DRIVING OF VEHICLES BY OFFICERS

1. In order that officers should retain their driving skill, the ban on officers driving military vehicles heretofore enforced, is modified to the following extent:-

(a) Officers may, subject to the following conditions, drive military vehicles on all occasions when on duty but under NO circumstances will they drive when on recreational ete journeyings

(i) The officer must hold a current Military Driving Licence (AAF G 11) or temporary licence (AAF G 11A) for the vehicle he is to drive.

(ii) The Vehicle Permit must be enfaced "Lt BLOGGS to drive" and initialled by any one of the following authorities - CO - 2IC - Adjt - Coy Comd.

(iii) All orders normally applicable to OR drivers apply to officers when driving. Officers involved in accidents when driving will be subject to normal disciplinary action.

(iv) When the OR driver does not accompany the vehicle adequate arrangements must be made for the handover of VOL and "on vehicle" items such as spare wheels, chains etc.

(b) An officer should normally be accompanied by the driver to whom the vehicle is on charge. In view of the requirements of para (a) (iv) above it is difficult to visualize a situation where a VOL check and handover would be preferable or as economical in time and trouble as making arrangements to use a vehicle for which the driver is available.

2. 1 RAR Standing Orders for MT will be amended in due course to include the provisions of this instruction and such other amplification as is found necessary.

3. All officers holding G 11s will hand them to the MTO for check and renewal as necessary.

4. This instruction is effective forthwith.

2 Great difficulty has been experienced in obtaining passage to AUSTRALIA to enable members to report on due date on expiration of leave.

3 In future, after HQ approval has been received, all applicants for leave in UK must produce confirmation of return booking to AUSTRALIA before approval will be given to leave JAPAN.
