Dear *George*,

I thought you would like to have a copy of the enclosed letter which I have just received from Field Marshal Lord Birdwood. Whether you would like to include it in the war diary and also promulgate it are of course matters for your decision.

Yours ever,

G. Wootton

Maj-Gen G.F. Wootton, CBE, DSO,
G.O.C., 9 Aust Div.

*AG Please have Gen Lord Birdwood's
letter published in D.R.D. &
then filed in WAR DIARY*

From -
LORD BIRDWOOD, F.M.

COATES,
CIRENCESTER. GLOS.
28 March.

My Dear Morshead,

It is only now that I have heard of the safe return of you and your ever very gallant Division to Australia and I feel I must tell you once more how very sincerely and heartily I do congratulate you and every one of you on the very great and brave work you have one and all carried out through all your very strenuous M.E. fighting. After all this it is only right you should all have a spell in your own beloved homeland, get I hope some very happy days with your families, get well re-equipped before once more having to take on and let us hope finally knock out those bestial but brave and cruel Japanese. That must yet take time, but every ship sunk is a nail in their coffin and we don't seem to be doing too badly in that respect. More very heavy fleet actions must be before us.

My kindest remembrances and good wishes please to all old friends and comrades. Excuse note as I write from bed, but only temporarily laid up.

Yours as ever,

(SGD) Birdwood of Anzac.

WAR DIARY

DLO's REPORT FOR JULY 43

During this month DCsM reached the high total of 138 which compared unfavourably even with the month of November 42 when 69 cases were heard this being the highest total for the Div while in the M.E. The bulk of the cases are still AWL, with a few cases of insubordination and three of wilfully injuring themselves.

Charges of conduct to the prejudice for breaches of security and kindred offences are still occurring largely for the reason that the security regulations in force appear to be more stringent than those applying in the M.E.

In most of the cases Major G C Reid PPCM was President but at times it was necessary to have two and on one occasion three Courts sitting at one time. When an officer other than Major Reid was President one of the Bde Legal Officers was appointed as Judge Advocate.

Quite a number of cases were heard after the departure of the GOC for a new area and 20 cases were referred to Comd 2 Aust Corps for confirmation. Apart from these cases nearly 40 more cases where field punishment only or short terms of detention were imposed were retained for confirmation by GOC.

A Major, 2 i/c of 2/17 Aust Inf Bn was tried summarily by GOC on two charges of AWL and was reduced in seniority.

An officer of 2/43 Aust Inf Bn was tried by Civil Court and convicted of stealing over £80 of regimental funds. He was fined and ordered to make restitution. Application to cancel his commission was made.

During some of the training undertaken by brigades there is very little legal work done and Bde Legal Officers have been used as assistant Staff Captains and Liaison Officers. The latter posting appears to be most undesirable as these are specialist officers and should not be employed on general duties. During operations there would normally be no legal work but it would seem infinitely preferable that they should be LOB. Otherwise if they became casualties they would not be available when required as there is almost certain to be quite an amount of legal work immediately after any fighting. Hence the policy of using them in forward areas on general duties seems most undesirable.

*As necessary

APPOINTMENT AND PROMOTION OF OFFICERS

Set out below for information is extract from LHQ memo 102301 of
21 June 43:

" Now that O.C.T.U. is in production the flow of reinforcement officers is assured. With reinforcement officers available from other sources and officers becoming available from disbandment and reorganizations, the stage has been reached where in some arms there is already a surplus of officers and in others this stage is being rapidly approached. It has become necessary therefore for further appointments to commissioned rank to be carefully controlled, and for this reason no further appointments to commissioned rank are to be approved other than by LHQ. Normally, O.C.T.U. graduates will meet all demands, but special cases, together with reasons, may be submitted to LHQ. "

CONGRATULATORY MESSAGE.

To Lieut-General Sir Leslie Morshead from Field Marshal Lord Birdwood:

My Dear Morshead,

It is only now that I have heard of the safe return of you and your ever very gallant Division to Australia, and I feel I must tell you once more how very sincerely and heartily I do congratulate you and every one of you on the very great and brave work you have done and all carried out through all your very strenuous M.E. fighting. After all this it is only right you should all have a spell in your own beloved homeland, get I hope some very happy days with your families, get well re-equipped before once more having to take on and let us hope, finally knock out those bestial but brave and cruel Japanese. That must yet take time, but every ship sunk is a nail in their coffin and we don't seem to be doing too badly in that respect. More very heavy fleet actions must be before us. My kindest remembrances and good wishes please, to all old friends and comrades. Excuse note as I write from bed, but only temporarily laid up.

Yours as ever,

(SGD) BIRDWOOD OF ANZAC.

