 48/44;
- (b) replenishment through DID of the commodities concerned;
- (c) if it is suspected that the loss is due to theft, notification to HQ Western Command and the civil and Mil-

itary police immediately;

- (d) forwarding of completed proceedings in duplicate to Headquarters, Western Command.

WESTERN COMMAND ADMINISTRATIVE INSTRUCTION No. Q.20.

PROCEDURE IN RESPECT OF DISPOSAL OF SURPLUS ARMY
BUILDINGS ETC. AND ASSOCIATED ENGINEER STORES.

AUTHORITIES.

- (a) LHQ memo 112672 of 22 Aug 44 - Camps, Barracks, Buildings and other property. Provision, care and disposal.
- (b) Instructions for Engineer Works, Provision and Maintenance of 15 Feb 45.
- (c) LHQ memo 46213 of 6 Apr 45.

P A R T I.

1. The following authorities for the declaration of assets surplus to Army requirements, to arrange sale, delegations by the Commonwealth Disposals Commission, disposal of Commonwealth assets or hired property etc. are extracted from the above authorities for information.

2. AUTHORITY TO DECLARE ARMY ASSETS SURPLUS TO ARMY REQUIREMENTS AND APPROVAL OF DISPOSAL.

- (a) In accordance with LHQ 46213 of 6 Apr 45, para 6 authority is granted to the Comd, Western Command, to declare Army assets comprising camps, buildings, etc. and associated stores to be surplus to Army requirements without reference to LHQ, provided the original cost of the asset, including the value of labour, does NOT exceed the sum of £5,000. Discretion to declare assets surplus is limited to assets which have NO permanent value to the Army, and such limitations are set out in the para above referred to.
- Approval of disposal will be given by the Comd Western Command, and concurrence of D.F.O. obtained in accordance with GRO F.749/43, before any asset is submitted for disposal.
- (b) In respect of the disposal of an installation, the original cost of which exceeds the sum of £5000, information regarding such installation, including a list of the items situated on the installation which it is desired to remove before disposal (vide para 9 of LHQ 46213), will be forwarded to LHQ. On receipt of such information at LHQ, action will be

... Contd.

- 2 -

taken to determine whether such installation is further required by Army or other Services, and if NOT so required Headquarters Western Command will be advised by signal that the installation will be disposed of. Until receipt of such advice, NO action may be taken to remove items specified in the list as being required.

Summary:

Authorities for declaring assets to be surplus to Army requirements and the giving of approval of disposal are therefore as follows:-

(1) In respect of assets the original cost of which, including labour, does NOT exceed £5000 - Comd Western Command.

(11) In respect of assets, the original cost of which exceeds £5000 - LHQ.

3. AUTHORITY TO DETERMINE OR ARRANGE SALE OF ASSETS DECLARED TO BE SURPLUS TO ARMY REQUIREMENTS.

Authority for the Comd Western Command to declare surplus, assets the original cost of which does NOT exceed £5000, and to approve of disposal with the concurrence of the DFO, has been granted with a view to implementing local disposals. This authority does NOT in any way confer any authority to determine or arrange sale whatsoever. After such a declaration has been made, all disposal action will be taken by the Commonwealth Disposals Commission or its representative and NOT Army.

Discretion to declare assets surplus to Army requirements, as limited by para 6 of LHQ 46217 of 6 Apr 45, must NOT be used piecemeal so as to effect disposal within the Command, of an installation the original cost of which exceeds £5000. Such assets will continue to be disposed of by the Commonwealth Disposals Commission through LHQ.

4. DELEGATIONS GRANTED BY THE COMMONWEALTH DISPOSALS COMMISSION (C.D.C.).

Delegations have been granted by the C.D.C. to dispose of Commonwealth Assets declared surplus as follows:-

(a) Central Hirings Committee (C.H.C.).

An authority has been granted by the C.D.C. to the C.H.C. to dispose of by sale to the owner of hired premises, surplus Commonwealth Assets in the nature of fixtures which have been erected on the owner's land up to a saleable value of £5,000.

The delegation in no way affects or alters the present existing power vested in the delegates of the C.H.C., viz Hirings Service, to treat with the owner in respect of offsetting reinstatement costs etc., by surplus assets remaining in the premises. The delegation to the C.H.C. to sell cannot be re-delegated, so that it will still be necessary for details of all such assets which are to be disposed of under this delegated authority to be forwarded to LHQ by Hirings Service through C.H.C.

