RESTRICTEDMONTHLY REPORT - 2 AOD  
APRIL 1969PART I GENERAL STAFFENEMY

1. There was no enemy activity during the month.

OWN TPS

2. The unit is currently in the process of changing from Estb IV/119/1 (TW) to IV/119/2 (TW), and although there is no change in the total number of personnel, there are numerous (38) changes in the rank and trade structure within the unit. A copy of the unit manning chart will be forwarded to DOS in the near future.

PART 2 ADMINISTRATIONMILITARY

3. During the month 11 other ranks returned to AUSTRALIA on completion of their tour of duty. One OR returned to AUSTRALIA as medevac.
4. Sixteen other ranks marched into the unit as replacements.
5. Once again the replacement program caused delay, and although two (2) replacements arrived on their due date, no notification of same was received, therefore two members were held over unnecessarily for one week.
6. Arrivals during the month are shown at Annex "A" to this report and deficiencies by ranks appear at Annex "B".

LOCAL LABOUR

7. No change in civilian establishment.

MEDICAL

8. 1 OFFR and 7 other ranks were hospitalised for varying periods during the month. None were suffering from tropical diseases.

MORALE

9. Unit morale remained high.

PART 3 TECHNICAL

STATISTICS

12. Stores transactions for issues, dues out releases, and receipts were 13,948. This was an increase of 7150 over the March transactions. The main reason for the increase was the arrival of MW 'JEPARIT' and the increased tempo of the outscaling program.

WORK LOAD

13. Considerable storehouse development was achieved during the period. Details of these projects are shown under group headings below.

14. The outscaling team which arrived at the end of last month, has produced 3542 vouchers of which 2540 have been completed.

GROUP 1

15. a. For statistics see Annex "C" to this report.  
b. A total of 17 vehicles of all types (incl an ARV) will be returned on Jeparit 22.  
c. WO2 Hammond was appointed as Group Holder temporarily.

GROUP 2

16. Almost 75% of the detail stores have been transferred to Binning.

GROUP 4

17. a. Fair progress has been made on reorganising the bulk store. A considerable amount remains to be completed.  
b. Almost 50% of the detail stores have been transferred to binning.

3 SUB DEPOT

18. The restacking project has been almost completed.

RSG

19. Construction of the steam cleaning facility is nearing completion and requires only drainage, electrical installation and plumbing.

TRAFFIC

20. a. Total tonnage moved from 2 AOD to 1 ATF including Ammo and stores was 2199 tons. An increase of approximately 800 tons.  
b. Total tonnage of Ammo was 547 tons consisting of 468 tons of US Ammo and 79 tons of Aust Ammo.  
c. Total tonnage of ORD stores moved to 1 ATF was 1652 tons an increase of 1229 tons on the March figure.

- g. Total hours lost (all reasons) - 166. This figure does not include hours lost during overtime.
- h. Breakdown causes. No major breakdown occurred during the month despite the highest number of postings on record. It could be a coincidence but it appears that the installation of a new and more efficient air conditioning plant in the machine room contributed to better mechanical reliability.
- |     |            |   |

| (1) | Machine 1. | Machine jumped on stop 20.  |

CONTROL

24. This month was one of the busiest on record. The number of transactions increased sharply over March figures. The number of vouchers received or raised are as follows:

a.	No of indents received	8280
b.	No of issues made	5103
c.	DOR's released	2005
d.	DOR's raised	2040

RESTRICTED

RESTRICTED

- 4 -

e.	Red Star/IRT vouchers to storehouse	37
f.	Service demands raised	825
g.	TV's raised	581
h.	No of receipts	3410
j.	No of G 1033's received	207

