MOVEMENT OF
PERSONNEL -
PROCEDURE

1. Attention is directed to 1 Aust Corps RO 156.
Units will ensure this RO is complied with, regarding movement of all personnel, on duty or on compassionate, seasonal or occupational leave.

2. Para 2 of 3 Aust Div RO 41 of 1 Feb 44 is now cancelled.

188
USE OF SISAL-
CRAFT, FIBREEN
OR MALTHOID ON
WALLS AND ROOFS
OF HUTS

1. Attention is directed to the following instructions for the use of materials in the erection of buildings:-
 - (a) Sisalcraft, Fibreen or Malthoid must NOT be stretched tightly on to walls or roofs of huts. If these materials are stretched tightly initially, owing to climatic conditions causing extreme expansion and contraction, materials will pull away from fixing and rapidly deteriorate.
 - (b) Nailing with clouts is NOT sufficient. Either
 - (i) Battens should be used; or
 - (ii) Small washers of same materials should be made and clouted through material, to timber frame.
2. Material will NOT be supplied for maintenance, in future, for replacements of walls or roofs, subject to deterioration through faulty or careless construction.

189
TREATMENT OF ALL
TIMBERS AGAINST
BOIERS

1. (a) Because of the soft nature of most constructional timbers, in this area, and the prevalence of white ants, it is most essential that all buildings be treated.
(b) This can be effected in two ways:
 - (i) By spraying or brushing the whole of the timber, in contact with the ground, with creosote; or
 - (ii) In the case of existing structures, by drilling a hole $\frac{1}{2}$ " - $\frac{3}{4}$ " into each piece of timber, and daily filling same with creosote. This should be continued for at least one week per month.

2. Supplies of creosote will be available from 3 Aust Div RAE Dump, as from 20 Apr, and units can draw same for specific jobs, by requisition on HQ RAE, through normal channels.

190
PROVISIONAL
STANDING ORDERS :
KOALA SOLDIERS
CLUB

1. Attached as Appendix "B" are provisional Standing Orders : KOALA SOLDIERS CLUB, KAIRI.
2. All COs will ensure that the widest publicity is given to the text of these SOs.

They are to be read, in full, to all personnel of all units 3 Aust Div and units stationed in KAIRI Camp Area, within 7 days of receipt of these orders.

191
MOTOR VEHICLE
ACCIDENTS

1. The number of accidents, in some cases resulting in deaths, occurring through embankments and edges of roadways collapsing under the weight of vehicles is increasing.
2. Drivers, Officers and NCOs in charge of vehicles must bear in mind the possible danger to their own safety, and the safety of personnel in their charge, through driving vehicles close to the edge of the roadways, in this area, especially when passing traffic proceeding in the opposite direction.
(To be republished in all Unit ROs.)

192
INVESTIGATIONS
INTO LOSS,
DAMAGE OR INJURY

1. Attention is directed to GRO A592/43 para 5 and GRO 624/43.
2. Wherever possible, the Officer investigating an injury must take a full statement of the occurrence, from the member injured and should question him thoroughly to elicit the true facts. It is not sufficient, merely to rely on the statement of the injured person, on the AAF D11.
3. Attention is directed to 3 Aust Div RO 71/44, regarding statements to be obtained from drivers of vehicles involved in accidents.

193
INTER-UNIT
TRANSFERS

Inter-unit transfers between units under Comd HQ 1 Aust Corps may be arranged mutually between COs, subject to the provisions of GRO 368/43, para 5, without reference to this HQ.

194
OFFENCE REPORTS
STOPPAGES OF PAY

1. Attention is directed to GRO 134/44 para 2 (b).
2. In all cases where loss of pay, either by stoppages or forfeiture, is involved, the amount, as well as the paybook No and Line No, should now be set out in the Remarks column.

