2. REFRIGERATION CARGO - BALIKPAPAN

- (a) It is apparent that the non arrival of refrigerated cargo from AUSTRALIA to this area is discussed and is causing discontent among some personnel, and unwarranted criticism of the AMF.
- (b) It is advised that two refrigeration vessels have been assigned to BALIKPAPAN and are at present in SYDNEY, having been delayed by labour trouble. When loading is completed, vessels will proceed to this area. The estimated time of arrival is late Sep.

3. GOODS BROUGHT BACK TO AUSTRALIA BY RETURNING AUSTRALIAN SERVICEMEN: CUSTOMS TREATMENT.

The following is to be promulgated to all ranks--

"The question has been raised as to whether returning members of the Australian Forces who wish to bring back with them to Australia goods subject to the Customs (Import Licensing) Regulations, such as motor cars and wireless sets, will be allowed to import them.

"I have given a direction that import licences are to be issued, where required, for any goods which returning Australian servicemen or servicewomen may bring back with them, provided that such goods are not intended for sale or exchange.

"The grant of an import licence does not, of course, exempt the goods from any Customs duty that may be payable. A special concession has been made to members of the forces enabling them to bring back goods (other than tobacco and spirituous liquors) to the value of £10 without payment of duty. However, where the value of the goods exceeds £10, duty is payable at the same rates as if the goods had been imported commercially."

(AG: 103/1/23).

4. AIRING OF TENTS

During fine weather, all flaps of tents, and where possible, sides of tents, will be rolled.

5. INVESTIGATION OF INJURY

2/1 AUSTRALIAN MACHINE GUN BATTALION
TRAINING INSTN - 5/45

Week: 3 - 9 Sep.

GENERAL

1. The present period of inactivity and reorganisation has produced various problems.
2. Some personnel are awaiting discharge, some will probably be discharged, others will remain for varying periods as occupation troops.
3. The first are mostly interested in rehabilitation generally, the second will become increasingly so, and the third group will have to continue with the duties of occupation in which their bearing, discipline, and example will decide to some extent, the success of carrying out the surrender terms.
3. No information as to any movement is available, nor can it be during this period.
4. A moment's thought will prove and satisfy any soldier that the relief of PW's and internees should have priority over all else, and that occupation troops are necessary for their relief.
5. The greatest of the enemies of the individual soldier in tropical areas are--
 - (a) Boredom, resulting from inactivity
 - (b) Declining physical condition
 - (c) Bad hygiene with accompanying sickness rate.
6. Accordingly unit activities will be organised to meet the situation as far as possible. Its success will depend on full cooperation of all ranks, and, whilst maintaining the previous high standard of discipline, the pitfall in para 5. should be and CAN be avoided.

VISITS TO BATTLE AREAS

1. The scope of these days will be limited by tpt available.
2. Where no G.T. Coy tpt is available, Coy Comds will ascertain unit tpt available through the Adjt, and adjust their programme accordingly.
3. No limitation is placed on areas and Coy Comds will liaise direct with Bdes etc for permission, and as a suggestion, for officers who can detail the action as it occurred.
4. A complete diary of this unit's activities is available for reference at the I office, including trace of all gun areas occupied.
5. Such visits should include some organised movement on foot.

SWIMMING AND SPORTS

1. These will continue as at present, pending the construction of a permanent bivouac area on the beach.
2. Bathers, khaki shorts, or out-down salvage trousers will be worn whilst swimming or sun-bathing.
3. Sporting gear is available by reference to 2 i/c.
4. Coys may build boats in spare time for fishing purposes. Later it is hoped to install a fish trap, etc on a unit basis.

OCCUPATIONAL AND RE-HABILITATION ACTIVITIES

1. On period laid down for organisation, Coys will conduct Pl and Coy meetings to discuss and receive suggestions for activities along these lines.
2. Any sound propositions will be forwarded to C.O. within 24 hours.
3. The following are suggestions proposed from this HQ.--
 - (a) Post War Housing
Facilities available, home design and discussion.
 - (b) Home Carpentering and Husbandry
Practical instruction in the use of tools and discussions on the layout etc of gardens.
 - (c) Family Hygiene
RMO to devise lectures.
 - (d) Business Principles
Elementary book keeping and accounts for the small business proprietor, poultry farmer, garage owner etc.
 - (e) Primary Education
Short course for those who wish to obtain a grounding in primary education which they have missed through lack of opportunity etc.
 - (f) Discussion groups and Debating teams
Discussion on primary industry problems, industrial opportunities, community organisations, etc. For obvious reasons political discussions are barred. Opinions on these matters are the right of the individual and a private matter.
 - (g) Organised hobbies
Material is being obtained from Australia at present, but quite a lot can be achieved by improvised means.