PROVISION

25. a. Dues out. The number of DOR's held at groups was 4598 vouchers as at 30 Apr 69. This represents a reduction of only 238 vouchers under the March figure of 4836. The expected large reduction of DOR figures with stores received on Jeparit 21 did not materialize. There are still large numbers of SRV's outstanding and the major shortage areas have not been affected. It is worth a mention that some of the items effected are "bread and butter" stores, listed in the common Expendable Stores catalogue.
- b. The breakdown of DOR's held in groups is as follows:
- |     |      |   |      |
|-----|------|---|------|
| (1) | Gp 2 | - | 1022 |
| (2) | Gp 3 | - | 174  |
| (3) | Gp 4 | - | 1870 |
| (4) | Gp 5 | - | 271  |
| (5) | Gp 6 | - | 1041 |
| (6) | Stat | - | 220  |
- c. Outscaling/downscaling. The progress made by the team in tackling the task is satisfactory. However, due to intense stores activity the groups have found it difficult to cope with the number of vouchers produced by the team. For this reason personnel from the team are periodically attached to the various groups in order to reduce the backlog. This results in the reduction of the number of XVM vouchers produced. The outscaling team reviewed some 4000 items and originated 1725 outscaling/downscaling vouchers.
- d. Signal Demands. The number of signal demands raised is under the March figure. With tighter provision control further reductions are anticipated. The signal demands section is on schedule.

236. SUGGESTIONS, DIMENSIONS AND IMPROVEMENTS TO MILITARY EQUIPMENT

Reference: A. MBI 243-1 dated 18 Nov 68.  
B. R980-405-2

1. The reference MBI sets out the procedure to be followed when inventions or proposals for improvement to equipment, etc., are put forward by members of the Army or non-members.
2. Member of AFV (Army Component) are to refer such proposals to FORS, HQ AFV, through the normal chain of command. It will assist those responsible for finally considering the proposal if, at each level of command, the proposal is considered and appropriate comments attached before forwarding to the next headquarters. Included in these comments there should be a statement of the members qualifications in regard to the equipment under consideration.

237. PREVENTION OF FIRES IN SICKERS RECEPTACLES

1. Containers used as ashtrays are not to be permitted to accumulate rubbish. In this regard, deep containers, such as shell cases do not allow rubbish to be readily seen and are not to be used as ashtrays. Ignition of inflammable material in such a container is suspected to be the cause of at least one fire in living accommodation.

238. MAINTENANCE OF SMALL ARMS

1. Use of non authorised cleaning and lubricating agents is to cease immediately. The following are authorised for use in Vietnam:
  - a. Rifle M16A1. Semi fluid lubricating oil (LSA)
  - b. Other Small Arms
    - (1) OX-16 or US equivalent O-190.
    - (2) RAEME armourers only may use 6850-00-281-1986 SOLVENT dry cleaning (equivalent to Range Fuel) to clean particularly dirty weapons, immediately the weapon is dry.
2. In units, small arms are to be cleaned and lubricated only with the authorised lubricant, and as follows:
  - a. Issued to Members. These are to be cleaned and lightly oiled daily to prevent corrosion and reduce wear to moving parts. Non moving parts are to be kept dry.
  - b. In Unit Storage. Metal parts are to be lightly smeared with oil and inspected, cleaned and re-oiled at weekly intervals.
3. Unit Commanders are reminded of their responsibility to ensure that soldiers maintain their weapons in a clean, properly lubricated and operable condition. This can only be done by regular inspections and attention by unit armourers and workshops.
4. Disciplinary action is to be taken against members who use unauthorised cleaning agents or lubricants, or take inadequate care of their weapons.

239. AUTHORISED LEAVE PERIODS

(a) Vung Tau Special Zone General:- Local leave may be granted, by unit commanders, from 0800 hrs to 2100 hrs daily. Not more than 25% of the posted strength of a unit may be on local leave at any one time.

(b) FMAF Establishments:- Personnel may patronise FMAF establishments between 0800 hrs and 2045 hrs daily. However with the approval of their OC on each occasion, members may patronise FMAF Establishments which are guarded by FMAF personnel until a later time, providing the members travel between the establishment and the 1 ALSG Main Gate Military transport, by the most direct route, and arrive within the 1 ALSG Main Gate by 2330 hrs.

240. CURFEW

Curfew for all members, except those on official military duty, is from 2100 hrs to 0600 hrs daily. Members other than those on official duty or as defined in para 2b, are not to proceed from, or be absent from, the 1 ALSG area or their assigned billets at any time during the curfew hours.

241. DRESS

(a) Unless on Official duty personnel are not to wear uniform in Vung Tau.

