11 Aust Div Routine Orders
PART 1

By

Major-General C.A. CLOWES,
COMD 11 Aust Div

HQ
11 Aust Div
1 May '45

GENERAL STAFF

170. CHANGE IN NOMENCLATURE - DISCONTINUANCE OF USE OF TERM "ANTI-GAS" (GRO G297/43) (AUST UNITS)

The substitution in general use of the term "anti-gas" by term "gas" will be implemented forthwith and will alter existing Ordnance vocabulary. For example, "A/gas trg" now becomes "gas trg", "respirator A/gas" is known as "respirator gas" and so on.

171. ENGR STORES- WIRE BARBED, PICKETS STEEL, SANDBAGS

The above stores are now controlled stores. Units demanding will state :-

(a) Purpose for which required;
(b) Location and actual length of fence required.

No dannert concertina wire will be issued for static defence works.

In all cases of protective wire, consideration will be given to use of trip wire on irregular trace.

Whenever possible old wire will be reclaimed and returned to Engr Stores Dumps.

172. BLUE AND WHITE (SIGNALS) ARMLET (AUST UNITS)

Attention is drawn to GRO G211/45 which sets out pers who are authorised to wear Blue and White (Signals) armlets.

Under no circumstances will pers NOT authorised to wear this armlet under GRO G211/45 assume it as part of their dress.

Lt Col
G S 11 Aust Div

ADJUTANT AND QUARTERMASTER GENERAL'S STAFF

173. ROUTINE ORDERS

The undermentioned Orders have been issued and will be noted for information, necessary action and filed for future reference:-

G.R.O.	235	of 9 Apr '43
G.R.O.	294 - 311	of 16 Apr '45
G.R.O.	313 - 338	of 23 Apr '45
NGF Os serial 17 No 167-180 of 26 Apr '45.		

174. CIRCULARS

The following circulars have been issued since promulgation of 11 Aust Div R.O. No 16 of 24 Apr '43 :-

Subject	Branch	Date	Roneo	Distribution
Leave "X" List personnel of units in N.G.	A	25.4.45	AQ5805	A
Maintenance of ammunition	Q	27.4.45	AQ5899	A
Authorisation of New Services	A	28.4.45	AQ5925	B & C

175. GENERAL AND N G FORCE ORDERS

The attention of all units is particularly drawn to the under mentioned orders , which will be reported in all unit R.Os

GRO Q327 "Bungs and Washers for 4 gal & 44 gal Drums".
NGF O A171 "Native Administration"
NGF O A172 "Hygiene and Malaria Control."

176. LEAVE "X" LIST PERSONNEL OF UNITS IN NEW GUINEA.

1. 11 Aust Div Circular memo AQ5805 of 25 Apr '45 is amended as follows :-

Para 4(a) (second line)
Delete the figure 2 in "para 2 above" and substitute the figure 1.

177. DRESS

It has been noted that uniformity of dress is NOT enforced in units during trg, parades , etc. Comds will ensure that appropriate Standing Orders are issued and enforced. Instances of non-supply of authorised articles of clothing will be reported to this HQ.

178. TOOTHBRUSHES - REPLACEMENT ISSUES (GRO 0507/43)

1. GRO 0559/1942 provides for free issue of toothbrushes at not less than three monthly intervals.

2. Cases have been brought to notice of quartermasters refusing to issue toothbrushes other than on repayment. In such cases it is apparent that the contents of G.R.O. 0 559/1942 have not been published in unit routine orders. Action in this regard will be taken forthwith.

179. CENSUS - MAJOR MACHINE TOOLS AND WORKSHOP APPLIANCES (NGF 0 130/43)

Units will ensure that the required return reaches ADME 11 Aust Div in triplicate by 0900 hrs 5 May '45.

COMBINED TRAFFIC PATROLS - COMPLAINT BY PROVOST MARSHAL US ADV BASE

Headquarters
11 Aust Div
5 May '43

HQ N G Force

1. Ref NGF A/9832/62/26/5 of 24 Apr '43, the matters raised by the Provost Marshal , US Adv Base, have been investigated. As a result the comments appended below are submitted. In addition, a report by Major Larkins, who was A/DAPM during the period under reference, is attached for infm.

2. As stated by the A/DAPM, the burden of the complaint rests on three matters, viz :-

(a) Jeep expressly made available to 11 Aust Div for the purpose of combined patrol work has never been so used;
(b) Discrimination being exercised by 11 Aust Div Pro against US personnel;
(c) Delay in receipt by Provost Marshal US Army Adv Base of offence reports.

3. Ref 2(a) above, it is admitted that the Jeep in question was NOT employed strictly according to the initial agreement. It was however, used for Provost traffic control purposes. The complaint appears to be rather trivial in character and the grievance could easily have been rectified at once had reference been made direct by the P.M., US Base, to the A/DAPM 11 Aust Div; NO communication was , in fact , made in this connection.

Action has been taken to give effect to the original arrangement.

4. Ref 2 (b) above, the assertion that discrimination is being shown in favour of AMF personnel to the detriment of US troops is disputed and resented.

Records of 11 Aust Div Pro Coy show that from the date of inception of the system of combined patrols (11 Mar '43) to 25 Apr '43, the total figures representing offences are :-

A.M.F.	194
US Troops	153

The above figures reveal that NO discrimination has been shown in favour of AMF personnel.

Ref para 2 of the memo of the P.M. ,US Adv Base, it is NOT considered that the argument based on records for a "short period" is a sound one, since it is quite likely that over a period of a few days such a situation could arise. A close check of records would,NO doubt, also show that over other similar "short periods" the excess of AMF offenders over US ones would be even more marked than the case quoted.

It is assumed - though the position is NOT clear in that connection - that the case under reference in the last sub-para above applies to offences noted by 11 Aust Div only and NOT to all reported by the various Aust Pro units.

5. Ref para 3 (c) above, it is agreed that undue delay is occasioned by the fact that reports have been routed through a large number of authorities. In this connection again, the difficulty could have been rectified at once had the position been represented direct to this Formation.

It is proposed , in future, if sanctioned by NGF and US Adv Base, that the channel of communication in regard to reports be as follows :-

11 Aust Div Pro Coy to DAPM 11 Aust Div ;
DAPM 11 Aust Div to PM US Adv Base
(with copy to "A" 11 Aust Div)

6. In conclusion, it is desired to remark that it is regretted that it should have been thought necessary to represent such complaint in the manner chosen, before any attempt at having the difficulties adjusted by direct contact. In this connection, the attached memo from DAPM 11 Aust Div is submitted. Inter alia, this indicates that the PM, US Adv Base, has been instructed - presumably by authority of NGF - that he is NOT to have direct contact with DAPM 11 Aust Div. It is obvious that there must be a central authority here (viz. NGF) to control Pro policy and measures in the area. At the same time it is contended that, if direct contact is NOT permitted, the position will become intolerable, since any smooth running system must depend on the close liaison of the constituent parts.

It is my policy to ensure , by every means in my power, the existence of a very close measure of cooperation and the maintenance of a high standard of good feeling with all authorities with which this formation may be associated. This existed to a high degree in all adm aspects at MILNE BAY in circumstances which were far from easy and there appears to be NO reason why it should NOT be continued here. An essential to such condition, however, is the readiness of all concerned to be prepared to cooperate freely and fully and pull together; any other policy can only result in undesirable friction and ill feeling.

DAPM 11 Aust Div has been instructed to keep close contact with the PM, US Adv Base, with the object of ensuring close and smooth cooperation and the elimination of any possible differences or difficulties which may arise. In this connection, it is requested that measures be taken, as may be requisite, to admit of this arrangement in regard to matters NOT conflicting with NGF policy and capable of adjustment by direct liaison and contact.

CARE OF OPTICAL STORES - FUNGUS

Quote AQ 4333

Headquarters
11 Aust Div
May '43

1. In this climate , fungus grows over the surface of lenses etc. in optical instruments and etches the glass more or less deeply according to the time the fungus is allowed to remain. Binoculars, telescopes,range finders, directors etc. are all subject to fungus troubles.

2. Fungus is an infection (like tinea, ringworm and other fungi which attack human beings), its spores are extremely small and are airborne, it can seriously score a lens within 4 weeks, a good instrument will be quickly infected from a case which has previously contained a fungussed instrument or if it is stored near an infected instrument, the growth of fungus is assisted by dampness and dirt.

