			the A/Tk Bty were unloaded immediately and moved to Malaguna	
			Camp in darkness.	

WAR DIARY or INTELLIGENCE SUMMARY

(Erase heading not required)

Army Form C.2118 (adapted.)

Unit HQ NEW GUINEA AREA *Date and Time.—From* 30 Sep 41 *To* -----

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices, Diaries, &c.
RABAUL	30 Sep 41		Zealandia troops disembarked at 1000 hrs and marched to	
			Malaguna Camp occupying "C" Coy 2/22 Bn Huts - that Company	Adm Inst No 5
			being at Vunakanau .	Adm Circ C 5
			During September there was not a great deal of work put in on	
			construction of defensive works as most of the Inf personnel	
			spent their time doing Courses and Instructional Bullrings.	
			However, adequate maintenance of defences was carried out.	
			Towards the end of the month work was stopped on permanent	
			structures at Praed Pt in view of decision to move Bty to	
			Raluana Pt. An improvement in the morale of the troops was	
			noticeable during the month and it is considered that the factors	
			contributing to the improvement were:- The granting of deferred	
			~~pay to A I F Troops; The arrival of the A/Tk Bty A I F;~~	
			Decrease in quantity of dust from Matupi Crater; Opening of	
			Anzac Hut, which since its opening has been extremely popular with men and is always well patronized.

AUSTRALIAN IMPERIAL FORCES

ROUTINE ORDERS PART 1 ....NO 108

1 SEP 1941

BY

Lt-col H H CARR.....Comd New Guinea Area

---

1. BOARD OF SURVEY

The following Officers have been appointed to a Board of Survey by Comd New Guinea Area, to inquire into and report on all Tentage on charge, at Ordnance Store at 0900hrs Wednesday 10 Sep 41.

Major W T OWEN	2/22 Bn A I F	President
Capt F E SHIER	Mil H Q	Member
Lieut D R HAAS	A A O C	Member

2. DRESS

The dress of personnel is still of an unsatisfactory standard. The following points have been noticed:-

Hats not worn correctly.
Shirts with all buttons undone.
Stockings down to the ankles.
Badges and hatbands missing.

These points must be rectified immediately and special attention paid to the dress of troops at all times.

ADM

Sgt WALLIS ceases to be seconded to M H Q for duties with Tavui Cadre as from 31 Aug 41.

4. CIVILIANS ENTERING CAMP

A number of civilians have recently entered the Malaguna Camp without authority. This is regarded very seriously and immediate steps will be taken to ensure that sentries carry out their duties properly.
Sentries must challenge all Civilians wishing to enter the camp and inspect their passes. If the Civilian is without a pass he will be directed and escorted to Mil H Q.

ROUTINE ORDERS PART I .. NO 111

BY

Lt-col H H CARR - Comd New Guinea Area

1. CONFIDENTIAL TREATMENT OF SOLDIER'S RECORDS (D R O Pt I No 4)

Advice has been received to the effect that Unit Routine Orders Part II are being posted in messes, canteens and other public places in some Commands and Districts.
It is pointed out that these documents are of a confidential nature and should not in any circumstances be displayed in the manner abovementioned.

2. PRESENTS SENT TO AND BROUGHT BACK TO AUSTRALIA BY MEMBERS OF THE A I F AND OTHERS SERVING ABROAD. REMISSION OF CUSTOMS DUTY AND SALES TAX (D R O Pt I No 4)

Advice has been received that presents and other dutiable goods may, subject to conditions enumerated hereunder, be admitted without payment of Customs Duty and Sales Tax when forwarded to Australia or brought back to Australia by the following :-

1. Members of the A I F
2. Nurses serving with the A I F
3. Australian soldiers serving in Papua and New Guinea.

The conditions governing rely from the payment of Customs Duty and Sales Tax are :-

(a) This concession is limited to the admission of dutiable goods to the value of £10 from any one individual in any twelve months and payment of duty is required in respect of any amount over £10.
(b) The word "presents" or the term "Other Dutiable Goods" is to be taken as including articles of adornment, curios, jewelry and other such articles which would ordinarily be brought back to Australia by persons returning from overseas. Apparel sent to or brought back to Australia as a present by any one of the abovementioned persons is subject to the above conditions but apparel which is the personal property of any of these persons and is brought back to Australia by them for their own use is regarded as personal effects and irrespective of value is admitted free of all duties.

3. DISPOSAL OF EMPTY CASES, WOOD-PACKING AND CONTAINERS (D R O Pt I No 4)

In the future, cases, wood-packing and empty containers will be accounted for in the following manner :-

(a) Cases and containers will be accounted for by Units as laid down in E S Os Part I Gen. paras 51 and 61.