(b) Whilst on standdown within the 1 ALSG area civilian clothes may be worn unless otherwise ordered. Whilst on local leave, outside the 1 ALSG area or the R & C Centre, civilian clothes are to be worn.

242. ALCOHOLIC LIQUOR

Alcoholic liquor whether contained in a tin, casket, or bottle, is not to be taken out of the 1 ALSG area or the R & C Centre unless the seal of the container is broken.

Alcoholic Liquor may only be carried outside of unit lines if it is concealed in a manner which conceals the contents.

Alcoholic Liquor is not to be consumed in:

- (a) Any private dwelling or club or quarter without the approval of the owner or manager.
- (b) On any street or public thoroughfare, beach, garden or park.
- (c) In any vehicle.

243. SERGEANT'S MESS - GENERAL MEETING

A General Meeting of the 2 AOD Sergeant's Mess will be held on Thursday 17th Apr 69, at 1530 hrs.

All members will attend unless excused by the FMC.

244. TRADE TESTING OFFICER

1. 52243 Sgt W.R. SLATER has been Appointed Trade Testing Officer for ECU T 268 Operator Material Handling Equipment.

245. AUSTRALIAN CIVILIAN SUPPORT FOR MILITARY CIVIC ACTION IN VIETNAM

1. Australian civilian support for military civic action in Vietnam is co-ordinated by ANQ (DMO and P). Therefore it is essential that organizations and individuals seeking to assist in military civic action deal with ANQ and not direct with members serving in Vietnam. To this end the following orders apply:

(a) Any member receiving correspondence containing offers of assistance for military civic action, from any organization (even where the addressee is a member of the organization) or any stranger not known to the addressee, is to confine his reply to:

- (1) A courteous acknowledgement of receipt of the correspondence.
- (2) A statement that the matter has been referred to AIIQ for attention; and,
- (3) Advice that any further enquiries should be addressed to the  
**Secretary, Department of the Army,  
Canberra, ACT.**

(b) All details of such offers of assistance are to be given by members to their units, which will in turn forward the details through normal channels to HQ AFV.

(c) Any member who may have already entered into correspondence with any organization or stranger on military civic action should now inform their correspondent that it is necessary for any further dealings to be made through AIIQ to ensure proper co-ordination of the assistance.

(d) Further details of any organization or stranger enquiring of member for details of military civic action are also to be referred to HQ AFV in the same way.

2. This order is not intended to prevent members accepting donations from personal friends and relations, but such persons should be advised that any goods they send addressed to individual members in Vietnam must go through the postal system at the donor's expense. In the past, embarrassment has been caused to the AIF by well meaning persons collecting goods at the request of members and then expecting the AIF to accept the responsibility for forwarding the donations to Vietnam.

#### 246. TRANSMISSION OF SPIRITUOUS LIQUORS THROUGH THE POST

1. Commonwealth of Australia Postal Regulations prohibit the transmission of inflammable substances (including liquors) having a flash point of less than 80 degrees F. through the post.

2. Investigation has revealed that spirituous liquors having a proof rating in excess of 85 Proof US or 74 UK come within this category and are therefore not to be transmitted by members through the post to Australia.

3. There is no objection, however, to member posting spirituous liquors to Australia provided:

- (a) They have a proof rating below the stipulated figure.
- (b) They are packed safely and in such a manner that damage will not result to other posted items should the bottle/bottles break.
- (c) The member is prepared to pay any duty imposed by the Department of Customs and Excise (Customs concessions on spirituous liquors only apply when members are physically arriving in Australia).

4. It should be noted that most spirituous liquors available in SVN are within the approved limits.

5. The proof rating is displayed on the label of most spirituous liquors sold in Vietnam. Where any doubt exists it is to be checked against the PX catalogue held in PX and AGCO establishments.

247. TRUCKS 3 TON TECHNICAL LOADING - CARRIAGE OF PERSONNEL

1. It is extremely dangerous to carry passengers on the tray of 3 ton vehicles with platform trays. The maximum number of personnel which may be carried in these vehicles is two, including the driver. Under no circumstances are passengers to be carried on the tray.
