ADME 11 Aust Div - NOTES FOR WAR DIARY.

Place : Pt Moresby - Map ref 904367 RM 1-in to 1-mile

Date : 1 Jun 43.

Time : as at 2359 hrs.

1. MT.
During the past week seventy-seven (77) vehs of various types passed through 2nd echelon wkshops. Reports on monthly MT inspection have come to hand, and reveal a slight improvement in maintenance for the last month.

2. ARTILLERY.
Two (2) new unfired 25-pr equipments required fitting of jackets to barrels, owing to guns being jammed in the jackets. This absorbed many man-hours, and shows extremely poor inspection of original manufacture. During the past week the following number of guns were serviced:-

Ord QF 2-pr	3
" " 25-pr	2

3. ARMOURY.
The Mobile Armourers Wkshop has completed an inspection of small arms on charge to Sigs 11 Aust Div. Report indicates that arms were well maintained; three rifles were "starred", and although still serviceable were recommended for exchange. Eleven (11) pistols .455-in being obsolete were also recommended for exchange. The following is the number of small arms completed:-

Rifles SMLE	194
LMGs	5
Boys Tk A Rifles	5
SMGs	26
Pistols	4

4. WIRELESS & SIGNAL EQUIPMENT.
During the past week twelve (12) Sets of various types passed through 2nd echelon wkshops. Many items of wireless and signal equipment are badly in need of a coat of paint to prevent rusting - units are having difficulty in getting supplies.

5. INSTRUMENTS.
During the past week fifteen (15) instruments of various types have passed through 2nd echelon wkshops; The special instrument room at 109 Aust Ind Bde Gp Wkshop should be in operation shortly, as a 1 HP 230 V motor has now been obtained for air conditioning. Experiments carried out to obtain a suitable fungicide for the eradication of fungus in instruments, has resulted in a 1% solution of thymol in meth spirits being a possibility, and tests will be carried out to ascertain results.

6. AFVs.
Five (5) Gen Stuart M3 Light Tanks have been inspected and repairs carried out where necessary.

7. WARNING ORDER FOR MOVEMENT.
231 Aust LAD went onto 2-hour notice to move by air as from 0400 hrs 29 May 43.

8. MOVED OUT OF COMMAND.
231 AustLAD moved out of comd as from 0800 hrs 30 May 43.

9. TRAINING.

Practical range courses are being conducted by AEME units in the formation.

REPORT ON AMENITIES - 7 AUST INF BDE

The writer moved to 7 Aust Inf Bde area on 18 May '43 to make a two-day inspection of this formation with ref. to amenities. The following report is submitted herewith :-

GENERAL : - The set up in this area is generally very good. Personnel of the Bde are very keen on all amenities. Officers, particularly, are very enthusiastic and all assistance possible is given to build up the morale of the tps.

The present increase in training hours does not allow much time for sporting activity, however, it is not anticipated that high pressure training will go on indefinitely.

Tps appear happy and contented with the facilities available.

SPORTING MATERIAL :- Quite a large quantity of sporting material is now on hand at 7 Bde, portion of which was a free issue from Amenities Service; the remainder is being purchased from Unit Trust a/c through Amenities Service Bulk Store.

SPORTS GROUNDS :- A playing oval has been cleared at one end of the Bde area. This ground is used practically every day of the week by unit teams playing football, soccer etc. An occasional day is set aside for Tabloid Sports. 61 Aust Inf Bn have purchased 1 set cricket matting and it is the intention of Lieut WOODS, Bde Amenities Offr, to have built on the ground, as soon as material is available, a concrete wicket.

AQUATIC SPORT: Each unit has its own bathing pool running through or near their camping site. These pools are very popular and lads spend most spare time swimming. In the most central area there is erected landings, spring boards, twining boards etc where Bde or unit aquatic carnivals are held. Water Polo balls have now been supplied by the AAAS, this type of sport should prove very popular.

ENTERTAINMENT :- There is a shortage of entertainment at night throughout the Bde area. Picture shows are screened Wednesday and Thursday night of each week. It is desired that more concert parties visit this area but this is impracticable owing to the large number of tps on the island to be serviced. All units are quite happy regarding picture performancesand are looking forward to the time when releases of films will have priority over the mainland.

An endeavour will be made by the writer to supply a piano to DONADABU area. If this is successful units will be in a position to arrange their own impromptu concerts and Community Concerts.

The amplifying system has now been moved to a central position, where news and recordings are amplified to all areas. This system has been placed in the care of 7 Bde Sigs, each unit of the Bde taking their turn at operating. Roster for units operating the system has been drawn up.

WIRELESS SETS :- Unfortunately , there are no wireless sets in 7 Bde area . This matter is being taken up with Deputy Commissioner of ACF . It is doubtful if the shortage in 7 Bde area can be rectified until further supplies of radios arrive from the Mainland.

CANTEENS :- Unit canteens seem very well set up and stocked. There are a few items unprocurable at No 6 Issuing Point ADCS. The writer will take this matter up with Lt-Col Farrell, Director of Canteen Services.

PH ILANTHROPIC SOCIETIES :- The S.A. have established a hut in the area occupied by Donadabu Camp Staff. This does not service many of the Bde troops. Coffee or cocoa is served in the hut at night time, Indoor games and writing facilities are made available .

YMCA have as their rep at Bde one Mr Graham. He has established 2 centres within the Bde precints. These centres are controlled by a Cpl of AAAS. Complaints have been made that Mr Graham does not spend sufficient of his time with the Bde units, the majority of his time evidently being taken up with work outside the Bde. This matter is to be looked into and taken up with Mr Dettman, Deputy Commissioner of YMCA. In the huts controlled by YMCA, indoor games, writing material and reading matter are available to tps. Coffee or cocoa is served at night.

HQ 11 AUST DIV - 1 June '43.

4.

WAR DIARY FOR PERIOD 22 May - 1 June 1943.

STAFF:

As the result of acceptance of A/Sjt JACKSON, J.A. by Brigadier FIELD as future Education Officer for 7 Aust Inf Bde., Cpl JOHNSTON was taken on strength in order to be trained. He has proved most satisfactory to date.

