AUSTRALIAN MILITARY FORCES

AFV (ARMY COMPONENT) ROUTINE ORDERS PART 1

BY

MAJOR GENERAL D.B. DUNSTAN CBE

COMMANDER

AUSTRALIAN FORCE VIETNAM (ARMY COMPONENT)

SAIGON

Numbers 247-250

2 NOV 71

<u>RO NO</u>	<u>TITLE</u>
247	AFV CHANNELS FOR ROUTING CORRESPONDENCE
248	PAY PROCEDURES ON RETENTION OF NSM BEYOND THEIR DUE DATES FOR DISCHARGE
249	PREVENTION OF RABIES - KEEPING OF PETS
250	VEHICLE ACCIDENTS INVOLVING AUSTRALIAN SERVICE PERSONNEL AND PERSONS OR PROPERTY OF OTHER NATIONS

RESTRICTED

GENERAL STAFF BRANCH

247. AFV CHANNELS FOR ROUTING CORRESPONDENCE

Reference: AFV (Army Component) SOPs, Part 1, Chapter 1, Section 7.

1. Instances have occurred where units are forwarding correspondence direct to HQ AFV. This necessitates additional work and delays as the correspondence has to be returned to 1 ATF for comment.
2. Units are reminded of the provisions of the reference and are to ensure that all future correspondence is forwarded through the correct channels.

(237-1-41)

ADJUTANT GENERALS BRANCH

248. PAY PROCEDURES ON RETENTION OF NSM BEYOND THEIR DUE DATES FOR DISCHARGE

Reference: ARO 42/70.

1. Instances have occurred where extensions of service or extensions of due date for discharge of national servicemen have not been notified to APAC.
2. Units are reminded of their responsibilities vide the Reference. Pay allotments of national servicemen are automatically suspended on the due date for the discharge of their intake, unless APAC is promptly notified of changes to individual discharge dates. It must therefore be appreciated that failure to comply with the provisions of the Reference will invariably result in financial embarrassment to the member and additional work load at APAC.

(R556/1/5)

249. PREVENTION OF RABIES - KEEPING OF PETS

1. Rabies is a serious disease in man; untreated cases are invariably fatal. The treatment of suspected cases is lengthy (14-21 days) and painful. The common means of transmission is by the bite of an infected wild or domestic animal; transmission may be effected by saliva from an infected animal entering through cuts or abrasions to the skin. In South Vietnam, the incidence of rabies is high in domestic and wild animals. There have been recorded cases of animals that have had a complete course of anti-rabies vaccine transmitting the disease, and in South Vietnam where the preservation of vaccine is difficult, there is an increased chance

of apparently fully inoculated animals transmitting the disease.

2. Members of AFV are not to keep pet animals. Unit commanders are to ensure that pet animals of any type are not kept in units. Pets which may be in units and stray animals in AFV areas are to be disposed of immediately. Members of units are not to feed or to play with stray animals, as many of these animals are potentially rabid.

3. All cases of animal bites are to be referred for examination to a medical officer, with the live animal, if this is possible. Animals which have bitten soldiers are not to be destroyed as this precludes accurate diagnosis. Where it is possible to present the animal for examination, as detailed above, it should be caged or tethered until instructions are received from the examining medical officer.

4. The substance of this Order is to be republished in unit routine orders.

5. HQ AFV (Army Component) Routine Order Part 1 98/71 is cancelled.

(R515/1/1)

250. VEHICLE ACCIDENTS INVOLVING AUSTRALIAN SERVICE PERSONNEL AND PERSONS OR PROPERTY OF OTHER NATIONS

Reference: AFV (Army Component) SOPs, Part 2 Chapter 2, Section 7, Annex A.

1. The Reference directs that all accidents involving Australian service personnel or vehicles and persons or property of other nations are to be reported promptly (through correct channels) to:

- a. HQ AFV.
- b. Area/Formation HQ.
- c. AFV Provost Marshal; and
- d. The nearest RAA Provost detachment.

2. Units are to rigidly comply with the Reference.

3. It should be noted that signal advice of vehicle accidents (Crash one and two) is not required where accidents involve only Australian service personnel or property.

199.

INCREASE IN POSTAL CHARGES.

1. The following is a list of new postal charges which apply to members of the Defence Forces from 1 Oct 71:
  - a. Letters, letter cards, postcards, greeting cards and voice tapes - free postage.
  - b. Aerograms - 12 cents
  - c. Other articles weighing up to 1 lb airmail - 8 cents per 2 oz.
  - d. Other articles weighing up to 1 lb surface mail - 2 cents per 4 oz.
  - e. Parcels airmail - 35 cents per 8 oz.

