G 125 SECURITY OF INFORMATION.

1. It is reported that many army personnel are making a practice of writing their army number, unit and in some cases unit location when registering at hotels, boarding houses etc, and when signing visitors' books. This practice must cease as valuable information is being conveyed by its continuance.

2. Whilst it is emphasised that writing information is a harmful practice, similar facts given verbally can be equally destructive. (To be repeated in unit R Os.)

Appendix 9.

ADMINISTRATION.

A 124 APPEAL BY THE PRIME MINISTER TO THE DEPARTMENT OF THE ARMY IN REGARD TO THE £100,000,000 LOAN.

1. Subjoined is a copy of a recent letter addressed by the Prime Minister of Australia to the Minister for the Army.

2. This letter is to be republished in all unit Routine Orders at the first opportunity after publication of this H.Q.

3. Suggestions regarding the best practicable means of implementing the Prime Minister's wishes as contained in paras 4,6,7 and 8 of his letter, are invited from all personnel and should be transmitted through normal channels to this H.Q. as expeditiously as possible.

4. All formation and unit commanders will, pending the receipt of instructions and directions which will shortly be issued, commence such action, as is deemed appropriate by them, to carry out or support the Prime Minister's wishes :-

"My dear Minister,

In view of the heavy requirements of the Treasury in relation to Loan money for the current financial year, I have approved of an intensive three months' campaign for the purposes of restricting public spending to the minimum, of diverting all available money into bonds and war saving certificates, and of stimulating production and creating a more realistic war consciousness among the public.

It is desired to raise by public subscription £100,000,000 before Christmas. A Loan for this amount will be issued on Sept 3, but the intensive publicity drive will aim even to exceed this amount if possible.

The basis of the appeal will be the need for a much more austere method of living by the public generally, and the publicity will be directed towards securing the co-operation of the public in eliminating many of the avenues of surplus spending that today are resulting in a wastage of manpower, raw material, and time and effort that could be directed to war purposes.

The campaign will be conducted by the Department of Information and the general organization of the campaign has been placed in the hands of the Controller of Government Advertising (Mr Hutcheson).

During the period of this special appeal, I would appreciate the complete co-operation of yourself and your department in facilitating access to all facts and material necessary for the requisite propaganda and in giving active assistance that will be sought in different aspects of the campaign. In this connection I specially desire that Publicity Officers of all departments should give to the Department of Information and the Campaign Organizer (Mr Hutcheson) their complete co-operation.

Simultaneously it is desired that all departmental publicity during the period in question should be stepped in with the general line of campaign propaganda, and directed towards securing a greater public appreciation of the need for the restriction of all forms of unnecessary spending. To ensure a uniform approach to the public it is necessary that all such departmental publicity should be prepared in consultation with the Committees controlling the campaign.

To emphasise to the public the need for austerity standards, I desire all action taken immediately in departments not only to eliminate waste, but to eliminate all activities that are not essential to the conduct of the war.

It is necessary that Service personnel should set an example in spartan living and that all privileges that involve unnecessary use of

facilities and commodities of which the public is being deprived should be strictly reviewed. I desire not only the issue of instructions to this effect, but also that, from time to time, the Service personnel should be addressed upon their responsibility to the civilian community in relation to waste of material and efforts.

It is not desired that any publicity be given to this campaign until an official announcement is made towards the end of August.

Yours sincerely,

(Sgd) JOHN CURTIN,
Prime Minister."

SECURITY OF INFORMATION

1. It is reported that many army personnel are making a practice of writing their army number, unit and in some cases with location when registering at hotels, boarding houses etc, and when signing visitors' books. This practice must cease as valuable information is being conveyed by this carelessness.

2. Whilst it is emphasised that writing information is a harmful practice, similar facts given verbally can be equally destructive.

Subjoined is a ~~true~~ copy of a recent letter addressed by the Prime Minister of Australia to the Minister for the Army.

