THE PROBLEM IS ONE OF RELATIVE DRUG RESISTANCE AND IT IS INCORRECT

LONGER HOSPITALISATION AND CONVALESCENCE CMM UP TO THIRTY DAYS AND
CONSEQUENTLY REDUCTION OF MANPOWER (.) BECAUSE OF RELATIVE DRUG

MACV TMA Airlift

Copy: FWMAO

REQUEST FOR SCHEDULED AIR TRANSPORTATION

Reference: Military Working Agreement between COMAAFV and COMUSMACV dated 5 May 65. A

Letter MAC J4(2) Serial Number 81 dated 5 Jan 66: Australian R & R Centre at VUNG TAU. B

1. As indicated in reference B, Australian Army Force VIETNAM is establishing a Rest Centre at VUNG TAU. The Centre is scheduled to open on 24 Jan 66 or thereabouts. The Centre will accommodate 40 personnel, almost all from BIEN HOA.
2. Transportation between BIEN HOA and VUNG TAU is to be by air. A weekly flight would be convenient for AAFV and should be suitable for weekly scheduling. Personnel would travel with limited hand baggage.
3. The Centre is restricted in capacity to 40. Therefore on changeover days, personnel should be airlifted out of VUNG TAU before the next draft is airlifted in from BIEN HAO.
4. The date of commencement of the service should be 24 Jan or very shortly thereafter. AAFV will agree to any proposal as to the day of the week on which the regular changeovers of personnel should take place.
5. A weekly service, to start 24 Jan 66 or soon thereafter, and to continue indefinitely, is requested as follows:-
 - a. Pick up 40 personnel at VUNG TAU airfield and drop at BIEN HOA airfield, preferably in the morning.
 - b. Pick up 40 personnel at BIEN HOA airfield and drop at VUNG TAU airfield, preferably immediately following (a) above.
6. Your advice is requested as to :-
 - a. The suggested date of commencement.
 - b. The suggested day of the week for the regular service.
 - c. Your requirements as to time and place of reporting manifesting, briefing of personnel etc.

7. Any further details required may be obtained from Major M. V. QUALLY or Major F. W. DEANE, Headquarters Australian Army Force VIETNAM.

Dear Sir,

Tape recordings of the Carols by Candlelight Festival provided by 2UW and the Daily and Sunday Telegraph were received in VIETNAM during the Christmas period, and were given the widest possible circulation among Australian troops.

During this period when all our thoughts naturally turn to home, these recordings provided a familiar background for the Christmas season and were much appreciated. Please accept my personal thanks and that of all Australian servicemen in VIETNAM, for both the recordings and your seasonal greetings.

MILITARY POLICE REPORT

1. About 1610 hrs 30 Dec 65 Lt Col McNAMARA came to my room at the Duc Tan Hotel and informed me that the sentry was missing from his post at the front of the building.
2. I then went to the Guard Quarters situated on the two top floors of the hotel where I saw a soldier who I now know to be :-
215178 Pte JPS SMITH.
Pte SMITH was getting dressed. I asked Pte SMITH who should be on guard duty at that time and he replied, "It should be 17830 Pte AJ REIDER but he is on his bed drunk and cannot be woken up."
3. I then ordered Pte SMITH to go on duty immediately and reported the facts to Lt Col McNAMARA who went with me to the room where Pte REIDER was asleep. I attempted to wake Pte REIDER but was unable to do so. His breath smelt very strongly of alcoholic liquor and he was incapable of carrying out his duty.
4. After making further inquiries it was ascertained that the Guard Commander, 16116 Sgt DM PATTERSON, was away from the hotel having a meal and that 215178 Pte JPS SMITH had been nominated to be in charge during his absence.
5. I was then ordered by Lt Col McNAMARA ascertain the particulars of the Guard Sergeant and the time that he returned to duty and also to inform the Sergeant of the incident. This I did when he returned at 1700 hrs.
6. About 1630 hrs the same day Capt BROWN of HQ AAFV came to the Duc Tan hotel to ascertain if Sgt PATTERSON had returned and to inspect the guard.
7. About 1700 hrs Sgt PATTERSON saw me in my room where he said, "I have been informed that you want to see me Corporal." I then explained to him what had happened and asked him where he had been. He replied, "I have been for a meal but Pte SMITH was in charge whilst I'm away for meals. Capt BROWN then informed Sgt PATTERSON that he would be charged and the Sergeant left my room to check on the Guard.
8. - The sentry who left his place of duty without having been properly relieved was :
120032 Pte JP SPITZERS.
9. About 1730 hrs 30 Dec 65 Cpl HAMMOND of the Pro Det arrived at the hotel to convey Pte REIDER to HQ AAFV to place him in the cells. At HQ AAFV Pte REIDER was interviewed by Maj DEANE who placed him under open arrest and he was returned to the Duc Tan Hotel and placed in the custody of Sgt PATTERSON.

