1. Under D.A. 119 and A.M.R. & O. 490, a member in arrest awaiting trial does not necessarily forfeit all pay and allowances during the period he is in arrest.

2. An officer, W.O. or M.C.O. in open or close arrest, or a private soldier in close arrest, is entitled to receive pay and allowances in respect of any day on which he is under a charge, but on which, in the ordinary course, or by direction, or with the consent of, a proper military authority, he performs any military duty, other than such as is performed in consequence of the charge.

3. Thus an officer under open arrest who performed the duties of censoring letters with the consent of his C.O. is entitled to be paid for the days on which he performed that work. But he would not be entitled to pay for any work done in handing over accounts or stores of which he had previously had the custody.

4. Any duties performed to comply with the rules of the place in which a member is detained are performed "in consequence of the charge". For example, a soldier has to keep his room or cell clean and orderly (A.M.R. & O. 650) and take such exercise as in the opinion of the M.O. is necessary (A.M.R. & O. 650 (5)). These duties do not entitle him to pay.

65. SUPPLIES - VEGETABLES TINNED

Coys are advised that tinned vegetables are not fully prepared for consumption before being packed, and require 20 minutes cooking before being eaten.

66. CARE OF RIFLES.

Coys will ensure that at all times and particularly during unarmed combat exercises, the rifle will be treated with reasonable care. It has been reported that in a number of cases the bayonet has been thrust into the ground leaving the rifle suspended in an elevated position. This practice must cease as overdue strain is brought to bear on the stock fore ends, and often results in a bent barrel.

67. SECURITY - INFORMATION

Owing to attempts to evade censorship per medium of newspapers and disclosure of military importance on such papers, all ranks are now forbidden to despatch newspapers through the post.

90. HYGIENE - DANGER FROM MOSQUITO BITES.

Attention is directed to DRO 454 ASO 8/3 which require that troops shall wear shirt sleeves rolled down and long trousers after 2000 hrs.

Disease carrying mosquitoes generally bite at and after sundown and the less skin exposed at those times the less is the likelihood of being bitten and so contracting dengue or malaria.

PFO

91. VEHICLES PASSING MILITARY HOSPITALS.

Vehicles passing Military Hospitals will reduce speed to a maximum of 15 mph 500 yds before and after passing hospital. Motor cyclists will take care that noise of motor cycles, particularly at night, is not such as to disturb patients.

92. TOOL HANDLES - PRESERVATION OF.

In order to lengthen the life of wooden tool handles a liberal application of mutton fat should be made periodically. The handles should be exposed to the sun both before and after such treatment.

93. SALVAGE - COLLECTION AND TRANSPORT OF.

It is the duty of all ranks to collect articles of salvage and convey them to unit salvage dumps. Unit Transport Officers will take action to ensure that Salvage in Unit Salvage Dumps is moved to Div Salvage Dumps by using back loading of Unit vehicles for the purpose.

No opportunity will be lost of transporting articles in Div Salvage Dumps by rail to Base Salvage Dumps.

94. SECURITY.

A most dangerous characteristic of Australian troops is their acceptance without questioning of the bona fides of an individual in uniform. A person in uniform can go almost anywhere without interference.

During recent exercises carried out by an armed formation a senior medical officer was able to move about freely without being questioned, despite the fact that he was a stranger to the formation.

Guards are often more intent upon paying compliments to officers than ascertaining their credentials. Guard comds will impress upon guards before mounting the necessity for identifying strangers.

95. DISCIPLINE - ABSENCE WITHOUT LEAVE - ARL.

a) A warning is issued that a severe view will be taken of all cases of absence without leave on the part of personnel granted annual recreation leave.

b) The abuse of the privilege of annual leave by personnel who deliberately overstay their leave, besides being dangerously subversive of discipline and causing considerable disorganization, jeopardizes the continuance of this privilege to other personnel.

(c) In all cases other than those in which personnel voluntarily return to LTD within 24 hours of the due time of reporting, or in which clear and adequate explanation of the absence is available, summary of evidence will be taken upon return of personnel to unit and matter referred to Formation HQ for direction as to whether such personnel should be dealt with summarily or by Court Martial.

(d) Attention is drawn to the fact that when a soldier fails to report to the LTD of the State to which annual recreation leave is granted on the conclusion of the leave, and is subsequently discovered and arrested, the inference of intention to desert may be more readily drawn than in the case of a local absence, and accordingly, wherever appropriate, a charge of desertion will be laid.