LECTURES:

30 lectures were delivered by staff to an aggregate of approx 1600 men. Great interest is evident in subjects supplying factual information about Australia.

DISCUSSION GROUPS:

There are 35 Discussion Groups being studied by 177 soldiers in all

DEBATES:

Debates are becoming increasingly popular. An inter-unit debate between HQ AASC and 11 Div Sigs was held.

MUSIC:

Three Pianoforte Recitals attended by approx 400 were given, with anotations. Some good recordings have been acquired and will be performed when a suitable gramaphone is available.

CORRESPONDENCE COURSES:

Over 80 applications for Correspondence Courses were dealt with, including 6 Undergraduate Courses and 3 Matriculation Courses.

CONFERENCE:

A conference of Unit Education Officers was held to discuss AES activities. Report of conference is attached herewith for information.

KEITH WOOD, Lieut

Apologies were received from :-

Capt Quinn	1 Aust Mtn Bty
Sgt Guthrie	6 Aust Div Carrier Gp

The subjects on the agenda dealt with were :-

1. Correspondence Courses ; 2. Discussion Groups ; 3. Current Affairs Bulletin ; 4. Debates ; 5. "Soldier Speaks"; 6. Quiz Sessions ; 7. Classes.

1. CORRESPONDENCE COURSES

Lieut WOOD supplied the following information :-

(a) Where the Intermediate Certificate is required, a signed declaration, witnessed by the U.E.O., must be forwarded with G.I.F.

(b) Only one G.I.F. is required for each application ;

(c) The G.I.F. should be signed by the U.E.O.

(d) Trade Courses require practical background . Full details of such experience must be shown on the back of G.I.F.

(e) Generally speaking, only one subject may be accepted at a time. If alternatives are applied for, the order of preference should be stated on the back of the G.I.F.

(f) "Preparatory" does not mean "elementary." Courses immediately after primary school standard are "Sydney Secondary School" subjects. "Preparatory" - actually corresponds with the beginning of the Intermediate standard. "Preliminary" English (Melbourne) is NOT elementary. If "Elementary" is required, vide "Sydney Secondary Subjects."

(g) Courses in Commercial Art, Free Lance Journalism require samples of applicant's work attached to the G.I.F.

(h) Attention is drawn to additional subjects and courses connected with Universities, Dept of Education, etc. vide Div R.O. 22 May (A.A.I. Notice).

As regards the follow-up of courses, it is most important that U.A.O's should instil into soldiers the need for notifying their U.A.O. on the arrival of the first lesson and any delay or other irregularity. The need for tutors to assist is another matter for enquiry.

U.E.Os are to be supplied with full lists of applicants for courses in their own units.

2. CURRENT AFFAIRS BULLETINS

Each U.A.O. was asked for his opinion on C.A.B. as to whether (a) it was being used (b) the attitude of officers to the publication (c) the matter contained in C.A.B. and (d) the methods for its use.

(a) C.A.B. was being used at the following units :- 2/1 Aust MG Bn and 50 Bty R.A. 6 Aust Div . Capt CRANDON reported that platoon commanders gave lectures once a week as part of the training syllabus . However, Capt Crandon thought that C.A.B. could be written on simpler lines.

Capt DIXON found that one big difficulty in the way of using C.A.B. was the scattered nature of his unit. This difficulty was shared by others but Mr Corbould thought it might be possible to use C.A.B. in the gun positions where there were from 10-16 men. It was also being used as part of the syllabus at 50 Bty, 13 Aust Fd Regt. Here the officer regarded CAB as a source of useful information; it was handed out to the men were were encouraged to read it.

(b) The Attitude of Officers was commented upon. Mr Buchan said that the officers were not interested, "C.A.B." being left unread in the mess. Mr Buchan went on to comment on the apathy and indifference of C O's to CAB. Mr Saunders thought that many officers didn't feel competent enough to answer questions. It seemed necessary to send C.A.B. to officers before it can be used for the men.

(c) Subject Matter of C.A.B. Mr Saunders objected to certain issues which contained too many statistics. On the whole, it was not an attractive publication for the men who preferred lighter reading. Padre Tiller :- "C.A.B. is much too stuffy and highbrow." He said that it didn't supply enough matter for the officer and was superfluous when there were regular AAG lectures.

(d) The general opinion was that C.A.B. was a good publication , an excellent basis for lecture work, reliable, but that faults lay in the methods for its use. When read verbatim by an officer, it doesn't "go over." Padre McCullough thought it didn't achieve its purpose. Men rather stampeded the officers by putting over their pet theories. Men prefer lectures on a set subject. As handled at present, the reading of C.A.B. doesn't ring true. There was a suggestion to distribute C.A.B. to those men who wish to read it. Just to pass on facts to the men without comment was the wrong method and left little or no impression.

3. DISCUSSION GROUPS

Mr Wood outlined the aims and objects of D.G's. Their formation was essentially personal and voluntary. Their aim is to direct discussion into fruitful channels. The ideal number in a Group is six. Regular meetings should be held where possible. Good intentions materialise best when aided by routine. The selection of a leader-chairman was important. The U.E.Os were requested to attend the first meeting or two of each group to set it on its correct path.

Where possible, it is desirable that Groups prepare written reports as to Groups' opinions and suggestions.

U.E.Os were asked to notify the Education Officer, II Aust Div, of any increase or decrease in the number of groups or personnel thereof- also any groups that have formed.

MEMBER :- Each member to read and study and prepare notes and queries for meetings. Only one chapter should be read before each meeting , although it may be convenient on occasion to include more than one. Discussion Groups should tie up with formal debates. There is ample material for debate in the scope of the twelve D.G. topics available.

Mr Wood said the D.G. position is unsatisfactory, as at present there are 34 groups, but perhaps only 12 are operating to the full extent. Mr Dixon advocated the erection of a study tent within each unit. It is a definite necessity to provide accommodation for study groups and correspondence course students where quiet conditions prevail. Padre Tiller and Capt Crandon suggested that Education should emphasise the need for more tentage. Capt Crandon suggested the sub-division of education areas and building huts for classes etc.