COY SYLLABUS

Optional - may include Efficiency Tests for this half year to be completed by 30 Sep.

CLEANING COY AREAS AND W.E. INSPECTION

1. All superfluous rubbish and timber, fallen wood, etc, to be burnt or disposed of.
2. Pl clothes lines erected.
3. W.E. inspection as previously.

BN WORKING PARTIES

Tasks will be detailed by 2 i/c and controlled by C.O. and R.S.M.

PARADES, DRESS, DISCIPLINE

1. All routine, mess, and atebirin parades will be carried out as usual and an officer will be present.

(Continued overleaf).

2. Dress generally is satisfactory. Some troops have been observed outside of the Bn area wearing jackets WD and shirts unbuttoned to the waist; hats without band or puggaree, etc when not engaged on working parties.
3. All ranks will continue to pay compliments, etc as laid down in BSO's. Again generally the position is satisfactory, but if breaches continue, it will be necessary to revert to periods of squad drill, etc.

COO'S CLASSES RECENTLY APPOINTED

Coys will conduct classes as required to a syllabus set by Bn HQ, commencing 10 Sep.

RIFLE RANGE

1. 2 i/c will select suitable site in re-entrant EAST of Bn HQ.
2. The range will include snap and moving targets and firing will be conducted on the lines of a rifle club, organised by 2 i/c.

WET WEATHER

1. Rain is NOT an occasion for doing nothing.
2. Except in very heavy downpours work will continue in gas-capes.
3. Coy Comds will keep in mind the necessity for keeping troops occupied and NOT laying around in tents doing nothing.
4. No working party will cease work without the permission of OC Coy or Offr i/c Bn working parties.

4. NATIVES IN CAMP AREA

Instances have been noticed where natives have been permitted to enter kitchens and living quarters. It will be promulgated to all ranks that this practice must cease and under no circumstances are natives to be encouraged into camp area by gifts or sale of food or purchase of souvenirs etc. Resort to disciplinary action may have to be taken if this order is NOT observed.

5. USE OF CAMERAS

- (a) The restrictions on the use of cameras by members in operational areas are now lifted.

This leave is in addition to all other leave entitlements authorized in Part XXI of GRO 598/43 and unless the member is for some reason required by the Army to take the period of re-establishment leave or portion thereof as leave such member will be granted pay in lieu of his credit of re-establishment leave.

9. ENGINES: SPARK IGNITION - FIRE HAZARD

(a) The attention of all ranks is drawn to the danger of priming petrol engines by pouring liquid petrol into induction manifolds. In addition to this practice being harmful to cylinder bores, piston rings and valve guides etc, grave fire risk is involved which has in the past been responsible for loss of life, loss of valuable eqpt and painful injuries to personnel.

(b) The introduction of petrol into the inlet manifold of a petrol engine by removing the air cleaner and pouring the petrol through the carburettor air intake will only be resorted to in an emergency.

(c) NOT more than approximately one table spoon of petrol will be introduced by this method.

2. POST-DISCHARGE MALARIA

1. (a) The Repatriation Commission will accept responsibility for providing any treatment necessary in respect of the first attack of malaria suffered by an ex-member of the AMF after his discharge from the Army.

(b) During such treatment, the Commission will institute inquiries as to eligibility or otherwise for the treatment of any subsequent attacks of malaria.

2. On the first occasion after his discharge that an ex-member becomes ill with malaria, he should -

(i) if resident in a capital city - report to the Repatriation Department's branch office or general hospital, either in person or by telephone, when immediate examination and treatment will be arranged;

(ii) if resident in the country - report to and request treatment from the nearest Repatriation local medical officer who will send a report to the Repatriation Department. It will be necessary for the ex-member to identify himself by production of his discharge certificate.

3. (a) If it is not possible so to report, the ex-member should consult and request treatment from his local civilian medical officer, and provided prompt advice is sent by the doctor or that ex-member to the Repatriation Department, the Commission will assume full responsibility for the payment of medical fees, hospital fees and the cost of drugs.

(b) Arrangements for any further treatment will be notified to the ex-member by the Repatriation Commission as soon as possible.

A meeting of the above committee will be held at 1100 hrs on Sunday 4 Nov 45.

4. MEDICAL BOARDS

- (a) Advice has been received that many members are applying for medical boards upon totally inadequate grounds, in the belief that failure to record a repatriation claim during process of release from the AMF, will jeopardise any future claims.
- (b) The Repatriation Department has stated that there is no time limit within which a repatriation claim must be made, whether the claim be made for pension or treatment or both. Such an application may be made at any time after discharge.
- (c) Excessive numbers of unnecessary claims will delay demobilization procedure and to prevent such an occurrence it is essential that all personnel be fully informed of the situation.