3. Leather cases will grow fungus and must therefore be regarded with caution. Optical instruments are much better stored in Q stores in a steel or tin box, as airtight as possible, and in a dry place ; all dust to be cleaned out of such boxes weekly; do not allow fungussed instruments near good stock.

4. The greatest care is to be taken of all binoculars along the following lines :-

(a) Set eyepieces for correct focus and LEAVE THEM UNMOVED for as long as possible. There is little or no need to alter focus once adjusted to individual eyesight ; every time eyepieces are moved damp air and fungus spores are pumped in and out of the interior of the glasses.

(b) Keep in a dry place.

(c) Where binoculars are kept in cases binocular leather, clean cases thoroughly once a week.

(d) Where new binoculars are received, if possible wash out the case binoculars (web equipment) and let it dry thoroughly before inserting.

AUST ARMY EDUCATION SERVICE 11 AUST DIV.

WAR DIARY - Week ending 8 May, '43.

A Music Recital with annotations was presented to an audience of approx 200 at YMCA Div HQ. By arrangement with Amenities Service, Pte H. Taberner played two groups of classical Music on his violin. The recital was greatly appreciated. In addition three other recitals were given at different locations. At American Red Cross Service Club No. 2 over 400 people attended. Total audiences at Sjt Dornan's recitals during the week amounted to over 700. Twenty two soldiers had their applications for Correspondence Courses accepted by Technical Colleges during the week and twenty other applications were dealt with.

A Debate was successfully conducted between 11 Aust Div Sigs and Corps Sigs.

Classes in Theory of Music and Reading and Writing for near-illiterates (25) were continued. Arrangements were put in hand for four classes to be conducted in English and Mathematics at 2/8 Aust Armd Regt.

All available Units received lectures - 15 lectures to a total of 760 men.

Discussion Groups (24) are still in progress.

Arrangements were agreed upon for Educ 11 Aust Div to take care of piano belonging to 3 Aust Div Amenities, with the approval of Major Tyack (DAD Amenities).

EDUC OFFR 11 AUST DIV.

WAR DIARY.

AMENITIES SECT.

1. Have spent much time during the week contacting units in the Division to ascertain the set up for amenities within Units, handicapped considerably through lack of transport.

2. Census of sporting material held by Units is now complete. Census shows there is a fair amount of material within the Div but unfortunately this is not as well divided as one would like.

3. 11 Aust Div Concert Party has shown in several locations within the Div and has on each occasion been well received. Performance which was to be put on at 128 Fd Regt (USA) on 5 May had to be cancelled owing to rain. Mobile Cinema Unit screened a programme at Murray Barracks 7 May, '43. Approx attendance 2500.

4. The local cricket pitch has been used four days during the week, five matches having taken place over that period.

5. Units have been advised to send a representative to HQ ACF Thursday 13 May, '43 to collect the May issue of comforts for tps.

6. A small lending library has now been started at Amenities Office, HQ 11 Aust Div.

ADME 11 AUST DIV - NOTES FOR WAR DIARY.

Place:- PORT MORESBY. Map Reference 904367 Pt Moresby (Special) 1" to 1 mile.

Date:- 8 May '43.

Time:- as at 2359 hrs.

1. MT 2nd echelon wkshops are about keeping abreast of the work, with formation vehs, and vehs from 11 Aust Div VRS. The continued absence of sufficient welding gases slows down vehs requiring bodywork repairs. During the past week eighty-two (82) vehs of various types passed through 2nd echelon wkshops. One veh at 16 Bde Sec 6 Aust Div Wkshop was converted to a "drop sided" veh for RAE.

2. ARTILLERY. Inspection and repairs to 2-pr Tk A guns from 15 Aust Inf Bde have been completed, and guns from 7 Aust Inf Bde are now being called in as time permits, for wkshop inspection and repair. The following is the number of guns serviced during past week:-

Ord QF 2-pr Tk A.	6
" " 25-pr	1

3. ARMOURY. The mobile armourers' wkshop has completed an inspection of all small arms on charge to 13 Aust Fd Regt; following is number of arms inspected:-

Rifles SMLE	530
Pistols	3
LMG's	40
Boys Tk A Rifles	15

The next inspection is to be carried out on all arms on charge to 7 Aust Inf Bde.

4. WIRELESS & SIGNAL EQUIPMENT. Wireless and Signal Sections are completing repairs to equipment inspected by EME (Radio). Regular two monthly inspections of all signal and wireless equipment in the formation is to be carried out, and this will keep sections filled with work; it is combining with inspections to improve the standard of signal equipment. Altogether twenty-three(23) sets of various types have been repaired during the past week.

5. INSTRUMENTS. During the past week fifteen (15) instruments have been repaired in 2nd echelon wkshops. The special instrument room at 16 Bde Sec 6 Aust Div Wkshop has been completed except for the air conditioning plant, which is held up because of delay in obtaining a ¼ HP 230V Motor. Fifty (50) prs of fungussed binoculars throughout the formation have been replaced, and infected binoculars returned to RSD for repair in Australia.

6. TRAINING. A programme of range work for all AEME units in formation is being drawn up, and it is proposed to put all ranks through a range course.

7. MOVED INTO COMMAND. 2/52 Aust LAD att 2/5 Aust Fd Regt.

DISPOSAL OF PERSONAL EQUIPMENT OF CASUALTIES.

AQ.4467

Headquarters
11 Aust Div

// May, '43.

1. Attention is invited to GRO 130/42 and NGF Orders 461/42 and 122/43 with regard to the above matter.

2. "Personal equipment" means all articles which are issued to the individual soldier and which normally accompany him on transfer etc., as distinct from "unit stores" which remain on charge to the unit although issued to an individual.

3. As it is NOT practicable to issue lists of what articles will and will not accompany a soldier, units are required to exercise common sense in this regard. The principle to be observed is that the casualty will be accompanied by the same articles as a fully equipped reinft will bring with him. Similarly Medical Units should allow a patient to retain his kit bag, pack or haversack to carry his personal belongings. A belt may also be a necessity.

4. Comds will take all necessary steps to ensure that the above quoted orders are strictly enforced.

5. Should a soldier be returned to unit from Hospital or a reinforcement be received NOT fully equipped the following action will be taken:-

(a) All copies of the Nominal Roll of Draft will be endorsed by the receiving officer so as to show what articles the soldier was deficient.

(b) An immediate request will be made to the unit despatching the draft for the deficiencies to be made good.

(c) Should deficiencies be NOT made good on the request referred to in (b) above, stocks will be issued from unit reserves.

(d) A report will be forwarded to this HQ giving details of deficiencies, date draft despatched and from where.

(e) Reserve stocks depleted by issues referred to in para (c) will be replenished by normal indent stating reasons for depletion of reserve. Delays in supply after indenting will be reported to this HQ.

RECREATIONAL LEAVE.

Headquarters,
11 AUST DIV.

QUOTE - AQ4588

4th May, '43.

1. In accordance with N.G. Force Adm Instn No. 94, personnel will proceed on recreational leave from NEW GUINEA at the rate of 100 per week. This leave is for Units which are not being considered for relief as a unit, personnel of which will be eligible for leave on return of their unit to the Mainland.

2. PRIORITY FOR LEAVE:

Priority for such leave will be:-

(a) Personnel who have had no disembarkation leave since return from other theatres of war.

(b) Personnel who have served continuously in NEW GUINEA for periods of 18 months and upwards.

(c) Personnel who have had no leave since enlistment and who have served continuously in NEW GUINEA for 12 months and upwards.

3. ALLOCATIONS:

Quotas for leave drafts will be allotted to this HQ from time to time by HQ N.G. Force. Such quotas will be re-allotted to Bdes and units and drafts called forward when transport is available.

4. UNIT PERCENTAGE NOT TO BE EXCEEDED:

Notwithstanding allocations made as above, Units will NOT send on leave any personnel in the specialist or similar category who can NOT be spared.

Nor will any number in excess of 10% of the Unit Strength be allowed to be absent on leave from Unit at any one time.

Any shortage in filling quotas allotted, arising as a result of the restrictions in this paragraph, or for any other cause, will be reported as laid down in paragraph 6 hereof.

5. NOMINAL ROLLS:

On receipt of advice of allocations, Units will prepare nominal rolls by State of origin and will include the following particulars:-

(a) Army Number.
(b) Rank.
(c) Name.
(d) Unit.
(e) Address while on leave.
(f) Last known location of kit.

Three copies of these rolls will accompany draft to 1 Aust Corps Reception Camp when called forward.