4. CLASSES

U.E.Os were requested to make a survey within their units of soldiers unable to write,spell or read reasonably well,if at all. Investigation of opening classes under the following heads :-

(a) Full time for a fortnight- for near-illiterates;
(b) Occasional classes for others who wish to attain secondary standard.

Mr Wood pointed out that it was possible to obtain teachers from the various units available for subjects allied to army work. Padre Tiller thought that more time should be spent with near illiterates than with lecturing. It was decided to interview the D.A.A.G. with a view to securing a permanent school for illiterates.

5. DEBATES

The following suggestions were made :-

(a) Soldiers already experienced in or keenly interested in debates should be used also beginners who are willing to try;
(b) Debates should be thrown open for discussion;
(c) "Soldier Speaks" and "Quiz" meetings to encourage self expression among the soldiers;
(d) An alternative to the debate is the Open Forum. U E Os agreed to forward to the Education Officer reports on - 1. Number of debates held in any week;2. Subjects chosen; 3. Aggregate attendance.

ORDER OF THE DAY

By His Excellency

GENERAL LORD GOWRIE, *VC, PC, GCMG, CB, DSO,*

Governor-General of Commonwealth of Australia

ON the occasion of my first visit to NEW GUINEA since the Island became a theatre of war I take this opportunity of paying tribute to, and personally thanking all ranks of the Australian and U S A Forces for the magnificent efforts put forth in the campaign against the Japanese aggressors.

On the Mainland we have heard with admiration and pride of the dogged resistance offered to enemy attacks and the determined onslaughts which have produced victories over a ruthless foe. Now I am in a position to see the actual conditons under which you are waging this war, and I shall return to Australia with a very sincere appreciation of your difficulties and the cheerful and resolute manner in which you are facing them.

The comradeship and co-operation with which the two nations have fought to a single purpose have contributed largely to the successes of this campaign.

The end is not yet. There are still gigantic tasks to be undertaken and accomplished. That they will be accomplished I have no doubt.

The outlook of the United Nations is brighter today, though the final defeat of the Axis hopes will not be achieved without further heavy fighting. In the Pacific we have bitter debts to pay and lost ground to regain.

But by the continued courage, endurance and co-operation you have already shown the defeat and unconditional surrender of our enemies will be assured.

I thank you for all you have done in the past and I wish you all the best of luck in the days that lie ahead.

GOWRIE,
GOVERNOR-GENERAL.

215. RETURN OF PERS FROM MAINLAND AFTER ATTENDING SCH.

It has been reported that in some cases pers have been unusually delayed when returning to NG after attending Sch on the mainland. It is the intention to expedite this movement as much as possible.

Units will notify HQ 11 Aust Div if any of their pers who have rejoined within the last six weeks have taken more than three weeks to return to the unit as from date of completion of the Sch or as from date of conclusion of leave which may have been granted at the end of the Sch. Such notification is also required in the case of any pers who attend future Sch and do NOT report to their unit within three weeks of the conclusion of the Sch or completion of leave which may have been granted at the end of the Sch.

216. PROCLAMATION AND USE OF SMALL ARMS RANGES—PORT MORESBY AREA

Ref NGF Order G.225/43. Units requiring additional ranges proclaimed will fwd applications to HQ 11 Aust Div NOT later than 15 Jun.

217. TEXT BOOKS AND PUBLICATIONS

Unless otherwise directed, requisitions for text books and publications will be forwarded direct to Printing and Stationery PORT MORESBY.

It is NOT necessary to requisition for new publications. They are automatically distributed as soon as bulk supplies reach this area.

Units leaving PORT MORESBY area will :-

(a) In the case of a fwd move, return to stationery all text books over and above essential requirements;

(b) In the case of a move to the mainland, return to stationery all text books over and above minimum library requirements.

ADME 11 AUST DIV - NOTES FOR WAR DIARY.

Place : Pt. Moresby - Map Ref 904867 FM 1-in to 1-mile.

Date : 8 Jun 43.

Time : as at 2359

1. MT.
During the past week one hundred and twenty three (123) vehs of various types have passed through 2nd echelon wkshops.

2. ARTILLERY:
Inspection of certain 25-pr equts has revealed rust in HP cylinders of recuperators; one has been lapped out so far, taking 6 man days.
During the past week two (2) 3-pr equts passed through 2nd echelon wkshops.

3. ARMOURY:
The Mobile Armourer's Wkshop is at present carrying out an inspection of arms on charge to 7 Aust Inf Bde. Interim report indicates that arms have been well cared for. During the past week the following number of arms were serviced.

Rifles SMLE	326
Rifles Boys .55 Tk A	7
LMGs	30
SMGs	70
Pistols	43

Tests carried out at 109 Aust Ind Bde Gp Wkshop AEME with the object of shortening the barrel of the Boys .55 Tk A Rifle by 24-ins to facilitate handling in jungle country, have not been successful, as it has been found that after shortening the barrel 16-ins, the rifle is inaccurate in firing and loses approximately 50% MV; it is too inaccurate to hit a 6-ft target at 200-yards.

4. WIRELESS & SIGNAL EQUIPMENT.
During the past week thirty (30) sets of various types have passed through 2nd echelon wkshops.
With the object of becoming familiar with American and Australian equipment, arrangements are being made by NGF for Allied Wireless and Signal equipment experts to exchange ideas with formation wkshop personnel and for each to inspect the servicing equipment held by the others.

5. INSTRUMENTS.
The special instrument room being constructed at 109 Aust Ind Bde Gp Wkshop will be in operation shortly, when it is hoped that production in repairs to fungused instruments will increase considerably.
During the past week twenty (20) instruments of various types passed through 2nd echelon wkshops.

6. AFVs.
Seven (7) Gen Stuart M3 Light Tanks have been inspected and repairs carried out where necessary.

7. AEME ATTACHED PERSONNEL.
A return submitted to DME LHQ indicated that under the 2nd phase of the Formation of AEME, the AEME establishment throughout the formation has been increased by approximately one hundred and fifty (150) personnel.

