RESTRICTED.

ROUTINE ORDERS
by
LT. COL. D.F. RAE, COMD 35 AUST INF. BN. AIF.
Part 1 No.19.

---

152. DUTIES.

Duties as required will be detailed by R.S.M.

153. RESTRICTION OF PAY WHEN MEMBER IS IN HOSPITAL. (GRO.F127)

The pay which may be drawn by a member while he is a patient in a military hospital or convalescent in a convalescent home or depot may be restricted to such amounts within his credit as may be fixed from time to time by the commanding officer of the military hospital or convalescent home or depot in which the member is a patient or convalescent.

4. ABSENCE WITHOUT LEAVE - SUSPENSION OF ALLOTMENTS & DEPENDANTS ALLOWANCES (GRO.F.128)

1. Amendments have been made to war financial (Military Forces) regulations providing for the shortening of the period upon the expiration of which, a member's allotment and dependant's allowance will be suspended in the event of his absence without leave. These amendments have effect on and from 1 Jun '44.

2. Where a member has been declared an illegal absentee, the District Finance Officer will under the regulations as now amended, take the action outlined in paras. 3 and 4 of this order.

3. Where no dependant's allowance is payable in respect of the member's allotment, the District Finance Officer will suspend payment of the allotment as from the earliest possible date.

4. Where the member has made an allotment in respect of which dependant's allowance is payable, the District Finance Officer will at once forward a notice to the member's allottee. This notice will inform the allottee that the allotment and the dependant's allowance will be suspended after payment of two more fortnightly instalments including any instalments which may be payable on the date of the notice.

5. In addition to the forfeiture of all active and deferred pay (including the amount paid as allotment) for the whole of the period of the member's absence without leave, the total amount of dependants allowance paid in respect of any day after the date of the notice mentioned in para 4 of this order will be debited to the member and will be recovered from his future pay.

6. Any allotment and related dependants allowance which has been suspended on account of the member's absence without leave will not be reinstated until the District Finance Officer has been advised of the member's apprehension or return to duty.

155. FIRES. (8 Bde. A291)

Numerous instances have occurred recently of personnel receiving severe burns as a result of lighting fires with petrol. The attention of all ranks will be drawn to the danger of such practice which will cease forthwith.

156. DRYING OF CLOTHES. (8 Bde. A292)

The practice of spreading clothing on the ground whilst drying will cease owing to the possibility of it becoming mite-infested.

157 CONSERVATION OF CURRENCY (N.G. Force A121)

1. To conserve currency in the area, members returning to the mainland will not, except for special reasons be paid more than £5 each.

2. Such members may draw the full amount credited in their respective pay books on arrival at the unit or depot on the mainland to which they are moved or at the mainland L.T.D. from which they are released on leave as the case may be.

ALL OFFICERS.

AUSTRALIAN MILITARY FORCES
35 AUST. INT. BN. AIF.

SECURITY.

Subtended is 8 Aust. Inf. Bde. AIF memo. 1/482/'44 of 5 Jul '44.

"Attention is directed to the following adaptions from MEF Weekly Int. Summary No. 180 in regard to Security.

2. FS personnel who have been lecturing on security, exemplify the keen interest on the part of OR in all matters relating to censorship, and reports show that as a result of this interest, the majority of OR have a reasonably sound knowledge of what they may or may not say in letters.

3. Reports indicate that the percentage of Officers attending these lectures is small, and that the percentage of Officers mail requiring treatment by censors is always greater than that of OR. The manner in which letters are franked, indicates a general lack of familiarity with Fd. Censorship Instr. No.4, which lays down the correct procedure to adopt in the franking of mail.

4. It is evident that OR are aware of this ignorance, and resent their mail being franked by officers who do not strictly follow the regulations.

5. It is the duty of COs to ensure that all security lectures are attended by officers as well as ORs and Officers become fully acquainted with Field Censorship Instruction No.4, and thus destroy this spirit of resentment which is increasing in units."

2. On the occasion of future lectures by F.S.S. personnel, all Officers not engaged on special duties will attend.

3. All Officers will forthwith acquaint themselves with the contents of IHQ Field Censorship Instruction No.4 of 30 Jun '43. If no copy is available in Company Orderly Room, access may be had to Unit copy at Bn. HQ.

APPENDIX 'J'

AUSTRALIAN MILITARY FORCES

RESTRICTED. 35 AUST. INF. BN. AIF 11 Jul '44.

ROUTINE ORDERS
by
Lt. COL. D.F. RAE M.C. COM'D. 35 AUST.INF.BN. AIF.

Part 1. No. 20.

160. INCOME TAX LIABILITY AND RETURNS. (GRO F.223/44)
(a) Income tax returns for financial year ending 30 Jun '44 need NOT be furnished by members whose private income earned in Australia i.e. excluding Military income, did NOT exceed £250 during that period.
(b) Income tax forms are being obtained and will be available from the Pay Sgt.
(c) The present position in regard to exemptions of military income from taxation is briefly set out hereunder:-

(a) If a member embarks for service outside Australia and, within the 12 months following the date of embarkation, serves outside Australia for a continuous period of 90 days or periods which aggregate not less than 180 days, then, subject to the provisions of sub-para (d) of this paragraph, income earned by him in Australia as a member of the forces is exempt from tax:-

(i) for the income year prior to the income year during which he embarks;
(ii) from the commencement of the income year of embarkation to the date of embarkation; and
(iii) during the period of 90 days following the date of his resumption of duty in Australia on his return;

(b) all military income earned outside Australia is exempt from tax;

(c) a member who dies abroad or who is returned to Australia on account of injury or illness will be entitled to the same exemptions as indicated in sub-para (a) although he has not completed a qualifying period of service therein mentioned; and

(d) a member who serves outside Australia on duty of a special nature or short duration, such as voyage only, inspectional duties, etc., will be exempt from taxation in respect only of such military income as is actually earned outside Australia and will not be entitled to the exemptions mentioned in sub-para (a).

161. CLOTHES RATION COUPONS 1943/44 (NGF 41[illegible] of 1 Jul '44)
Approval has been given for the exchange of all 1943/44 coupons in the hands of New Guinea personnel for the new coupons of the 1944/45 series.
2. Where exchange of coupons is required, Coys. will contact Pay Sgt. for directions.

162. WATCHES - CARRYING OF (NGF 0132 - 1 Jul '44)
All personnel having watches GS on issue will ensure that they are carried by means of a lanyard, to be attached either to the wearers clothing or looped over the neck. Where watches are not fitted with a ring and other suitable means of attachment is not possible they will be sent to AETE 2nd Echelon Workshops for fitting of suitable holding device.

163. DISCHARGE TO INDUSTRY. (5 Aust. Div. R/O 0.236, 8 Jul '44)
1. The discharge to industry of the number of serving personnel directed by War Cabinet has almost reached the prescribed quota.
2. Eligibility for discharge will be as defined in GRO 1736/43. This order will NOT be cancelled for the time being.
Units will NOT forward to Division, applications from members who are NOT eligible for discharge, unless such action is justified on compassionate or hardship grounds.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

163 (Continued)

3. The MPR procedure will be continued as a means to implement the discharge to industry of personnel recommended by the Man-power Directorate and who are eligible under the provisions of GRO A736/43.