... 3.

(b) Regional Manager W.A.

In order to avoid reference to the C.H.C. of minor sales to owners, the C.D.C., in the absence of a Local Hiring Committee in W.A., has delegated to the Regional Manager in W.A., authority to dispose of any surplus Commonwealth assets wherever situated to any purchaser to the value of \$500 saleable value.

5. Appropriate machinery therefore exists which makes possible, within the State, disposal of surplus assets without the necessity for referring the same to an authority outside W.A., provided that authority is vested in local commander of the Service - Navy, Army or Air Force concerned.

6. PROCEDURE REQUIRED BY ARMY.

(a) The procedure required by Army to implement the above delegation to the C.H.C. will be as follows:-

Where assets are surplus to Army requirements, such assets will be listed in accordance with C.D.C. Form 10.

(b) Where such assets are capable of being disposed within the State, procedure will be as follows:-

(i) The Commander having determined that Army assets are available for disposal will refer all necessary details to, and in the manner required by, the Regional Manager. Where the disposal value of such assets exceeds the limits of the delegation to the Regional Manager, the Regional Manager will refer such a disposal to the C.D.C. for further action.

(ii) Two copies of such advice to the Regional Manager will be forwarded to L.H.C.

7. DISPOSAL OF COMMONWEALTH ASSETS ON HIRED PROPERTY.

The Central Hirings Committee (C.H.C.) for the purpose of implementing the Authority delegated to it by the C.D.C. to dispose of Commonwealth Assets on hired property to the owner, lays down the following procedure and directions:-

(a) The term "Property" for the purpose of this authority means such buildings and other assets to which Regulation 55A of National Security (General) Regulations refers.

(b) There is no obligation on the part of the C.H.C. to refer to the C.D.C. any de-hiring transactions in which there are no surplus assets to dispose of, that is to say, that the C.H.C. through Hirings Service may under its powers under N.S.G.R. make an agreement by which the Commonwealth assets are set off against, and in satisfaction of a claim for loss or damage under such Regulations.

(c) The C.H.C. through Hirings Service will not usually sell to the owner:

Contd.

- 4 -

- (1) Where the Commonwealth Assets to be disposed of are such that they are considered likely to be of use, and their acquisition of interest to others just as much as to the owner of the property on which they are placed, so that it might reasonably be expected that there would be competition to purchase them. This would include cases such as camps and depots where the buildings and construction would not be of use to the land itself but would be for removal elsewhere.
- (ii) Where the buildings and construction are considerable. For example, sales for an amount in excess of £5,000. The C.E.C. prefers, except in special cases, to allow the disposal to be handled by the C.D.C. in all cases except where the amount involved is comparatively small.
- (d) Typical cases where the C.E.C. will sell to the owner, are:-
 - (i) Where the Commonwealth Assets for disposal consist of structural alterations or additions to hired premises, such as dwelling houses, offices, stores, etc.
 - (ii) Where the cost of removal and restoration of the premises exceed the realisable value.
 - (iii) Where the realisable value is less than the assessed value of the claim for physical damage (restoration) to the hired premises, so that the amount for which the assets can be sold to the owner will be set off against such claim.

P A R T II.

IMPLEMENTATION OF PROCEDURE FOR DISPOSAL OF SURPLUS ARMY ASSETS IN WESTERN COMMAND.

8. ACTION BY "Q" BRANCH H.Q. WESTERN COMMAND.

The initiation of action in respect of the disposal of assets surplus to Army requirements is the responsibility of "Q" Branch, and the Branch will adopt the following procedure:-

- (a) Ascertain from the Comd Western Command whether any asset is considered surplus to Army requirement.
- (b) Ascertain from Navy and Air Force whether such assets are required by them for use elsewhere than on the hired property.

..... Contd.

Contd.