8. TRAINING.
Practical range courses are being conducted by AEME units.

15 Aust Inf Bde	- Lieut White, D.M. - A/Sjt Roper, I.W.
RAA 6 Aust Div	- Lieut Wardell (Acting)

HQ 11 AUST DIV:

Owing to the continual shifting around or exchanging of personnel attached to or under comd of this HQ it is difficult to arrange any set form of amenities inter-units. However, sporting fixtures are arranged where and whenever possible. Hasty arrangements have to be made in many cases, but this type of sport is very pleasing. It usually brings the bright and enjoyable competitive spirit.

Playing fields are being cleared and built in the majority of unit areas, and some sub-units are also building small grounds where games can be played in spare time instead of awaiting an organised unit game. Soft ball is becoming very popular. This is partly due to the small area required to play in. There has been a number of cement cricket pitches put down within the Div. These grounds are open to any team desiring the use of same.

ENGINEERS
~~Enquiries~~ are at present working on improvements to the cricket ground situated centrally at Div HQ, Murray Barracks. This ground is open to the use of any tps, application for same to be made through Amenities Section, 11 Aust Div.

Sporting equipment allocated to HQ 11 Aust Div has been distributed and full use is being made of same. Some units are still short and are looking forward to the new shipment arriving.

Some units are holding Swim Parades each Sunday.

Troops are entertained with picture programmes on a weekly circuit by Amenities Cinema Units. Also there are picture shows in other areas which are attended by personnel of 11 Aust Div.

Arrangements have been made for a 3 ton truck to convey HQ personnel to film shows each night of the week excepting Sunday.

7 AUST INF BDE:

This Formation is in a very good position regarding amenities. They have sufficient sporting material to allow all games to be played on a unit basis. The types of sport entered into by this group are Football, Rugby and A.R., Soccer, Cricket and Basket Ball. Soft Ball is now being introduced and the troops are showing great enthusiasm.

Swimming is the most popular form of sport in 7 Bde area. Most spare time is spent in the water. Water Polo is played very keenly by the troops.

Piano on loan to this Bde is greatly appreciated and has been

used very night since received. Community Concerts of an evening are very popular. At present the piano is being thoroughly overhauled and tuned by a professional Tuner and mechanic.

The P.A. System has proved a boon but difficulty is experienced in procuring records and needles for the record playing unit.

Lighting is a problem in this area and the supply of pressure lamps through Amenities Bulk Store would be appreciated.

15 AUST INF BDE:

A marked improvement was observed during this month in sporting activities. Material was made available by 11 Aust Div and on being issued to units the men began to show more interest in games. Material received included Cricket, Softball, Soccer, Rugby and Deck Tennis Sets.

Unit Sports Offrs formed Coy and Pl teams in all units of the Bde, and keen rivalry existed in inter-Coy and inter-unit matches.

Several offrs of the Bde visited an American unit and took part in games of volley ball and also instructed the Americans in the game of cricket. A cricket match had been arranged between this Bde and a team of Americans but owing to movement of ops this game had to be cancelled.

A Bde tabloid sports meeting was held during the month and was a great success. Two teams of ten men from each unit competed in all different kinds of athletic contests. Honours of the day went to 15 Aust Fd Amb. Personnel not participating in the tabloid sports took part in softball and cricket matches held between units.

Picture shows in the 5 Mile and June Valleys are well attended by personnel from this formation in addition troops attend shows in nearby American camps.

Salvation Army and YMCA reps are doing good work and are welcomed at all unit lines.

With the arrival of more sporting material less spectators are in evidence. Should a further supply of equipment be received spectators will all turn participants.

The Medical Offr of the 58/59 Aust Inf Bn has stated that since the inception of organised sport, fewer personnel are attending Sick Parade.

Community and impromptu concerts are often put on and these prove very popular and entertaining.

RAA 6 AUST DIV:

Regts under comd of HQ RAA 6 Aust Div are reasonably well set up for amenities. Playing fields are cleared and built in all regimental areas. Certain times each week are set aside for sport. In addition to the inter-Regt games arranged for week-ends, RAA are desirous of acquiring several sets of cricket matting as cricket pitches have been put down in some areas. Softball has been introduced and is becoming popular with Batteries as only a small clearing is necessary in which to play the game.

2/1 Aust Fd Regt have entered into the spirit of sport much more than other Regts. They are very keen on any type of game and are particularly enthusiastic about hockey. Equipment is a handicap to them.

This Regt is also endeavouring to rebuild their band. Again the difficulty of obtaining equipment is a handicap.

2/1 Aust Fd Regt and 13 Aust Fd Regt have produced several concerts during the last month. These were greatly appreciated by all personnel of their respective units.

Units under comd of RAA are well dispersed and the majority are well serviced with cinema shows either by the Amenities Service Mobile Unit or American Set Shows in nearby areas.

1 Aust Mtn Bty has constructed a stage and would welcome some musical entertainment in their area. This Bty has Morse transport only and cannot travel any distance to attend shows in surrounding areas.

GENERAL:

During the month many units were contacted and put on the right track towards arranging amenities within their own Formation. Two successful days were spent in Donadabu area, straightening out matters regarding sports and entertainments. 7 Aust Inf Bde have during this month been on an intensive training course. This has now eased up and lads are enjoying a short spell of play. The Bde Comd's of 7 and 15 Aust inf Bde speak very highly of the work of the Amenities Service.

Difficulty has in the past been experienced through lack of transport. This is now being overcome as a vehicle is being allotted permanently to the Div Amenities Offr. When this vehicle is supplied more time will be spent with the small units and also units in outlying areas.

It is pleasing to note the extra sports grounds and cricket pitches being built. Whenever possible, Engineers are only too pleased to assist units by either giving advice or supplying material.

Several cricket teams from 11 Aust Div have been entered in "Guinea Gold" Cricket Competition.

Philanthropic Societies are very active around the units. Huts under control of YMCA or S.A. are being well conducted, at the moment there is a shortage of indoor games and writing material, investigation show this is unavoidable. Immediately shipments come to hand all huts will be restocked.

ACF made their customary issue at the beginning of the month.