195
AAF G2

1. A recent check of vehicles passing Check Post on one day, disclosed the following:

"A total of 406 vehicles were checked and a summary of omissions is shown hereunder:-

<u>Driver</u> 1	Date of Issue 9	Ref No 123	Veh No 1	Place Report 23
Time 60	Nature of Duty 8	From 23	To 30	Fuel & Oil Speedo US 39 14
Mileage Out 25	Irregular Mileage Own 67 Others 84	Tpt NCO 12	Time Depart 98

G17 (Def Veh) 202	AA 20 (Log) 102	Pamphlets M V T Inst 311	"	

2. This reveals a most unsatisfactory position and indicates a lack of supervision, on the part of many units, of the work of Transport Officers and NCOs.
3. The accuracy and completeness of unit vehicle forms requires immediate attention.
4. Further checks will be made, from time to time, and disciplinary action taken where negligence is indicated.

196
GROs

Attention is directed to GROs A132 (NOTE: Attention of all units is directed to para 4 (c) of this instruction) Q133, Q134 - 137 and F 138 for information and action where necessary.

Attention is directed to 1 Aust Corps ROs 152 (NOTE: Units who receive amendments, but who have not received correct copy of ASCs, will notify HQ 5 Aust Div) 153 - 155, 157 - 159 for information and action where necessary.

REGIMENTAL
DOCUMENTS
TRANSMISSION

1. Attention has been directed to some inconsistency between 1 Aust Corps RO 54/44 and GPO 729/45, relative to transmission of regimental documents on movement of members, particularly in circumstances involving transfer to X List.

2. Although units in this area can be regarded as semi-static, it is considered desirable, from a training point of view and in view of the possibility of quick movement of Bde Gps etc., for documents to be moved when members are evacuated for Medical reasons, beyond RAP.

3. The procedure outlined in 1 Aust Corps RO 54/44 will, therefore, be adhered to in this area.

132
AMENITIES
REPORTS

1. All units will submit a monthly report on Amenities to reach this HQ by 3rd of the following month.

2. In order to facilitate completion of consolidated report, and ensure uniformity, the pro-forma attached as Appendix "A" will be used.

160
CASUALTY

Units are reminded that a copy of Casualty Returns, affecting attached AEME personnel should be forwarded to GEME, HQ 3 Aust Div.

REMISSION OF

1. Where the balance of a sentence of detention or field punishment is remitted, the remission should be recorded in the next Offence Report submitted, as follows:-

No. Rank. Name. Unit of Accused.

171
DISCIPLINE
USE OF ROLL
BOOKS AS
EVIDENCE

1. By virtue of the provisions of the Defence Act, Sec 110A, the entries in a Company or Battery Roll Book, properly kept, are prima Facie evidence of the matters contained therein.
2. When a summary of Evidence, on charge of AWL or desertion, is being taken, if a Declaration of a Court of Inquiry (AAF A2a) or Declaration of Investigating Officer (AAF A2c) is not available, in addition to any oral evidence given, the Roll Book should also be produced and a properly certified extract thereof, attached to the Summary and forwarded to the Convening Authority.
3. If trial by Court-Martial is ordered, the original Roll Book should be taken to the Court for inspection by the members. The certified extract will be attached to the proceedings and the original book returned to the unit.
4. It is not sufficient to mark a copy of a document to be put in evidence "Certified True Copy". Certified extracts of Roll Books and copies of Declarations of Investigating Officers, etc., should bear the following certificate:-
"I certify that this is a true copy of the original of which it purports to be a copy and I am the officer having custody of the original."
(SGD)
5. It is to be noted, however, that no provision is made for using in evidence, copies of Certificates of Arrest or Surrender. The original certificates should therefore always be attached as an exhibit to the original Summary.

172
UNIT TRUST

1. Attention is directed to 3 Aust Div RO 18/44, which requires:
 - (a) Publication of receipts, expenditure, balance and certificate of audit of regimental trust funds, in unit routine orders, monthly.