PERSONNEL ACCOUNTING PROCEDURE
REORGANISATION - 2 AUST CORPS

1. For purposes of re-organisation of units now under command of HQ 2 Aust Corps, it was necessary to disregard all personnel who had not returned by a certain date, but owing to a misunderstanding, a number of units concerned struck off strength personnel who had not been transferred or who did not come within one or other of the categories specified in GRO 412/42 which authorise the 2nd Echelon Organisation to post such personnel to the "X" List of their units.
2. The 2nd Echelon Organisation is the sole authority for the posting of personnel to "X" List, and if any other authority were permitted to exercise such function, the consequences would be of a very far reaching effect, detrimental to administration, and in many instances to the individual.
3. (a) In the special circumstances existing with regard to units of 2 Aust Corps, it is essential that re-organisation so far as it is not yet complete, should proceed on the basis of personnel who are actually available, and that the same basis should be used in calculating deficiencies for purposes of supply reinforcements.
(b) On the other hand complications of an involved nature would arise if personnel were struck off strength of units outside the regular procedure for doing so.
(c) It is therefore essential to devise a special procedure which will permit both requirements being met with a minimum of trouble. This procedure which is issued in conformity with advices to 2 Aust Corps and Q'land L of C Area Records Office contained in LHQ signal A40012 of 27th June 1943 is outlined in succeeding paragraphs.
4. (a) As at the date of the submission of the next succeeding Field Return, units of 2 Aust Corps will account in Part "A" and "E" of AF W3009 for other ranks personnel on the posted strength, less only those specified in sub-paragraph (b) hereof. Units will also supply the appropriate analysis of personnel included in Part "A" in line "A" of the analysis section of the form.
(b) Units concerned will also insert in line B2 of the analysis section of the form (a line which is not normally used by Field units), suitable information as to the numbers of personnel still on posted strength of unit who have not yet returned from leave, and with the first return submitted on this basis will attach to AF W3009 a list giving the Army No., Rank, Name and initials of the individuals comprising such total, date of leaving unit and L of C Area in which leave was to be taken. The personnel included in total in line B2, and in detail in the attachment, will be known as the Leave List ("L" List). Variations in this list will be notified to Q'land Records Office weekly as directed in para 5 (b) hereunder.

(c) Thus the only personnel of posted strength of units who will be excluded from Parts "A" and "E" of AF W3009 and who will be accounted for in line B2 of Part "A" will be those who proceeded on leave and have not returned, and in respect of whom no advice has been received of transfer to "X" List on admission to hospital, detention or the like.

(d) Personnel who are merely detached MUST be accounted for as part of the posted strength until such time as they are legitimately struck off strength by transfer to another unit; to GDD vide GRO 415/43; or postings to "X" List for one of the reasons enumerated in GRO 412/42 can be expected after the rendition of appropriate casualty returns. To do otherwise can only lead to confusion. If any personnel detached are to be transferred, efforts should be made to expedite the requisite approval, and transfers effected in the normal manner.

5. (a) Advices indicate that there are substantial numbers of personnel of units of 2 Aust Corps moving from home States to rejoin their units. Directions have been issued by LHq that these personnel are to be given priority of movement, therefore it may be anticipated that in the aggregate the numbers rejoining units each week during the next few weeks will be large.

(b) On return to unit of any personnel on "L" List, advice thereof will be supplied to Q'land Records Office by an attachment to AF W3009 (in addition to the casualty return rendered in accordance with para 7 of GRO 249/43 to record return movement where travel has been in excess of 100 miles from unit locality), accounted for in parts "A" and "E" of the Field Return, and deleted from the figures in line B2 of the analysis section of the return.

(c) Should information be received that any member on "L" List has died, or been admitted to hospital or detention or he is declared an illegal absentee, the normal procedure will be followed, striking such member off the posted strength of the unit, but for ready identification in the Records Office, the symbol ("L" List) will appear against such member's name in any casualty or other advice submitted in regard thereto, but will NOT be used in any other connection. The member concerned will thereafter cease to be included in the figures given in line B2 of the analysis.

6. Should any officers be included among those who proceeded on leave and have not yet rejoined, and in respect of whom no advices authorising transfer or posting to "X" List have been received, similar action will be taken in the submission of AFs W3008 as have been directed with regard to other ranks.

7. For the temporary period during which "L" List is in force, Q'land Records Office will incorporate an additional schedule in Weekly Strength Return showing the number of officers and other ranks by units who are included in "L" List, and thereby excluded from the posted strength figures shown in the main portion of the return on which reinforcement requirements will be based.

8. During the period in which the procedure herein outlined is in force, Q'land Records Office will maintain the temporary "L" Lists as part of the posted strengths of units concerned but without affecting the actual strengths on which reinforcement requirements will be based. When the reinforcing of units is complete, any names remaining on "L" Lists (which should then have been considerably reduced), will be subject to special inquiry, and it is probable that instructions will then be issued for any not disposed of by normal postings to "X" List to be transferred to reinforcements.

-3-

9. While personnel are borne on "L" List (which does not affect status as a member of a unit nor involve any entries on his AFB 103 nor in ROs Part II, but is merely an accounting arrangement to meet a particular set of circumstances) Units will be free to take the usual action with regard to personnel concerning whom there is evidence to declare as illegal absentee.