4. Applications based on compassionate grounds will continue to be dealt with as usual.

164. CARE OF BREAD (5 Aust. Div. R/O 9.236 of 8 Jul '44.

1. The present transport difficulties necessitate the carriage of bread by the morning courier. On many occasions damage to bread has been caused by both personnel and personal gear.

2. Personnel travelling by courier are instructed to keep clear of bread area and that personal gear is not dumped on bread coverings.

165. REGIMENTAL CANTEEN ACCOUNT. Attached to this order as Appendix A, Trading A/c and Balance Sheet of Regimental Canteen for period 3 Jun '44 to 30 Jun '44.

166. PART WORN CLOTHING - RETURN OF.

All part worn clothing will in future be returned to Battalion Q.M. Worn clothing belonging to skin treatment patients will be suitably labelled and kept separate from other clothing.

Part 1 No. 21.

167. OUT OF BOUNDS. (5 Div. RO.A242 - 15 Jul '44.)

1. The Air Port area at MADANG has been placed Out of Bounds to all personnel other than members employed in the constructio and operation of same or having written permission to be in tha area.

2. The recreation grounds and sports oval in MADANG Townsite area is available at all times for organised sports and may be used by units.

168. IDEAS FOR IMPROVEMENTS TO EQUIPMENT. (5 Div. RO. A.245 15 Jul '4

1. The soldier and Regimental Officer being the actual users o army equipment can often see the need for improvements and thin of means for effecting them.

2. Recently a soldier, irritated by his boot laces when tied round the ankle constantly slipping up over the top of the boot, suggested that a loop be incorporated in the back of the boot. IHQ adopted the idea and now all boots AB Universal are being made with this loop. Actually the soldier's own design was not perfect and has been modified, but his idea is good and he will receive monetary reward for it. Where an idea can be patented the army inventions department will give the soldier professiona advice in safeguarding his interest.

3. All Officers are therefore requested to bring these facts to the notice of their men and encourage them to put forward ideas Any such ideas will be forwarded through the usual channels to this Headquarters for forwarding to IHQ.

169. LOSS OF PAINTINGS (8 Bde. RO. A306 of 11 Jul '44.)

1. Between 17 and 21 May '44 three paintings by an official war artist disappeared from HQ. Milne Bay Base Sub.A.

175. TELEGRAMS. DATES OF LODGMENT (Ref. 5 Div. PO. 1250/44.)

Cases have occurred in which telegrams lodged by personnel in New Guinea have reached mainland addresses at dates SUBSEQUENT to Army advices to next of kin of the death in action of the soldier concerned. These occurrences have been the cause of great distress and, recipients of the delayed messages being given misplaced and that in the circumstances the casualty telegram is in error.

To make clear to recipients the actual date of origin of telegrams from soldiers in New Guinea, it has accordingly been decided to require that the date, e.g. 30 Jun '44 be inserted after the signature in tele rams lodged by personnel. The date det ll will be regarded as chargeable additions and thus to be taken into account in assessing amounts to be collected from senders.

176. ISSUE OF ANTI-MITE FLUID (Ref. 5 Div. RO. 9.251'44.)

1. The scale of issue for anti-mite fluid has been increased from 4 to 6 fluid ozs per man per 28 days in areas designated by ADMS.

2. The minimum issue of anti-mite fluid will be 7 days' entitlement.

3. The DOGURA - HANSA BAY area has been approved for full issue. In all other areas approval must first be obtained from HQ. 5 Aust. Div. which lay down the scale depending on supplies available.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

177. HANDLING AND USE OF NATIVE LABOUR (Ref. 5 Div. RO 0252/44)

1. Natives will NOT be employed on duties normally performed by troops and for which a W.E. is provided.

2. NG Force Instruction 0.3699 states;

"Except where approval has been given by HQ. NG Force for natives to be employed on other duties, they will be employed only on the following tasks.

Plantation work (under ANGPCB)	Malaria Control.
Engr. Works	Crews for Small Craft.
Hut Construction.	Docks Operating.
Carrying	General Labouring, such as in
Clearing and grass cutting.	dumps and unloading small ships.

3. The manner of handling natives to achieve the best results is as follows;

(a) A group of natives will normally be accompanied by a white overseer who is responsible for seeing that the natives carry out the duties allotted to them in a proper manner and as expeditiously as possible; all orders to the natives being given through the overseer.

(b) Aust or Allied personnel will NOT be permitted to fraternize with the natives at any time, nor engage them in conversation, nor shall they offer them presents of any kind including tobacco or cigarettes. The practice of bartering will not be permitted.

4. It is to be impressed on all concerned that the prestige of the white man in the eyes of the natives must be maintained at all costs, only by so doing can the best results be achieved.

178. AIR MAILS TO UNITED KINGDOM (Ref. 5 Div. RO 0253/44)

1. It is advised that aircraft capacity is now available over the air service route from CEYLON to the UNITED KINGDOM via EGYPT and GIBRALTAR for the carriage of air mails from AUSTRALIA. Air conveyance of the mails from GIBRALTAR to the UNITED KINGDOM cannot be guaranteed, but it is anticipated that the sea transmission of the mails over that section of the route will seldom be necessary. Unfortunately, however, the service in the reverse direction cannot at present be used to accelerate the transmission of airmails from the UNITED KINGDOM to AUSTRALIA.

2. Until air service facilities across the Indian Ocean become available, the air mails from AUSTRALIA will be forwarded by sea to connect with the air service from INDIA Vessels sailing to CEYLON INDIA, EGYPT and even SOUTH AFRICA will be utilised according to the suitability of their sailing schedules, and it is anticipated that the new arrangement will bring about a pronounced improvement in the transmission time of air mails to the UNITED KINGDOM. However, as there may still be a demand for the transmission of correspondence by the route of the present service viz., by sea to the United States and thence by air to the UNITED KINGDOM, that service will, for the time being, continue to be used for correspondence bearing the appropriate fee (2/1d per half ounce) and superscribed for transmission via the United States.

3. (a) A flat rate of 1/6d. per half ounce for letters and 9d. for postcards will be charged for correspondence sent by the new route via INDIA. The service will be available for correspondence to members of the Forces and civilians in countries in EUROPE, AFRICA and ASIA to the west of INDIA, postal communication with which has not been suspended. In some cases, however, aerial conveyance will be accorded for only part of the journey beyond INDIA. No routing superscription on the envelopes will be required, but each article must bear the air mail label or be prominently endorsed "By Air Mail."

AUSTRALIAN WAR MEMORIAL RCDIG1023656

(b) The previous limitation of 2 ozs. which applied to correspondence sent via United States will not apply to correspondence sent by the new route.

4. Separate instructions have been issued through postal channels for this service to come into force forthwith.

179. TRAVEL TO DECLARED AREAS UNDER NATIONAL SECURITY (GENERAL) REGULATIONS. (Ref. 5 Div. RO 0254'44)

1. The following amendment to the instructions relating to the restriction of Interstate passenger transport in the mainland has been issued in respect of travel of civilians and service personnel paying their own fares.

"Certain areas may be declared under National Security (General) Regulations by the Defence Authorities and all civilians and Service personnel paying their own fares entering these areas must hold a "Permit of Entry" from the Defence Authorities. These "Permits of Entry" are required for all travel, whether interstate or intrastate.
Civilians, and Service personnel paying their own fares, who desire to make an interstate journey for the purpose of entering a prescribed area must, in addition to a "Permit of Entry" hold a Priority Permit, and the fact that a "Permit of Entry" is held is not to be accepted as conclusive evidence of the merits of the application. Service personnel travelling on duty or on Home Leave pass are not required to hold a "Permit of Entry".