"My Dear Minister,

In view of the heavy requirements of the Treasury in relation to Loan Money for the current financial year, I have approved of an intensive three months campaign for the purpose of restricting public spending to the minimum, of diverting all available money into bonds and war saving certificates, and of stimulating production and creating a more realistic war consciousness among the public.

It is desired to raise by public subscription £100,000,000 before Christmas. A loan for this amount will be issued on Sept 7, but the intensive publicity drive will aim even to exceed this amount if possible.

The basis of the appeal will be the need for a much more austere method of living by the public generally, and the publicity will be directed towards securing the co-operation of the public in eliminating many of the avenues of surplus spending, that today are resulting in a wastage of manpower, raw material, and time and effort that could be directed to war purposes.

The campaign will be conducted by the Department of Information and the general organisation of the campaign has been placed in the hands of the Controller of Government Advertising (Mr Hutcheson).

During the period of this special appeal, I would greatly appreciate the complete co-operation of yourself and your department in facilitating access to all facts and data material necessary for the requisite propaganda and in giving effective assistance that will be sought in different aspects of the campaign. In this connection I cordially desire that Publicity Officers of all Departments should give to the Department of Information and the Campaign Organiser (Mr Hutcheson) their complete co-operation.

Simultaneously it is desired that all departmental publicity during the period in question should be stopped with the general line of campaign propaganda, and directed towards securing a greater public appreciation of the need for the restriction of all forms of unnecessary spending. To ensure a uniform approach to the publicity it is necessary that all such departmental publicity should be prepared in consultation with the Committee controlling the campaign.

To emphasise to the public the need for curbing standards, I desire all action taken immediately in departments not only to eliminate waste, but to eliminate all activities that are not essential to the conduct of the war.

It is necessary that Service personnel should set an example in austere living and that all privileges that involve unnecessary use of facilities and commodities of which the public is being deprived should be strictly restricted. I desire not only the issue of instructions to this effect, but also that, from time to time, the Service personnel should be addressed upon their responsibility to the civilian community in relation to waste of material and efforts.

It is not desired that any publicity be given to this campaign until an official announcement is made towards the end of August.

Yours sincerely

(sgd.) JOHN CURTIN,
"Prime Minister".

Suggestion regarding the best practicable means of implementing the Prime Minister's wishes as contained in paras 5, 6, 7 and 8 of his letter are invited from all personnel and should be transmitted through normal channels to this H.Q. as expeditiously as possible.

OFFICERS' AND SGTS' MESSES Attention of all messes is directed to the provisions of M.E.I. F 16/42 and G.R.O. F 251/42. It is essential that the procedure as laid down be strictly adhered to.

ADMISSION TO HOSPITAL - TIMES The times during which patients are normally admitted to MOF A U H are as follows - 0900-1000 hrs, 1400-1500 hrs, 1900-2000 hrs. Particular care will be taken to ensure that patients arrive at the hospital during these hours, except in cases of serious illness or injury or of infectious disease, which must of course be evacuated without delay and will be admitted to hospital at any time.

SHOP OUT OF BOUNDS - MESSRS REID & HIPPARD STATION ST [illegible]

H Q 6 (Albury) of G Sub Area Routine Order No 397 dated 25 Aug 42 is hereunder promulgated:-

"Attention is drawn to Camp Staff, Seymour memorandum 3 Jul 42 re supply of botteled liquor to troops.

In view of the non-compliance with requests for the suppression of this trade, the shop of Messrs Reid & Hippard, who received a copy of the memo referred to, is now OUT OF BOUNDS to all troops until further notice."

UNIT EDUCATION CEN

To help men whose training or education has been interrupted by the war the Army has secured the help of certain Technical Schools and instructors to provide free correspondence courses in a wide variety of subjects.

Owing to the large number of subjects it is impracticable to list them here, but within the last few days men from this area have enrolled for such diverse subjects as accountancy, carpentry, electric wiring, English, commercial art, diesel engine operation, shorthand, and car inspection.

