From 5 aust div Q505 20

for Gen HERRING from Gen MILFORD (.) PART TWO of Q505 (.) American engrs under MATTHEWS HAVE INSTRUCTIONS TO [illegible] port development and exit roads in immediate vicinity of the port (.) MATTHEWS contemplates no work in aust base sub area except as necessary adjunct to American requirements (.) he states his programme which also includes BINOCULAR strip and MARKHAM RD and strips is already beyond his resources and he cannot divert his resources to meet needs in the aust base sub area (.) the existing roads in the aust base sub area are merely narrow earth tracks which will immediately become impassable if much traffic is put on them (.) to remove aust stores from beach even to temporary locations involves immediate construction of roads through low lying ground (.) the acceptance of stores until some roads are available will be extremely difficult (.) there is practically no aust engr mechanical eqpt now available at BINOCUAR (.) all mechanical eqpt of KEYBOARD engrs except tip trucks goes to DIMINISH (.) US engrs at DOUBLET will not release their mechanical eqpt for immediate transfer to BINOCUAR without directions from USA authorities (.) my signal G 1027 of 19 sep refers no reply received (.) this eqpt is in any case in [illegible] very poor condition and quite insufficient (.) the need for aust engr units with heavy mech eqpt is therefore extremely urgent especially tip trucks gravel leading

eggs and graders (.) the construction of access roads to permanent depots involves a very large road construction programme (.) please advise

Subject: MESSAGE OF CONGRATULATIONS

HQ 5 Aust Div (AIF)
7 Sep 43.
A. 300

On the successful conclusion of operations against the enemy and the capture of SALAMAUA I sincerely congratulate all ranks on the gallant and efficient manner in which they have carried out their allotted tasks.

The campaign has been waged under extremely arduous conditions demanding the greatest tenacity and determination. The nature of the country has imposed most severe physical difficulties yet these have been overcome through diligence and perseverance.

Seldom has the success of an operation depended so much on complete co-operation between all arms and branches of the service. It is impossible to record my appreciation of the work of each individual unit; in all cases the tasks allotted have been cheerfully carried through to a successful conclusion.

I am conscious that all credit due for the success of our operations lies with my commanders and staff whose work has been outstanding and to the officers and men under their command who have fought with the bravery, self-sacrifice and determination which render victory inevitable.

Please convey my appreciation to all ranks.

Subtended is a copy of a message of congratulations received from the C-in-C Allied Landforces in SWPA -

"Hearty congratulations to yourself and all ranks under your comd on splendid work in capturing SALAMAUA."