6. ACTION TO BE TAKEN ON RECEIPT OF CALLING FORWARD ADVICE:

On drafts being called forward, this Headquarters will be advised of the last minute shortage in quotas due to sickness, etc. Drafts will be marched out to 1 Aust Corps Reception Camp for onward movement. Prior to movement from unit each member of draft will be issued with one week's supply of Atebrin tablets.

One copy of leave nominal rolls referred to in paragraph 5 will be handed to the Adjutant of 1 Aust Corps Reception Camp on arrival and two copies will be retained by Draft Conducting Officer for personal reference.

7. RETURNS:

Returns will be submitted on or before 16 May '43 showing the numbers of personnel available for recreational leave in each of the categories set out in paragraph 2. These returns will be submitted on the first day of each month thereafter. In the preparations of these returns, Units will ensure that:-

(i) Numbers are shown separately for each State of origin in which leave is to be granted.

(ii) Members who are debarred by the restrictions as set out in paragraph 4 are NOT included.

(iii) As personnel return from leave, those awaiting leave but omitted as NOT available because of the restrictions in paragraph 4, will become available for inclusion in the number awaiting leave and will then be included.

(iv) Members serving with remote detachments or engaged in active operations in forward areas are NOT included.

(v) Members who are patients in Hospitals or at Convalescent Depot are NOT included in the relevant returns until such time as they rejoin their units.

(vi) Personnel who qualify for inclusion in categories (b) and (c) (paragraph 2) are included in the relevant returns as they become qualified for such inclusion.

(vii) When personnel are added to the return of personnel awaiting leave in accordance with sub para (iii), Units will endorse a special note advising the numbers so added.

7. The following pro-forma will be used for these returns:-

UNIT.....

RETURN OF PERSONNEL AWAITING RECREATIONAL LEAVE.

DATE.....

	Q'land	N.S.W.	VIC.	S.A.	W.A.	TAS.	TOTAL
No disembarkation leave on return from other theatres of war.							
18 months and upwards continuous service in NEW GUINEA							
No leave since enlistment and 12 months and upwards continuous service in NEW GUINEA							
TOTAL							

8. DRAFT CONDUCTING OFFICERS AND NCO's:

Units will appoint as draft conducting officers and NCOs, the senior member of each unit party proceeding on leave. These draft conducting officers and/or NCOs will be responsible to the senior member of the draft, who will carry out the functions of OC Draft.

The "OC Draft" will be appointed by 1 Aust Corps Reception Camp when draft has been concentrated at 1 Aust Corps Reception Camp for onward movement.

9. DRESS:

Dress will be complete personal equipment (full marching order) less arms and ammn. Trousers and anklets web or equivalent will be worn. Particular attention will be paid to turn out.

AQ WAR DIARY - ORD SERVICES FROM 14/4/43 TO 14/5/43

20 Apr

It has been found in some instances that units have not paid sufficient attention in the past to the matter of returning stores which have become U/S or surplus, or which are not required. Accordingly, steps were taken to police this matter rather vigorously, and a memo was circulated to Ord WOs on 20 Apr (see appendix). The result has been that a noticeable improvement has been made, and that after Ord WOs have examined the position in units, all such stores are now being returned.

23 Apr

As from 0600 hrs 23 Apr 113 Aust Ind Bde Gp Ord Fd Pk came under command 11 Aust Div. This Fd Pk has been in this area for some time, and has previously functioned under ADOS Port Moresby Sub-Area. The OC is Capt L. Carmichael.

HQ 7 Aust Inf Bde Ord Fd Pk, consisting of one sgt and one cpl was placed on warning order for movement to Australia.

25 Apr

Following DOS Circular No 9 of 31 Mar, setting out the policy to be carried out as regards delivery system by Ord Fd Pks, a conference was called by DDOS NG Force to discuss the implementation of the DOS Circular. Subsequently, DDOS NG Force Instruction No 20 (see appendices) was issued, outlining how the delivery system would operate in this area. Ord Fd Pks are now operating a daily delivery system with LADS and Wkshops.

27 Apr

266 Aust LAD att 15 Aust Inf Bde experienced trouble in the use of 9 mm ammunition with SMGs-Owen. The ammunition was considered to be defective, and inspection was arranged by an I.O.O. Report of I.O.O. is attached as appendix, which conveys some quite interesting data.

29 Apr

HQ 7 Aust Div Ord Fd Pk personnel moved to 11 Aust Corps Recpption Camp for movement to Australia.

2 May

Capt A.G. Rider, DADOS 11 Aust Div, visited HQ 7 Aust Inf Bde and units situated at Donadabu on 1 and 2 May to endeavor to straighten out problems which were present in the way of condition of tents, supply of spare parts for armorers, procedure for indenting and delivery of Ord Stores, shortages in tradesmen's kits, the holding of reserve clothing, and withdrawal of personal equipment of personnel evacuated to hospitals etc.

3 May

Report on visit of DADOS to 7 Aust Inf Bde was prepared today, and attached as appendix.

12 May

Twenty-six (26) O.Rs 11 Aust Div Mob Laundry arrived ex Australia. This represents a section of this unit. The remainder of this unit is at present at Milne Bay, and in due course will

move to this area, and the above section will join them.

It is anticipated that 11 Aust Div Mob Laundry will ultimately take over the equipment of the 7 Aust Div Mob Laundry.

17 Bde Sec 6 Aust Div Ord Fd Pk passed out of command at 2359 K this day, and 109 Aust Ind Bde Gp Ord Fd Pk came under command at the same time.

13 May

109 Aust Ind Bde Gp Ord Fd Pk moved from old location to location formerly occupied by 17 Aust Ind Bde Ord Fd Pk, and will service same units as the latter Fd Pk.

14 May

Three (3) personnel of 11 Aust Div Mob Laundry have been attached to ADOS 11 Aust Div office to assist generally.

OS

STORES HELD BY UNITS AND NOT USED

1. It has come to notice recently that in certain units a considerable quantity of stores are held, but are not being used. This particularly applies to units having a semi-static role, and the tendency is for these units to be issued with or acquire stores, and after a period there is no apparent use for them.

2. Also in the more active field units there may be instances of "hoarding", but perhaps to a lesser degree.

3. It is of the utmost importance for all WOs to constantly be on the alert while in unit lines and Q Stores to bring to notice such holdings.

4. Where such holdings are noticed or are admitted by the unit, steps should at once be taken to arrange for the return of these to the serving Ord Depot, and brought to the notice of the ADOS or DADOS.

5. If units continue to hold Ord stores for which they have no use, this will cause uneconomical distribution, and it is possible that in some cases other units may have to go without because there is insufficient in Ord Depots to meet all demands.

ORD FD PARKS - SUPPLY OF MT SPARES AND EXPENSE STORES.

1. DDOS HQ NG Force Instruction No. 1 and also OS/104/43 of 15 Jan 43 are hereby cancelled.

2. This instruction is intended to implement the intentions of DOS Circular No.9 a copy of which is attached, so far as this is applicable to New Guinea, where there are at present No 3rd echelon Ord Fd Parks.

3. LADs, Wkshops, and AASC Wkshops Pls will indent on the nearest Ord Fd Park for all MT spares and Wkshop expense stores. (The nearest Ord Fd Park in each case will be as laid down in Appendix "A").

4. AASC Wkshops Pls will be scaled on a 50% basis of E4 scaling for Initial Holdings of spare parts. It is intended to authorise progressive increases up to full scale as the stock position improves.

5. NG L of C Wkshop will maintain its full Stores Cell Scaling of fast-moving MT spare parts and expense stores but will indent for other items direct on 10 Aust Adv Ord Depot (See DOS Instn No. 185)

6. Ord Fd Parks will hold 14 days expense stores on a provisional scaling to be drawn up by DADOS (P) 10 Aust Adv Ord Depot in conjunction with ADME NG Force.

7. Units will submit indents for replenishments of expense stores on the Fd Park concerned when their holding has been reduced to 75% Indents will be for 50% of the authorised scale holding of the items concerned.

8. Indentsfor Oxygen and Acetylene from units in Moresby area will be submitted to DADOS (MT) for approval as formerly until further notice.

9. Daily delivery will be the responsibility of OC Ord Fd Park as laid down in DOS Circular No. 9 para 3 (a).

10. The daily delivery system will commence on receipt of this instruction.

11. Orders are to be fulfilled within 24 hrs when stocks are available.

12. Ord Fd Parks will hold major unit assemblies on a scale to be drawn up by DADOS(P) in conjunction with ADME NG Force.

