File
18 Feb 43.

Notes of conference held at HQ 3 Aust Div at 2030 hrs 18 Feb 43.

G.I. The purpose of this conference is to furnish the services with advance information regarding the movement of 3 Div. Detailed instructions will be issued subsequently. We have already received a Warning Order about the move. The HQ is to move to a destination which has not yet been finally settled; and the move will be in two sections - advanced HQ first and later the rear HQ.

The destination will not be TOWNSVILLE and although we may pass through this town we will not remain there.

The HQ of other arms will not be going complete. HQ RAA will not move but will remain here to command the div tps who do not move. HQ of the various arms and services which remain behind will carry on with an augmented staff which may consist of 1 Adm Staff Offr, 1 Ord Staff Offr, 1 AASC offr and a few O.Rs, who will consist of clerks, batmen and drivers. However details of this additional staff will be specified by AQ.

Adv HQ. Adv HQ will have the following :

HQ RAR will move complete

Portion of the AASC - possibly 2 offrs and about 6 O.Rs. AQ will discuss with CASC which offrs will go.

Sigs. Eventually HQ and the whole of No. 1 Coy will move but owing to the limitation of tpt you may reckon on moving 8 officers and 169 O.Rs with the adv party. The balance will follow with rear HQ. To Sigs. We realize your difficulty in providing communications here and you may disregard your obligation of providing comms here. We will get in touch with Army to-morrow and see if they can assist us in that respect. You may possibly have to leave your cable here and get a new issue later.

Major Barbour. - The Warning Officer mentioned only HQ

G.I. - You will probably have two or three bdes to cater for.

Major Barbour - No. 8 Coy which consists of the Arty secs will remain; No. 3 Coy has already been disposed of. HQ No. 2 Coy is Sig advisor to CRA and can function quite well.

Composition of Adv HQ. Adv HQ will consist of the whole of "G" staff, AQ and DAQMG. Detailed Adm Insts will be issued probably tomorrow.

Div tps which remain behind will probably be concentrated closer than at present.

I want you to watch the security of this move. As you know both 4 and 15 Bdes are moving and now we have the move of HQ to a destination which has not been disclosed. We do not want any wild speculation about the move. Just because jungle uniforms are being issued it does not follow that we are going to the jungle.

AQ

You will take complete WFF less vehicles (but any unit holding Jeeps on establishment will take same) plus tropical kit. A guide to the tropical kit is contained in appendix A to 3 Div Adm Inst No 2. You will include tents. The stores will want to be carefully packed and marked as they may be handled 2 or 3 times. Regarding controlled stores there will be an ADOS conference at 0900 hrs tomorrow. You may take it that you will be issued with Owens in lieu of Thompsons. It will therefore be advisable to service your Tommy's immediately. Only 1st line ammunition will be taken.

ADMS raised the point of the LAD attached to HQ as shown in the OOB. He is of the opinion that a definite policy has been decided upon and that the raising of the units ~~now~~ is being dealt with by formations. The matter of possible isolation in future will have to be considered when raising the unit. In view of this the 3rd Field Wkshps should probably be in excess of requirements. Major Barbour raised the query of Sigs LAD (231).

G.I. Until we receive a definite ruling on the point you can take it that they will move.

Tropical WE for LADs to be adopted.

ADME advised that so far the only tropical WE for an LAD is for an Inf Bde.

G.I. suggested that LAD for Sigs and for P.I. Coy should be on the normal WE as at present. Tropical WE does not involve any radical change in personnel.

G.I. Now as I will be leaving tomorrow morning you had better raise any queries now - this will be your last opportunity of asking me any questions.

Major Barbour raised the point of personnel on leave at present. Sigs have quite a number of key personnel and tradesmen away - approx 102. Some of these personnel are not due back for almost a fortnight.

AQ: "How many can you produce now?"

Major Barbour: Total of HQ Coy and No. 1 Coy is approx 250, therefore we have about 150 available but our main trouble is that they are practically all key men and are therefore not interchangeable.

AQ: You will probably have to go through your lists, see how you are placed and then probably have to recall named key personnel.

G.I.: We will go into the position and advise you. It will probably mean recalling the key personnel.

Major Barbour: We will constitute our Adv party and then see whom we will have to recall.

Major Barbour: Can we work on the ~~max~~ basis that it will probably be 2 Bdes, Div Tps and Arty.

G.I.: If you can arrange for communications to 2 Bdes that will do for a start. You will just have to organize with what you can lay your hands on. If you have not got them here when the time comes you will have to do without them.

Major Barbour: What about schools?

G.I.: How many have you at schools at the present time?

Major Barbour: About 30 at the Marconi School and 5 fitters and 6 instrument mechanics and a few other incidentals.

G.I.: I will see if I can get all sig personnel back from schools.

ADME: We are rather short of officers on HQ. We have been expecting 2 AIF Officers at any day but they have not arrived. We have none at schools.

AQ: I will go into the officers position with you.

Major Barbour: That raises another point.... I see 15 Bde sec.

G.I.: I see can't be treated so generously. You will just have to leave them a workable number.

G.I.: Are there any other points?

Major Barbour: I don't suppose it is possible to give any indication as to the time we have?

G.I.: Adv HQ have got to be ready by 20 Feb. We will have to leave someone behind to gather in the bits and get rear HQ to pick them up on the way.

G.I.: Sigs will carry on normal operations as we will not have to pull them out until 20th.

Major Barbour: What about on the 21st?

G.I.: That is when the C.R.A.'s suggestion (to leave the RAA sig secs carry on) comes in.

AQ: They will have to be X-rayed, inoculated vaccinated, evacuated identity discs will have to be stamped, AIF numbers fixed up. I can tell you that you will have to get off your seats.