180. VISUAL SIGNALLING - SEMAPHORE.

APPENDIX "T"

35 AUST. INF. BN. AIF.

Jul '44.

STANDINF ORDERS FOR SCRUB TYPHUS.

GENERAL. (1)
The Mochas are prevalent in areas infested with rats. All mochas are not infected with scrub typhus. Certain areas are known to be scrub typhus and other areas may be possibly infected and these fresh areas are only able to be classified as S.T. areas when cases occur.

It is considered that the areas more susce able to Scrub Typhus are those in damp swampy places especially on low banks of rivers. The Mochas besides being on the ground and old logs etc. climb on to the foliage which is damp and wet and are then picked up when brushing through. In dry areas they remain on the ground around the roots of plants and grass.

INFECTION (2)
Considered to be carried by Mochas or small mites infected with the germs and on being bitten the person becomes infected.

SYMPTOMS. (3)
The symptoms are difficult to detect at first more especially when no moche bites are able to be found. The patient gets a temperature and feels tired and languid.

PRECAUTIONS. (4)
The precautions to be taken to prevent Scrub Typhus are as follows:

(a) Treatment of clothing with anti-mite lotion and use of mosquito repellant lotion when Mite lotion not available

(b) Not sitting on ground or fallen rotten logs. Before sitting down leaves should be cut and personnel should only sit on them and not come in contact with the bare ground and logs.

(c) When bivouacing for the night, bunks should be made above the ground and if not possible, large leaves such as Banana leaves should be placed on the ground to sleep on

(d) The choosing, when the tactical situation permits, of areas for bivouacing or perimeter defence which are considered less likely to harbour mites.

(e) An appreciation by Comds. before moving forward to new operational areas as to whether the areas are known to be Scrub Typhus areas or seem likely to be. If any doubt exists then application should be made for an issue of mite lotion and all tps warned to pay particular attention to all precautions.

USE OF MITE LOTION. (5)
Mite lotion will be applied to all clothing, shirts trousers, singlets, underpants, sox, inside tops of boots and on gaiters. The issue is 2 oz. per man which is sufficient to mite 2 sets of clothing. It is applied with the fingers by dipping in the lotion and rubbing into the article, special attention being paid to the bottoms and waists of trousers, the neck and front opening of shirts, gaiters sox and inside tops of boots. Care will be taken that all parts of the cloth are treated. Clothes will be mited once every 7 days.

SUSPECT CASES. (6)
If any soldier is a suspect case or has a raised temperature he will not be allowed to use any more energy than is absolutely necessary and if possible will be carried to the RAP.
Exertion weakens the patient and lowers his strength which is required to fight the disease.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

The Coy. Comds. and Medical orderlies will immediately report to the RMO any suspect cases and he will immediately report the matter to the C.O. and special arrangements for evacuation will be made if possible.

RESPONSIBILITY.

(a)) All Officers and NCOs are responsible that;

(i) The precautions mentioned herein are carried out.

(ii) It is impressed on all men that the precautions as laid down must be carried out and the risk of infection lies to a certain extent with themselves.

(b) On receipt of an issue of Mite Lotion the miting of clothing will be carried out under supervision of Pl. Comds. Coy Comd will then render a certificate to Bn.HQ. that the clothes of all personnel of his Coy. have been mited.

(c) The seriousness of the illness must always be borne in mind owing to the percentage of fatal cases and the long convalescence required to build up the soldiers after recovery to their normal strength.

It will therefore be seen that casualties from Scrub Typhus seriously affect Unit strengths owing to the lengthy period the casualty is away before rejoining his unit.

199. SECURITY (5 Aust. Div. Int. Summary No. 348) ref. 8 Bde. R.O. G324/44.

GENERAL.

It is now six months since a War Souvenir Stamp was issued to 5 Aust. Div in which period an effective system has been evolved for its use. This system is outlined below, adherence to which will assist all sections concerned.

The Div Intelligence Officer holds the stamp. Bde. Intelligence Officers and FS Sec are kept informed by the Intelligence Officer of what souvenir articles are eligible for release by formation.

Bn. Intelligence Officer receives and holds at Intelligence Office, all articles from troops. Souvenirs are checked, those not eligible for release by formation are segregated, labelled with War Equipment Label and handed over to Field Security. Those eligible for release are listed on a slip of paper, with the owner's number, name and home address and are signed by the Bn. Intelligence Officer. Such lists are forwarded to Bde. or Field Security representative attached for onward movement to Division.

When the lists arrive at Division, the Intelligence Officer checks and signs them, and/or erases any item which cannot be released.

These items are then handed to Field Security Section who return them to the units. The FS Sec. collects all articles not released, such articles still retaining the War Equipment Label.

The Bn. Intelligence Officer returns all released articles to the individual; together with certificate complete with the War Souvenir Stamp. This certificate is the authority for release by franking officers.

All articles not released are handed into Div Salvage Unit and are evacuated through Salvage channels. High priority equipment is escorted by Field Security Section direct to higher formations.

It has been found advisable to ensure that any articles of enemy origin, even postcards or trinkets made from shell cases, etc. are treated in the above manner. Any relaxation leads to confusion. During operations or movement, Bn. Intelligence Officer issues an instruction stating that they will not accept souvenirs for treatment until further notice; this tends to decrease the traffic in souvenirs but troops still have the privilege of using the War Equipment Label and leaving articles in the temporary dumps.

The real value of the War Souvenir Stamp is during the cleaning up of the battlefield and occupied areas.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

199 (Ctd.)
Troops soon realise these souvenirs are quickly released, wherever possible, therefore they hand everything in and very willingly accept the non-release of odd items. Many valuable documents and some identifications have been obtained in this manner which previously had been lost to intelligence, mainly by irresponsible individuals who have secreted same because of its local barter value which is lost to them if sent through intelligence channels to a home address. The War Souvenir Stamp now allows these to be released locally and this malpractice has practically ceased.

NOTE. When officers forward slips for certification, they must ensure a full description of the article(s) is given and, in the case of articles previously containing explosives, they must sign each slip certifying the article has been deloused, giving rank, and appointment but NOT designation of unit.

To ensure that these instructions are carried out in entirety un'l further order, all outward parcels will be franked by Bn. Intelligence Officer.

200. MEDICAL - SUPPRESSIVE ATEBRIN IN NEW GUINEA (Ref. NGF RO A143/44)

As from the date of this order, the dosage of atebrin for all members serving in New Guinea will be one tablet per man per day, i.e. seven tablets weekly.

2. If any member fails to take atebrin on any one day he will take two tablets on the following day. If two successive days are missed, three tablets will be taken on the following day.

3. The strictest supervision will be exercised to ensure that atebrin is taken in accordance with this order.

4. All previous orders and instructions relative to the dosage of atebrin in New Guinea are cancelled.

This order will be implemented on and from 1 Aug '44. The minute regarding no action until further advice on Coy. copies of NGF Routine orders issued 28 Jul '44 is hereby cancelled.

