VUNG TAU-	2 Aug 66	1200 H	SITREP No S 61 fwd to HQ 1 ALSG. The spare Parts situation gives grave concern. In spite of the entire Stores Section assisting 2 Comp Ord Depot the Wksp has only received 3 spares for planned tasks in the past week - namely a oil filler cap, a fuel filter cap and a Land Rover muffler.  This situation I consider to be deplorable and despite probing of Ordnance channels I can not obtain any satisfaction. In view of the lack of spare parts, tradesmen have been kept employed in a number of administrative tasks.	E60
VUNG TAU	3 Aug 66	1200 H	SITREP No S62 fwd to HQ 1 ALSG. Deplorable lack of spare parts supply <del>continues</del> /E61 continues. Informed by OC 2 Comp Ord Depot that approx 1000 indents had been mislaid and they were now being processed. Six veh mechanics only able to be employed on technical tasks due to lack of spares. Other sections scraping by with parts held by unit Stores Section. I appreciate this situation will an have an effect which we have not yet really started to feel, this being due to the generally good or new condition of vehs brought into the theatre.