/2.

- f. Parcels surface mail - up to 2 lb - 20 cents  
up to 3 lb - 25 cents  
up to 7 lb - 40 cents  
up to 11 lb - 50 cents  
up to 16 lb - 65 cents  
up to 22 lb - 80 cents
- g. Registered Post - Ordinary - 50 cents  
Listed - \$ 1.00
- h. Messenger Delivery - Letters - 40 cents  
Parcels - 60 cents
- i. Acknowledgement of Delivery - Registered Post - 25 cents  
Certified Mail - 25 cents
- j. Certified Mail - 15 cents
- k. Telegrams (EFM) - 50 cents

2. Personnel are reminded that on their return to Australia, a letter will cost 7 cents to post.

3. The substance of this order is to be published in unit routine orders.

ADJUTANT GENERALS BRANCH

200.

CURRENCY - MPC - PIASTRE - US DOLLARS RESTRICTIONS ON USE AND CONVERSION - PROHIBITED ACTIVITIES.

Reference: 1 ATF Administrative Standing Orders, Chapter 2, Section 12.

1. Members of 1 ATF will not obtain Military Payment Certificate (MPC) from any source other than an AFV Cash Office or US Service facility authorised for that purpose.

2. MPC in excess of US\$ 150 are not to be held except where required for the purchase of a specific item or items and such excess is not to be held for longer than one full pay period.

3. Piastre are not to be obtained from any source other than an AFV Cash Office or US Service facility authorised for that purpose. A single exception is made in the case of piastre obtained by way of change as the result of an authorised transaction in that form of currency.

4. The following persons and groups are authorised to acquire, use, or possess MPC within RVN:

- a. active and retired US Military personnel;
- b. military personnel of Free World Military Assistance Forces on duty in RVN;

/3.

- c. US civilian employees, including DOD contractor personnel of the US Government in RVN; and
  - d. individuals, agencies and organizations authorised specifically by a competent US authority to acquire, use or possess MPC or patronise US Military facilities which exclusively use MPC in RVN.
5. The following means of identification will be satisfactory evidence of authority to acquire, use and possess MPC:
- a. Service Personnel and Retired US Military Personnel - the Military identification card for the United States, Australia, Korea, New Zealand, Philippines, Republic of China or Thailand.
  - b. Other Personnel - MACV FORM 333 or MACV FORM 334, USAHAC FORM 46, AFV FORM 1 or other official identification bearing photograph of the individual.
6. Members of 1 ATF are not to deal in any manner in Military Payment Certificates (MPC) with any person except as authorised in paragraph 4 above.
7. Upon arrival in RVN all currency held by members of 1 ATF is to be immediately declared and converted into MPC or piastre at the AFV Cash Office cashier at Tan Son Nhut. Any currency obtained by mail whilst in country is to be converted at an AFV Cash Office.
8. Members of 1 ATF proceeding to R and R centres other than Australia, are to convert MPC into US dollars prior to departure. Maximum conversion of Military Payment Certificates (MPC) to US dollars is US \$500 and will be effected at the AFV Cash Office cashier located at Tan Son Nhut.
9. Members of 1 ATF are required to be in possession of a minimum of US\$ 200 when proceeding to R and R centres other than Australia.
10. Member of 1 ATF requiring to convert MPC into US dollars, in excess of US\$ 200 are required to be in possession of a properly completed adapted Form F-WF-226 to enable the currency change to be effected. This does not restrict members from drawing pay in US dollars for use outside RVN but only limits the conversion of MPC into US dollars. Payment of paybook credits must be authorised by the members CO/OC on the adapted Form F-WF-226. A sample copy of this form is attached as Annex A to this Order. Subordinate headquarters are to ensure that sufficient forms are available to meet unit requirements.
11. All members of 1 ATF on return to RVN are to convert US dollars into MPC at the AFV Cash Office at Tan Son Nhut.
12. All members of 1 ATF proceeding on R and R to Australia or on RTA are to have no more MPC than the equivalent of A\$ 10 prior to departure from RVN and such MPC is to be converted into Australian dollars immediately prior to departure for Australia.

13. This Order is to be reproduced in unit routine orders.

201. PREVENTION OF HEAT ILLNESSES

Reference: A. Training Information Letter 2/70 of Mar 70.

General

1. Heat illnesses likely to affect members serving in Vietnam, include heat cramp, heat exhaustion, heat stroke, sunburn and prickly heat. The comments which follow relate to the more serious illnesses, heat cramps, heat exhaustion and heat stroke.