Unit canteens in all areas seem to be well conducted. The temporary shortage of some commodities is now remedied and CO's of units are more satisfied.

WAR DIARY - JUNE 1 JUNE 8, '43.

Lectures have continued to arouse great interest among troops. 24 lectures were delivered to an aggregate of over 1300 troops.

Cpl Johnston, E.F., a new addition to AES Staff, gave his first lecture with marked success. His subject was "Japan in Indo-China."

Discussion Groups have proceeded reasonably satisfactorily.

Correspondence Courses are drawing a steady stream of applicants. 33 were forwarded during the week and notification of acceptance by Colleges was received for 51 soldiers.

Debates were extended to 2/1 Aust MG Bn and 11 Div Pro Coy who challenged 11 Aust Div Sigs on the right of women to receive equal pay for equal work with men.

AMMUNITION SCALES.

HQ 11 AUST DIV
9 JUN '43.

1. GENERAL:

To arrive at a basis for the computation of ammunition for all types of weapons for the planning of future operations in NEW GUINEA, the following scales have been established:-

(a) Scale "A" - 1st line Unit Equipment Scale.

(b) Scale "B" - Normal daily replacement rate - an estimated figure which is to be considered as normal wastage for building up of reserves.

2. The details of Scales "A" and "B" are as shown in Appendix "A" attached.

3. CONTROL OF ISSUES:

In future the issue of ammunition will be controlled by HQ NGF directing that amounts should be in accordance with these scales, e.g.,

(a) 50% of Scale "A".

(b) Scale "A" plus 7 days Scale "B".

(c) 14 days at Scale "B".

These will be the accepted figures for the computation of operational reserves throughout NEW GUINEA FORCE and are NOT to be confused with the War Usage Rates laid down by LHQ.

DISCIPLINE AND DRESS

AQ 3323 HQ 11 AUST. DIV.

14 Jun. '43.

The subjoined memo from NGF has been received :-

"GOC NEW GUINEA Force views with concern the slackness in dress, bearing and saluting, of troops in the NORTHERN area, and also the many infringements on the part of Officers and other ranks of the orders for dress at night.

I am directed to say that this matter is to be brought to the attention of all Commanding Officers, with instructions that immediate steps will be taken to obtain a proper standard of discipline in these matters."

2. Comd 11 Aust Div thoroughly concurs in the terms of the above-quoted memo, and directs the close attention of all CO's etc., to the undermentioned observations and instructions.

3. It will be ensured in this connection, that all existing orders and instructions, and any subsequently issued, are brought to the notice of all ranks on parade at least once per week. Measures taken will provide for immediate promulgation to fresh personnel drafted to a unit, and to those returning thereto after absence exceeding one week.

4. It must be realised that offrs and NCO's are bound to set a high example in this and other connections. CO's will take action to impress this necessity on all concerned and take severe disciplinary action in cases of proved offences by such personnel.

5. All contraventions of orders and/or insts will be dealt with by appropriate disciplinary action. In cases which are within their knowledge all comds will ensure that compliance is given by subordinate offrs in this regard, and call for explanations if action taken is deemed by them to be inadequate. Such action has already been taken by this formation, and will continue.

6. CO's etc., are reminded that, in this as in all other such matters, the incidence of offences is an adverse reflection on their administrative ability. Where considered necessary, owing to prevalence of offences of the nature under reference, CO's etc., will be called upon to provide satisfactory explanations. Failure in this regard may result in certain other action.

7. CO's etc., will give this matter their close PERSONAL attention and will acknowledge receipt of this memo personally.

A Coy, 11 Aust Div Fd Amb
Half "J" Sec Sigs att 7 Aust Inf Bde

ordered today to join 9 Aust Inf Bn for move to forward area.

In addition to WE amn, four days' Scale "B" amn (vide NG Force Staff Table No 2) was issued to all units for this move. Fifteen Bags Water Canvas Cylindrical 36-gal were issued to 9 Aust Inf Bn, and one to each MG Pl and Fd Amb Coy (vide Scale A to NG Force Staff Table No 1).

Lt-Col Vidgen left for 6 Aust Div per plane this morning.

7 Jun

The position with the supply of electrolyte or acid sulfuric to units for charging and maintaining batteries secondary is becoming serious. These supplies - particularly to signal units, which will not be able to maintain W/T for very much longer without seriously damaging batteries - are essential, and their lack could affect possible operations.

All efforts are being made to have electrolyte forwarded from Australia by quickest means, and it is anticipated supplies should be available in about a week's time.

8 Jun

57/60 Aust Inf Bn placed on 24 hours' notice today. Scale of issue is to be the same as that applying to 9 Aust Inf Bn Gp.

Arrangements made with COO 10 Aust Adv Ord Depot for all outstanding indents to be made ready for collection - at once. Deficiencies in Controlled Stores:501/1, 915/1, 989/3 and 994/10. All made good by issue from Depot.

8 Jun (Cont)

To move also were following details:-

Det 15 Aust Fd Coy
Det Sigs 3 Aust Div
Det AAMC

Fifteen Bags Water Canvas Cylindrical were also issued to ~~[illegible]~~ 57/60 bn.

9 Jun

The following were placed on Warning Order for movement:-

One RDI, 152 Aust Gen Tpt Coy
37 AAMC personnel

These units were previously equipped and no extra stores were needed for this move.

Move of 9 Aust Inf Bn Gp -(See 4 and 5 Jun.).

Cancelled, and all units ordered to rejoin 7 Aust Inf Bde, except MG Pl, which will rejoin 2/1 Aust MG Bn.

57/60 Aust Inf Bn released from 24 hours' notice - move in abeyance.

11 Jun

Stores issued to 9 Aust Inf Bn Gp for move withdrawn, i.e., two-man tents, water bags, amn etc, and units concerned moved back to original areas today.

14 Jun

2/6 Aust Svy Bty requested supply (special issue) of 25 American-pattern Combined Hammock and Mosquito Net for use by survey parties working in remote areas. These hammocks are issued to US personnel working in similar areas.

The question of supply was submitted to DDOS NG Force, and arrangements were made for 25 of these to be procured from US Forces and issued to above unit.

