SERVICES TRAINING CENTRE - INSTRUCTIONAL STAFF

1. Preparatory to the resumption of voluntary enlistment approval has been given for the establishment of a Services Training Centre vide ME V/75/2 of 31 Jan 46 at INGLEBURN NSW to cater for the basic trades, IT, etc, reinforcement training for the various arms and services.
2. Due to the demobilization of personnel formerly engaged in the instructional duties at the various Army trades etc, training establishments and as certain basic trades training e.g. Fitting and Turning was previously conducted at civilian technical training establishments, difficulty is being experienced in locating the required instructional staff for the various types of training to be effected at the above Centre.
3. The attached Appendix 'A' gives details of the instructional staff required, as per ME, together with their required qualifications.
4. It is desired that addressees investigate the availability within their respective units of potential instructors of the types required.

Nominal rolls giving regimental details and qualifications of such personnel should be forwarded to reach this Headquarters by 13 March 46. Nil returns will be submitted where applicable. Nominal rolls will be rendered in accordance with Appendix 'B' attached.
5. It is appreciated that personnel may be available whose qualifications do not measure up to the standards set down in Appendix 'A', but whose qualifications and experience nevertheless indicate a good standard of trade proficiency. It is desired that those be included under the conditions of para 4 above.