Conditions Which Can Lead to Heat Illness

2. The general physical condition of individual members has considerable bearing on their ability to resist heat illnesses. This ability to resist can be reduced significantly by:

- a. acute and chronic illness (e.g. diarrhoea) including the convalescent state;
- b. any fever;
- c. reaction to immunizations;
- d. prickly heat and sunburn, where the individuals ability to sweat is affected;
- e. use of alcohol;
  - (1) over indulgence in the 24-48 hours before commencing activity in the heat; and
  - (2) chronic heavy drinking;
- f. dehydration;
- g. lack of sleep, fatigue;
- h. lack of food;
- i. obesity;
- j. general lack of physical fitness;
- k. previous heat illness, especially heat stroke; and
- l. improper or non-acclimatization.

Early Symptoms and First Aid Treatment of Heat Illness

3. Heat Cramps. These are painful cramps of the muscles of the legs and abdomen that occur during or after sustained exertion. These cramps may be the warning signs of insufficient salt intake.

Treatment. The safest and best way to take extra salt is to increase the amount taken with food. Soldiers who consume more than 12 pints (ie 8 water bottles) of water per day may need extra salt. In an emergency, salt tablets may be used, however they are to be crushed and added to drinking water. When one issue salt tablet is crushed and added to the standard plastic water bottle (32 imperial ounces) a safe and palatable salt solution is produced for the treatment of heat cramps due to insufficient salt.

Warning. Under no circumstances are salt tablets to be taken whole for the treatment of heat cramps.

4. Heat Exhaustion. This condition commonly occurs in soldiers who are unfit and not acclimatized or those who are required to work hard in the heat. Early signs and symptoms of this condition include:

- a. generally unwell and frequently drawn and haggard in appearance, (in more severe cases the face has a purple tint except for the skin around the lips which may be pale);
- b. profuse sweating;
- c. skin is warm, moist and dark pink in colour;
- d. the soldier may complain of weakness, being unwell, with a headache and tingling sensation in the hands and feet; and
- e. body temperature may be only slightly raised (1 to 2 degrees F).

Treatment. First aid treatment of heat exhaustion consists of moving the member to a cool area, removing most of the clothing and giving small amounts of water. If patients so treated still suffer from cramps they should be given a salt solution as described in paragraph 3. Unless the patient recovers quickly he should be evacuated from the field.

5. Heat Stroke. This is a very serious medical condition with a high death rate. Members considered to be developing heat stroke should be evacuated from the field as rapidly as possible. The early signs and symptoms of heat stroke include:

- a. headache, dizziness, mental confusion, weakness and nausea; (the first sign may be a sudden dramatic collapse);

- b. skin is hot, dry and of ruddy colour;
- c. reduction in or absence of sweating; and
- d. body temperature is very high (102-109 degrees F).

Treatment. First aid treatment of heat stroke consists of lowering the body temperature as rapidly as possible by any means available, i.e. remove clothing, immerse in water, sprinkle with water and fan the body. Limbs and trunks should be rubbed briskly and the member evacuated as soon as possible. If a patient is conscious, frequent sips of cool water are beneficial.

6. The substance of this Order is to be published in unit routine orders.

202.

DRESS ON ARRIVAL IN AUSTRALIA

1. On arrival in Australia on RTA or R and R, all personnel are to have shirt sleeves buttoned at the wrist and wear a tie.
2. It is a unit responsibility to brief members proceeding on R and R and RTA and to ensure that each member carries a tie for wear on arrival.
3. Disciplinary action may be taken where breaches of this Order are detected.

203.

SAFETY - USE OF HELICOPTERS - ST KILDA HELICOPTER PAD.

GENERAL STAFF BRANCH

203.

SAFETY - USE OF HELICOPTERS - ST KILDA HELICOPTER PAD.

Use of Helicopters

1. All ranks are to be warned that it is extremely dangerous to go near the tail rotor of a helicopter whether the rotor is turning or not.
2. Helicopters are only to be approached from the front and only after the pilot has indicated that he is ready for personnel to emplane. Personnel emplaning are to ensure that loose items, such as hats, are firmly held while emplaning.

St Kilda Helicopter Pad

3. Personnel and vehicles are not to use the St Kilda Helicopter Pad for any purpose unless they are required to do so on duty.
4. Personnel working on St Kilda Helicopter Pad are to be mindful of the presence of helicopters and to ensure they remain clear of approaching, landing and stationing helicopters.
5. Vehicles being used on the St Kilda Helicopter Pad are not to be placed in a position where they will obstruct aircraft in any way. Vehicles are not to be placed in a position where any part of the vehicle could be struck by aircraft rotors; special care must be taken with vehicle radio antennas in this regard.