SUBJECT: EVACUATION OF WAR MATERIEL - PROCEDURE

1. It is necessary for all OMOs to make themselves familiar with the procedure adopted in the evacuation of war material (i.e., Vehicles, Armament and other equipment) through the various channels of repair.

2. The procedure to be adopted is outlined in A O 866/43, and all OMOs are required to make themselves familiar with this particular ORO.

3. In this area, where there is no third Echelon Workshop, a few modifications to the procedure outlined in ORO 866 are necessary, as Second Echelon Workshops are evacuating direct to RAD. Advise all units that they must receive two copies of certificates from Workshops, and these must be forwarded to this office with the O.1033 in order that one may beforwarded HQ with the O.1033 to RAD, and one retained on our files in connection with the replacement.

RETURN OF CONTAINERS - ACID OR ELECTROLYTE

1. Supplies of Sulphuric Acid and Electrolyte are becoming increasingly difficult to maintain owing to the non-return of containers. Please ensure that all units return this type of container.

2. For ready identification on the mainland, a label or marking denoting that the container is empty and indicating former contents will be attached to each container prior to return.

3. The above matters is very important, and it will be explained to units that unless all containers are returned, supply of Acid or Electrolyte will be considerably curtailed.

AUST ARMY EDUCATION SERVICE.

HQ 11 AUST DIV.

WAR DIARY - WEEK-ENDING 15 June, '43.

During the week 9-15 June, 28 Lectures were given by members of this HQ Education Staff to an aggregate audience of over 1400. Subjects covered included "Transport Problems in Australia", "Housing", Populations Problems", "The Beveridge Plan", "Soil Erosion and the Bradfield Scheme", "Lend Lease" and "China".

44 applications for Correspondence Courses were dealt with and arrangements put in hand for a complete check of the 400 odd soldiers who have applied for or are actually doing these Courses within Divisional Command.

A Class has been formed to coach soldiers desirous of preparing themselves for Public Service Examinations at a later date. Two of these are in hospital and the Education Officer 2/9 AGH has been contacted to continue this service for them.

Music Section continues to maintain interest. A good singer was included in a recent presentation.

Steps have been taken to arrange demonstrations in wool-classing when wool samples are made available.

Over 25 soldiers have applied for the "Signals Trg Scheme" through this HQ. There is also a steady demand for Welding Notes.

A new list of 31 subjects for lectures has been drawn up and will be available when copies have been typed.

AAES has at last acquired its own piano, though it is in need of re-conditioning for our purposes.

BRONZE PHOSPHOR - CORED.

HQ N.G. FORCE.

1. During the past four months demands have been made on Ord for the supply of Bronze Phosphor Cored. To date requisitions have NOT been fulfilled. Full particulars of indents follow:-

SIZE	DATE	REQ NO	QUANTITY.
2" x ½" c 1' lengths	28/1/43	84/43	6
do do	26/2/43	202/43	6
do do	2/4/43	282/43	6

do do	26/2/43	202/43	6
do do	2/4/43	282/43	6

2. Unavailability of this item necessitates evacuation of armament to rear echelon owing to the shortage of replacement parts, or, alternatively, the material from which replacements could be manufactured. Thus further armament has perforce to be issued from Ord.

3. Whilst it is appreciated that this item is in short supply and is extremely difficult to obtain, the present shortage is one which causes concern and cannot be too greatly stressed.

4. Might information be made available, please, which would indicate the date on which Bronze will be available?

Leslie.

AUSTRALIA.

19 Jun. '43.

GENERAL STAFF

229. DRLS TRAFFIC

DRLS will NOT be used when matter such as normal adm traffic can be handled by Army Postal Service and under NO circumstances will heavy or bulky parcels or packages be sent by DRLS.

Mail matter for DRLS must :

(a) Be signed by an officer with his rank and endorsed "certified official";

(b) Include an originator's number;

(c) Be endorsed DRLS.

Sigs are unable to accept responsibility for delivery of mail matter by DRLS if it is NOT endorsed in conformity with the above instructions.

230. POSTINGS—IRREGULARITY

It is brought to notice that many parcels showing senders Unit on the outside wrapping are being presented at Field Post Offices for posting to Australia.

As this is a contravention of AFCI 22 Appendix "C" para. 1G, units will take action to prevent the continuance of this practice.

Col.
G.S. 11 AUST. DIV.

1. Shown in Appendix "A" issued herewith are those units at present under comd HQ 11 Aust Div which are to be organised for Jungle Warfare in accordance with the instructions contained herein.

2. The W.E. in each case is that shown in the Appendix under column 3, War Establishment, Jungle Division.

3. Every care will be exercised to ensure that postings of Warrant Officers, NCOs, tradesmen and specialists are made strictly in accordance with their rank and/or trade classification.

4. There will be prepared by units, rolls of other ranks who become surplus to W.E. of reorganised units and Warrant Officers, NCOs, tradesmen and specialists who cannot be absorbed into appointments consistent with their rank and/or trade qualifications, such rolls to show Army No, Rank, Name, Age, Medical Classification, Trade Classification and Grouping and, where appropriate, Remarks.

5. Where there exist deficiences in personnel below the new W.E. this HQ will be advised of those deficiences by ranks and trades.

6. Should the transfer or reposting of officers become necessary in accordance with these instructions, the following personal particulars of such officers will be forwarded, with a suitable recommendation:-

Number..... Rank.....

Full Christian Name (s)..... Surname.....

Age..... Present Unit..... Military Experience.....

.....

Date of First Appointment to Commissioned Rank.....

Civil Occupation or Qu lification.....

Medical Classification, and in the case of A.B and "B" class officers, nature of disability.....

7. The particulars required by paras 4, 5 and 6 above will be forwarded to reach HQ 11 Aust Div (CF) later than 0900 hrs 4 Jul '45.

8. In order that the maximum number of OCTU ex, Warrant Officers and NCOs are absorbed, no substantive promotions in or appointments to Warrant or Non-Commissioned rank will be made from the date of receipt of this instruction until the disposal of other ranks is finalised and a report rendered to HQ 11 Aust Div vide para 16 hereof.