(Cont on Page 3)

96. SALES TAX EXEMPTIONS - MILITARY CLOTHING.

1. In accordance with the Sales Tax Exemptions Act, certain clothing, badges, accoutrements, and kit which are for use as uniforms or as parts of uniforms of approved pattern may be purchased from sources outside the Department without the payment of sales tax.

2. In order to obtain the exemption, members purchasing such articles may be requested by the vendor to furnish a certificate that the articles are for use as, or as part of, the approved uniform of the Defence Forces and will be used exclusively for the purpose of such Defence Forces. Whenever the facts as stated in the certificate are correct, the vendor's request should be complied with. A member failing to furnish the certificate will not be entitled to the exemption.

3. Certain items of kit, such as razors, towels, hair brushes and combs, boot brushes, polishing equipment, valises, stretchers, folding chairs, collapsible wash-basins, canvas water buckets etc, are not exempt for the reason that such kit does not form part of the uniform. Members, therefore, must not claim exemption for such articles.

97. SECURITY - PURCHASE OF CLOTHING.

It has been discovered that a system is in operation whereby Army personnel, when purchasing clothing from retail stores, are being requested to sign a book giving No., Rank, Name, Unit and Address. As this procedure is forbidden for security reasons, all ranks are to be informed through unit orders that in future the production of Pay or Ration Book will be sufficient evidence as to the bona fides of the purchaser and the retailer is only authorised to enter the soldier's No, Rank and Name, NOT Unit.

98. TOBACCO AND CIGARETTES.

Owing to the acute shortage of imported Virginian tobacco leaf the quota of tobacco and cigarettes allotted to troops in this State for February will be of second grade quality.

If a Hunting party apply for permission the following details will be supplied :-

1. Offr or N.C.O. in charge of party
2. Nominal roll of party
3. Time desired to leave
4. Time due back in unit lines.
5. Map ref. of area to be hunted
6. Route out, route in.

Ammunition will be drawn from Coy Comd and every round accounted for to him on return. Parties will be made familiar with prohibited areas.

52. EMERGENCY RATIONS.

Coys will issue immediately to all pers : -

2 days iron rations

1 day emergency ration.

It will be impressed upon all pers, that these rations are to remain packed in kits and are to be used only in emergency during actual operations. Emergency ration cannot be replaced.

Coys will inspect once weekly and will render to this HQ by 1800 hrs each Saturday certificate that inspection has been carried out and that rations are intact.

53. WATER DISCIPLINE. During tng Coy Comds will ensure that strict water discipline is exercised. Indiscriminate drinking from pools is to be prohibited. Water-bottles will be filled before parties leave unit lines and a close watch kept upon unwise drinking therefrom. Pers must be trained to do without water for as long as possible.

54. ROUTE MARCHES. For the present all Route Marches will be carried out during the morning and be completed by 1130 hrs. If circumstances necessitate a long march after that hour tps will be halted for 1 hr between 1200 and 1400 hrs so that they may eat & rest. Rest During rest periods on the march pers must be compelled to relax. Strict march discipline will be observed. Feet. Coys will ensure that the greatest care is taken of feet. Boots must be properly fitted and feet constantly inspected. Use powder.

55. PASSIVE AIR DEF. M.F. Drvs will move vchs well off the road at every halt. Even up to 200 yds is not too far. An enemy plane machine gunning tracks or roads after sighting movement on that track, invariably covers the area closely adjacent to the track as well as the track and vchs he may notice. Therefore disperse well away from the area in which movement may have been noticed by the enemy.

In the camp area this principle will also be adopted by pers as well as vchs.

- (i) Don't speed, avoid rapid acceleration, harsh braking and fast cornering.
- (ii) Check pressures daily with gauge to protect side walls and save tread wear.
- (iii) Keep brakes equalized, wheels true, and watch for misalignment.
- (iv) Interchange tyres at prescribed intervals to keep wear even.
- (v) Closely inspect tyres daily, remove any stones, and repair minor cuts.
- (vi) Report defects immediately.

58. TENT FLAPS. Under no consideration will Tent Flaps be rolled, as this causes them to mildew. Where Tent Flaps are not required down, they will be thrown or tied over the tent.