ADJUTANT GENERALS BRANCH

251. REMITTANCE OF UNDRAWN PAY BEFORE RTA

Reference: FIs for the PMF Part 5 Chapter 18 Para 235.

1. It is preferable that members who are to RTA remit most of their undrawn pay before they leave SVN or during the voyage en route to Australia.
2. The remittance system is designed to enable members to forward large sums of money to their home address, bank (if details of the account are available), or any person. Whether the remittance is made before leaving SVN, or on ship, the cheque will be at the address given before the members arrive in Australia.
3. Units are to encourage members to use the remittance system as detailed in the Reference.
4. The substance of this Order is to be republished in unit routine orders.

QUARTERMASTER GENERALS BRANCH

252. IMPORTING OF EXPLOSIVE ORDNANCE STORES AND FIREARMS INTO TAIWAN

1. Members proceeding to Taiwan on R and R are advised that it is an offence to import small arms, trip flares, or any other explosives into the Republic of China.
2. The substance of this Order is to be repeated in area and unit routine orders.
3. AFV (Army Component) Routine Order 192/71 is cancelled.

253. MAXIMUM ROAD SPEEDS A AND B VEHICLES

1. The following maximum speed limits are to apply for all non tactical road movement of wheeled A and B vehicles:
  - a. Sealed roads - 30 mph (48 kph),  
except 40 mph  
(64 kph) for staff cars.
  - b. Unsealed roads - 25 mph (40 kph)
  - c. Within AFV installations - 15 mph (24 kph)
  - d. Through towns and villages - 15 mph (24 kph)  
excluding Saigon/Cholon
  - e. Within the Saigon/Cholon area - 25 mph (40 kph)

RESTRICTED

RESTRICTED

- 3 -

2. Notwithstanding the above maximum speed limits any speed restriction sign whether erected by civil authorities, Free World Military Assistance Organization or Military Police is to be obeyed. Where signs conflict, the sign showing the lower speed is to be adhered to. In addition, where the authorized speed limit for a vehicle type, as set out in Chapter 15 of Vehicle Operating Instructions, is below the above maximum speeds the lower speed limit is to apply.

3. Vehicles are to be driven within the limitations imposed by road, traffic (both wheeled and pedestrian) and weather conditions prevailing at the time.

4. The substance of this order is to be repeated in area and unit routine orders.

5. HQ AFV (Army Component) Routine Order 195/71 is cancelled.

(R234-1-1)

254.

CASSETTE VOICE TAPES - REQUIREMENTS FOR POSTING

1. All cassette voice tapes despatched to Australia must have both the Customs Declaration and the Certificate of Inspection completed correctly.

2. Failure to comply could delay delivery of the tape to the addressee as the examination by customs personnel can only be performed in the presence of the addressee.

3. All cassette tapes being despatched from Australia should be suitably marked "Air Mail" and "Forces Concession". Failure to comply will mean that the cassette will move as second class mail and take up to six weeks to arrive in country.

4. The substance of this Order is to be repeated in area and unit routine orders.

5. HQ AFV (Army Component) Routine Order 198/71 is cancelled.

(R499-2-5(ii))

255.

ACCOMPANIED BAGGAGE ON DEFENCE CHARTER

1. Each member is allowed to carry 10 lbs of hand baggage on the Qantas Defence Charter. This is equivalent in size to a normal airways bag.

2. Personnel are warned that in future, articles exceeding this weight and size may be refused by Qantas cabin staff.

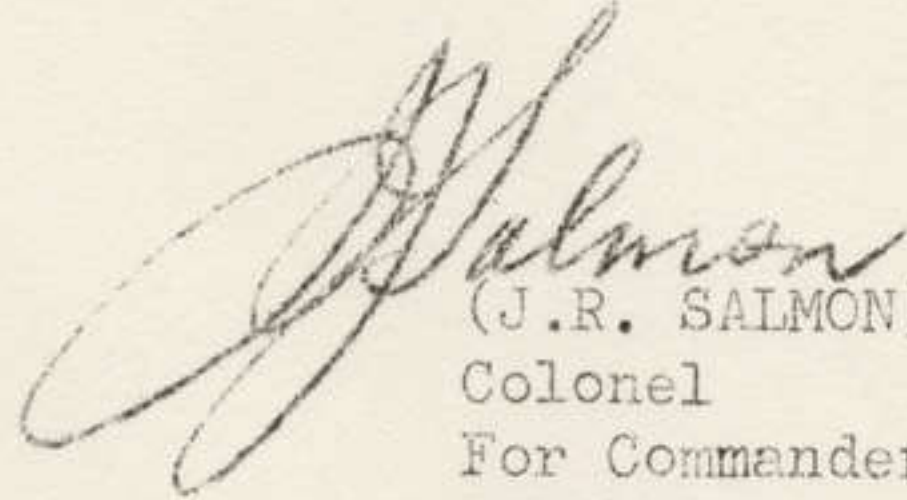

RESTRICTED

209. CASSETTE VOICE TAPES - REQUIREMENTS FOR POSTING

1. All cassette voice tapes despatched to Australia must have both the Customs Declaration and the Certificate of Inspection completed correctly.

