98. SUMMER DRESS

1. Normal Summer dress for 1 RAR will be :-

Hats KF
Shirt JG
Trousers JG
Gaiters Aust
Boots AB.

2. In hot weather OCs may permit troops to strip to the waist if they are in camp or are engaged in manual work in a specific area out of camp eg. while working on defences. Shirts will always be worn on field training and by troops moving along roads whether on foot or in a vehicle. Troops will not be permitted to strip to the waist when likely to come into contact with scrub.

3. Shorts will not be worn, except when proceeding to or from or taking part in organised sports.

4. Shirts will be worn with sleeves rolled down and buttoned at the wrist from 1900 hrs to sunrise.

5. Formation signs and titles will be worn :-

Officers - Formation signs will be worn sewn on shirts. If Summer titles become available they will be sewn to shirt.

WO & NCO's - Formation signs and shoulder titles will be worn on brassards.

99. SUNBURN

1. Soldiers who are susceptible to sunburn should not strip to the waist or be required to strip to the waist.

2. Any soldier who by becoming sunburnt renders himself unfit for duty will be held to be suffering from a self inflicted wound and will be liable to disciplinary action.

100. CONTROL OF HAEMORRHAGIC FEVER

1. Haemorrhagic fever occurs in KOREA between MAY and DECEMBER. The disease is aquired through the bite of a mite which is carried by rodents, birds, dogs and cats. The disease has had a high incidence of mortality due to difficulty in locating the virus.

2. Preventive measures as follows will be brought into effect 1 MAY 55.

(a) PERSONNEL PROTECTION

Mite repellant (di-butyl-phthalate DBP) will be used by all ranks. The repellent will be applied to clothing every two weeks in one of two ways :

(i) By smearing the hands thoroughly with repellant and then smearing the clothes with the hands.

(ii) By soaking a cloth in the mite-repellant and thoroughly swabbing the clothes.

(iii) A spray should NOT be used.

.../3

The object is to produce a thin even film of repellant that has been impregnated into the cloth. The main attention should be paid to the legs of trousers below the crutch, particularly the seams since the mites normally congregate in the seams. Under-clothing and pyjamas need not be treated but all outer clothing of personnel on field training should be treated carefully Those personnel on administrative and non-training duties need only treat outer clothing worn below the waist.

(b) BUILDING PROTECTION

Floors of buildings, tents and caravans will be powdered with LINDANE every two weeks, care being taken to powder areas where rodents might be found.

3. Mite repellent and LINDANE are items supplied from Royal Army Service Corps sources. The repellent will be drawn from the supply point under arrangement by D'OST.

4. The following is a rough guide to smearing of clothing :-

Socks - 6 smears each sock
Anklets and Puttees - 6 smears to each anklet and or puttee
Trousers - 10 smears to each leg and 10 to the seat and front.
Shirts and Jackets - 5 smears to each arm and 15 to the body of the garment.

101. MALARIA CONTROL

1. The Malaria season in KOREA extends from mid APRIL to mid OCTOBER. the prevention of casualties from this disease depends on sound health discipline at Unit level.

2. The following control measures will be observed :-

(a) Suppressive Drugs

(i) All military personnel, KSC and indigenous labour will consume one tablet of Paludrine daily.

(b) Individual Protection Against Mosquito Bites.

(i) Between 1900 hrs and sunrise, all ranks will wear long trousers and shirt sleeves buttoned at the wrist, except when in bed.

(ii) Mosquito nets will be issued by 1 MAY 55. All personnel will use a mosquito net when in bed.

(iii) Mosquito repellent (Di-butyl-phthalate) will be applied to exposed areas of skin every 2 hrs by personnel who are outdoors at night, outside a camp or within a camp for more than a few minutes i.e. it will be used by personnel on sentry duty in camp. It need not be used (unless mosquitos are particularly prevalent) by personnel moving short distances from one building or tent to another within the camp.

..../4

(c) Destruction of Mosquitos

(i) Mosquito breeding areas will be eliminated with in Unit areas by draining all impoundments of water and by clearing ditches of weeds and silt to produce continuous movement of water. If elimination is impracticable potential breeding areas will be sprayed weekly with a mixture of Gammexane Powder and water in the ratio 24 oz of powder to 1 gallon of water to be mixed immediately before spraying.

(ii) The inside surfaces of all sleeping quarters and messes will be treated with Gammexane Emulsion concentrate now, or before occupation, as applicable and thereafter every 14 days. The Emulsion will be mixed with water in a ratio of 1 pint of Emulsion to 4 gallons of water. Wall surfaces will be treated from ground level to a height of 6 feet. Premises used as stores or for occupation by indigenous labour will be sprayed in the same way with the mixture of Gammexane Powder and water.