201. CAMERAS & CONTROL OF PHOTOGRAPHY (ref. NGF RO. G150/44)

Published for general information is a list of photographers approved for TASMANIA for the purposes of para 3 of GRO G13/44. This list is in addition to that published previously.

202. MEDICAL - VENEREAL DISEASE (ref. NGF RO. A152/44)

1. Statistics indicate that a large proportion of members infected with venereal disease have taken no precautions and had not received lectures in conformity with GRO A814/43.

2. Although there is no VD problem in New Guinea, unit lectures in accordance with para 6 (a) of GRO A814/43 will continue to be given at intervals not exceeding 3 months

3. Training films, "Subject for Discussion" and "Sex Hygiene" are being circulated to Formations and Base Sub Areas on a fixed itinerary. The maximum use will be made of these films for general instruction regarding venereal disease.

The necessary lectures will be given by RMO in arrangement with Bn. HQ.

Long Patrol.	(v)	Same as for long recce. with medical orderly attached.

3. TYPES OF PATROLS AND TASKS.

(a) Recce Patrol.

For obtaining information without having to fight.
For short patrols, strength approx. 3 men, may be

1 Officer and 2 men.
1 NCO and 2 men.

For long patrols strength increased as to time and task.

Tasks. (1) Recce. for new track for alternate L of C.
(2) Recce. of native pads.
(3) Recce. of tracks to enemy flank.
(4) Recce. for disposition of enemy.
(5) Recce. of enemy positions, to learn strength and armament.
(6) Recce. rear of fwd. enemy positions, to ascertain movement of his L of C.
(7) Recce. to note accuracy of previous bombing.
(8) Recce. for O.Ps.
(9) Recce. for fwd. bases.
(10) Recce. for air dropping ground.

(b) Fighting Patrol.

Must be prepared to fight for information.
Strength varies from 1 Section to 1 Pl. depending on opposition expected.

Tasks. (1) Ambush.
(2) Destroy small concentrations.
(3) Operate in enemy rear, destroying dumps and attacking his L of C.
(4) Counter enemy patrol activity in our rear or flanks.
(5) Attacks on enemy positions to ascertain their strength and position.
(6) Diversions.
(7) To maintain contact after a successful attack and to observe his movements.
(8) Take prisoners for interrogation.
(9) Patrol and secure our own flanks.

Stress. aggressiveness and determination. Always on offensive - must retain mobility. Attacks on L of C. causes disruption and panic and diverts reserve tps. to task of securing L. of C. If patrol disorganised they reform at prearranged R.V.

(c) Standing Patrols.

Strength. Usually one section and maybe a platoon placed forward of F.D.Ls.

(2) To deny him knowledge of our main defensive positions by preventing his entry.
(3) To prevent surprise attacks by affording protection and warning of enemy movement.
(4) To deny him the use of a track by ambushing.
(5) Fwd. of position for information, such as on track leading to own position.

Stress. Must be alert to avoid surprise attacks. Bren and E.Y. rifle would be included.

(d) Harassing Patrols.

Strength. From 3 men to one per platoon.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

(d) Harassing Patrols (Ctd.)

Tasks.

(1) Morale buster.
(2) Shoot movement in enemy perimeter. (sniping)
(3) To make demonstrations on enemy flanks by noise and weapon.
(4) To harass L of C.

(e) General Remarks.

Infm. gained by patrols is basis of any comd. plan - from sec. leader to div. comd. Patrol is eyes and ears of commander. The only method of obtaining definite information in the jungle is by patrols.

Most Important.

To get correct infm. MUST BE TRUTH. Every patrol produces some infm. even if only negative infm. it may be extremely useful. MUST get infm. you go after. Stress. All men on the patrol must report to I.O. immediately on return and patrol ldr. will hand in his report. Infm. is seldom of any value unless it is passed on immediately. All members of patrol should be questioned. Get mental pictur of topography for checking with aerial photos Bn. H.Q.

(f) Reports.

Immediately on return, patrol will report to I.C. at HQ. immediately and make their report. Report should be given in the following stylo as pro-forma below.

Note. Sketch should be attached if possible giving traverse of route together with information as to rivers, creeks, tracks, prominent features, types of country and covering, places suitable for making landing strips or air strip dropping.

(g) Hints on Patrolling.

(1) Move by bounds.
(2) Halting and listening frequently.
(3) Smelling.
(4) Hand signals - NO vocal orders.
(5) Freezing on hearing unusual sound.
(6) Observation of tracks for volume of enemy mvt. types of footprints and freshness of spoor.
(7) Marks on trees (cloth or lap lap used by Japs on trees to denote tracks.
(8) Native practice on tracks is to slash mark trees on route with one clean stroke. (Jap usually makes three or four cuts (blunt machete).
(9) Careful mvt. on edge of track conceals your footprints.
(10) Don't cut his wire unless ordered to.
(11) Blaze on tree with red circle denotes Jap mines in the vicinity - Beware.

Date.....
Coy .....
.....
(Signature of Issuing Offr.

(27) Chits are NOT transferable between personnel.

(28) Chits will be issued to personnel by an Officer who will complete and sign same. Rate of issue one per consumer on FRIDAYS & SATURDAYS. Both Chits will NOT be issued on the same day.

(29) NCO i/c Wet Canteen will hold chits on presentation, summarise the number of bottles consumed (by Coys.) and forward such information to BHQ by 1200 hrs. each MONDAY.

(30) Chits for preceding week will be destroyed by fire under supervision of Lieut. H.L. SLATTER by 1400 hrs, each MONDAY unless summary of chits from each Coy. exceeds the requirements originally supplied in which case the chits will be held and the matter referred to Bn.HQ.

(31) Lieut. H.L. SLATTER will attend at ALEXISHAFEN NORTH on issuing day and supervise purchases by Unit. Canteen NCOs.

(32) Escort (3) will be provided by Regtl. Police and will report to

AUSTRALIAN WAR MEMORIAL RCDIG1023656

(32) Lieut. SLATTER at Unit Tot lines at 1300 hrs. each FRIDAY.

(33) HQ. Coy will detail loading and unloading party of 4 O/Rs to report to Lieut. SLATTER at Unit Tot lines at 1300 hrs. each FRIDAY for handling the issue at barge pt and unit lines.

(34) Unit Tot will be used for conveyance of liquor.

(35) All care will be taken by A.A.Canteens Service to ensure that units receive their issues in good order and condition, but no responsibility will be taken by A.A. Canteens Service for damage occurring or discovered subsequently. Canteen NCO will therefore ensure that all bottles are intact at the time of purchase at the beachhead.

DISCIPLINE.

(36) Lieut. H.L. SLATTER will be responsible for maintenance of discipline and closest supervision over the consumption of alcohol. He will be in attendance at Wet Canteen between 1700 and 2030 hrs. on FRIDAYS & SATURDAYS.

(37) NCO i/c Regtl. Police will post Regtl Police at Canteen during trading hours for maintenance of discipline.

(38) Caps will be removed from all bottles by Canteen Staff prior to handing same to purchaser.

(39) Liquor will NOT be taken to, or consumed in Coy.lines, by tps. Seating accommodation will be provided in vicinity of Wet Canteen for convenience of tps.

(40) Drunkeness will be treated as a serious offence and be punished accordingly.

