SUGGESTED AMENDMENT RATION FIGURES.

Under the present system of Ration Returns the total figures are based on the basic commodities tea, pres. meat and biscuits.

It is considered however that tea is not actually an essential commodity and thus a recommendation is submitted that the ration figures be based on the essential commodities i.e. Meat and Biscuits.

--- Attached herewith is state based on the above suggested system. Please advise if this method of calculation is acceptable.

COMPARISON RATION FIGURES 17-18 Apr

WAV

Decrease 4455 Aust Rations due to :-
 (i) Issues, thus increasing Unit holdings
 (ii) Issues of certain commodities in transit thus unbalancing AASC holdings

BULOLO Ration figures represent receipts and issues.

BALLANS Decrease due to issue from AASC of 7 days Unit Ration holdings

BEINDAWAI Increase represents stock in transit being received in AASC holdings.

WAMPIT Decrease Aust Rations represents issues.

PARTEP II Increase due to certain commodities being received from transit thus balancing AASC holdings.

GUADAGAZAL Increase represents :-

- (i) Plane Droppings
- (ii) Commodities received from transit thus balancing holdings

GENERAL

Mainly rits have been issued with 7 days holdings with unit thus decreasing AASC holdings alternatively increasing unit holdings.

COMPARISON RATIONS FIGURES 15 APR - 16 APR.

BALLANS Aust Rations shown in transit 15 Apr, now taken into stock.

SHINDENAI 240 Aust Rations issued.

PILMUNG Estimated return only 14-15 Apr due to difficult communication
Return 16 Apr actual stock position

PARTAP 11 Aust rations increase due to stock being received from transit.

EDIE CRESE Increase 4699 Aust Rations due to a transfer of commodities from WAU DEPOT thus balancing stock holdings. These commodities were held in surplus supply at WAU and in no way affected BALANCED HOLDINGS.

GUADAGAZEL Droppings 15 Apr increased Aust Rations holdings, which however are offset by issue of 1472 rations.

BULOLO Decrease 4862 native rations due mainly to conversion to new ration scale. i.e. 8 1/2 lbs per week to 10 lbs per week. All other areas had previously effected the change over.