(b) Units will be permitted to convert cases into shelving and will write them off on A A F F2 endorsing Writeoff Vouchers "converted to Unit use" -
(i) in the construction of shelving etc.
(ii) dunnage.

4. UPPER AERODROME

All vehicles are prohibited from proceeding on any part of the newly constructed portion on this aerodrome.

5. JEWISH HOLY DAYS Leave may be granted to Jewish members of the Forces on the following occasions, provided that the exigencies of the Service permits :-

NEW YEAR First day: From Sunday 21 Sep before sunset until Monday 22 Sep.

NEW YEAR Second Day: From Monday evening until Tuesday 23 Sep 41.

DAY OF ATONEMENT: From Tuesday 30 Sep until Wednesday 1 Oct 41

FEAST OF TABERNACLES : From Sunday 5 Oct 41 until Monday night 6 Oct 41
First Day

FEAST OF TABERNACLES : From Monday evening 6 Oct to Tuesday night 7 Oct 41.
Second day

over/

5. JEWISH HOLY DAYS (Contd)

SOLEMN ASSEMBLY — From 12 Oct 41 until Monday night 13 Oct 41

REJOICING OF LAW — From Monday evening 13 Oct until Tuesdaynight 14 Oct 41.

6. HOSPITAL PATIENTS

Any personnel evacuated to Military Hospital, if in possession of Discs Identity, will wear same during period of evacuation.

7. DAILY RATION/STRENGTH RETURNS

The recording of personnel "detached" and "attached" for rations has been most unsatisfactory. Instances are frequently occurring wherein a soldier is shown as "detached" by his unit, but the unit to which he is "attached" may allow periods of two to three days to elapse before showing him as "attached" for rations.

Closer co-operation is essential, and it is suggested that when detaching a man, the unit from which he is "detached" will immediately contact by 'phone the unit to which he is "attached" in order to ensure that simultaneous balancing entries will be made on the next parade state.

ROUTINE ORDERS PART I . No 113

BY

Lt-col H H CARRR- COMD NEW GUINEA AREA

---

1. N COMD INSTRUCTIONS All Units will submit returns in accordance with N Comd Instructions dated 1 Sep 41 paras A578 and Q886(586) to Mil H Q by 1200 hrs 26 Sep 41. Nil returns where necessary will be submitted.

2. DEFERRED PAY A I F The following Finance General Memorandum No 42 1 Sep 41 from A H Q is promulgated.

1. Approval has been given for the extension of the provision for deferred pay to members of the Australian Imperial Forces after six months service in Australia or upon ~~extradition~~ transfer to Darwin or such other operational stations as may be determined.

2. The provisions in Draft War Financial Regulations relating to this approval read as follows :-

"A member of the Australian Imperial Force who has not embarked for service outside Australia within the period of six months from the commencement of his service in that Force or who, within that period has been stationed at an Operational Station shall be entitled to be credited with deferred pay in accordance with the provisions of this regulation, and, for this purpose, the date upon which he completed a period of six months service or was detailed for duty at the Operational Station ~~for the purpose~~ whichever first occurs, shall be deemed th be the date of his embarkation.

"The Minister may, by order, declare any place to be an Operational Station for the purpose of this regulation, and shall specify therein a date as from which the station shall be deemed to be or have been an Operational Station for the purpose of this Regulation".

3. As an example, a member who enlisted in the A I F on 25th March 1940 and was discharged therefrom on 30th November 1940 without having left Australia, will receive deferred pay as on and from 25th September 1940 until the date of his discharge, or had he been transferred to Darwin on 15th May 1940, he would receive deferred pay as on and f from 15th May 1940.

4. Operational Stations Consideration is being given to determining the places which are to be declared Operational Stations, but meantime Darwin, Port Moresby and Rabaul may be treated as Operational Stations for this purpose.

5. Calculation of Six Months Service The period of six months service is to be reckoned from the day on which his pay as a member of the A I F commences, and will not be affected by any absence, forfeiture or leave without pay, which may have occurred during that period.

6. Officers of or above Rank of Captain In the case of officers of or above the rank of Captain, deferred pay is deducted from the rate of active pay except to the extent of 1/- per day. It is, therefore, impracticable to make retrospective adjustments to the full extent of the deferred pay. The adjustment of rates showing the fullamount of deferred pay will commence on 7th August 1941, but for any period prior to that date for which the officer is eligible for deferred pay the adjustment will be effected by showing deferred pay as 1/8 per day and leaving the active pay at the rate previously credited. In the case of any such

-/-

5. DEFERRED PAY AIF (Contd)

officers who embarked for service outside Australia prior to 7th August 1941 the adjustment will be made by crediting deferred pay at 1/- per day up to the date of such embarkation.