(41) Particular vigilance is required in NEW GUINEA having regard to the danger that one effect of excessive consumption of alcohol may be a relaxation by the member of his anti-malarial precautions, with resultant danger to himself and other members of the forces Coy. Comds. will carefully explain to all ranks that excessive consumption is definitely injurious to the health in tropical climates, and that for this reason the consumption by individuals must NOT exceed the two bottles per week laid down.

(42) The utmost co-operation of all Officers and NCOs is required to ensure compliance with the proper use of the beer and to maintain the standard of health of the tps.

SECURITY OF STORES.

(43) Regtl. Police escort of three O/Rs. detailed as per para 32 will be responsible for safe custody of liquor in canteen during non-trading hours. The escort will sleep in the canteen on FRIDAYS & SATURDAY nights and such other nights as liquor is in Canteen. During trading hours, escort will assist Canteen Staff.

SALV.

(44) NCO i/c will ensure that bottles are returned in their cases. As no charge is made for the bottles or boxes, no money will be refunded.

(45) It is appreciated that it is not possible to return all boxes and and bottles, but if it is found that the unit continually returns less than 75% of its issue, action will be taken by A.A. Canteens Services to issue beer to this unit on a bottle for bottle basis, only.

(46) NCO i/c Canteen will return empty bottles, in cases, to Salv. dump to be established for this purpose in the vicinity ALEXISHAFEN NORTH beachhead. Returns will be made when Canteen NCO reports to beachhead to draw weekly issues.

(47) Lieut. LAWLESS, 30 Aust.Inf.Bn. AIF rear party, will receive empty bottles and cases at Salvage dump and will issue to Unit representatives a receipt for number of bottles and cases returned.

OFFICERS MESSES.

(48) The monthly quota for Officers' Mess is set out in para 2.

(49) The monthly issue excl beer will be drawn in bulk at the beginning of the month commencing week-ending 5 Aug '44 and every 4 weeks thereafter.

(50) Officers' Mess will draw beer quota excl special visitors rations from unit canteen as per para 12 with normal issue of beer to unit.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

(51) VISITORS ALLOWANCE.
In order to cater for Officers from the mainland and outside Formations visiting the unit and for Officers on duty, approval has been granted for Officers Mess to draw the following additional allowance.

204 WAR SOUVENIRS (ref. 5 Aust. Div. RO. G255/44)

1. All captured enemy equipment, material, weapons etc. of every description are the property of the Commonwealth Government until released either by;

(a) The issue of a War Souvenir Certificate by Division covering their release, whereupon the article becomes the finder's property and may be passed through normal postal facilities provided the War Souvenir Certificate is attached; or

(b) THQ when of no further use to GS (Int) in which case the article will be forwarded to the address given on the covering Captured Equipment Label attached.

2. Articles normally released by Division under the War Souvenir Certificate include;

Odd articles of clothing, accoutrements, bayonets, etc, shell and cartridge cases provided same are certified deloused, flags, insignia, personal issues such as water bottles, map cases, helmets, etc. printed text books, stationeryy minor signal and engineer equipment provided same are certified by an officer of the respective arm as being of no military operational value.

However, occasionally some of the above articles may be required for intelligence purposes in which case the unit concerned will be notified.

3. Personnel sending any enemy equipment, etc not covered by War Souvenir Certificate through postal or other channels are subject to severe disciplinary action as well as the confiscation of the article concerned

205. BATTERIES, SECONDARY, PORTABLE, LEAD ACID CONSERVATION & SENTENCING. (ref. GRO 0264/44)

All ranks are impressed with the seriousness of the present shortages of batteries, secondary, portable, for MF and wireless requirements. Every effort will be made to preserve and prolong the working life of this equipment.

Replacement parts are in very short supply and new cases are unobtainable, which situation is aggravated by the return of batteries with cell covers broken and cases smashed. This wastage must be prevented and steps will be taken to ensure that defective batteries are returned, through authorised channels only, in such a condition that the maximum reclamation can be effected. Cleanliness,

AUSTRALIAN WAR MEMORIAL RCDIG1023656

regular maintenance, correct storage and use will ensure maximum service from batteries. Officers directly concerned with the operation or handling of batteries will take immediate action to reduce present excessive usage rate and all personnel will be impressed with the necessity for exercising the greatest care in handling and transportation.

The use of batteries, secondary, portable, for any unauthorised purpose such as the lighting of tents, huts and similar uses will be discontinued forthwith and such batteries will be returned to R.S.D. through normal channels immediately.

WAR SERVICE LAND SETTLEMENT ACT 1941 (NSW)

Information for Intending Applicants for Qualification Certificates.

1. Any member of the forces or discharged member of the forces, who desires to apply for land exclusively set apart under the War Service Land Settlement Act 1941 (NSW), shall first make application in the manner prescribed for a qualification certificate entitling him to apply for land. Having made the application for a qualification certificate, an application for land notified as available may then be lodged with the appropriate authority. Issue of a qualification certificate must be established before exclusive confirmation, etc, of land to an applicant can be effected.

2. Applicants for qualification certificates should note the following;

(a) If within the Commonwealth, the applicant must sign his own application and should lodge same on the prescribed Form 1.

(b) A parent or other relative or any person may make application on the prescribed form 2 on behalf of a member of the forces on service outside the Commonwealth.

(c) Application on behalf of a prisoner of war should be prepared on Form 2, and production of available documentary evidence as to the serving member's fitness and his desire to apply for land should be made. Production of correspondence and supporting references may possibly provide evidence of value to the Committee in determining these factors with reasonable satisfaction during interview. It has been proved practicable to secure an endorsed authority from a prisoner of war in Germany.

(d) Authority to represent should be signed by the serving member and be endorsed by a senior officer of rank not lower than captain in the Army, lieutenant in the Navy and flight lieutenant in the RAAF, or by a Justice of the Peace, etc, and be produced at the interview with the Committee. Where a Power of Attorney has been executed, production of same for sighting should be made at the interview.

(e) References given by practical men as to the applicant's experience and adaptability in pastoral or farming pursuits are preferred by the Committee, particularly from the applicant's previous employers if any.

(f) A discharged serviceman should produce his discharge at the interview.

(g) The Committee requires to interview the applicant, where available, or a duly authorized representative who is well informed regarding the applicant's merits, experience and fitness to engage in rural pursuits.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

Where necessary, an appointment will be arranged. It is thus important to supply a private address for prompt contact in the absence of the applicant. The issue of qualification certificates will be facilitated if applicants can be personally interviewed by the Committee. Servicemen on leave particularly are invited to call at the Committee's rooms in the Lands Department if the Qualification Certificate or the Committee's decision has not been received. Careful perusal of the instructions above will ensure satisfactory interviews and facilitate the issue of certificates where warranted. Any change of address should be notified.

3. The Act provides that persons who have been discharged from the forces for misconduct or incapacity due to their own default are not entitled to apply.

4. The Committee's address is:- The Chairman, Classification Committee, War Service Land Settlement Act, GPO Box 39A, Sydney. The office is at Room 38, Ground Floor, Lands Department, Bridge Street, Sydney. Telephone B06 - Extension 2280.

ROUTINE ORDERS

by

LT.COL. D.F. RAE, COMD. 35 AUST.INF.BN.AIF.

Part 1 No. 26.

210. DUTIES.

(a) Road working party - details as per BRO 20[illegible]4 until further advice.