9. Weapons and unnecessary stores surplus to entitlement under the W.E. quoted in Appendix will be withdrawn and returned to 10 Aust Adv Ord Depot. Additional weapons and unnecessary stores required by units to complete to establishment in table of weapons in their respective Tropical Scale W.E's are to be issued from 10 Aust Adv Ord Depot by arrangement with DDOS 11 Aust Div who will make the necessary arrangements with DDOS I n Guinea Force.

10. Reserve r tions, if any, held in excess of 5 days per man on W.E. will be returned to Ordnance Depot DID.

11. Scale "A" ammunition to be held by units will be in accordance with the table of weapons shown in Tropical Per Establishments. Surplus ammunition will be returned to Ordnance.

12. All vehicles surplus to Tropical scale will be transferred to 11 Aust Div to form a pool for allotment as required. Units to which vehicles are allotted will provide drivers from within their own establishments. Care must be taken that such vehicles when shown on monthly return of General or Mobile stores are indicated as allocated from Divisional Pool.

13. The disbandment of 7 Aust Inf Bde Hq Def Pl will be the subject of separate instructions to be issued at a later date.

14. No action will be taken in regard to Div Sigs pending a decision relative to proposed changes in the organisation of Div Sigs now under consideration. The issue of further instructions on this matter can be anticipated.

15. Action to re-organise Artillery Units and Workshop Sects attached to Lt A. Bdes (Airborne) will NOT be taken pending the issue of new W.E's and further instructions.

16. New W.E's for "A BRIGADE ORDNANCE FIELD PARK" (W.E. II/19/3) and "A BRIGADE WORKSHOP, AUST" (W.E. II/20/3) have now been issued and detailed instructions for the re-organisation of Aust Indep Bde Gp Ord Fd Parks and Aust Indep Bde Gp Workshops are to be included in an instruction relative to a general re-organisation of Div Ord Fd Pks., Div Workshops, Indep Bde Gp Ord Fd Pks and Indep Bde Gp Workshops which is to be issued by LHQ at an early date.

17. It is necessary that immediate and continuous action be taken to implement the instructions contained herein. Following receipt, NOT later than 0900 hrs 4 Jul '45 at this HQ, of the particulars required by paras 4, 5 and 6 hereof, instructions for cross-posting of surplus personnel are to be issued to units on 5 Jul '45.

18. Thereafter the re-organization will be completed at the earliest possible date and immediately upon completion units will submit a report through normal channels to reach HQ 11 Amph Div NOT later than 0900 hrs on 15 Jul '43. This report is to be prepared with meticulous care and is required to cover specifically each of the subjects covered by these instructions. Although 7 Amph Inf Bde has already been re-organized, the provisions of this para apply also to the components of that Brigade.

HQ 11 AUST. DIV. AUSTRALIA

26 JUNE. '43

GENERAL STAFF

237. SCHOOLS & COURSES

The following certificate is required to be endorsed upon all nominal rolls of students selected to attend courses of instruction :-

"I certify that the details contained herein are correct in every respect, and that in my opinion this nominee complies with the qualifications as laid down for the course.

C.O., of Unit."

Col.
for G.S., 11 AUST. DIV.

ADJUTANT & QUARTERMASTER GENERAL'S STAFF

238. ROUTINE ORDERS

The undermentioned Orders have been issued and will be noted for information, necessary action, and filed for future reference :-

GRO	454-470 of 18 Jun. '43;
HQFO Serial No.25	254-262 of 21 Jun. '43.

239. CIRCULARS

The following circular has been issued since promulgation of 11 Aust Div R/O No.24 of 19 Jun. '43 :-

SUBJECT	BRANCH	DATE	RONEO	DISTRIBUTION
Returns required vide HQF Order Serial No. 25/43	'A'	22.6.43	AQ3643	'A'

240. GENERAL & NG FORCE ORDERS

The attention of all units is particularly drawn to the undermentioned Orders :-

GRO Q 463	Smoking Within Bulk or other Petrol Installations.
GRO F 470	Responsibility for Public and Regimental Money.
NGFO A 255	Personnel of Hebrew Faith (Nominal Rolls will be submitted to reach HQ 11 Aust Div by 1800 hrs, 3 Jul 43).
NGFO A 256	Return of Pianos (Returns to reach HQ 11 Aust Div by 1800 hrs 29 Jun 43).
NGFO A 257	Innoculation, Vaccination, Blood Grouping.
NGFO Q 259	Scarcity of Toilet Paper.
NGFO Q 262	Unlawful Possession of Parachutes (This Order will be republished in all Unit Routine Orders).

241. OFFICERS OF PMF (First AAO A 139/43).

In order to overcome difficulty in recording service of officers who are members of PMF units when submitting recommendations for appointments, promotions etc., relating to such officers, will signify therein that they are members of PMF.

242. TRANSFERS—AANC

In many instances COs are transferring pers from the strength of their units and posting them as AANC att without the prior approval of ADMS. In all cases where such transfers are made and vice versa when AANC att are to be transferred to unit strength the approval of ADMS must be given before the transfer is effected. —

243. DRESS

The attention of all units is again drawn to the following Orders & Instructions :-

NGF Adm Instn No.93 of 12 Apr. 43;
NGF Order No.140 of 12 Apr. 43;
11 Aust Div R/O No.73 of 27 Feb. 43;
11 Aust Div R/O No.177 of 1 May, 43;
11 Aust Div Circular AQ 2184 of 17 Mar. 43.

This indiscipline of dress is viewed with great concern by Comd 11 Aust Div and COs of all units under comd will take immediate steps to prevent further offences by members of their units. In view of the attention drawn to the requirements of Dress discipline, more severe disciplinary action will be taken against offenders in the future.

244. BUILDING MATERIALS

In future all requisitions for building material will be forwarded to HQ 11 Aust Div. NO material will be issued to units unless approved by this HQ.

Indents will NOT be forwarded direct to RAE 1 Aust Corps Tps.

245. MAIL BAGS

It has been noticed that units are using official mail bags for purposes other than those laid down.