G.I.: Rear HQ has to be ready to move by 3 Mar - the balance of ASC HQ and the balance of sigs. We are taking all the Engs in the first batch - to Major Barbour - you should have all yours back by then.

DAAG: Will we cut out the 15th Bde - they are going down tomorrow for X-ray etc - at the expense of Div tps etc.

AQ: No. You will have to get a move on with Sigs & Div HQ.

DAAG: They can only do a maximum of 250 per day.

CRE: Do you know where by 15th Coy is?

AQ: With our Owen guns - they're right. They have got to the 3rd of Mar to get here - they will never get any further.

Major Barbour: What about kit stores; we will have to prepare them I suppose.

AQ: Yes. You will be getting so many instructions tomorrow you will wonder what's hit you. You had better get your QM out of bed when you

get back and start him. Take their SD greatcoats etc off them tomorrow and leave them in their shorts and shirts until we give them their greens. I dont know about blankets. I have been sleeping with only one blanket lately. Is it too cold with only one blanket. - To DAQMG - we had better stick to Appx A

ADMS: I dont think one blanket is any hardship.

AQ: These are just a few suggestions. Its going to be a 22 hour a day job of work.

G1 to Major Barbour: Is there any sig service which you are doing now on which you can cut down.

Major Barbour: No sir because we are at a minimum at the moment

G1: Here?

Major Barbour: Doesnt help us they are running pretty hot to the Bdees at the moment.

NOTES ON MOVE OF HQ 3 Aust Div

1 HQ will move in two echelons:-

(a) Adv HQ, consisting of:-

AASC	2	8	10

(b) Rear HQ, consisting of:-

Normal Rear HQ plus balance of HQ Comd AASC
plus balance of HQ Sigs 3 Aust Div, HQ Coy
Sigs and No 1 Coy Sigs and HQ No 3 Coy
plus 231 LAD.

2 HQ RAA will NOT move. HQ RAA will comd and administer all tps of 3 Aust Div who remain in the area.

3 All units in para 1 move with complete WE excluding vehs except any jeeps which will be taken.

All units move on tropical scale ~~am~~ both for pers and for WE where a tropical scale is laid down.

First line amn will be taken.

All units will notify deficiencies in controlled stores and these, when notified to First Aust Army, are to be shown by units and NOT in bulk for the whole of HQ 3 Div and att HQ.

4 Movt of HQ RAE, AASC subject to confirmation.

5 Proposed loading of HQ 3 Aust Div and 15 Aust Inf Bde is shown on att slip.

6 Balance of 4 Bde will probably embark on two "Liberty" ships or three smaller ships, probably the former, on the 20th.

7 A recce gp of 15 Bde will be mov ng on same ship as Adv HQ 3 Aust Div. This gp is merely to make normal adv party arrangements and has no op role. Suggest it might consist of SC or SC(L) and IO and 6 ORs.

8 In loading of 15 Bde units first consideration is to get maximum number of rifle coys. Where an odd figure exists which will not make up a full rifle coy then HQ Coy should be included in the following order of priority:-

Mortar pl, MMG pl, Sig pl.

A question of a def pl for Div HQ requires urgent consideration. This must be organised from drs and intensive trg given them in time remaining and during voyage. In addition a sec of Pro coy should be included with Adv HQ. This will assist in protective arrangements.

Your GSI45/379 although dated 4 Feb was not received at this HQ until 6 Feb, too late to arrange for the check desired.

2. Any such request must reach the Civil Censor at least 24 hours, and preferably longer, before the commencement of the period affected. You will appreciate that much work is involved both in the actual censorship and time taken up in preliminary arrangements.

3. Will you please see that any future requests are made in ample time bearing in mind that a further memo must be despatched *from* for GSI this HQ.

4. In cases only of emergency, where it is impossible to give sufficient notice through this HQ, request may be made direct to Civil Censor, with copy to this HQ and copy to GSI HQ Q'land L of C Area. The results of the check are to be forwarded to this HQ as usual and such procedure may also be adopted when time *inhibits* normal procedure.

WEAPON TRAINING

Ref 3 Aust Div 02667, 02669, 02672.

- 1 Recently it has been found that units, landing in NEW GUINEA, have arrived with weapons in a bad state of care and cleanliness. It must be impressed on all ranks that all weapons must be ready to function in action at all times. Units will take immediate steps to ensure that officers and NCOs fully appreciate the importance of such a state of readiness and that weapons are ready for action at all times, whether when units are on the move or stationary.
- 2 Owen SMG
Owen SMGs will be issued shortly in lieu of TSMGs. Units will, in the immediate future, allow adequate training periods for instruction in the care, elementary handling and mechanism of this weapon. This training will be given to all ranks in the bde gp (excl the fd amb).
- 3 For the above purpose, 25000 rounds Owen SMG ammunition will be delivered to each bde gp. This will allow each man to fire 10 rounds from the Owen gun.
- 4 Grenades
Every man in inf bns and fd coys will be given instruction in the mechanism, priming and throwing of grenades. Units will draw the remainder of their entitlement of grenades for the current year in order to allow as many men as possible to throw live grenades. All personnel who do NOT throw a live grenade MUST witness the throwing of grenades.

RECALL OF PERSONNEL FROM SCHOOLS

Ref 3 Aust Div 02857, 02859.

- 1 It will not be the policy to recall personnel at present at schools.
- 2 Where personnel are occupying essential or key positions application (with reasons) may be made to this HQ for their recall.
- 3 This HQ will arrange to cancel any nominations for future schools as may be necessary, and will notify bdes if and when this is done.