7. Lieutenants and other ranks. In the case of Lieutenants Warrant Officers, N C Os and men, the full amount of deferred pay will be credited from the date on which the member first becomes eligible for deferred pay.

8. Revisions of P M F allowance. In the case of members who have been entitled to an allowance of the difference between A I F and P M F rate of pay (in accordance with M B I 136 of 15th November 1940), a re-calculation of such allowance will be necessary in respect of any such members who become entitled to deferred pay. The adjustment of rates showing the full amount of deferred pay will commence on 7th August 1941. For any period prior to 7th August 1941, for which the member now becomes eligible for deferred pay the adjustment will be effected by showing as deferred pay the excess (if any) of the deferred pay over the P M F allowance; if the P M F allowance equals or exceeds the deferred pay no adjustment will be necessary; for this purpose the deferred pay of officers of or above the rank of Captain will be reckoned as 1/- per day.

9. Revision of accounts of discharged personnel. It will be necessary for District Finance Officers to examine the accounts of discharged personnel of the A I F and to make adjustments regarding deferred pay in cases covered by this approval.

[illegible] All entries in paybooks in this connection will be made by the Finance Officer. A I F Units will arrange with the Finance Officer for paybooks to be handed in for this purpose.

A A S C LINES The traffic track constructed through these lines are one way traffic only with entrance next to the main gate and under no circumstance is the speed to exceed the normal Camp speed of 5 m.p.h.

6. TRAFFIC REGULATIONS Attention of all Units is drawn to the undermentioned traffic regulations which are to be strictly adhered to by all vehicles.

Within Camp boundaries	5 m.p.h.
Namanula Rd and Rabaul Township	15 m.p.h.
Other Roads	20 m.p.h.
Battery Road	Refer M H Q R O Pt I No 75 dated 11 Jul 41.

8. FOUND One set of keys. Found on North Coast Road. Apply Mil H Q.

DIS-EMBARKATION - RABAUL 26 Sep 41

INSPECTION O C Troops will ensure that all personnel disembarking are paraded at the usual place of parade, one hour prior to zero. A thorough kit inspection will be conducted during this period.

PROCEDURE All troops will disembark in the same order in which they embarked i.e. Army No numerical order. Embarkation rolls will be made available to the Disembarkation Officer, Capt.C.L.McIlree one hour before disembarkation commences. W O MURRAY by arrangement with 2/22 Bn will act under instructions of Disembarkation Officer.

BAGGAGE Officers will arrange for their personal baggage to be stacked on promenade deck port side. O Rs will carry kitbags equipment and all personal baggage ashore. After passing through the wharf buildings, all gear except equipment and rifles will be stacked under the direction of W O MURRAY 2/22 Bn A I F who will ensure that officers baggage is unloaded. Baggage picquets under a Sgt will be detailed by 2/22 Bn.

INSPECTION OF SHIP. Inspection will be conducted by O C Troops together with Officers detailed by him prior to disembarkation.

WATER DISCIPLINE All ranks will disembark with full water bottles.

PAYBOOKS Will be collected by a member of the A A P C to be detailed by the Finance Officer. O C Troops will ensure that paybooks are ready for collection 30 minutes prior to disembarkation.

TRANSPORT Will be arranged by T O 2/22 Bn A I F.

GUIDES Four guides wearing white armbands will be detailed by 2/22 Bn and will be under the instructions of Capt.C.L.McIlree, 2/22 Bn These guides will lead personnel to quarters in Malaguna Camp (C Coy's lines). Details of A A O C, A A S C and Frt Sigs will be drafted to their own unit lines under arrangements by Disembarkation Officer.

CARGO Arrangements will be made by M H Q for cargo to be transported from wharf to delivery points. One Officer from disembarking troops will be detailed by O C Troops to liase with M H Q for this purpose.

LECTURES Lieut P E FIGGIS and one medical officer detailed by 2/10 Fd Amb will address the troops as under, prior to disembarkation at times to be arranged with O C Troops and Disembarkation Offr.

MEDICAL OFFICER - Health and Hygiene
Lieut P E FIGGIS - Security

ZERO To be arranged by Capt C.L.McIlree... and O C Troops.

SHIP'S PASSES The issue of wharf and ship's passes will be strictly controlled by Lieut FIGGIS - those only being issued to personnel on duty.