(b) Amn Picquet; "D" Coy will take over amn picquet from "B" Coy 140800K and will be responsible for mounting same until relieved on 210800 K

(c) Wood fatigue - SKIN COLONY.
"D" Coy. will provide wood fatigue SKIN COLONY 14-2[illegible] Aug 44 incl.

211. DISCIPLINE - MEMBERS TRAVELLING IN ARMY VEHICLES. (ref. NGF RO.A157/44)

1. Para 10 of Standing Orders for Drivers of Mechanical Vehicles States;

"Personnel being carried on Army vehicles will not be permitted to sit on the sides or the tailboard or to stand on the running boards or guards. Except where the tactical situation makes departure from this Order necessary, troops will sit on the floor of the vehicle with their backs against the sides."

2. The senior Officer or NCO travelling in a vehicle is responsible for ensuring that all members in the vehicle comply with this Order. To assist him in the execution of this responsibility, the senior Officer or NCO will, if travelling in the cabin of a truck or van, direct a member travelling in the back of the vehicle to be responsible for ensuring that this Order is carried out."

212. IRREGULARITIES IN ENTRIES IN AAB 83 (ref. NGF RO. A158)

1. Inspection of AABs 83 indicates that in many cases there has been a failure to make complete entries in respect of matters such as leave, issue of clothing, X-ray etc.

2. A special check will therefore be made in each Coy to ensure that all necessary entries have been made in each member's AAB 83 and a certificate by the Coy. Comd that such check has been effected and that the AABs 83 are complete, will be rendered BHQ by 151800K

213. RECORDING OF LEAVE - (ref. NGF RO. A159/44)

To ensure that the information necessary to maintain AAF A63 (Record of Leave) is available to units, all Coys. will ensure that;

(a) A member has his AAB 83 when going on leave duly completed in accordance with GRO A127/44.

(b) The appropriate entries are taken from the member's AAB 83 on his return and entered in his AAF A63.

(c) When passes are available the entries in AAF A63 are checked against them.

(d) When Pass is issued by Personnel Depots, these depots will ensure, on return of a member from leave, that necessary entries have been made in his AAB 83. Where a member is not in possession of AAB 83, Depot will forward to parent unit which will enter particulars on AAF A63 and return HL1 or HL2 to Depot of issue. (These will be forwarded Coys by BHQ to adjust records)

(d) Where neither AAB 83 or Home Leave Pass is available, Coys will immediately advise BHQ who will contact the LTD from which the member was released on leave, informing it of the date on which he marched out from his unit, the amount of leave authorised, and the date he returned, and requesting it to supply particulars of the leave actually granted and the date and time of commencement and terminated.

214. GRAVES - DESECRATION (ref. NGF RO. A160/44)

1. Article 4 of the Red Cross Convention places an obligation on belligerent parties to the Convention (including Australia and Japan) to ensure that the dead are honourably interred and that their graves are respected and marked so that they may always be found.

2. Unauthorised interference with human remains is a criminal offence under the laws of New Guinea, punishable by imprisonment with hard labour.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

3. No member of the Forces will, except in the course of his duty, in any way interfere with any grave, or any dead human body of whatever nationality, or any human remains; or without authority be in possession of any such remains including the ashes of a cremated soldier.

215. NEW GUINEA FORCE ADMINISTRATIVE STANDING ORDERS (Ref. 5 Aust. Div. A6758 of 28 Jul '44)

Copies of the above orders have been issued on the basis of one copy per Coy.

In addition to being read by officers these orders should also be available to all ranks, and Coys. with forthwith place on a Notice Board or other prominent place, a notice in the following terms;

"New Guinea Force Administrative Standing Orders are available in the Coy. Orderly Room, and should be read by all members of the unit."

216. TRANSPORT - REQUISITIONING;

As from 14 Aug '44, Coys etc desiring transport will submit requisition for same on pro-forma which will be made available by BHQ. Requisitions will be delivered to Assistant Adjt. by 1600 hrs. daily, setting out the following day's requirements. The fact that a requisition has been submitted will NOT necessarily mean tpt will be made available. This is dependent on priority of work and availability of vehs. T.O. will advise Coys by 0745 hrs. daily whether the tpt requisitioned for is available. Vehicle for cartage of firewood is rostered by Bn and Coys are NOT required to requisition for this vehicle.

The above procedure will not be departed from except in cases of emergency; which will be referred to BN.HQ. before tpt is made available.

Part 1. No. 27.

APPENDIX I

217. PERMANENT DANGER AREAS.

(a) (ref. 5 Aust. Div. RO 0264.)

1. The following Unit Field Firing Range is declared a permanent danger area;

Reference Map - ALEXISHAFEN.
- 2/14 AUST.FD. REGT.
30 yard Range.
Map ref 717375. Description --Quarry.
Direction of fire - 280° and 360°.

(b) (ref. 8 Aust.Inf.Bde. memo. 13 Aug '44)

The undermentioned area has been declared a permanent danger area as a small arms range.

NORTH bdy 680394 - 690394 - 690390 - 698390
EAST bdy 698390 - 698386
SOUTH bdy 698386 - 680386
WEST bdy 680386 - 68039

(all refs 1:25000 ALEXISHAFEN.)

Direction of fire 270°

24 hrs notice of all shoots will be given to all addressees. Marked maps of areas may be inspected at Bn. Intelligence Office.

218. MITES - SCRUB TYPHUS CONTROL - SUPPLEMENT TO ATM No. 3. (ref. 5 Aust Div. RO. A266/44)

The method of application of "anti-mite fluid" vide: 5 Aust Div. Administrative Instruction No. A21 of 29 Jul '44 is:-

Method of Application.

Method of application is by rubbing the fluid into the cloth (all cloth in contact with the body) by hand. Dipping is out of the question and spraying must be avoided as it gives erratic results.

Details.

Each man receives his issue (enough to treat all his clothes, worn and unworn) in a tin He dips the finger tips of one hand in the fluid taking out enough to give a light smear over the inner surfaces of the two hands. With the smeared hands he crumples and rubs the fluid into the material with an action like that of washing, or he may spread the clothes on a flat surface and wipe the hands firmly over them. Socks and trousers being worn may be stretched and rubbed against the skin but a shirt must be taken off and it should be turned inside out to avoid the pockets. From the point of view of protection it does not matter which side of the cloth is done. There are at least 70 light smears in a fluid ounce. Heavier smears would give a patchy cover. Success depends on thoroughness. The full quantity must be used thus;

Socks. 6 smears to each If no socks are worn 6 smears inside each boot covering the whole surface, but treated boots will not protect if worn with untreated socks.

Trousers. 8 smears to each leg. 12 about the waist and fly.

Shirt. 6 smears to each sleeve, 6 about the neck and front and 12 on the body. If underpants and singlets are worn extra fluid should be issued to allow 10 smears to each garment.

Reason for requiring a complete cover is as follows:

Half an ounce distributed evenly is nearly as good as one ounce and two ounces is not better than one. Treated clothes that have been washed take half an hour to kill a mite and in that time it can easily travel over a foot of material. If the cover is patchy, mites can cross the treated barrier and bite under untreated parts. If they are kept in contact with treated cloth they do not bite. To treat a set of clothes takes 15 minutes.