- 5 -

- (c) Issue instructions to the Acquisition and Disposals Board (see Western Command Adm Instr No. Q19) to compile necessary data to complete C.D.C. Form 10.
- (d) Collate data received from the Acquisition and Disposals Board and make out nine CDC Forms 10.
- (e) If original cost, including value of labour, does NOT exceed £5000 take action as follows:-
 - (i) Obtain signature of Comd or Officer delegated, to declare asset surplus on Form CDC 10.
 - (ii) Forward Forms 10 to DFO for concurrence in accordance with GRO F749/43.
 - (iii) On receipt of concurrence of DFO:-
 - (a) Forward 3 copies of CDC 10 to AD Hirings.
 - (b) Forward 1 copy " " " " Regional Manager C.D.C.
 - (c) Forward 1 copy " " " " ESB-F Liaison Section.
 - (d) Forward 2 copies " " " " L.H.Q.
- (f) If original cost, including value of labour exceeds £5000, take action as follows:-
 - (i) Obtain signature of Comd or Officer delegated on Form 10 certifying that assets are no longer required.
 - (ii) Complete schedule of items on hiring desired for use elsewhere by other Services.
 - (iii) Obtain from A.D.Hirings a statement as to whether or not the owner is interested in the purchase of any assets, and if so the amount offered for specific assets.
 - (iv) Forward two copies each of Form 10, schedule and statement to LHQ for approval of disposal.
 - (v) On receipt of advice from LHQ that installations may be disposed of, take action as follows:-
 - (a) Notify Services concerned to remove assets desired for use elsewhere.
 - (b) Forward 3 copies of CDC Form 10 to AD Hirings
 - (c) Forward 1 copy " " " " " " Regional Manager.
 - (d) Forward 1 copy " " " " " " ESB F Liaison Sec.

9. ACTION BY HIRINGS SERVICE.

On receipt of three copies of C.D.C. Form 10 from "Q" Branch the following action will be taken:-

- (a) Where the case is one which will not be dealt with by the C.H.C. or where the A.D.Hirings is satisfied the owner will NOT purchase or make an offer of purchase, the A.D.Hirings will immediately endorse the three copies of Form 10 "NOT REQUIRED"

.... Contd.

Contd.

- 6 -

FOR SALE TO THE OWNER BY CENTRAL HIRINGS COMMITTEE" and will immediately forward:-

1 copy to the Regional Manager
1 copy to Army Hirings File LHQ

and retain remaining copy.

(b) In cases where the AD Hirings is not able immediately to endorse Form 10 as above, the A D Hirings will be responsible for negotiations with the owner and will submit as soon as possible, any offer by the owner considered reasonable, to the Central Hirings Committee, using Form Pl24, with all necessary reports and information. The decision of the C.H.C. will be endorsed on Form Pl24.

(c) As soon as negotiations have been completed either by C.H.C. or locally, the A.D Hirings will endorse the copies of Form 10, as follows:-

(i) In cases where the negotiations fail, or an offer by an owner is not accepted by the C.H.C., the A.D Hirings will endorse the Form 10 - "NOT REQUIRED FOR SALE TO THE OWNER BY CENTRAL HIRINGS COMMITTEE".

(ii) Where a sale of the assets or part of the assets to the owner is effected, the A.D. Hirings will endorse the copies of Form 10, showing that the whole or what part of such assets have been sold to the owner by the C.H.C. with the date of such decision, and the price. One copy of Form 10 so endorsed will be forwarded forthwith to the Regional Manager. The other two copies of Form 10 so endorsed will remain on the Army Hirings file, one at LHQ, and one in Western Command.

10. DISPOSAL BY COMMONWEALTH DISPOSALS COMMISSION.

Upon receipt of Form 10 from "Q" Branch the C.D.C. will not finalise any disposal of the assets listed on such Form until a copy of such Form, duly endorsed by the Director of Hirings or A.D.Hirings, as above, is received. When such copy of Form 10, so endorsed, is forwarded to the Regional Manager, the A.D.Hirings will at the same time forward particulars of any negotiations or offer received from the owner of the hired property, or other offers for such assets or any of them. The assets listed on Form 10 not so endorsed as disposed of to the owner will then be in the hands of the C.D.C. for disposal.

11. COLLABORATION.

In appropriate cases the closest collaborations between "Q" Branch, Hirings Service and the C.D.C. through its Regional Manager will be observed and, although the formal steps of the above procedure will be carried out in all cases, negotiations as to the sale of the assets will be conducted with proper collaboration between the three authorities concerned, and such collaboration should take place at each step of the procedure.