SECURITY

1. A few troops have visited HANS LUCKER who lives near the Agricultural Reserve at KERAVAT RIVER. LUCKER has two daughters about 20 years of age, and these probably are the attraction.

LUCKER is an alien of GERMAN origin, and the undesirability of any troops becoming involved with him or his family is apparent.

Therefore, troops will be discouraged from having anything to do with LUCKER or his family, and will NOT be granted leave to visit his home.

2. The Business Manager of the Vunapope Mission, Father Leonhard MULLER is a GERMAN National. Father MULLER has assisted this Force since it arrived in RABAUL, and contacts have been necessary from a business point of view. However, it is stressed that personnel who have dealings with Father MULLER must observe the utmost discretion in conversation with him. On no account is Father MULLER to be allowed to enter any of the camps in the Area.

TERRITORY OF NEW GUINEA.

Vulcanological Report for Week ended Wednesday, 3rd September, 1941.

During the week nineteen tremors were recorded on the Observatory seismograph. The following were felt locally:-

Date.	Time.	Intensity.	Approx. Epicentre.
28.8.41	9.08 a.m.	R.F.2	50 miles from Rabaul.
28.8.41	8.19 p.m.	R.F.2	90 miles from Rabaul.
29.8.41	8.55 p.m.	R.F.2	20 miles from Rabaul.
2.9.41	6.40 p.m.	R.F.3	100 miles S.W. of Rabaul.

The local seismic activity, recorded on the Matupi Observation Post seismographs, was low during the 27th and 28th August. On the 29th there was an increase and 126 very small local volcanic tremors were registered in the 24 hours. Seismic activity then declined and eruptions recommenced at the crater on the 2nd September.

A resume of the week's eruptive activity is given here:-

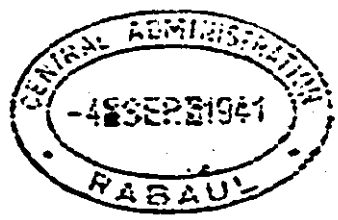

On Wednesday last (27.8.41) at 5 p.m. Tavurvur Crater broke into eruption again with the ejection of a large cloud of dust to 3,000 feet. This was followed by several others in quick succession, but eruptions quickly subsided to a more normal condition. On Thursday some of the clouds were particularly large and on Thursday night, on two occasions, a quantity of red hot rock was thrown on to the outer slope of the volcano.

Eruptions continued throughout Friday, but there were no exceptionally large clouds and at about 4.30 a.m. on Saturday (30.8.41) eruptions ceased.

Throughout Saturday, Sunday and Monday the volcano was quiescent. On Tuesday morning at about 4 a.m. eruptions recommenced.

At the present time (3.9.41) eruptions are spasmodic and mild, and no marked increase in the intensity of the eruptions is anticipated in the next two or three days.

Temperatures at Sulphur Creek, Vulcan Embayment, Matupi Bay and Rapindik showed no significant change since last week.

Vulcanological Office,
RABAUL. 4th September, 1941.

TERRITORY OF NEW GUINEA.

Vulcanological Report for Week ended Tuesday, 9th September, 1941.

Altogether, nineteen tremors registered at the Observatory and four of these were sufficiently intense to be felt locally. Details are listed below:-

Date.	Time.	Intensity.	Approximate Epicentre.
4/9/1941	5.04 a.m.	R.F. 2	175 miles from Rabaul.
5/9/1941	8.25 p.m.	R.F. 6	Direction E.S.E. from Rabaul.
9/9/1941	5.26 p.m.	R.F. 3	(?) 100 miles S.S.E. of Rabaul.
9/9/1941	9.56 p.m.	R.F. 2	?

The shock of intensity R.F. 6 on the 5th September was the strongest felt in Rabaul since the January disturbance. Both sets of seismographs were put out of action after a few seconds recording, so that no idea of the distance of the epicentre could be gauged for the main shock. This shock was followed by five others during the night, all of low intensity. Four of these had an epicentral distance of 110 to 120 miles from Rabaul. From reports received to date a position 120 miles E.S.E. of Rabaul is in good agreement with intensities recorded elsewhere.

The local seismic activity was low throughout the week.

Eruptions from Tavurvur Crater continued throughout the week. On Wednesday, 3rd September, activity was only mild although clouds of dust issued at intervals throughout the day and night. On Thursday many of the clouds were larger. As a result of the lack of wind the dust rose to greater heights and the condensation of steam caused the clotting of dust into larger, heavier specks which fell in showers resembling those of June. One explosive outburst occurred in the afternoon.