13. Major unit assemblies will be issued to LADS or Units only on indents countersigned by ADME Formation.

DOS CIRCULAR NO. 9

SUBJECT: ORDNANCE FIELD PARKS & DAILY DELIVERY SYSTEM.

1. It is not desirable to lay down a hard and fast system owing to the widely different conditions under which formations are operating, but it is important that the principles outlined in this circular be observed in order to economise transport and to make the fullest possible use of the available spare parts etc. The daily delivery system described is for the "normal" set-up of a Div in the Field. DDsOS and ADsOS will have to make modifications to suit local requirements.

2. The intention is to make the 3rd Echelon Ord Fd Park the main source of supply for all spare parts etc required in the formation. The 3rd Echelon Ord Fd Park alone will raw from the Ord Depot and feed forward to the 2nd Echelon Ord Fd Parks which in turn supply associated wkshops, LADs and units.

3. The method will be the daily delivery service.

(a) Each 2nd Echelon Ord Fd Park send a vehicle daily on a "Milk" round visitingevery LAD; stores previously indented for will be delivered and indents ~~will~~ collected for stores which will be delivered on the following days run.

(b) The 3rd Echelon Ord Fd Park operates in a precisely similar manner serving the 2nd Echelon Ord Fd Parks.

NOTE: AASC Wkshop Pls will be supplied by the nearest Ord Fd Park.

4. To get fullest value from this procedure there must also be a free inter-change of spare parts between Ord Fd Parks of the same echelon and between LADS so that the inabilities and urgent requirements may be met. By means of this system, the OC 2nd Echelon Ord Fd Park gains full knowledge of the spare parts etc within his formation and must make the fullest use of this knowledge e.g. "X" LAD requires a certain part to complete a repair and the item is not in stock in the Fd Park but "Z" LAD holds the item - OC Fd Park can effect the transfer on his daily delivery. Similarly OC 3rd Echelon Ord Fd Park must make the fullest use of spares held by 2nd Echelon Fd Parks. When the procedure has beenoperating for a while the OC Ord Fd Park can gain much of this information from his account cards. The fullest co-operation between all concerned is essential.

5. If the full procedure outlined in para 3 were operation the Ord Depot on which that Div were based would have only one indent to deal with fromthe whole Div and much more efficient service may be anticipated. A point to be aimed at is the reduction of the number of units indenting for spare parts on Ordnance Depots.

6. Existing instructions regarding the indenting for spare parts and expense stores may be modified to conform to the principles set out herein. (Scales of expense Stores to be carried by Ord Fd Parks are in course of preparation.)

7. Nothing in this circular is to be taken as modifying the primary duty of an Ord Fd Park Viz, to supply the associated AEME Wkshops.

OS

SUBJECT: WAR EQUIPMENT AMMUNITION

Owing to the rather large quantity and variety of weapons being issued as initial equipment to most units, it will be necessary for all Ord WOs to watch WE ammunition for these weapons.

Most units, no doubt, will correct this themselves by demanding on indents for extra requirements, but at the same time it will be necessary to periodically check and ascertain if all units are holding their correct scaling of WE ammunition for the number of weapons held - and in some cases against extra scaling which may be issued from time to time for particular defence purposes.

OS/87/1/4

SUSPECTED DEFECTIVE AMMUNITION 9 MM

1. With reference to 266 Aust LAD JB/BP/14 and JB/BP/28 of 12/4/43, it is desired to report that ammunition from the magazines in question have been subjected to a firing proof.

2. No definite evidence as to the lot number of the ammunition concerned was available except that it was manufactured by MF in the years 1942 nand 1943.

3. The ammunition had the appearance of having been damp at some period due probably to natural wet conditions in this area.

4. Firing Proof Result:-

(a) 53 rounds of MF 42 were fired, of which 3 rounds dropped a few yards from the muzzle. A quantity of unburned propellant charge was noticed in the bore on each occasion. The gas pressure was not sufficient to cause the striker mechanism of the gun to fully function with the result that the weapon could not be used with confidence as a single-shot weapon.

(b) 50 rounds of MF 43 were fired, of which one round failed to leave the gun, and remained at the commencement of the rifling. Particles of unburned propellant charge were adhering to the base of the bullet.

In this instance the gas pressure was also insufficient to cause the correct functioning of the striker mechanism.

One reound misfired and on being broken down the propellant charge was found to be wet.

Three other cartridges were also broken down and in each instance the propellant charge (powder) was definitely wet.

5. It is recommended that this ammunition NOT be loaded into magazines in this area unless required for operational purposes. It is considered possible that the cause of the bulged barrels may have been due to one round being fired, and remaining in the barrel; the second round would then cause sufficient heat, by friction over the unburned propellant charge of the first round, to explode that charge. The increasing degree of confinement of this explosion and the mere fact of two rounds being in the bore would likely then cause the bulged barrel.

6. An interesting point was noticed when subjecting this amn

/Over

to firing proof, and could be taken advantage of by units using this ammunition:-

(i) The firing proof was carried out with the weapon set for firing single shots.

(ii) Known good ammunition wa first fired to test weapon. The weapon functioned correctly.

(iii) When using the amn undergoing proof, it was noticed that the weapon would not function as a single-shot weapon.

(iv) To ensure that the weapon was not at fault, it was taken to RSD for an armorer's inspection which proved the weapon correct.

(v) The amn in question was again fired and again the weapon failed to function as a single-shot weapon.

7. The explanation for the weapon failing to fire as required is submitted for information.

The propellant charge being damp was only partly consumed, hence the pressure built up was below the normal, and consequently insufficient to fully operate the striker mechanism over the pawl retaining bolt in the single-shot action. Thus the striker mechanism operated just sufficient to allow the striker spring to re-exert itself and so produced the automatic fire.

It is recommended that in future when units fire amn of unknown history that one magazine be fired by single shot. If the weapon fails to fire as a single-shot weapon the ammunition should be returned to Ordnance without delay and replaced by serviceable lots.

It is suggested that all units holding this ammunition should carry out the above test without delay of any ammunition which had been held in magazines or under damp conditions.

REPORT ON VISIT BY DADOS 11 AUST DIV
TO 7 AUST INF BDE AND UNITS

1. Above units and area were visited on 1 and 2 May 1943, and set out below is report for information:-

2. Conference was held on morning of 1 May - attended by BM, S/Capt and all QMs. The following points were raised:-

Condition of Tents

Tents leak in wet weather, but percentage leak seriously; explained position of tentage in NG generally, and as there appears to be ample tentage it was agreed that, by avoiding use of the worst tents, some of this difficulty could be overcome. It was also mentioned that after continuous wet weather, which does not give the canvas time to dry out, some of the leaking tents appear to be quite all right.

From records of tents held at Donadabu and Pom Pom Park, those on loan from Camp Comdt, and allowing for accommodation to be provided at Donadabu in the future, which it is understood will be approx 1,000, it is estimated that approx 50 to 60 tents are held surplus throughout the Bde.

Spare Parts for Armorers

It appears that there has been some misunderstanding in the past as to the correct method of obtaining supply of spare parts for the armorers. System explained as follow:-

As Unit Armorers are all working under supervision of Bde Sgt-Armorer, the sgt will advise OC LAD requirements weekly, and OC LAD will draw from Ord Fd Pk. Visit to Ord Fd Pk discloses that no difficulty will be experienced in supply through OC LAD - Ord Fd Pk has spare parts in stock at present. Demands previously placed by units on indent have been supplied, and Sgt-Armorer advises limited spares are now at his disposal to carry on for time being.

3. Indenting and Delivery of Stores

Bde Ord WO collects all indents and passes to ADOS daily and co-ordinates delivery to units in the quickest and most economical way - WO calls every few days at Depot and ascertains what is ready - in some cases takes delivery himself or if quantity is too great arranges collection by any one of the units which happens to be passing on other work. Practically every day a

vehicle is in Port Moresby area and arrangements exist where any unit is passing the Ord Depot for the vehicle to pick up stores for all units in the area. Considering the shortage of vehicles and circumstances, it is felt that this arrangement should be left as it is, as it appears to be working quite well, and all agree that it should continue. Investigation has shown there is no delay, as no stores have been left for more than 24 hours at Ord awaiting collection.