CONFIDENTIAL.

GIST OF TELEPHONE CONVERSATION BETWEEN BRIG BIERWIRTH
AND MAJ-GEN BOASE : 1440-1445 HRS 3.8.45.

Brig Bierwirth:

I am speaking for the QMG and at the direction of the GCS. The Minister for the Army has received a telegram from Senator Fraser, the gist of which is as follows:- "Maj-Gen Boase has closed 6 Perth Cafes without warning the proprietors and without consulting the City Health Authorities who do not support his action. This high-handed action is having adverse effects on the Government prospects in the pending by-election. Request you direct Maj-Gen Boase to have the ban lifted immediately and instruct him to confer with the City Health Authorities with the object of arranging closer co-operation in the future".

Maj-Gen Boase:

I have not closed the Cafes. They have been put out of bounds to all Service personnel on the recommendation of the Combined Services Hygiene Board because the kitchens and back premises were in a dirty condition.

Brig Bierwirth:

What do you propose to do about it?

Maj-Gen Boase:

Unless I am ordered otherwise, I propose to follow the normal procedure which has been going since 1942, viz; to await a further inspection by the representatives of the hygiene board when, if the results of the inspection are favourable, the ban will be lifted. By the way, what was the date of Senator Fraser's telegram?

Brig Bierwirth:

3rd Aug. Do you think it wise to adopt that attitude in the circumstances?

Maj-Gen Boase:

I am quite prepared to stand by my action. I have plenty of evidence to justify it in the reports which I showed Senator Fraser yesterday. Anyhow, unless I received orders to do so I don't propose to lift the ban which incidentally applies to all services.

Brig Bierwirth:

In that case I'm afraid I must, on behalf of the QMG, order you to lift the ban as far as the AMF is concerned.

DISPOSAL OF UNSERVICEABLE, ETC., STORES.

1. The following copy of an authority given by Minister for the Army regarding disposal of certain stores is promulgated for information and necessary action:

"Pending the issue of formal GROs or other authority you are authorised to send to Army Salvage for sale by CFC under auction, stores which are unserviceable, part worn or items not in vocabulary.

It is intended that this authority will be used to enable odd lots of a wide range of part worn stores to be issued to Army Salvage without the normal procedure of a Board of Survey or other enquiry.

In all cases the DFO is to be furnished with a copy of issue vouchers for stores transferred under this plan. The DFO should be desired to raise any query will advise the Head of the Service in the Area and if still unsatisfied will so advise the CFC at LHQ MELBOURNE".

2. Intention is to hand over stores in above categories to Salvage for disposal at the earliest possible date. It is not possible to indicate the exact nature of stores to be transferred but first action will be to deal with items in the above categories which are obviously surplus.

3. Included in NIV items will be stores which are new and types which would normally be disposed of direct to the trade. In conformity with the policy of releasing to the public through trade channels, such stores will not at this juncture be issued to Salvage.

4. It is expected that more detailed instructions will be issued in the near future, but in the meantime, immediate action will be taken by Heads of Services to issue to Salvage all stores (except those mentioned in para 3) which are unserviceable, part worn or NIV.

2.