245. MAIL BAGS (Continued):

As the mail bag position on the mainland is extremely acute the necessity for speedy return cannot be too greatly stressed.

ADMINISTRATIVE INSTRUCTION NO.11

PREVENTION OF WATER-BORNE DISEASE

A SIMPLE METHOD OF ENSURING SAFE DRINKING WATER IN NEW GUINEA

AQ 6798

HQ
11 AUST. DIV.

24 Jun. '43.

1. Although all aspects of hygiene discipline have been adequately covered in previous Orders and Administrative Instructions it is considered desirable that all officers and hygiene personnel should be in possession of a copy of the instructions contained herein for quick and easy reference.

2. All water in NEW GUINEA regardless of how pure it appears to be, requires treatment to make it 100% safe for drinking.

The only times when it may be safe to drink without treatment are :-

(a) From a creek when a thorough recce upstream right to the source reveals no possibility of pollution;

(b) From a spring where the water can be seen running out of the ground and where there is no evidence of any pollution in or around the spring.

3. Boiling is sufficient to kill any of the dangerous NEW GUINEA disease germs, and this will probably be the method of choice used by forward troops where fluid is consumed in the form of tea, coffee or cocoa.

4. If boiling is impossible, add Water Sterilizing Powder (Bleaching powder) to the water, until a blue colour appears when a drop of Cadmium Iodide and Starch "Indicator solution" is added to a small quantity of the water being sterilized.

A four-gallon tin would probably require as much powder as would cover half a threepence. The powder should be made into a thin paste with a small amount of the water before being added to the water requiring treatment.

5. If it is required to eliminate the taste of chlorine from the water so sterilized, add, after half an hour "Taste remover" tablet until NO blue colour appears when a drop of Cadmium Iodide and Starch "Indicator solution" is added to a small quantity of the sterilized water.

A quarter of a tablet would probably be ample to de-taste four galls of water.

6. The blue colour indicates that sufficient "free" chlorine has been given off from the water sterilizing powder to kill all disease germs, if allowed to act for half an hour. This water may vaguely smell of chlorine, but it should not taste of chlorine. When the blue colour does NOT appear after adding the Taste Remover Tablet, it means that sufficient "De-taster" has been added to remove all the chlorine from the water.

7. A 4-oz. tin of Water Sterilizing powder should be sufficient to sterilize the drinking water required by a company or equivalent unit for one month.

A 2-oz. bottle of Cadmium Iodide and Starch "Indicator

solution" should be sufficient to carry out all tests required, and a tin of 200 Taste Remover tablets weighing 6-ozs. should be sufficient to de-taste this amount of water.

8. Hence the requisites to provide 100% safe drinking water for a company for one month weigh 18-ozs, comprising :-

Water sterilizing powder	tins 4-oz	Obtainable on indent AB 55 from AASC.
Taste remover tablets	tins 200 tabs	Obtainable on indent AB 55 from AASC.
Cadmium Iodide and starch "Indicator solution"	Bottle 2 oz.	Obtainable from FG Depot Med & Vet Stores on requisition AAF D 50 signed by MO.

9. From the above, it will be seen that the procedure for ensuring 100% safe drinking water is extremely simple and that Diarrhoea and Dysentery of water origin can easily be reduced to a negligible minimum.

ADMINISTRATIVE INSTRUCTION NO. 13

REVISED METHODS OF CONDUCTING MILITARY INVESTIGATIONS AS LAID DOWN BY GRO A 392 OF 21 MAY, 43

AG 6909.

HQ
11 AUST. DIV.
31 Jun. '43.

1. This Instruction is issued for the guidance of Officers appointed in pursuance of GRO A 392/43, to make an investigation and report and will be brought to the notice of all Officers as soon as possible.

2. Prior to commencing his investigation it is essential that an officer should study carefully the relevant Section or Part of GRO A 392 (including para. 5 thereof) and make a note of the matters which his Report is required to cover. These matters should be borne in mind throughout the whole investigation.

3. In the course of the investigation the officer should be alert to notice any material inconsistencies or omissions in any statements or as between different statements. Where such inconsistencies or omissions occur it is appropriate to interview a witness again and endeavour to rectify the matter by further questioning.

4. In investigating any matter it is particularly important, for the purpose of determining responsibility, to ascertain whether any orders (verbal or written), relevant to the matter under investigation, had been issued or were in existence, and if so:

(a) the precise nature thereof;

(b) by whom issued;

(c) to whom issued;

(d) how issued;

(e) the extent of compliance, or the fact of non-compliance, therewith.

5. The form of the Report must follow that indicated in GRO A 392. Each of the requirements of the Order must, in succession, be fully answered following as closely as possible the actual wording of the Order. Any relevant helpful or explanatory remarks should also be included in the Report.

6. The Report should on the face of it give a clear picture of what actually happened and all the relevant surrounding circumstances. In this regard the Reporting Officer should, in drafting his report, take the point of view that the authority by whom the Report is ultimately to be perused will have no previous knowledge of the matter or its circumstances.

7. It is desirable that Reports should be concise and to the point, but it is better to report too fully than too cursorily. When in doubt include rather than omit. Attach copies of, or extracts from, any orders referred to in the Report.

8. When the Investigating Officer has compiled his report he should carefully check it to see that—

(a) the matters stated in the Report are substantiated by the statements and documents attached;

(b) the Report satisfies all the requirements of the relevant Part or Section of GRO A 392.

9. The following points should be noted :-

(a) Statements attached to Report need NOT be sworn statements, but must be dated and signed by the persons making them;

(b) In the case of injury to a member of the Forces or accident to a vehicle, a signed statement by the injured member or the driver of the vehicle, as the case may be, must be obtained, if possible, in addition to any statement he may have made on D.11 or G.13;

(c) In the case of injury to a member the investigating officer will check D.11 submitted by MO to ensure that para. 24 of GRO A 392/43 has been strictly complied with.

10. The attention of COs is especially directed to paras. 9, 19 and 26 of GRO A 392.

11. Bdes, Services and Units directly under command will ensure that all Reports are in compliance with GRO A 392 and this Instruction, prior to forwarding to this HQ.