4. Tradesmen's Kits

There appears to be shortages of certain tools for bootmakers, equipment repairers and tailors. This has been checked and it has been found that only a small quantity of tools have been supplied against indents. All items indented for have been demanded on Australia, but the tools etc are not - in most cases - available on the mainland, in spite of hastening action from time to time which has been taken. Units are, however, managing to carry on as best they can , and any surplus boot repairs will be arranged with 10 Aust Adv Ord Depot boot-repairing shop. As regards other kits such as Carpenters, Blacksmiths, the position is comparitively satisfactory.

5. Equipment Shortages of Reinforcements

It appears that personnel are being sent to NG from the mainland not properly equipped, and it is recommended that this matter be taken up with higher authority, and that reports should include:-

(a) Last staging (or) camp in Australia
(b) Name of vessel
(c) Date of departure

It is felt that without this definite information, it will be difficult to ascertain the responsible authority. There is a definite scale of issue laid down for reinforcements proceeding to NG. The difficulty has been overcome in this instance, but it is felt there will be repetition if no action is taken.

6. Reserve Clothing

Units were not holding sufficient clothing to tide them over until the arrival of further supplies. The position has been explained, and all understand that sufficient clothing must be maintained to meet all requirements. Indents are being placed at once for reserves.

7. Issue of Stores for making beds

At present most personnel/~~have~~ are using constructed beds which were in the area, and as palliasses are not being issued in the normal manner, any further needs could possibly be met by the issue of hessian (or) from RAE sources. All agreed that there should be no difficulty in this regard if further beds are wanted from time to ti

8. Controlled Stores

The matter of Controlled Stores was explained to all and, as regards deficiencies still existing, units were advised to apply for these through Staff channels.

9. Dyeing of Clothing and Equipment

Arrangements have been made for Bde Ord WOs to estimate quantities to be dyed and this can be done by Mob Laundry. All agreed that this was quite satisfactory. It was explained that Owing to shortage of dye issue to units not being made and dyeing at Mob Laundry far more economical. Articles needing dyeing from time to time will be done by Mob Laundry and co-ordinated by Bde Ord WO. Suggested once per fortnight - or more often if required. This was stated to be satisfactory.

10. Buffer Oil

It was explained to units that the Buffer Oil held by Ord is suspected as not being correct and all issues are temporarily suspended. Tests are being made by ADME and if oil proved to be correct issues will be made.

11. Supply of Color Patches

Explained that special action has been taken as regards color patches. Demands on Australian and clothing factory to be made for each type - some months elapse before issues are made. Supply position of these items is not regarded as satisfactory - hastening action has been taken by Ord.

12. One of the greatest problems as regards Ord matters in this Bde has been the disposal of equipment of personnel evacuated to medical establishments. Prior to the 11 Aust Fd Amb operating as an MDS, personnel were mostly being sent to 2/2 CCS direct with equipment etc vide NG Force Order 122/43, where this equipment was being ~~xxxxxxxx~~ removed, but ~~xxx~~ being returned from the Conv Depot without equipment. After earlier experience the equipment is now being held by unit pending return of personnel. Units have been allowing personnel to take only haversack (or pack) mosquito net and two blankets, but this is also being taken away to CCS. This created a problem when personnel rejoined unit. This matter also was investigated most thoroughly, and information gained is as follows:-

(a) Instructions have been issued that all personnel discharged from medical establishments and whose units are above the "Pass" are sent direct back to unit, whereas all other personnel are sent to Reception Camp, where they are refitted.

(b) ~~xxxxxxxxxxxxxxxx~~ CO 2/2 CCS explained that as NG Force Order 122/43 states all web equipment is to be withdrawn he must in obeying the order relieve the man of his haversack and in lieu issues a sandbag for carrying personal gear. The mosquito net and blankets are removed

as these are provided in medical establishments.

13. It is recommended that amendment to above order be promulgated allowing the soldier to retain haversack (or pack) and mosquito net. It appears rather odd that, in carrying out the NG Force Order referred to, a sandbag (or substitute) has to be issued when the haversack would serve the same purpose. Unless a "section" of the Reception Camp is sited in the "Base Area" to cater for personnel returning to units above the "Pass" and refitting, the only solution to the problem is for the units to continue the present improvised procedure while in this area. It is pointed out that in doing this NG Force Order 122/43 has to be disregarded. Pending a decision in the matter all units have been advised to continue the present procedure.

14. Kitbags

The question of supply of kitbags for reinforcements was raised. Personnel who moved from Milne Bay are in possession of kitbags which have been recovered from Kit Store, but the reinforcements have had their kitbags placed in Kit Store in Australia prior to movement. The issue of a further kitbag is not recommended, and it is suggested that consideration be given to whether it is essential the main part of the unit should be in possession of their kitbags in view of the following:-

(a) Tendency to "hoard"; personnel will keep articles in possession down to minimum if only authorised equipment is held.
(b) Units may be ordered to move quickly into "ops"
(c) Most other units still have kitbags in Kit Store.
(d) Authorised issue is one per man, and if additional issue is required special approval will have to be obtained.

In fairness to all, each soldier should be on same basis - i.e., kitbags all round or none at all.

15. A call was made on all units and the position individually was ~~satisfactory~~ satisfactory. As everyone who was contacted is anxious to assist in every way, this was most gratifying.

187. CENSORSHIP (NGF 0 606/42).

The following Military Board Instruction (G.20/1042) is promulgated :-

1. The extension of the war to the Pacific Ocean area has made it of vital importance to ensure that the Units of the Military Forces in Australia and its Territories are not disclosed in mails likely to fall into the hands of the enemy whilst in transit.
2. Officers and other ranks of the Military Forces of the Commonwealth of Australia and its Territories, therefore, may give the name of their Unit in correspondence only to:-
   (a) Persons resident or stationed in Australia or its Territories;
   (b) Persons resident in the United Kingdom or New Zealand;
   (c) Service personnel in the United Kingdom, Canada, New Zealand, South Africa, India, the Middle East, or Malaya.
3. In all other cases, including, for example, correspondence to:-
   (a) Crews of merchant ships;
   (b) Australian or British prisoners-of-war;
   (c) Foreign countries, whether allied or neutral;
   (d) British or allied Pacific islands;
   (e) Persons resident or stationed at Gibraltar, etc., officers and other ranks of the Military Forces of the Commonwealth in Australia or its Territories will not give the name of their unit, but will give, as their address the address of a relative or friend in the Commonwealth to whose care a reply can be sent for forwarding.
4. Any officer or other rank who has no relative or friend in the Commonwealth to whose address a reply can be sent for forwarding, may request his correspondent to reply to him care of the District Censor at the capital or principal city of the State or Territory in which he is stationed. It is essential that any soldier who adopts this course should notify his correct address in writing to the District Censor concerned, who will arrange to forward the reply when received.

Letters addressed to Australian, British or Allied Prisoners of War may not be released if enclosed in an envelope bearing the imprint of a Unit or Base Censor Stamp.

188. ALLOTMENT OF TRG AMN

Ref 11 Aust Div R/O., 131/43. Units are reminded that trg amn (incl explosives) in excess of amounts authorised by GRO's 161 and 162/42 is allotted on a monthly basis. Such demands are required at HQ 11 Aust Div by 20 of each month.

NGF O Serial 19 No's	193 - 202	of	10 May, '43.

190. CIRCULARS

The following circulars have been issued since promulgation of 11 Aust Div R/O No.18 of 8 May, '43 :-

SUBJECT	BRANCH	DATE	RONEO	DISTRIBUTION
Disposal of Personal Eqpt of Casualties	A	11.5.43	AQ4467	A
Recreational Leave	A	12.5.43	AQ4588	A

191. GENERAL & NG FORCE ORDERS

The attention of all units is particularly drawn to the undermentioned Order, which will be republished in all unit R/Os :-

GRO A 367 - Leave without Pay.

192. ARMY & REGIMENTAL SENIORITY OF OFFICERS

To assist units in compiling and amending their Regimental Seniority Lists there are published below rules by which Army Seniority and Regimental Seniority are determined :-

(a) Army Seniority is determined by the date of an officer's substantive rank on the active list of the Australian Military Forces. In the case of an officer who is transferred from the R. of O. to the Active List, his Army Seniority dates from the date of such transfer.

(b) Regimental Seniority is determined by an officer's substantive rank (NOT his temporary rank) and is based on:-

192. (CONTINUED).

(i) Army seniority given on transfer from another unit or corps; or
(ii) Date of substantive promotion within his unit or corps; or
(iii) Date of transfer from another unit or corps, or prescribed on such transfer; or
(iv) Date of first appointment to a commission in his unit or corps; or
(v) Prescription of seniority in his unit or corps after appointment or transfer thereto;
as approved in a C-in-C., or Army etc. List, and confirmed in the Commonwealth Gazette.