2. Failure to comply could delay delivery of the tape to the addressee as the examination by customs personnel can only be performed in the presence of the addressee.

3. All cassette tapes being despatched from Australia should be suitably marked 'Air Mail' and 'Forces Concession'. Failure to comply will mean that the cassette will move as second class mail and take up to six weeks to arrive in country.

4. This order is to be repeated in unit routine orders.

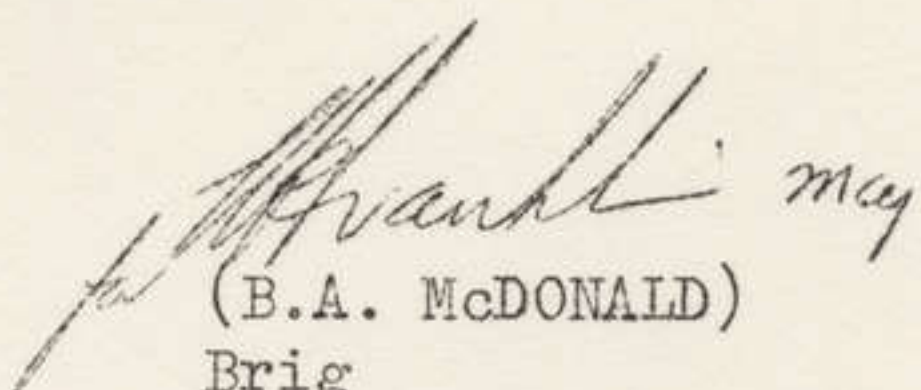

(R499-2-5 (ii))

210. ACCOMPANIED BAGGAGE ON DEFENCE CHARTER

1. Each member is allowed to carry 10 lbs of hand baggage on the Qantas Defence Charter. This is equivalent in size to a normal airways bag.

2. Personnel are warned that in future, articles exceeding this weight and size may be refused by Qantas cabin staff.

3. This Order is to be repeated in unit routine orders.

PRIVATELY OWNED AND CAPTURED ENEMY WEAPONS

- References: A. AFV (Army Component) SOPs Part 1, Chapter 1.  
Section 5.  
B. MBI 129-5.

Privately Owned Weapons

1. The possession of privately owned and captured enemy weapons, explosives or ammunitions of any kind, by Australian Army personnel in Vietnam, is prohibited. This applies equally to personnel on temporary duty with, or attached to AFV.
2. Personnel currently possessing such weapons, explosives or ammunition are to surrender them to their units. Unit disposal action is contained in Reference A.

Importation to Australia

3. Army members in Vietnam are prohibited from importing privately owned or captured enemy or other foreign military weapons into Australia.
4. Therefore, Army members are not to make requests to the Minister for Customs or State Police Departments for approval to import weapons into Australia.

Captured Enemy Weapons

5. Enemy weapons, ammunition and explosives, captured by a member of the Army, immediately become the property of the Australian Government. In the case of AATTV members working with ARVN units, the weapon becomes the property of GVN. A member who steals or fraudulently misapplies such property is liable to be charged under Section 17 or 18 of the Army Act. (Reference B).

Unit Retention of Captured Enemy Weapons

6. With AHQ and HQ AFV approval, major units may retain twelve captured weapons and minor units may retain six, irrespective of the number of tours in Vietnam.
7. Where unit retention has been approved, the weapons are to be forwarded through Ordnance channels to 2 Base Workshops to be made innocuous.
8. With HQ AFV approval, units may also retain weapons as mounted trophies. Where approval has been given, weapons are to be forwarded through Ordnance channels to 2 Base Workshops to be cut-in half longitudinally.

...../3.

RESTRICTED

RESTRICTED

-3-

9. The closing date for the submission of unit requests to return weapons was 31 Oct 71 (Refer AFV Army Component Routine Order 213/71). Only exceptional cases will now be considered. Enemy weapons still held by units without approval to return them to Australia are to be consigned to 2 AOD for disposal in theatre.

10. The substance of this Order is to be republished in area and unit routine orders.

11. AFV (Army Component) Routine Order 213/71 is cancelled.

PREVENTION AND CONTROL OF MALARIA

Reference: A, MBI 142-10

General

1. Malaria can be countered by the adoption of antimosquito measures to prevent the spread of the infection, and by the administration of antimalarial tablets. Strict adherence to the personal protective measures and the continued use of anti-malarial tablets, under supervision, is essential. These measures are contained in the brochure issued to every member on arrival in theatre.