PURCHASE OF AVIATION GASOLINE
GRADE 80/87

1. Aviation gasoline grade 80/87 has been purchased from Cong-Ty Shell Vietnam for use in Army aircraft operating from Bien Hoa.
2. Upon requesting the method of obtaining refund or waiver of import and other duties the firm advised that this should be arranged through the Australian Embassy, possibly as an extension of the duty free deliveries made for the Embassy.

Purchases to date are:-

4 Oct	20 drums x 55 US gals
23 Oct	10 drums x 55 US gals
5 Nov	20 drums x 55 US gals
18 Nov	20 drums x 55 US gals
28 Nov	20 drums x 55 US gals

Purchases are expected to continue at the rate of 40 drums per month.

The gasoline has been invoiced at \$VN 2,680.00 per drum and Shell advise that the amount refundable is \$VN1,140.00 per drum.

3. It would be appreciated if you could arrange exemption from import duties gasoline supplied for use by the Australian Army in Vietnam. The exemption certificate would need to cover those purchases made to date, so that refund may be claimed, and future purchases at the rate mentioned.

FOR DPR, CG EDITOR, FOR IMMEDIATE RELEASE, EX KELLY. IT HAD BEEN ANOTHER LONG, FOOTSOBE DAY FOR INFANTRYMEN OF 1 RAR, IN THE PLAIN OF REEDS, SOME TWENTY MILES SOUTH WEST OF SAIGON, RETURNING TO THE BATTALION HARBOUR POSITION FOR THE NIGHT AFTER A DAY OF PATROLLING, SEARCHING FOR THE ELUSIVE VIET CONG, THE SOLDIERS STRIPPED OFF THEIR WET, MUD CAKED JUNGLE GREENS, AND DONNED A CLEAN, DRY SET FOR THE NIGHT. SOME HIDDLED AROUND HEKAMINE STOVES, WAITING FOR MUGS OF WATER TO HEAT FOR A BOW OF TEA. OTHERS CONVERSED IN LOW TONES AS THEY CLEANED THEIR WEAPONS. TOMORROW WOULD BE ANOTHER DAY OF PATROLLING IN THE SWAMPY FLATS OF THE PLAIN OF REEDS, BUT FOR THE MOMENT BEING IN DRY CLOTHES FOR THE REMAINDER OF THE NIGHT WOULD BE REAL LUXURY. THE SUDDEN HARSH CRACKLE OF MACHINE GUN AND RIFLE FIRE SHOCKED THE QUIET GAMES, SENDING SOLDIERS DIVING INTO THE SQUELCHY MUD. FOR THIRTY SECONDS OR SO VIET CONG SNIPERS (CRISS)CROSSED THE AUSTRALIAN AREA WITH FIRE. THEN, AS SUDDENLY AS IT HAD STARTED, THE FIRING CEASED. THE SILENCE THAT FOLLOWED WAS PUNCTUATED BY IRATE AUSTRALIANS CURSING THE ENEMY. QUOTE FIRST TIME I'D BEEN DRY IN TWO DAYS AND LOOK AT ME NOW UNQUOTE COMPLAINED ONE SOPPING SOLDIER. THE WAR IN VIETNAM CAN BECOME A VERY PERSONAL ONE WHEN

THE ONLY TWO SETS OF GREENS YOU HAVE ARE BOTH WET. ~~STORY ENDS~~ FIRST STORY ENDS. SECOND STORY. SOLDIERS IN VIETNAM CAN BE TALL OR SHORT, THICK OR THIN, BUT THE ~~ZZZZZZZZZZ~~ ADVANTAGES AND DISADVANTAGES OF THEIR RESPECTIVE BUILDS ARE FAIRLY EVENLY BALANCED WHEN IT COMES TO FIGHTING IN THE PLAIN OF REEDS. A FIVE FEET HIGH SOLDIER SHIFTS HIS POSITION BEHIND HIS M60 MACHINE GUN AS THE SNIPER'S FIRE COMES UNCOMFORTABLY CLOSE. HE GRINS ACROSS AT HIS LANKY SIX FEET THREE INCH MATE AND MUTTERS QUOTE SOMETIMES I'M HAPPY THAT I'M SO SMALL UNQUOTE. WHEN IT COMES TO CROSSING ONE OF THE NUMEROUS SWAMP STRETCHES ~~THE POSITION IS REVERSED~~, WATCHING HIS TALL FRIEND ENTER THE WATER THE SMALL SOLDIER NOTICES THE WATER IS ONLY WAIST DEEP. HE GETS QUITE A SHOCK WHEN HE STEPS IN AND THE WATER COMES UP TO HIS NECK. THE THICK AND THIN HAVE THEIR BALANCED PROBLEMS IN THE MUDDY CANALS. THE THIN MAN HAS DIFFICULTY IN KEEPING HIS BALANCE BUT THE THICK MAN SINKS DEEPER. QUOTE HOW DEEP IS THE CANAL, SARG UNQUOTE QUERIED A LANCE CORPORAL ON THE BANK. QUOTE THE WATER'S ABOUT TWO FEET DEEP UNQUOTE CAME THE REPLY. AND AS THE THICKSET LANCE CORPORAL SANK TO HIS CHEST IN THE CANAL, THE SERGEANT ADDED QUOTE AND THE MUD IS ABOUT THREE FEET DEEP UNQUOTE. STORY ENDS