5. One copy of all vouchers for stores issued to
Salvage will be forwarded direct to DFO.

DISPOSAL OF MESS FUNDS AND PROPERTY

1. Pending the issue of an amendment to AMR & O on above subject the following will be adhered to by all units of Western Comd.
2. COs will ensure that all liabilities of mess of the unit are discharged prior to disbandment.
3. When the rules of a mess, which have been approved by the Formation Commander, provide that a refund of entrance fees to the mess shall be made to a member on his leaving the mess and where such refunds have already been made to members who have left the mess, such refunds to members still on strength at final disbandment may be treated as a mess liability and may be paid from mess funds.
4. If any cases arise where in it is sought to disburse the funds to individual members, this is not to be permitted pending the instruction of amendments to regulations.
5. The only refunds in cash that may be made to members of a mess being disbanded are those sums paid as an entrance fee or paid by individual members to meet any extra commitment or expenditure the mess may have been involved in.
6. The procedure to be followed on dissolution of a mess will be:-
 - (a) The minutes of the General Meeting authorising the disbursement of mess funds are to be forwarded to HQ Western Command. On approval by the Commander the mess funds will be transmitted to CFO HQ AMF through DFO, with a copy of the Minute of the General Meeting, which will be the authority for the disposal of the funds. Until disposed of the CFO will hold such funds in trust.
 - (b) Where the mess concerned does not desire to realise or otherwise dispose of its property HQ Western Command will arrange for the storage of such property pending the formation of units of the post war Army in order that these units may have the opportunity of purchasing such properties as they desire.
 - (c) Messes depositing property for safe custody under the previous paragraph, are to list the property and show as far as possible its cost and book valuation at the time of dissolution of the mess.
 - (d) Any property deposited which is surplus to the requirements of post war units will be disposed of to the best advantage, and the proceeds paid into the relevant trust account held by the CFO who will then proceed to finally disburse the monies as authorised by the mess concerned.

7. Suggested ways of disposing of mess assets after all liabilities have been met are:-

- (a) To a unit or corps of the Post War Army. As the OOB Post War Army is not yet known, messes concerned would require to designate the unit as raised in a certain locality, or alternatively, leave the final destination in the hand of HQ AMF or GOC Western Command.
- (b) To an institution or association formed for the purpose of assisting members and ex members of the Army or any Branch thereof and/or their dependants - such as the Legacy Club, Tee H etc, or Corps associations that may be formed;
- (c) To the trustees appointed to administer the funds of the AACF to be used for the purposes of that trust i.e. for the relief of distress amongst ex-members of the AMF in the war of 1939-45, or for the assistance of their dependants.

THE STAFF AND THE SERVICES

1. To clarify the relationship between the Staff and the Services in Western Command Heads of Services will deal with the AAG and AQMG on 'A' and 'Q' or 'MGO' matters respectively. This does not preclude direct co-operation between Staff and Service representatives on corresponding levels (e.g., DAQMG and DADT) which is essential for efficient working.
2. FSR Vol I defines clearly the responsibilities of and the relationship between the Staff and the Services. It also enumerates the various Services controlled by the Branches of the Staff. All officers should become fully conversant with the paragraphs of FSR Vol I concerned.
3. The following points are emphasised :-
 - (a) Staff officers alone have authority to sign on behalf of the Commander.
 - (b) The Head of a Service may issue instructions on technical matters pertaining to that Service, but with this exception, all orders and instructions on administrative matters will be issued by the Staff.
4. For the purpose of this instruction AWAS will be controlled through the AAG.

WESTERN COMMAND ADMINISTRATIVE INSTRUCTION Q.14

AASC SUPPLIES : RATIONING : EXPENSE STORES SCALES OF ISSUE

1. It has been brought to notice that the maximum use of all AASC Expense Stores items is still not being made, and in this regard the following extracts of HQ AMF memo 20513 of 5 Mar are promulgated :-

"In particular, the maximum use should be made of :-

- (a) Mosquito Spray - which can now be used in all areas for fly control;
- (b) Castor Oil and Resin - for the manufacture of 'Tanglefoot' fly papers, as follows :-

8 parts of powdered Resin is stirred into 5 parts of heated Castor Oil and simmered, without bringing to the boil, for about 15 minutes. "Tanglefoot" can then be poured into tins for keeping and should be warmed slightly for application to wires, strings and papers. The actual proportions of the two ingredients will vary according to the prevailing conditions, and will become a matter for experiment.

- (c) Creosote - for use as a general disinfectant and adjunct to Phenyle. Creosote is an efficient fly larvicide when used in deep trench latrines and sanitary pans;
- (d) Sodium Arsenite - used to kill adult flies and larvae by sprinkling a solution on any decomposing material which cannot be dealt with by incineration or burying;
- (e) Sodium Fluoride (to be known as Fluoride Powder) - for cockroach control. It is used by mixing 1 part of the powder with 3 parts of a flour and dust mixture and placing in parts frequented by cockroaches;
- (f) Cleansers - Full use should be made of the Cleansing Powder and Soda Ash provided. Units should also be kept advised of the extra issues of certain items available for personnel engaged on special duties. Soap Liquid Ammoniacal should also be fully used, as it provides a convenient form of soap for any purpose where a slight disinfectant action is required;
- (g) Chloride of Lime - for general disinfectant and deodorant purposes. It must be borne in mind that this item should never be used as a dry powder, but always in solution as follows :-

- (1) Strong Solution - prepared by mixing 2 ozs of the powder with 4 gallons of water. Is used for disinfecting and deodorizing grease traps, drains, urinals, etc.
- (ii) Normal Solution - prepared by mixing 2 ozs of the powder with 24 gallons of water, and used for washing latrine seats and for use in cookhouses, messes, etc.
- (iii) For sullage water treatment - an average of 2 ozs of the powder to 250 gallons of water, as required.