Application

2. This order details the measures to be taken by all members of AFV (Army Component) (except for members of AATTV located outside III Military Region, who are to conform to MACV directives applicable to US troops located in the particular area).

Anti-Mosquito Measures

3. Strict observance of anti-mosquito measures will reduce the risks of members contracting malaria, and other serious diseases such as encephalitis, elephantiasis and dengue fever. Details of the measures contained in MBI 142-10 are outlined below:

a. Personal Anti-Mosquito Measures.

- (1) use of protective clothing;
- (2) adherence to area showering and bathing rules;
- (3) use of mosquito repellent and aerosol sprays;  
and
- (4) use of serviceable mosquito nets.

b. Unit Anti-Mosquito Measures.

- (1) frequent inspections of mosquito nets to ensure that they are kept in good repair;

.../4.

RESTRICTED

RESTRICTED

-4-

- (2) regular instruction on malaria, its cause and effects on health and military operations, and the methods by which it may be controlled;
- (3) anti-malaria squads; and
- (4) anti-mosquito spraying programmes.

Administration of Anti-Malarial Tablets

4. Normal Dosage. All members are to take one paludrine tablet every morning and night. The administration of the paludrine tablets is to be under strict supervision to ensure members receive continued daily dosage.

5. Supplementary Dosage. When the incidence of particular types of malaria in a locality dictate, it will be necessary to supplement the paludrine tablet by another suppressive tablet. The decision to supplement paludrine will be notified by HQ AFV when appropriate.

Record of Administration of Dosages

6. Units and sub-units are to maintain a Roll Book for the purpose of recording the daily administration of anti-malaria suppressant tablets. Unless precluded for operational reasons or by absence from the unit, each member is required to initial the Roll Book daily to signify that he has taken the prescribed anti-malarial tablets for that day.

Temporary Absence from Vietnam

7. Members who proceed on leave or temporary duty to a non-malarial area are to continue taking the same daily dosage of anti-malarial tablets as prior to departure from Vietnam. Members are warned that failure to continue this daily dosage, even for one day, may result in the onset of malaria.

Anti-Malarial Treatment on Leaving Vietnam

8. Before leaving Vietnam at the end of a tour of duty, all members are to be informed of the appropriate anti-malarial treatment and will be provided with the required tablets. The treatment will depend upon the member's destination which will normally be to a non-malarial area. The course prescribed for personnel moving to a non-malarial area is shown in MBI 142-10.