3. Aerosal bombs and flit-gun type dispensers will be used to kill mosquitos within small enclosed spaces.

4. Units will provide an NCO and party to conduct spraying operations. The Divisional Hygiene Assistant will visit all Units before 15 MAY 55 to advise on procedures.

102. SIGNAL LINE COMMUNICATIONS

1. Cases of disconnection of sig cables by unauthorised persons have caused unnecessary interruption of comms over the past month.

2. During the past week four cables have been unfastened and three have been cut in the Corps Area, causing breakdowns of 4 hrs or more on important circuits to Major Headquarters.

3. Units are reminded that interference with cables in any manner could have serious repercussions. This fact should be made known to all ranks.

4. KOREAN indigenous and Service Corps Personnel or farmers who are caught removing, or who are in possession of, USA or UK pattern cable will be arrested and handed over to 904 FS Sec immediately with a report as to the circumstances of the arrest.

103. COLLECTION OF DENTAL TREATMENT CARDS.

Dental Treatment Cards will be collected from the Dental Post for outgoing drafts on the day prior to march out, by the Companies concerned.

Likewise on the march in of new drafts, Dental Cards will be forwarded to the Dental Post at the first opportunity.

109 EAR INFECTIONS

1. The incidence of ear infections , particularly OTITIS EXTERNA rises sharply during the hot weather due to humidity and swimming. In order to reduce the incidence of this disease the following information is to be promulgated to all troops.

2. It is essential that ear infection be reported early. Symptoms of OTITIS EXTERNA in order of their appearance are :-

(a) Itching
(b) Pain (earache)
(c) Discharge

3. As soon as an ear becomes itchy troops will report to the RAP.

4. Residual water in the ear after swimming or showering is one cause of the disease. This can be removed from the ear by :-

(a) Leaning the head on one side and jumping up and down on the spot.

(b) Pressing the palm of the hand against the ear flatly, then alternately releasing and pressing lightly.

(c) If water will still not come out report to the RAP.

5. Wax in the ear can aggravate the disease. Troops who know they have wax in the ears will report to the RAP to have it removed.

6. Under no circumstances should an individual poke anything in his own ear.

110. HOLIDAYS

1. The following days will be observed as half-holidays i.e. from 1230 hrs onwards :-

24 May - Empire Day

30 May - Whit Monday

2. In addition, HM The Queen's Birthday (9 Jun) will be observed as a holiday from the completion of the Queen's Birthday Parade.

111. HWAN RATE OF EXCHANGE

WEF 19 May 55 HWAN rate of exchange will be ONE THOUSAND ONE HUNDRED and SIXTY FOUR to the POUND STERLING.

112. VOCATIONAL AND EDUCATIONAL TRAINING SCHEME.

Aim

1. The aim of this instruction is to explain the scope of the Services Vocational and Educational Training Scheme and the procedures for enrolment and for obtaining refund of fees upon completion of a course.

OUTLINE OF SCHEME

2. Reasons for Scheme - The scheme was instituted to provide training facilities and financial assistance to members of the services who desire to undertake studies of a vocational or educationalnature on the individual basis, in their own time, in order to improve their qualifications or in preparation for re-entry to civil life.

Courses Available

3. The courses available under the scheme include primary, secondary and tertiary education, also such technical and rural type courses as are available by correspondence tuition.

4. The scheme includes such university courses as are made available by university authorities for external study. Conditions governing such courses vary from university to university so that it is necessary for intending students to make their own arrangements in accordance with individual requirements and the conditions governing external studies. The University of Queensland has a Department of External Studies specialising in this field.

5. Details of courses, other than university courses, may be obtained from Coy Orderly Rooms.

6. Eligibility for courses - All members enlisted or appointed for full time continuous service are eligible to participate in the scheme.

TRAINING CONDITIONS

7. Restriction on number of subjects - As a general rule a member will be retricted to two course units at a time, but where examination etc., requirements call for a concurrent study of more than two units, more units may be taken subject to the endorsement of the Command Education Officer and the acceptance of the teaching institutions concerned.

Period of Training

8. Except in the case of university courses where the regulations normally require completion in the year of enrolment, a member is entitled to training in a course or course unit for a period of not more than two years from the date of his enrolment therefor.

9. A course or course unit will be considered to be completed when:-

(a) all written assignments in connection with it have been satisfactorily completed and duly corrected, regardless of the final examination results; or

(b) a final examination, interal or external, has been passed before the completion of all assignments, provided that such completion is neither desired by the student nor required by the teaching institutions; or

(c) in the case of university courses, a written statement from the University Authorities to the effect that the course has been completed is produced.

10. Subject to the two years limit, which refers only to courses other than university courses, mentioned in para 8 above, a member may complete after his discharge courses or course units for which he was enrolled prior to discharge.

11. Deferment of training - Non-university courses may be deferred on the approval of the teaching institution for one further year beyond the normal two year period.