(c) In the conversion to war substantive rank, the relative seniority of officers in their substantive ranks will be preserved as far as possible.

(d) As action under GRO A 566/42 is taken by LHQ to convert to war substantive rank the temporary rank held regimentally by certain officers, or to grant the war substantive rank for which they are eligible regimentally in the cases of seconded officers, the Army and Regimental seniorities of such officers have to be adjusted according to such war substantive rank and date thereof.

193. OFFICERS—REPORTING

Offrs joining or rejoining units under comd 11 Aust Div will report in person to DAAG 11 Aust Div on arrival.

194. POSTING OF REINFORCEMENT OFFRS

In view of the existing authority for First Reinft Offrs to be raised by units, Comds will ensure that, when a vacancy occurs within the WE of the unit, a recommendation for posting of the senior reinft offr to fill such vacancy is forwarded without delay.

195. GENEVA CONVENTION—PROTECTED PERSONNEL (GRO A81/43).

The fact that a person is a member of AAMC does NOT of itself give him protection under the Geneva (Red Cross) Convention. The test is the nature of his duties and he is only protected while exclusively engaged in the collection, transport or treatment of the sick and wounded or the administration of a Medical Formation (DGMS memo 64395 of 20 Apr. '43). Accordingly personnel included in the following categories are NOT protected except insofar as they are specially trained to be employed, in case of necessity, as auxiliary nurses or stretcher-bearers for the collection, transport and treatment of the wounded and sick, in which case they will fall within category 2(b) of GRO A81/43 :-

(a) DADs H.
(b) Hygiene Officers (Lieut) AAMC attached to Formation HQ.
(c) Hygiene NCOs (AAMC) attached to non-medical units.
(d) Captains or Lieutenants AAMC commanding Anti-Malaria Control Units.
(e) Other Ranks (AAMC) of Anti-Malaria Control Units.
(f) Lieutenants (AAMC) Hygiene Commanding Mobile Bath Units.
(g) Other Ranks (AAMC) of Mobile Bath Units.

The AAMC is a non-combatant Corps, and its members must not be employed as combatant troops. They are entitled to bear arms in their defence or in that of the sick and wounded in their charge. AF W.3050 held by personnel NOT entitled to be

protected will be collected by units and despatched to ADMS 11 Aust Div without delay.

196. IGNITER SETS—GRENADES NO.36M—SUSCEPTIBILITY TO MOISTURE (NGF O G 197).

1. GRO G 342/1943 is republished and will be promulgated in all unit routine orders.

2. The .22 R.F. cartridge cap, as used in the igniter sets for grenades No. 36M, is highly susceptible to moisture.

3. Personnel handling igniter set containers will observe strictly the following procedure :-

(a) Igniter sets are always issued in soldered cylinders. Should a cylinder be opened and the whole of the contents not expended, the cylinder will be resealed by effective adhesive tape or shellac binding.

(b) Detonators which show visible signs of corrosion or verdigris on the caps will be treated as suspect, as these are liable to produce blinds. Units will refer such detonators to an inspecting Ordnance Officer for determination of condition.

4. Units will keep the number of "ready use" grenades to a minimum, consistent with operational needs, and in tropical areas this number will not exceed four days requirements in advance.

RETURN OF 'X' LIST PERSONNEL

AQ 4746

HQ
11 AUST. DIV.

15 May, '43.

1. In view of the numerous complaints from units with regard to the non-return of 'X' List personnel it is thought that the following information extracted from this HQ file will be of interest to Comds.

2. Nominal Rolls of 'X' List personnel of two units comprising in one instance 102 members and in the other 255 members showing last known location were submitted to NG Force and passed to 2nd. Echelon for investigation.

3. With regard to the 102 members the following extract from LHQ 2nd. Echelon memo 011559 of 22 Apr. '43 shows the position as at that date. The majority of this personnel were evacuated between Nov. '42—Jan. '43 :-

1.	Rejoined unit	11	(Embarked 12.3.43 - Fall River, Milne Bay).
2.	In NGF ARD awaiting movement	10	
3.	In Con Depots	10	
4.	In Hospitals	9	
5.	AWL or Deserted	2	
6.	Transferred to other units	2	(Subject of inquiry).
7.	Sent to GDD for disposal on account of down-grading medical or being under-age	4	
8.	Evacuated to other areas and no information available in Q'land.	8	(Subject of inquiry).
9.	In Tng Units	9	(Subject of inquiry by 1 2nd Ech Investigation Offr).
10.	In GDDs or granted leave.	37	(Including 22 personnel shown at GDD Sydney which is being investigated).
		102	

4. With regard to the 255 members, specific information is NOT yet available but the following extracts from 2nd. Echelon memo 011778 of 26 Apr. '43 are relevant :-

"3. (a) Should any further lists be forwarded for investigation it is suggested that they be prepared on uniform lines showing in the case of 'X' List personnel the following information, viz:-

ARMY NO.	RANK	NAME & INITIALS	REASON EVAC.	DATE OF EVAC.

If units have any information from R/Os Part II as to location of personnel concerned it would be helpful if additional columns might be added showing :-

LAST RECORDED LOCATION	R/O OR OTHER REFERENCE

(b) In the case of any personnel alleged to have been transferred to other units without unit concurrence it is suggested that lists be in the following form :-

ARMY NO.	RANK	NAME & INITIALS	UNIT TO WHICH TRANSFERRED	R/O OR OTHER REFERENCE

Any such lists should exclude personnel advised as down-graded medically unless the new classifications of the member was no bar to him rejoining his unit.

4. (a) It is noted that Comd X Aust Inf Bde complains of no notice being taken of requests made through medium of Part D (new form) of AFW 3009 for return of personnel whose services are particularly desired.

(b) If any specific instances are brought to notice they will be promptly investigated as it is difficult to make any satisfactory enquiries on a general statement.

(c) It should, however, be mentioned that there appears to be some misunderstanding regarding the use of Part D of AFW 3009. It is NOT necessary to complete this part of the form to secure the return of a member who is fit to return. With the few exceptions notified in GROs, all fit members will be returned to their units without request. See para. 10 of instructions on cover of form as revised Feb, 1943.

(d) Records Offices spend a considerable amount of time on requests made in Part D for return of individuals who are still in hospital, convalescent depots and are still attending schools or courses. Such requests serve no useful purpose as the personnel concerned cannot be ordered forward until fit again, or until completion of school or course as the case may be, and it would be appreciated if requests of this nature could be discouraged.

5. (a) For information it is advised that while investigation has discove red delays, (and some of them bad cases) in the return of 'X' List personnel, many of the delays have been due to illness. For example in the case of Q.41875 A/Sjt. J.W. MALOUF referred to in your G.[illegible]105 of 8 Jan. '43 it has been ascertained that while at NGF ARD this NCO suffered with recurrent malaria and was not available to move forward until a draft leaving on 18th Jan. '43.

(b) Action which has been taken and/or is now in course should materially expedite the return rate of 'X' List personnel. One of several courses now being adopted to ensure this is indicated in this office memo 011482 of 22 Apr. '43 to all Records Offices with copy to HQ NG Force."

5. It has been noted that reasonable numbers of 'X' List

personnel have been drafted to units during recent weeks and it appears that the situation is now well in hand.

PRE-SELECTION OF OFFICERS

HQ
11 AUST. DIV.
15 May, '43.

QUOTE AQ: 4758

1. Forwarded herewith is a copy of LHQ SM 8939 of 15 Apr. '43.

2. Please submit to this HQ by 22 May, '43 lists of candidates for commissions in accordance with para. 5 of the LHQ memo, together with relevant documents enumerated in the same paragraph.

3. The attention of Comds is particularly directed to para. 4 of LHQ SM 8939 with regard to informing all other ranks of their privileges in this matter.

ALLIED LAND FORCES IN S.W. PACIFIC AREA

L.H.Q.

15 Apr. 43.

SM.8939
(Amended by SM 10588 of 4 May 43).

PRE-SELECTION OF OFFICERS

1. In order to ensure the exploitation of the best material available to provide officers for the Australian Military Forces, the establishment of Officer Pre-Selection Boards has been approved to conduct psychological and other tests of personnel recommended or desirous of appointment to commissioned rank.

For the purpose of this instruction, the designation "Formation HQ" will mean the HQ of an Army, Corps, Div, Force, L of C Area, Trg Centre, Fortress or Fixed Defence or AA Gp as appropriate.