.../5

RESTRICTED

RESTRICTED

-5-

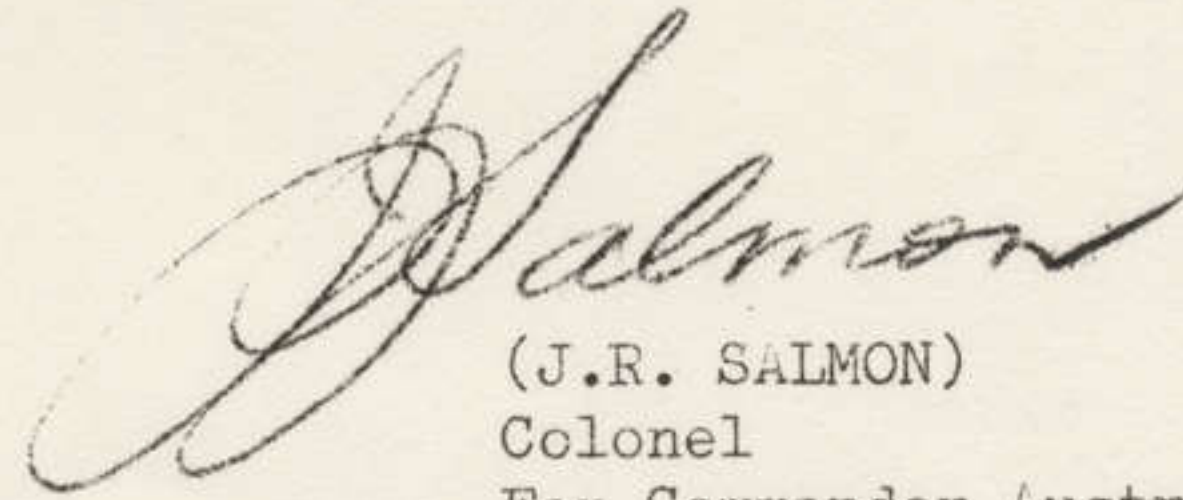

9. The substance of this Order is to be re-published in formation/area routine orders.

10. HQ AFV (Army Component) Routine Order Part 1 185/71 is cancelled.

NOTICE

UNITED SERVICE INSTITUTION OF NEW SOUTH WALES ESSAY COMPETITION  
1970/71

Introduction

1. The United Service Institution of New South Wales conducts an annual essay competition in two Sections:
  - a. Senior Section. Open to all members of the United Service Institution of NSW and to all ranks of the Active and Reserve Lists of the Royal Australian Navy, the Australian Military Forces and the Royal Australian Air Force.
  - b. Junior Section. Open to all apprentices of the RAN, AMF and RAAF Apprentices Schools and all members of the RANR Cadets, the Australian Cadet Corps and the Air Training Corps.

Subjects

2. Senior Section. "How should the Armed Forces of Australia and their associated government departments be organised and administered?"

or

"Discuss the relative merits of the strategic concepts of forward defence and continental defence of Australia in the foreseeable future".

or

"The replacement for the present air superiority fighter will be so sophisticated that it will not be able to provide effective close air support for ground forces. The enormous cost of new aircraft may preclude the Air Force from obtaining two separate types of aircraft. Discuss this statement and indicate how the close air support role can best be provided by Australian defence forces."

3. Junior Section. The three armed services each support a cadet training establishment for youths of secondary school age. Taking in to account morale, social and political conditions and the costs and benefits involved, discuss the value of cadet training to the Australian nation.

or

The then Minister for Defence, Mr Malcolm Fraser, speaking in Perth on the case for national service in July 1970, was reported as having said ('Sydney Morning Herald' 11 July 1970) "National Service was not introduced because of Vietnam. It was introduced because we cannot raise an army of sufficient size to guard Australian security". With the withdrawal of Australian forces from Vietnam in the near future, is National Service still needed to maintain the army at its present effective strength, or on the current pay scales and conditions of service, is an all volunteer force army possible?

.../7

RESTRICTED

RESTRICTED

-7

Prizes

4. \$75 will be awarded for the winning essay in the Senior Section and \$25 for the winning essay in the Junior Section.
5. The referees are empowered to recommend that prizes not be awarded if, in their opinion, essays do not reach a sufficiently high standard.
6. In the case of two or more essays of equal merit from the same Section, the prize money for the Section may be shared.

Judging

7. Essays will be judged by at least three referees appointed by the President of the United Service Institution of New South Wales.
8. The decision of the referees will be final.

Submission of Essays

9. Essays are to be typewritten in quadruplicate. The Services have offered to provide typing assistance and this can be arranged direct with the appropriate Service.

10. Length of Essays

- a. Senior Section. Not to exceed 10,000 words.
- b. Junior Section. Not to exceed 4,000 words.

11. Authorship is to be strictly anonymous. Each competitor is to adopt a motto and enclose with his essay a sealed envelope with the motto and some identification typewritten on the outside and his name and address (unit address where applicable) inside.

12. The title and page number of any published or unpublished work to which reference is made in the essay must be quoted.

13. Essays are to be addressed to the Honorary Secretary, United Service Institution of New South Wales, Naval House, 32 Grosvenor Street, Sydney, 2000. The envelope is to be marked "United Service Institution of New South Wales Essay Competition". Entries close on 31st March 1972.

Promulgation of Results

14. The results of the competition will be advised to the Services and will be promulgated as well in the United Service Institution Journal and Newsletter.

Publication

15. Essays submitted become the property of the United Service Institution of New South Wales and the Institution reserves the right to publish the winning essays.

PRIVATELY OWNED AND CAPTURED ENEMY WEAPONS

- References: A. AFV (Army Component) SOPs Part 1, Chapter 1.  
Section 5.
- B. MBI 129-5.

Privately Owned Weapons

1. Members of 1 ATF are not to have in their possession any privately owned or captured enemy weapons, explosives or ammunitions of any kind. This applies equally to personnel on temporary duty with, or attached to 1 ATF.
2. Personnel currently possessing such weapons, explosives or ammunition are to surrender them to their units. Unit disposal action is contained in Reference A.

Importation to Australia

3. Members of 1 ATF are prohibited from importing privately owned or captured enemy or other foreign military weapons into Australia.
4. Therefore, members of 1 ATF are not to make requests to the Minister for Customs or State Police Departments for approval to import weapons into Australia.

Captured Enemy Weapons

5. Enemy weapons, ammunition and explosives, captured by members of 1 ATF, immediately become the property of the Australian Government. In the case of AATTV members working with ARVN units, the weapon becomes the property of GVN. A member who steals or fraudulently misapplies such property is liable to be charged under Section 17 or 18 of the Army Act. (Reference B).