219. INDIVIDUAL WATER STERILIZATION OUTFITS. (Ref. 5 Aust.RO A268/44)

All tablets dated Feb '44, and subsequently, contain Chloramine T and are greatly in advance of tablets manufactured previous to that date in respect of keeping qualities.

2. These tablets on manufacture provide 7 parts of free chlorine per million parts of water when added to 1 quart of water. It is not practicable to make a tablet providing greater amounts.

3. If local waters contain much organic matter, they may require more chlorine for superchlorination than is available in 1 tablet. Where this occurs the use of two tablets should be advised.

220. PERSONNEL - PROMOTIONS - WO's & NCOs. (ref. 5 Aust.Div.RO A268/44)

The appointment or promotion of a WO or NCO takes effect from the date notified in the Routine Orders Part II authorizing the appointment or promotion or, if no date is so notified, from the date of the order.

A CO may inform a member that a recommendation for his promotion has been submitted but, in such event, will also inform him that such promotion will not take effect until promulgated in Routine Orders Part II.

Except as provided in para 4 hereof, rank will not be assumed or badges of rank worn until the order authorizing the appointment or promotion has been promulgated in Routine Orders Part II.

In cases of operational necessity or emergency, if the promotion of a member has been approved by a formation commander pursuant to GRO A187/44, the CO may approve of the member wearing the badges of the higher rank forthwith, pending promulgation of the promotion in Routine Orders Part II. Notwithstanding this approval, the wearing of such badges will not entitle the member to the pay and allowances of such higher rank unless and until the promulgation is so promulgated.

221. CARE, CONSERVATION AND SENTENCING OF BATTERIES. (ref. 5 Aust.Div. RO 0270/44)

Ref. GRO 0264/44 & BRO 205/44.

Offrs will ensure that all batteries held are given proper storage and maintenance.

222. SALVAGE SERVICE: DIECAST BUNGS - 4 & 44 GALLON DRUMS (ref. 5 Aust. Div RO. 0.268/44)

1 It is advised that GRO 0419/44 is being amended to provide for the collection by units of all unserviceable Diecast Bungs for 4 and 44 gallon drums and the return of such Bungs to nearest Salvage Depot.

2. Stocks of Bungs will be accumulated at Salvage Depots and then consigned to the Mainland with general salvage evacuations.

223. ROAD - MADANG - ALEXISHAFEN (Ref. 5 Aust.Div. RO. 0271/44)

Section of road MADANG - ALEXISHAFEN between SIAR and NAGADA access roads is open to traffic Remainder of road from including MEIRO R. to ALEXISHAFEN is closed to ALL classes of vehicles.

224. DISCIPLINE - PUNISHMENT (ref. NGF RO. A164/44)

On charges involving authorising excess issues of cigarettes and tobacco, and negligence in respect of issues of cigarettes and tobacco to personnel under his command, NX40546 WO.(II) Smith W.A. A.A. Canteens Service, was awarded by sentence of Court Martial a severe reprimand and fine of £10.

225. PUBLICATION OF NEW GUINEA FORCE ADMINISTRATIVE STANDING ORDERS (ref. NGF RO. A165/44.

New Guinea Force Administration Standing Orders have been reprinted and distribution has been made. The basis of distribution is down to Companies. This distribution is such as to enable copies to be read by all Officers as well as O/Rs. All Officers will make a study of these orders immediately.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

225. These orders embody and replace all New Guinea Force Routine Orders of continuous operation up to 1 Jul '44 and all Administrative Orders and Instructions issued prior to 1 Jul '44 except Administrative Instruction 152 They also contain certain additional matter and as a whole comprise an administrative code applicable in New Guinea supplementary to AIR & O, GROs and similar instructions from superior command.

(a) Upon receipt of these orders, except for one copy which should be retained by each Divisional and Base Sub Area HQ, it will not be necessary for any HQ or unit to retain copies of NGF Routine Orders prior to 1 May '44.

(b) No orders of continuous operation prior to 1 Jul '44 will be referred to or quoted in any way.

(c) A similar direction applies in respect of the retention of or reference to Administrative Orders and Instructions prior to 1 Jul '44 other than Administrative Instruction 152.

The publication is a loose leaf form and amendments will be issued direct to all holders at monthly intervals mainly in the form of substitute or additional pages incorporating all Routine Orders of continuous operation issued during the preceding month and any revisions and additions considered desirable, so enabling all Coys to have available in convenient form a codification of all local Administrative Orders up to the current month.

The use within New Guinea of an abbreviation as in the following example is approved;

Full description; New Guinea Force Administrative Standing Orders Chapter 2 Section 1 Paragraph 4.
Abbreviation ASO 2/4

Attention is directed to BRO 215/44.

227. FORMATION OF TYRE REPAIR WORKSHOP SECS - AEME (ref. NGF RO. A167/44)

With a view to selection for transfer to Tyre Repair Workshop Secs, AEME, applications are called for from members whose civilian occupation was associated with the tyre and rubber trade.

Applications received will include -

No, Rank, Name, Trade Classification, Trade Group, Unit, Medical Classification, Age, Civilian Trade and information generally in respect of qualifications for appointment, and be submitted to BHQ by 21 Aug '44.

228. CANTEENS - REPURCHASE OF SURPLUS UNIT STOCKS (ref. NGF RO. Q171/44)

1. New Guinea Force Q.122 of 1944 is cancelled.

2. New Guinea Force Sec. AA Canteens Service will accept from units, and give credit for, surplus canteen stocks, only if such units are under movement to the mainland or combat areas.

3. The above surplus canteen stocks will not include tobacco, cigarettes, chocolate, biscuits nor other goods which in the opinion of New Guinea Force Sec AA Canteens Service are for any reason no longer fit for resale.

4. Units will avoid the accumulation of surplus stocks, as such stock often becomes unsaleable through deterioration.

229. EMPTY BEER BOTTLES - RETURN TO SALVAGE (ref. NGF RO Q172/44)

1 To ensure continued delivery of beer and cordial, units will return all beer bottles in a clean and sound condition to salvage depot.

2. Bottles will be packed four dozen to the case and delivered to depots at least once per week.

AUSTRALIAN WAR MEMORIAL RCDIG1023656

229. Attention is also directed to 35 Aust. Inf. Bn. AIF Standing Orders issued 21 Jul '44 - Issue and distribution of Alcoholic Liquor.

230. FIRE PRECAUTIONS IN NATIVE TYPE HUTS (ref. NGF RO. Q 173/44)

1. Cases have recently occurred where native type huts were being used as a combined workshop and Q.M. Store and fires have occurred.

2. Where a native type hut is used as a QM Store, no portion of that hut will be used as a workshop.

3. The use of stoves and lamps for heating or lighting in native type huts will only be permitted when special safety precautions are instituted.

231. SHIRTS AMENDED SIZE RANGE (ref. NGF RO. Q175/44)

DIFF. IN TRACKS VILL. ETC.

Most notable is the well worn track swinging left at wreck & the track on Nth. side of Dren. Ck. leading to first village from main track which could NOT be found.

There is a track through leading from Rd. Nth of Daran Ck. to 2 Old huts. (on R. bank (see trace)

DUMPS CONTENTS & LOCATION

Loc. of dumps on trace mapped also are as did not DS dumps not of any worth.

Other dumps are only of ammn boxes & ammn not of value

OPS LOCATED

There are no high features but trees along track would serve purpose.