2. The number of Officer Pre-Selection Boards which will function will depend on the numbers of personnel available for examination.

3. The composition of each Officer Pre-Selection Board which will be authorized by LHQ, as required, will be as follows :-

PRESIDENT	-	Brigadier	- A local commander.
MEMBERS	-	Colonel - G Staff	- L H Q
		Lt-Col. or Major	- An offr with field experience to be nominated by Formation HQ.
		Lt-Col. or Major	- LHQ Representative.
		Major or Capt.	- Psychologist.
		Major or Capt.	- Psychiatrist. To be nominated by the DGMS.

Under arrangements by LHQ, a Mobile Aptitude Testing Section will be despatched to the location where the Officer Pre-Selection Board is to conduct the selection, and placed at the disposal of the Board.

The psychologist of the Mobile Aptitude Testing Section will be the Psychology member of the board.

4. As it is a fundamental principle of the scheme that every soldier who considers himself suitable for commissioned rank shall be interviewed by the Selection Board, steps will be taken to ensure that all other ranks know of this privilege, and that applications may be submitted to C.O.'s and O.s C. units accordingly. Seven days before the sitting of the Board at any Formation HQ, each unit within that Formation will include in its Routine Orders a statement of the objects of the board.

5. (a) C.Os and O.s C. Units will forward to Formation HQ, lists of applicants for commissioned rank, and other personnel considered by them to be suitable for training as officers.

These lists will be accompanied by a statement of service, and the Comds confidential report on each individual concerned. Formation HQ will maintain a record of all names submitted.

The statements of service and Comd's confidential reports will be filed by Formation HQ, until required by the Officer Pre-Selection Board.

(b) Formation HQ will arrange for the applicants to be medically examined before they appear before the Officer Pre-Selection Board.

(c) Formation HQ will forward to LHQ through appropriate channels, at the end of each month a list of personnel awaiting consideration by the Pre-Selection Board.

6. Officer Pre-Selection Boards as authorised will assemble one day prior to the arrival of the candidates, in order that the President may instruct the members as to the functions of the Board.

7.(a) Candidates will be required to attend the Officer Pre-Selection Board for a testing and selection period of three days, during which period they will live and mess with the members of the Board, and be treated as Officers.

(b) With this purpose in view, arrangements will be made by Formation HQ to provide a temporary Officers' Mess and amenities for the use of the Officer Pre-Selection Board and candidates.

By this means, members of the Board will be afforded the opportunity of close individual study of the candidates without subjecting them to the embarrassment usually associated with long and searching interviews.

8. The following is the procedure by which the Board will carry out the examination :-

First Day - Candidates will be examined by the Mobile Aptitude Sec and individually interviewed by the Psychologist and Psychiatrist in order that candidates found to be temperamentally unsound or lacking fundamental ability may be rejected without further examination. Officers of the Board will get to know applicants personally on this day.

Second Day - Candidates will be submitted to a series of tests which will be organized by an officer from the arm in which appointment to commissioned rank is desired by respective candidates. These tests will be a series of type situations carefully designed to bring out leadership, command, resolution, decisiveness etc., comparable to an assault course arranged to detect psychological qualities rather than physical qualities.

Third Day - The Board will assemble and review the results of the tests in respect of each candidate, paying particular attention to the Comd's confidential reports referred to in para. 2(a). After the case of each candidate has been discussed by the members of the Board, candidates will be brought before the Board for individual interview.

Separate instructions for the proceedings of the Officer Pre-Selection Boards, and details of practical tests which are to be introduced will be issued.

9. Each Formation HQ will maintain a list of personnel who have been approved as potential officers by the Officer Pre-Selection Board, a copy of the list will be forwarded through usual channels to LHQ. Vacancies at OCTU and direct appointments to commissioned rank in the field will be allotted to candidates in the order of merit determined by the Officer Pre-Selection Board.

Officer Pre-Selection Boards will, in all cases give preference in selection to candidates who have had actual field service in operations against the enemy.

10. The decision of the Board in accepting or rejecting a candidate will be subject only tc review of the C-in-C., AMF.

Sgd. C.E.M. LLOYD, Major-General,
ADJUTANT-GENERAL.

A.A.A.S. 15 May, '43.

1. Much time spent during week contacting units and arranging sports etc.

2. Quantity of sporting equipment on hand has now been distributed to units, on loan.

3. Quantity of sporting equipment is now in store at 11 Div Amenities office, this equipment is to be sold to units, payment to be made as per NGF Order A.200.

4. On Thursday 13 May, '43 a distribution of ACF comforts was made to all units under comd of 11 Aust Div. Amenities offr supervised distribution to units covering approx 10,500 personnel.

5. Cricket oval was in use 6 days during the week. Seven matches were played during that period.

6. Amenities offr 11 Aust Div attended committee meeting of officials organising "Melody Parade Talent Quest". Meeting was held at office of Lieut-Col Smith, Port Moresby.

WAR DIARY - Week ending May 15, '43.

7 Aust Inf Bde has been without Education personnel since detachment of Lieut Conway to AALD and transfer of Sjt Mannion to AAAS.

Sjt Jackson of AES 11 Div HQ has been proposed by DAD Education to take charge at that Bde. The matter has not been finalised as yet.

Twenty-one lectures were delivered to a total of over 1000 troops on subjects varying from War in Mediterranean to practical knowledge of Australia - population distribution, settlement problems, population, immigration, land erosion, rainfall, products, etc.

Thirty-six applications for Correspondence Courses were handled and 18 previous applications accepted by Colleges. Four undergraduate and 2 matriculation courses were arranged with Universities and College

Report from 24 Aust Fd Coy RAE that two soldiers appointed Group III Specialists as result of C. Courses in Deisel Engine operation. They will shortly be promoted to Group I.

There is a shortage of both educational and fiction library books. Eighty books were issued during week.

Twenty-seven Units and sub-units are receiving weekly Service of Staff of this HQ.

There are 38 Discussion Groups being studied. Debates are established at 11 Div Sigs and seven other teams are being formed.

Class for near-illiterates at 1 Mtn Bty has temporarily lapsed owing to indecision of OC as to times available. Much valuable time has been wasted at this unit owing to failure to notify us of change of schedule.

Classes in Senior and Intermediate English and Maths at 2/8 Aust Armd Regt being formed.

The keenest co-operation is being shown by all Units with the exception of 6 Aust Div Carrier Group, whose officers appear to show very little practical interest.

MUSIC:

WO.II Bornan's recitals for Appreciation of Music, with annotations, continue to draw crowded audiences and a continuous stream of inquiries. This Dept will become one of the most important in the Service when supplies of good records arrive from LHQ, if ever.

ADME 11 AUST DIV - NOTES FOR WAR DIARY

Place:- Port Moresby - Map Reference 904367 - P M 1" to 1 mile.

Date:- 15 May '43.

Time:- as at 2359 hrs.

1. MT 2nd echelon wkshops are keeping abreast of work, but production for the week has been hampered by the change over in formation of 16 Bde Sec 6 Aust Div Wkshop with 109 Aust Ind Bde Gp Wkshop. During the past week ninety-seven (97) vehicles of various types passed through 2nd echelon wkshops.

2. ARTILLERY Inspection and wkshop repairs to 2-pr Tk A Guns from 7 Aust Inf Bde have been continued. The following is the number of guns serviced for the week:-

Ord QF 2-pr Tk A	2
Ord QF 25-pr	1

3. ARMOURY The mobile armourers wkshop have completed an inspection of arms held by 24 Aust Fd Coy RAE and HQ RAA 6 Aust Div. Inspection revealed that arms were well maintained; 5 rifles already "starred" were recommended for exchange although still serviceable for non-operational areas.
The following is the number of arms completed:-

Rifles SMLE	225
Pistols	90
SMGs	196
LMGs	33
Boys Tk A Rifles	5
Miscellaneous	25

4. WIRELESS AND SIGNAL EQUIPMENT Inspection of wireless and signal equipment in the formation is being carried out, and this will keep wkshop sections filled with work. During the past week ten (10) sets of various types have been repaired. Inspection of 2/5 Aust Fd Regt equipment shows little or no improvement since the same equipment was inspected a month ago when on charge to 14 Aust Fd Regt.

5. INSTRUMENTS During the past week twenty-three (23) instruments have been repaired in 2nd echelon wkshops. The special instrument room being built at 109 Aust Ind Bde Gp Wkshop (formerly 16 Bde Sec 6 Aust Div Wkshop site) is still incomplete because of delay in obtaining a ¼ HP 230V Motor for air conditioning.