The Army Education Service (AES) exists mainly to help men to continue their education, to improve their prospects of promotion in the Army, to help them to become more proficient after the war in the job they have chosen, or to help them to choose a new one.

At the same time it must be stressed that study in spare time under Army conditions entails exceptional powers of concentration, and men who are not determined upon hard work are advised to take no further steps. To further discourage those whose interest is lukewarm a deposit of 10/- per subject is collected and returned only if they do a satisfactory course. This does not mean that they must sit for an examination, but that reports must be satisfactory.

Again, the amount studied at any time is strictly limited so as not to interfere with military duties.

Men interested should report to their respective Squadron Offices. Arrangements will then be made for them to interview the Education Officer.

Divisional Education Officer.

ADMINISTRATION.

A172. PROCEDURE FOR DISPOSAL OF MEDICALLY UNFIT OR UNDERAGE PERSONNEL.

Units will submit applications through the normal channels to this H Q (Single copy if on Medical grounds; in duplicate if on account of underage) setting out reasons for application.

Each application must include brief particulars as to qualifications and a recommendation as to future employment of the member concerned. This H Q will then advise of arrangements made for disposal.

D R O A21/42 is cancelled.

A173. PROMOTION TO N C O RANK.

It is noted that some units have shown on Casualty Returns the promotion of members to TEMPORARY N C O rank. There is no authority for TEMPORARY promotions and it is presumed that ACTING or LANCE appointments were intended.

Any promotions to temporary N C O rank are regarded by Dist Records Office as substantive appointments and therefore reversion under A M R & O 425(5) can NOT be ordered by C Os. N C Os so appointed can be reduced by the Formation Comd under A M R & O 819 on applications submitted by C Os.

Q174. UNIT ACCOUNTANCY.

The attention of all Commanding Officers is drawn to Equipment Standing Orders, Part I, General, Vol I, paras 92 and 93. A review of the position has revealed that generally speaking Unit Accounts are not in a satisfactory state.

2. Particular attention is required in connection with the following matters :-

Q.74. (Contd)

(a) REQUISITIONS AND INDENTS :-

(i) Registration in one sequence by each Unit of Indents (Army Form G997, which has superseded the A A Form F 20), Repair Requisitions (A A Form F 3) and Loan Requisitions on Army Forms F.1 or F 1a.

(ii) The insertion of all required particulars on Indents etc., correct nomenclature, quantity required, on hand, Establishment and necessary remarks. Not more than one (1) Section on any one sheet.

(iii) Submission of all Indents through the Office of the DADOS or D D of the Sub-Area, etc, concerned.

(b) LEDGER ACCOUNTS, ETC

(i) All vouchers irrespective of type to be registered in one Unit sequence. This includes "Issues" (A F G962D or AAF F 81), "Returns" and "Transfers" A F G1033), "Write Offs" (AAF F 2), "C R Vs"(AAF F22), or "Conversions".

(ii) All vouchers to be filed in one sequence for Audit.

(iii) Correct nomenclature to receive special attention to avoid duplication of ledger entries.

(iv) The insertion of registered numbers of stores on all vouchers etc.

(c) The maintenance of Records of Clothing, Ammunition Expenditure, etc, Regimental Property Account, and washing Account, in accordance with Standing Orders quoted.

(d) The maintenance of Sub-accounts where necessary.

CARELESS TALK There is definitely too much careless talk around the H.Q. Security information is being discussed. So also is the subject matter of correspondence which is obviously confidential. Members of the Clerical Staff who are entrusted with the handling of such correspondence are reminded of the necessity for discretion.

All ranks are reminded that it is a breach of discipline to discuss Superior Officers; such discussions have been taking place and will cease forthwith.

NOTE Offences in relation to the above will incur severe penalties, and N.C.O's who take part in it or fail to suppress it are liable to be reduced to the ranks.