3 AUST DIV "A" CIRCULAR NO 6/44

DISCIPLINE: APPLICATIONS FOR COURTS-MARTIAL

1. A number of applications for Courts-Martial for short periods of absence have been received from units under command during the past week and have been returned for summary disposal by the CO's concerned.
2. To avoid the waste of time and stationery consequent on such applications it is advised that it is not the policy of the Divisional Commander to convene a Court-Martial unless the powers of the CO are obviously exhausted.
3. As a general principle, it is considered that unit discipline should be maintained by the CO, and that he should, wherever possible, dispose of charges summarily without having to resort to Court-Martial, unless specifically directed by regulation or GRO to refer the charge to superior authority or apply for trial by Court-Martial, or the gravity of the offence, the character of the accused, or the interests of discipline require it.
4. It is considered that the powers of punishment given to a CO are sufficient to enable him to adequately dispose of a charge of absence without leave up to 28 days, unless special circumstances, such as the accused's previous record, warrant trial by Court-Martial. This is in principle, established by GRO 46/43 para 3, which directs CO's to make applications for Court-Martial in the case of absence without leave in excess of 28 days, but does not interfere with the discretion of the CO in the disposal of charges of absence for shorter periods. CO's should, therefore, be careful in dealing with charges of short periods of absence that they do not, by imposing the maximum penalty within their power, exhaust their powers to impose a proportionate punishment in respect of longer periods up to 28 days.
5. Attention is directed to the following regulations and orders:-
 - (a) AMR & O 409, as to offences which a CO may dispose of summarily without reference to superior authority. (See also Notes on Administration of Discipline on War Service (revised May 1943) at page 17).
 - (b) GRO 46/43, as to absence without leave in excess of 28 days.
 - (c) GRO 734/43, as to charges of stealing, etc.
6. All references of charges under AMR & O 409 should be made in the first place to the Bde or equivalent Commander who may, as a superior authority, direct the CO to dispose of a charge summarily, which the CO is otherwise precluded from dealing with without reference. If the CO is so authorised or directed, the authority to do so should be quoted in the Charge Report (AAF A4) and Offence Report (AF B2069) in the Remarks Column.
7. All applications for Courts-Martial should be forwarded to these HQ through Bde or equivalent HQ, and the comd should consider and add his recommendation for the benefit of the Divisional Commander. For this purpose sufficient space should be left at the foot of each application. No separate covering letter by the Bde is necessary as the original application is addressed to the Div HQ. If application for Court-Martial is made in any specific case because regulations or orders state that Court-Martial will be applied for in such case, and yet the CO, for some reason such as the previous good conduct of the soldier, considers he could adequately deal with the case, the CO may make a request for authority to do so in the application, giving his reasons for the request.

request./

8. It is requested that the attention of all CO's be directed to the contents of this circular.

DISPOSAL OF PERSONNEL CONSIDERED UNSUITABLE
FOR PRESENT APPOINTMENT

1. Attention is drawn to GROs 415 (Section 5) and 515 of 1943, and 1 Aust Corps R.O. 112/44.
2. The Corps RO avers the necessity for a continual process of disposing of personnel considered unsuitable for present appointment, and the GRO's constitute the authorities and outline the procedure for disposal. This Adm Instn is in amplification of GRO 415, Section 5(a).
3. 3 Aust Div is a Field Formation, (Jungle Division) and all personnel in units under its command, with certain isolated exceptions such as Unit Orderly Room Sergeants at Base "must be constitutionally sound and able to undergo service conditions in any operational area." In addition personnel will not be classed A2 unless they have good locomotion. The quotation comes from Page 2 of Instructions on Medical Boarding and Reclassification 1944. It refers to and includes personnel classified A2 and entails that whilst a soldier is A1 or A2, he is medically competent for service in a field formation. Accordingly, any soldier in future down graded to Class A2 will remain with his unit.
4. The foregoing allows wider scope to the Medical Board in that personnel with no particular disability, who previously would have been classified A2 may now be classified B, if in the opinion of the Board such personnel are not constitutionally capable of undergoing service conditions in an operational area.
5. Where, in its survey of personnel, a unit considers certain personnel to be unsuitable for continued employment in their present appointment, then, if such personnel are:-
 - (i) Under 35 years of age - the unit will arrange for unit medical officer to examine with a view to Medical reclassification. Those reclassified Class B or lower will be transferred out of the unit pursuant to GRO 415/43, and the others remain with the unit; or
 - (ii) Over 35 years of age - the unit will submit a nominal roll giving complete details, particularly a recommendation as to a regrading suitable in each case. A pro forma nominal roll appears as Appendix A.