6. TRAINING Ammunition is now available for all AEME units in formation, and arrangements are in hand to have all personnel complete a practical range course by approx. 14 Jul '43.

AUST ARMY EDUCATION SERVICE HQ 11 AUST DIV.

WAR DIARY - Week ending 22 May, '43.

Twenty lectures delivered during week to aggregate audience of over 1300. Subjects dealing with Australian possibilities of settlement and development have aroused very keen interest.

Fifteen enlarged cloth maps and illustrations have been prepared for use in conjunction with lectures.

Discussion Group pamphlets have also been used by men to further their knowledge of subjects dealth with.

Discussions by the men are increasing in ixtent, as is also the standard of understanding in these matters.

Arrangements are being made to coach men in work for Public Service Clerical Exams in November next.

Twenty-four men have access to Welding Notes and 5 have availed themselves of Signals Trg Scheme. Text books on Motor Mechanics and Diesel Engines are being freely used by soldiers interested. Forty-one applications for Correspondence Courses were dealt with, 36 of whic were completed and forwarded. Fifteen acceptances were received from Colleges and 14 enrolments completed. One undergraduate's course was arranged.

A/WO.(II) Dornan gave three recitals in musical appreciation to a total of approx 570.

One of these recitals was held in Eddy Avenue.

Debating is becoming popular and teams have been formed by 11 Aust Div Sigs, Provosts and HQ AASC. Others are also interested.

11 Aust Div R/O 160/43 is cancelled and the following instruction substituted.

All AASC units and units under Comd 11 Aust Div whose WE includes AASC drivers attached will distribute the Monthly Return of Warlike Stores (Schedule M) as follows :-

One copy direct to DDOS, NG FORCE;
" " " " ADOS, 11 AUST DIV;
Two copies direct to HQ Comd AASC, 11 Aust Div,
and NOT direct to DDST, NG FORCE.

204. RETURNS

Units of this formation were recently instructed to submit to HQ Comd AASC 11 Aust Div through the normal channels, Returns in connection with the undermentioned stores—

(a) POL—Consumption;

(b) Reserve Rations;

(c) Unit Reserves of POL and Range Fuel.

204. RETURNS (Continued).

It is pointed out that these instructions contained in 11 Aust Div R/O's 154/43, 156/43, 157/43 have NOT been fully carried out. In particular the late, and at times NON-receipt of returns, together with insufficient information furnished in many cases, suggests poor administration and lack of attention to essential detail. It is again firmly impressed upon units that the instructions previously issued MUST be complied with, without exception.

Date : 22 May 43.

Time : as at 2359 hrs.

1. MT
During the past week sixty-two (62) vehs of various types passed through 2nd echelon wkshops. Production has been hampered due to 109 Aust Ind Bde Gp Wkshop having to settle into their wkshop site. The monthly MT inspection has been carried out within the formation but reports are yet to be completed.
Lack of timber is seriously affecting carrying out of body repairs to vehs, and lack of oxygen and sufficient reconditioned engines is still a serious handicap.

2. ARTILLERY
Inspection and wkshop repairs to 2-pr Tk A and 25-pr equipments have been continued. The following are number of guns serviced for the week:-

Ord QF 2-pr Tk A	3
" " 25-pr	2

3. ARMOURY.
The mobile armourers wkshop is at present carrying out an inspection of small arms on charge to 2/5 Aust Fd Regt. Reports as to condition of arms are not yet to hand. During the past week the following number of arms were completed:-

Rifles SMLE	367
Pistols	15
SMGs	24
LMGs	25
Boys TkA Rifles	3

4. WIRELESS AND SIGNAL EQUIPMENT.
During the past week twelve (12) sets of various types have passed through 2nd echelon wkshops. Equipment inspected at 2/5 Aust Fd Regt has been absorbed into wkshops for repairs.

5. INSTRUMENTS.
Instruments inspected at 2/8 Aust Armd Regt revealed that fungus growth had affected twenty (20) prs of binoculars which were replaced and evacuated. Two new pairs of American binoculars just issued direct from 10 Aust Adv Ord Depot to 7 Aust MG Bn have been returned to wkshops badly fungused. During the past week fifteen (15) instruments of various types have passed through the wkshops. The instrument room at 109 Aust Ind Bde Gp Wkshops is still incomplete owing to delay in obtaining motor for air circulation.

6. AFVs
Five (5) Gen Stuart M3 Light Tanks have been inspected and repairs carried out where necessary.

7. WARNING ORDER FOR MOVEMENT.

1. Despite frequent instructions concerning the rendition of the Monthly Census of Warlike Stores it is apparent that the undermentioned units of this Formation do NOT fully appreciate its vital nature. In addition the disregard in many respects of Instructions laid down, vide GRO 379/42, creates the belief that officers responsible for normal administration in their units are sadly lacking in the "DRIVE" necessary to render this return on the date and at the time laid down. In this connection attention is particularly directed to GRO 379/42, para. 4.

2. (a) It MUST be appreciated that the information contained in the Monthly Census of Warlike Stores is the basis on which items in short supply, and of a difficult nature to obtain, are distributed equitably amongst units. NO OTHER METHOD IS AVAILABLE.

(b) It should not be necessary to point out that upon the accuracy and punctual rendition of this information rests the present maintenance, future replacement, and planning of equipment.

3. It is considered that as the majority of units have now been compiling this return for a period of over 12 months, it is a reasonable view that both accuracy and punctuality are to be expected.

4. The governing factor of the return is, that the Census' main object is to provide essential fighting equipment for the unit in the field. Too often units complain bitterly of the shortage and slow supply of equipment and haphazardly blame the various Services for "letting the troops down". If units cannot make available vital information such as this, then it is submitted it might be to the

advantage of those concerned to examine closely the weaknesses in their own administration, when it will be found that the breakdown often commences at their own door.

5. Finally, should the present condition continue to exist the only remaining alternative is for this HQ to take individual action, in the endeavour to ensure that instructions issued are definitely implemented.

2. Mosquito Repellent Lotion is now on issue. The lotion is a colourless fluid, with a slight, not unpleasant odour. It is not greasy, does not stain the clothes, is harmless, and does not sting the skin except in the eyes.

3. **Scale of Issue:** 1 bottle per man per 28 days in static areas. For troops in land contact with the enemy, on night work or on night exercises, 2 bottles per man per month will be issued if necessary, on authority of DDMS.

4. **Application:** It is applied by shaking a few drops (at most half a teaspoonful) of the Lotion on to the hands and smearing carefully over all exposed parts of hands, wrist, face and neck.

5. **Efficiency:** One application is, on the average, efficient in preventing mosquito bites for 3—4 hours. For picquets or others on night duty 2—3 applications at three-hourly intervals will be needed.

6. **Importance:** This lotion represents an advance of the highest order in Anti-Malarial protection, particularly for the troops in action.

If it is used unfailingly and repeated after 4 hours in the case of men on duty at night, it should cut down the amount of new malarial infection enormously.

During training exercises its use should be thoroughly taught and meticulously carried out.

7. **Warnings:** (a) This repellent does not prevent men already infected with Malaria from relapsing.

(b) Even though mosquitoes may not bite where repellent has been applied, they may do so on a "missed" area of skin or through thin or torn clothing. Attention to repair and adjustment of clothing, supply of serviceable shirts, etc, is therefore necessary.

(c) The repellent must be used each night whether mosquitoes appear to be present or not. Its use must be as much a drill as the taking of Atebrin.

(d) All other protective measures possible must be enforced.

A.A.S.C TRANSPORT - 11 AUST DIV.

HQ 11 AUST DIV

31 MAY, '43.

1. In future units requiring vehicles for duties, in excess of that capable of being performed by MT on unit charge, will requisition DIRECT on 152 Aust Gen Tpt Coy.

2. All demands will be made by Signal and NOT by telephone.

3. A minimum of 24 hrs notice must be given in all cases.

4. Should demands exceed the number of vehicles available priorities will be determined by HQ 11 Aust Div.

5. As 152 Aust Gen Tpt Coy is not fully equipped in accordance with WET, units are requested to make the maximum use of unit transport before demanding additional vehicles.

6. Should operational movement require the use of all MT on charge 152 Aust Gen Tpt Coy demands by units will be cancelled and 152 Aust Gen Tpt Coy will advise units accordingly.