SUBJECT : TYPING POOL FACILITIES WITHIN HQ AAFV

List C (Less Serials 20-48)

1. A serious situation on typing is developing. Yesterday has left us with a back log of 20 files each of which has a one or more foolscap page to be typed.
2. Corrective action is in hand to borrow a soldier from 1 RAR to act as a runner (due here late today) and a clerk from ALSC (due tomorrow).
3. In the meantime please ensure that only the most urgently required typing is given priority. In the event of priority work being too heavy I shall allot priorities.
4. Anticipate that delayed work will be cleared by Monday.

WORK REQUIREMENTS : MERCURY BEQ : 130 SU VAN HANH : CHOLON

1. The following work requirements for the above BEQ, which were submitted at the time the building was occupied, have not yet been completed :-
 - a. Sand filled drums along the front of the building.
 - b. Closure of a ventilator on the RIGHT wall.
 - c. Close off access to rear with mesh or barbed wire.
 - d. Rear first and second floor windows to be covered with wire mesh.
 - e. Access ladder to be built to enable maids to use rooftop as laundry drying area.

As these works, with the exception of sub paragraph e., affect the security of the BEQ it would be appreciated if they could be treated as urgent.

2. In addition to the above, the two deck bunks provided have proved unstable and there has been one instance where the top section has fallen on to the lower. For this reason it is requested that metal brackets be fixed to the legs of the bunks at the joint so as to prevent them separating.

3. Other work requirements have been advised direct to HSAS (Real Estate Div) and a copy of that memorandum is attached.

MAINTENANCE : MERCURY BEQ : 130 SU VAN HANH : CHOLON

1. This headquarters is concerned at the unsatisfactory maintenance and repair arrangements for this BEQ. It is understood that the building has been leased on an "owner repair" basis, and that the owner would provide a repairman on the premises or readily available so that all repairs could be effected as quickly as possible.
2. Since occupying the building it has been found that the water pump is not large enough to meet normal demands and has seldom functioned for two consecutive days without repairs. Three toilet seats have collapsed for no obvious reason and several shower drains are blocked. All of this has been passed to the owners representative who is restricted in the amount he may spend on repairs.
3. Because of the health risk, which is not acceptable, it is requested that the owner be asked to install a larger or alternatively a second pump, replace the broken toilet seats and clear all obstructed drains immediately.
4. Should the owner be unable or unwilling to comply, it is requested that the work be carried out by HSAS (Public Works Dept) as urgent maintenance, and the costs be a charge against the owner of the building.

PROGRESS REPORT : R AND R CENTRE

Reference R66:3:1 dated 27 Dec 65.

1. The progress to date on the various aspects is given below:-

a. Alterations

This is going according to plan and so far the majority of the electrical work has been completed. The plumbing is also completed apart from the external kitchen drain, and the installation of the kitchen sink. The carpentry work is still considerable and a local contract has been let to screen the bottom and top floors, to instal new mirrors and shelving in the respective bathrooms, and the manufacture and installation of a bar. Painting (internal) is alleged to start from 5 Jan 66.

b. Stores

So far only the Special Service (Amenities) stores have been received. These include a motor boat (60 HP outboard) and a pool table. Considerable effort was needed to actually get these stores to VUNG TAU and four (4) aircraft (CARIBOU) over a period of three (3) days were needed. The accomodation stores were indented for on 22 Dec 65 and the matter is now in the hands of the US Army who have promised to supply what they can by 20 Jan 66 this being our target date for receipt of the stores at the Centre. The most important items are the cots, folding, steel which with adaptor can be erected as double tier bunks as it is upon this basis that the space allocation has been assessed. Most of the other items, ie, kitchen gear, crockery and cutlery can be obtained from the BIEN HOA Depot if they are NOT readily available from US sources

c. Water

This may still offer a problem and a very careful watch is being kept on this aspect. The well is in the process of being pumped out and a further evaluation will be made when this is completed.

d. Electricity

There is now NO doubt that this is the major problem so far. A test of the nightly average current output has revealed that only 75V is available during the peak evening period (1800-2300 hours). It is considered that as the average hourly consumption will be approximately 9000 watt that the Centre will NOT be able to operate effectively without at least 1 x 10 KW (110V) generator.

2. It is still considered that providing the accomodation stores are made available by 20 Jan 66 that the Centre could open on, or about, 24 Jan 66

FINANCIAL ADVISER'S AUDIT REPORT
FOR DEC 65

1. Due to the pressure of work on the Paymaster's staff the audit inspections programmed for Dec 65 were not performed.

2. The Paymaster expects reinforcements in Jan 66. However it is doubtful whether the NCO selected for audit duties will be available during Jan and Feb because of the pay office commitment associated with the introduction of decimal currency. The matter will be kept under close scrutiny but some arrears of audits may have to be accepted.