It should be noted that Water Sterilizing Powder can always be used in lieu of Chloride of Lime, if the latter is in short supply, as both items possess the same disinfectant value.

- (h) White Paper - for wrapping lunches and for general purposes as an adjunct to brown paper. It should be noted that brown and white paper are now interchangeable in the Scale of issue.

3. Every endeavour will be made to ensure full use of items available from AASC Depots.

4. Care will be taken to avoid waste, by underdrawing these items when the full scale of issue is not considered warranted.

WESTERN COMMAND ADMINISTRATIVE INSTRUCTION Q.15

SIMPLIFICATION OF ACCOUNTING PROCEDURE BY UNITS FOR WIRELESS STATIONS, RADAR STATIONS, AND CERTAIN LINE EQUIPMENT.

1. Definitions:

- (a) Wireless or Radar Station is a set complete with all items as set out in the AE & S or other appropriate scales. No items on the scales are listed as expense stores.

A specimen description of a station for accounting purposes is:

SAA 4810 Wireless Set No.22(Aust) Complete Station.
Registered number.....

- (b) Line Equipment Station is a line equipment, e.g. a switch-board or teletypewriter complete in accordance with (a) above.

- (c) Station No..... for the purpose of this instruction is the registered number of the wireless set, radar set, or line equipment. See para 6 re use of station number.

2. Indent procedure by units

Units will indent on AF G997 for "Wireless Sets or Radar Sets, or Line Equipments" (complete stations), in accordance with the specimen description set out in para 1 (a), less the registered number. Units will not set out on the indent the 'X' and 'Y' items comprising the station.

3. Issue procedure by ordnance depots.

Depots will issue Wireless Radar or Line Equipment Stations to units on AFs G982D setting out thereon the designation of the station as per 1 (a) quoting registered number, followed by a complete list of available 'X' and 'Y' items comprising stations which are issued.

4. Taking on Ledger Charge (AAF F7) Wireless Radar or Line Equipment Stations by Units.

Units will bring each station to charge on a separate AAF F7 as a station complete, as per the ordnance description on the AF G982D. The 'X' and 'Y' items comprising the station will not be posted in the ledger. The ordnance No./s of the relative G982D/s will be recorded on the AAF F7. The unit will also record on the AAF F7 the unit registered Nos. of the relative G982D/s. Every G982D relating to the issue will bear a consecutive unit registration number.

5. Procedure by Units in Regard to Stations (Wireless Radar or Line) Equipment Already on Issue - Where all the Items 'X' and 'Y' Comprising the Station are Recorded in the Ledger on Separate AAF F7.

In all cases where stations (Wireless or Line Equipment) have been taken on ledger charge (AAF F7) by separate 'X' and 'Y' items, units will forthwith prepare and submit to ADCS for 1 1 approval, conversion vouchers (AAF F5) to convert to stations complete.

5. (contd)

Before submitting the vouchers to ADOS they will be checked by U.S. continuous checkers. A separate conversion voucher will be prepared for each individual Wireless Radar, or Line Equipment Station. On receipt of approved vouchers from ADOS ledger folios will be prepared and debited for complete stations and credit posted to folios containing 'X' and 'Y' items.

6. Station numbers - use of

Every station (Wireless Radar or Line Equipment) held by a unit on ledger charge has a registered number which for the purpose of this para and para 8 is the Station No. as per para 1 (c) above. It will be endorsed on the AAF F7, relating thereto, the AAF F7(b) and on the accounting log book (see para 8).