JEBEL is dominant feature for many miles

WATER

Daran Ck. at bridge was bracketed. Ck. between main track & 1st well. (Ck. 10 mins from main track) has good drinking water. Light trickle between 1st well & BUSTETD.

AT BIDTETA (20 min away) is running water enough to supply a boy for drinking 20 Mins below DWOK is excellent water enough for Bn (drinking)

YELBECK mission has tank & enough water to supply a boy with drinking water

Hygeine

Very good.

COY & BN. BIVOUACS

Coy at BIDTETA & YELBECK.

Bn. at DWOCK but very steep hill to & from water of 20 mins there & back.

NATURE of TERRAIN TRAVERSED

Along main track flat & easy going from main tracks to 1st hill. there a few steep inclines - large undulations.

Between 1st hill & BIDTETA is a little stiffer climbing and a long one.

BIDTETA to DWOK is easy going except for one of two sharp climbs.

From DWOCK to YELBECK one rises about 200ft in a 15-min walk. The distance about between YELBECK & Corps area Darwin is 6½ to 7½ miles (Reckoned on our fast movement down & time

Report on Capt. Reliam's Moral & Physical conditions

Capt. (1) Berets instead of hat &c. for hill climbing.
(2) Large spanners are awkward & shake bits. They are NOT as satisfactory as small basic spanners.
(3) U.S. Gaiters instead of anklets web.
(4) Owen mag carriers should have larger buckle as bm spanners fit on right side up- As they are now they do not permit the wearing of shoulder straps & the buckling of the pack.
(5) A light iron frying pan would come in very handy if issued on basis of 1 per R.H.Q. & 1 to each sect.
(6) It is suggested that for hill climbing up to 1000-2000ft that the 90 cap & fly blowers are discarded. That a towel is necessary. One flat tin plate 1 mug & 1 spoon.
(7) Bolt should be frigged & have lug at back for laces

On arrival at HALAR Posns. were sited
& dug - also camflgd.
Sketch of posn. attached (Appendix (B))
Firelanes were cut where necessary.
The test of posns. at night was not a huge
success owing to the nature of country
making it impossible for the party detailed
to act as enemy to leave tracks & so enabling
men in posn. to shoot them because they were
expected in reality. Booby traps would have
done the same job. Sentries were practised as
far as possible in relief, on line of approach.

22 AUG. 44

Posns. further developed & camflgd.
Owing to having no grenades, booby traps
were omitted. Personnel carried out individual
cooking throughout patrol.

23 AUG 44

Posns. were filled in prior to moving
so allowing other Pls. patrolling in same area
to carry out drill as laid down.

Pt.1 No.28. LT.COL. D.F. RAE C&D. 35 AUST INF BN AIF.

---

237. DESTRUCTION OF OFFICE REFUSE (ref NGF RO G179/44).

1. Native labourers have been found to be in possession of used carbon paper and documents taken from incinerators.
2. All office refuse will be burnt under the supervision of a senior NCO whose duty it will be to ensure that all refuse placed in the incinerator is completely destroyed.

238. DISCIPLINE - BLACKMARKETING & SIMILAR OFFENCES (ref NGF RO.A180/44)

NX70640 T/Maj Donald Percival Wells, 35 Aust Works Coy was convicted by General Court Martial on 16 Jun '44 of a number of offences. He was associated with the manufacture of intoxicating liquor the manufacture and sale of intoxicating liquor, gambling, SP book-making, mis-application of unit canteen funds and other offences, and was sentenced to be cashiered, imprisoned for six months, and to be under stoppages of pay until he had made good the sum of £132. 2. 1.

239. DISCIPLINE - DESERTION (ref NGF RO A181/44)

V300706 Pte Grogan J. HQ New Guinea Force was convicted by a District Court Martial on 21 Jun '44 of desertion and sentenced (as varied on confirmation) to two years' detention.

240. EMPIRE FORCES IN AUSTRALIA - POSTAL CONCESSIONS (ref NGF RO G186/44)

1. Empire Forces serving in or passing through Australia may transmit free of postage articles weighing not more than 2 ozs when such articles are addressed to the homeland of the sender.
2. To denote eligibility for free transmission, articles must be suitably endorsed.

"ON ACTIVE SERVICE" BEF etc.

as appropriate to the Service of the member originating the correspondence.
3. Prior to reception by the Army Postal Services the article must be given specific identity by;
(a) A Unit Censorship stamp or,
(b) The normal "Concession Postal Rate Stamp."
whichever is in use by the unit with which the originator is associated.

241. MECHANICAL VEHICLES (ref NGF RO Q188/44)

1. Many instances of reckless driving of mechanical vehicles and driving at excessive speeds are occurring.
2. These and other improper practices in relation to mechanical vehicles frequently constitute a menace to to other vehicles and to the safety of personnel and are responsible for undue wear and tear on vehicles and tyres. Accordingly they must cease.
3. Personnel when driving mechanical vehicles will maintain the strictest road discipline and drive at such a speed and in such a manner that their vehicles are completely under control and they are in a position to meet any emergency that may arise.
4. The maximum speed permitted for vehicles is as laid down in ASO 14/6. Members will not drive at the maximum speed where the circumstances render that speed unsafe.
5. The following specific provisions will be observed;
(a) An officer will not drive a mechanical vehicle except;
(i) When under driving instruction;

AUSTRALIAN WAR MEMORIAL RCDIG1023656

(ii) For the purpose of maintaining his efficiency as a driver;
(iii) When operationally necessary;
(iv) During long trips, to relieve the driver of the vehicle. Subject to the foregoing, no member will drive a mechanical vehicle unless authorised by a competent authority to do so.

(b) When driving a mechanical vehicle the driver will not permit more than one person to sit beside him on the front seat.

(c) Drivers of mechanical vehicles will not when approaching road corners change to lower gear ratio for the purpose of reducing speed, but will, when necessary, reduce speed by the application of the foot brake.

(d) Personnel will not drive mechanical vehicles with tail boards swinging free. If the load is such that the tail board cannot be closed up, it will be secured in a horizontal position either with the chains provided or by rope.

(e) Wheel chains will not be carried on front bumper bar of mechanical vehicles. They will be carried only in lockers or other suitable containers.

(f) The use of wheel chains on dry roads is forbidden. Wheel chains will be used only when conditions so require.

(g) Motor cycles will be fitted with efficient silencers. Personnel will not modify silencers unless authorised by competent authority to do so.

(h) Except for operational reasons in forward areas;
(i) Pillion riding on motor cycles is forbidden.
(ii) A load of more than 20 lbs will not be carried on motor cycle rear carriers.

6. It will be the responsibility of COs to ensure that the members of their units are made fully conversant with the requirements of this Order, to continually impress upon members the necessity for strictly adhering to the same, and to enforce the provisions of the Order by taking disciplinary action in respect of breaches.

7. When Provost personnel are required as witnesses, units will notify them promptly of the time and place of hearing.

244 EXCESSIVE SPEEDS OF VEHS. (ref 8 Aust. Inf. Bde. RO.A366/44)
It has been noticed that vehs have been travelling along roads in this area at excessive speeds, which due to the present dry conditions causes unnecessary dust. Particular care will be exercised when vehs are passing Fd Bakery, MDS, offices etc. to ensure that speed is regulated to prevent this nuisance.
