LOSS AND/OR DAMAGE OF STORES

The Comd is very concerned regarding the loss, damage and obvious poor accountancy of stores that has apparently been prevalent in the past. The recent amounts of money in "Write Offs" has been astounding, and far above reasonable wear and tear. Without doubt many such "Write Offs" were due to carelessness and neglect.

A serious view will, in future, be taken in connection with the loss or wrong accountancy of stores, and Unit Commanders will be held personnally responsible for such loss of Govt Property.

OVERDRAWAL OF RATIONS

1. It is noticed that some units are consistently-well overdrawn in rations, while most units are often and frequently a little overdrawn.

2. This is serious. Whilst it is known that in many cases, this is due to the inexperience of the MCO staff concerned, it must be realized that such a state of affairs reflects upon Unit Commanders, who are apparently not checking their unit ... accountancy and interior economy administration.

3. MO Caterer will render a weekly report to 'Q' Branch on ration situation, and future overdrawals will be held against the Unit Commanders Concerned.

4. The 'tricks' of rationing; for example - deliberately overdrawing to pick the eyes out of rations and return the remainder etc. will cease forthwith.