7. Return to Ordnance or Transfer to another unit.

On return or transfer of a station, it will be listed on AF G1033 in the same manner as set out by the ordnance depot when issuing, vide para 3, i.e. as a complete station with the relevant 'X' and 'Y' items set out in detail. Each page of the AF G1033 will be given separate unit registration numbers in serial and all such numbers will be entered on the relative AAF F7. Each individual station transferred or returned will be recorded on separate AAFs G1033.

8. Accounting procedure for 'X' and 'Y' items indented for to replace unserviceable 'X' and 'Y' items as per scales which have been issued as part of the "Station Complete".

Units will maintain an "Accounting Log Book" for every station on issue. In the case of a unit which has sub-accounts, two accounting log books will be maintained (one by the HQ of the unit and one by the sub-account). The cover of the log book will be en faced as under:-

Accounting Log Book

Station Number

Wireless Set No.22 (Must) or as the case may be.

The accounting log book which will be ruled as set out in Appendix 'A' will be maintained to record therein, transactions of 'X' and 'Y' items.

9. The accounting procedure for the accounting log book is as under:-

- (a) Issue Vouchers (AAF G982D) relating to replacement of 'X' and 'Y' items will be recorded in the accounting log book and marked NPL by the unit. The station number of the wireless, radar or line equipment station for which the item was indented will be recorded on the voucher against each item by the unit.
- (b) The ordnance numbers of issue vouchers (AAF G982D) return or transfer vouchers (AF G1033) and the unit voucher registration number will be entered in the accounting log book as set out in Appendix 'A'.
- (c) The three examples listed in Appendix 'A' exemplify the following, (the pencil balance being a total of both serviceable and unserviceable items held by the unit). -
 - (i) Where replacements have been received from the Ordnance Service and return of unserviceable parts has been made to RSD.
 - (ii) Where replacement has been made by the Ordnance Service but return of unserviceable part has not been made to RSD

(iii) Where unserviceable parts have been returned to RSD but replacements thereof have not been received from the Ordnance Service.

(d) Credit entries will be posted in red ink.

1. Employment opportunities Memoranda Nos 84 & 85, giving details of vacancies, have been received and are available for perusal at HQ Orderly Room.
2. Examination, Commonwealth Public Service.

The Commonwealth Public Service Board has requested that the undermentioned examination be brought to the notice of eligible officers who are engaged on war service.

Examination No. 2631

For transfer to the third division in an office of Clerk or for promotion to Cadet (Architect, Bio-Chemist, Draftsman, Engineer, Geologist, Surveyor), Canberra, New South Wales, Victoria, Q'ld, South Australia, Western Australia and Tasmania.

A competitive examination as above will be commenced on 12 Oct 46. Examination Centres :- Canberra, capital cities of the States, and such other centres as may be determined.

Officers eligible to enter :-

- (a) Officers (males) of the fourth division who were born not later than 30 JUN 31.
- (b) Officers (males) of the third division who desire to qualify for this examination for an office of Clerk or of Cadet.

Officers will be eligible to compete for transfer to offices of Clerk in the States only in which they are permanently stationed. Competition for offices of Clerk in Canberra will be restricted to officers permanently stationed in Canberra who are not officers of the Post Master-General's Department, New South Wales, and to unmarried officers of the Post Masters-General's Department New South Wales who are permanently stationed in Canberra, whose parents reside permanently in Canberra, and who, in their applications, elect to compete for positions in Canberra instead of in New South Wales.

Cadet - Officers desirous of qualifying for Cadetships should note that, except as provided in respect of officers granted leave of absence for war service, eligibility ceases on the date next before the 24th anniversary of birth, if it has not expired earlier.

57. (Contd) The conditions under which officers may acquire eligibility for transfer or promotion to office of Cadet were published in Gazette No. 114 dated 12 JUN 41.

Application to attend the examination must be forwarded to reach the Secretary, Commonwealth Public Service Board, Canberra, A.C.S.F, not later than 7 Jul 46. The receipt of applications to attend the examination will be formally acknowledged. Any officer who does not receive advice of the examination arrangements at least fifteen days before the commencement of the examinations should at once communicate with the Secretary of the Board, and furnish evidence of the date and place of posting his application.

Details showing how applications should be compiled, subjects of examination, etc, are contained in Commonwealth of Australia Gazette No. 112, dated 20 JUN 45.