12. Abandonment of training - A member will not be regarded as having abandoned his course unless he has notified his discontinuance, or his two year period, in the case of non-university courses, has expired without a written request for deferment having been made to the teaching institution.

PROCEDURE TO BE FOLLOWED

Applications

13. A member who wishes to apply for a course or course unit, other than a university course, will request an interview with an Education Officer, or Education Warrant Officer, with a view to ascertaining the qualifications required to undertake a particular course.

14. If qualified to undertake a course, the member will fill in a Correspondence Course Application Form (AAF A356) and Enrolment Form((AAF A357) top portion only) and the completed forms, with a covering letter and the prescribed fee, will be forwarded by the member direct to the institution concerned.

15. Notification of enrolment for, and completion of, courses will normally be conveyed by the Teaching Institution to the Service Education Authority on the S.C.1 Fortnightly Report Form.

16. Command Education Officers will maintain a close liaison with the Teaching Institution concerning the progress of members engaged on courses and may refer to those institutions to substantiate statements as to completion of courses in connection with refund of fees.

FINANCIAL CONDITIONS

Payment of Fees and other Charges

17. Payment of fees and other charges connected with the course undertaken is the responsibility of the member and will be made by him direct to the Teaching Institution concerned as required by that authority.

18, Members are responsible for providing their own text books and other equipment; however, those posted in remote areas may obtain these on application to the DAD Edn, HQ E Comd, on an Order for Books and Equipment (AAF A354).

Refund of fees

19. Subject to requirements set out in the following paras, refund of fees to the prescribed amount may be obtained by the member on completion of course.

20. A member who completes the course or course unit within two years or in the case of a university course in the year of enrolment as required by the University Authorities, will be eligible for a refund of the following prescribed amount of his tuition fees :-

(a) if enrolled prior to 1 Jul 52, tuition fees paid up to the maximum amount of £5 - 10 - 0.

(b) if enrolled after 1 Jul 52, tuition fees paid up to a maximum amount of £7.0.0.

21 Refund of tuition fees may be made prior to discharge provided the member has completed 50% of the course, or course unit, other than a university course, commenced not more than eighteen months prior to the date of discharge.

22. In the case of a university course, it will be necessary for a member desiring refund of tuition fees prior to discharge, to establish that he has completed half of the years work in order to be eligible for the refund at such time.

23. Refund fees will be effected as follows :-

(a) The member will submit a claim (AAF TS4), showing details of course, fees paid, and the amount of refund for which he is eligible under the conditions of para 20 of this instruction. The claim must be supported by the original receipt(s) for the tuition fees paid

(b) The Command Education Officer will check as to "completion of course", or in the case of a member claiming refund of tuition fees prior to discharge whether he is eligible for such refund, and list the details of refund entitlements on a Weekly Schedule of Completed Courses and forward it to the Command Paymaster accompanied by members' claims and receipts for fees paid.

(c) The Command Paymaster will raise a credit for the amount due for refund to the pay account of each member listed on the weekly schedule.

113 CANCELLATION OF AAF G11 (DRIVING LICENCE)

AAF G11 No A1406 held by 3/10605 Pte McGUIRE D is cancelled.

ANTI MALARIA AND ANTI MITE PRECAUTIONS

1. Recent examination by RMO shows that roll books recording administration of Paludrine and anti mite precautions are not being kept up to date.

2. It is emphasised that while Malaria is now completely preventable Haemorragic fever has a mortality rate of 5 to 10% if properly treated and a far higher rate if not treated.

3. Smearing of clothes with anti mite fluid is the only measure yet discovered for individual protection and for it to be at all effective it must be properly carried out.

4. Platoon and section commanders are responsible to ensure that anti malaria and anti mite precautions are properly carried out and that the taking of these precautions is properly recorded in accordance with current instructions.

5. Attention is directed to ROs No 100 and 101 of 1955 dealing with the precautionary measures to be carried out.

EX "TURNOUT"

OPENING NARRATIVE

1. Consequent upon the resumption of hostilities in KOREA by the enemy on 25 Mar 55, 1 COMWEL Div, together with other UN fmns became engaged in a long and desperate struggle to hold the KANSAS Line.

2. By 12 May, the CHINESE log system, attenuated by their long L of C which were subjected to incessant air attack, had almost broken down and an impasse was reached.

3. On Fri, 13 May, I US Corps (GS), by then reinforced from JAPAN, and sp by 5 USAF, had rec sufficiently to launch op COMMANDO, an offensive aimed at the crossing of the R IMJIN and the re-est of the status quo along the NORTHERN Bdy of the DMZ.

4. In mid-May, however, it became apparent that the CHINESE were preparing for a sec summer offensive and it was decided to continue the drive to the NORTH before the enemy regained balance.

5. By first lt on Mon, 30 May, the situation was as shown Trace "P" att, with 1 COMWEL Div on line in area CT 135314 - CT 156294 - CT 187283