On Friday eruptions continued. An occasional cloud was fairly large, but, on the whole, activity was mild. On Saturday and until midday on Sunday the volcano was relatively inactive. On Sunday afternoon larger clouds, more heavily charged with dust, were ejected. This increased activity continued through the night and on Monday a thin cloud of gas and dust poured continuously over the crater rim. On Tuesday the amount of dust in the cloud increased.

There have been no significant changes in temperatures at Vulcan Embayment, Sulphur Creek and Rapindik.

Vulcanological Office,
RABAUL. 11th September, 1941.

TERRITORY OF NEW GUINEA.

Vulcanological Report for Week ended Tuesday, 16th September, 1941.

During the week fifteen tremors were recorded on the Observatory seismographs, and of these five were of sufficient intensity to be felt locally. Details of these are given below:-

Date.	Time.	Intensity.	Approx. Epicentre.
11/9/1941	11.15 a.m.	R.F. 2	90 miles from Rabaul.
12/9/1941	2.07 a.m.	R.F. 2	20 miles from Rabaul.
12/9/1941	5.09 p.m.	R.F. 2	75 miles from Rabaul.
14/9/1941	..	R.F. 3	95 miles from Rabaul.
15/9/1941	2.48 a.m.	R.F. 2	95 miles from Rabaul.

In the report for last week the date of the shock of intensity R.F. 6 should be 4th September.

On the 10th and 11th September, seismic activity associated with the eruption at Tavurvur was normal. At about 10 a.m. on the 12th September, unusually strong microseismic movement began to register on the Matupi Observation Post instruments. The movement consisted of a very rapid shaking lasting often for some minutes, with an amplitude of movement equal to that of the normal small volcanic tremor. Later in the day the movement increased in amplitude and duration, maintained this intensified condition for about sixteen hours, and then gradually declined, until, at present the seismogram is almost normal again.

In the early part of the week eruptive activity at the volcano increased somewhat. In the past three days there has been a considerable decrease in the amount of dust ejected and at pres[illegible] only steam and gas, with a small proportion of dust, is being emitted.

The unusually strong microseismic activity of the week-end was undoubtedly caused by a rapid rise or fall of lava in the conduit of the volcano. An inspection of the crater on Monday revealed no signs of unusual activity within the main vent, and eruptive activity has declined still further since.

In Rabalanakaia crater the increased gas production is maintained but no further changes are noted.

Temperatures and gas ebullitions remain quite normal at Sulphur Creek and Vulcan Embayment.

GENERAL ADMINISTRATION
12-SEP-1941

TERRITORY OF NEW GUINEA.

Vulcanological Report for Week ended Tuesday, 23rd September, 1941.

During the week seventeen tremors were recorded on the Observatory seismographs, and of these six were of sufficient intensity to be felt locally. Details of these are given below:-

Date.	Time.	Intensity.	Approx. Epicentre.
19/9/1941	12.40 a.m.	R.F. 2	60 miles from Rabaul.
19/9/1941	9.24 p.m.	R.F. 2	120 miles from Rabaul.
20/9/1941	5.47 a.m.	R.F. 2	120 miles from Rabaul.
21/9/1941	10.40 p.m.	R.F. 2	160 miles from Rabaul.
21/9/1941	10.36 p.m.	R.F. 2	50 miles from Rabaul.
25/9/1941	11.04 p.m.	R.F. 1 - 2	100 miles from Rabaul.

Eruptive activity during the week was mild. On Wednesday, September 17th, the gas cloud issuing from Tavurvur crater contained practically no dust. On the 18th September again no dust was emitted. At about midnight on the 18th September dust commenced to rise again from the crater. The early part of the morning of the 19th September was clear, but later billowing clouds of gas and dust appeared and continued to issue from the crater until the 24th September.

After the strong microseismic activity reported in last week's report, the seismograms had returned almost to normal on the 17th September. On the 18th September there was a repetition of this strong spasmodic microseismic movement which continued on into the 19th of September. On the afternoon of the 19th September a decline set in, and, by the afternoon of the 20th September, the seismograms were again practically normal. Since then very few volcanic tremors of any kind have been recorded.

An inspection of Rabalanakaia crater showed that the increased gas emission from the old and new fumaroles is maintained, but there has been no further change. The gas issues without pressure and no temperature over 98.5° C. was recorded. This temperature is the normal one for the gas in this crater. The composition of the gas has not changed noticeably, i.e., it still consists very largely of steam with only a trace of hydrogen sulphide and no sulphur dioxide.

There has been no change at any of the other volcanic centres.