Unit Retention of Captured Enemy Weapons

6. With AHQ and HQ AFV approval, major units may retain twelve captured weapons and minor units may retain six, irrespective of the number of tours in Vietnam.
7. Where unit retention has been approved, the weapons are to be forwarded through Ordnance channels to 2 Base Workshops to be made innocuous.
8. With HQ AFV approval, units may also retain weapons as mounted trophies. Where approval has been given, weapons are to be forwarded through Ordnance channels to 2 Base Workshops to be cut-in half longitudinally.

/2.

9. The closing date for the submission of unit requests to return weapons was 31 Oct 71 (Refer AFV Army Component Routine Order 213/71). Only exceptional cases will now be considered. Enemy weapons still held by units without approval to return them to Australia are to be consigned to 2 AOD for disposal in theatre.

10. This Order is to be republished in unit routine orders.

258. REGIMENTAL AUDIT BOARD

1. The following members are appointed to the Saigon Regimental Audit Board with effect from 1 Dec 71.

President Audit Board	-	Maj G.A. Clifton
Member	-	Maj M.F. Taylor
Member	-	Maj I.J. Hamilton

2. HQ AFV (Army Component) Routine Order Part 1: 110/71 is cancelled.

(R104/1/3)

259. CONFIDENTIAL REPORTS - OR'S

Reference: A. MBI 171-1 Para 405.

1. One copy of the Confidential Report - Other Ranks (AAF A26A) is to be raised and forwarded to CARO as follows:

- a. For a soldier holding the substantive or provisional rank of warrant officer class 1, warrant officer class 2, staff sergeant or sergeant - by the first day of August each year.
- b. For a substantive corporal who is qualified for promotion to the rank of sergeant - by the first day of March each year.
- c. For a soldier who qualifies for promotion to the rank of substantive corporal - immediately the soldier qualifies.
- d. For a soldier who has qualified for promotion to the rank of corporal and whose first report contained either a non-recommendation or no specific recommendation for promotion to corporal - within 12 months of the first report, or when the soldier is posted, whichever is the earlier.
- e. When a soldier is being recommended by his CO for temporary promotion to the rank of sergeant or above.

RESTRICTED

RESTRICTED

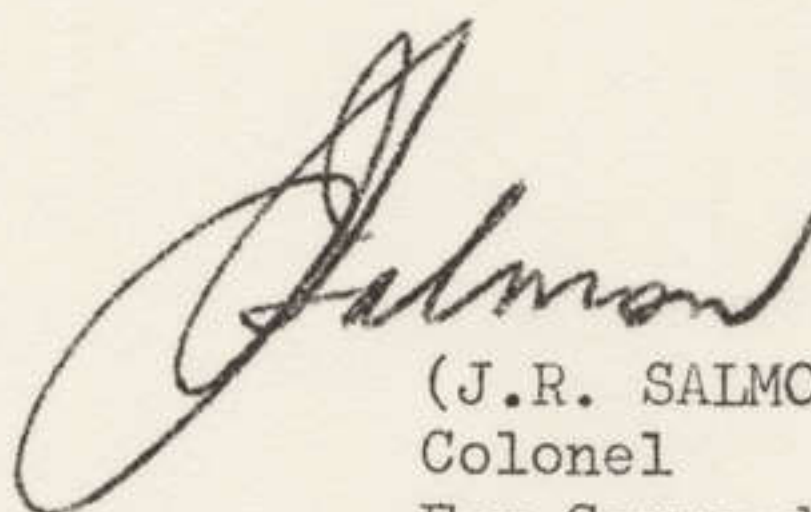

- 3 -

- f. When a warrant or non commissioned officer is given an official warning concerning the possibility of his discharge, non re-engagement, or reduction in rank on the grounds of misconduct, inefficiency or unsuitability.
  - g. When called for by CARO.
  - h. As considered desirable by his CO. (COs should forward an AAF A26A to CARO at any time when they feel that a soldier's performance should be recorded).
2. Particular attention is drawn to the case where a soldier is not recommended for promotion to corporal (see paragraph 1d above).
3. When a soldier marches into a unit, his personal documents are to be checked to establish if a confidential report, not recommending promotion, has been submitted at an earlier date.
4. Units are to ensure that reports are submitted immediately for those personnel not already reported upon who fall within the ranks specified in MBI 171-1 Para 405A.
5. It is to be noted that non compliance with Ref A is not a legitimate **basis** for reconsideration for promotion on the grounds of inefficient unit administration.
6. HQ AFV (Army Component) Routine Order Part 1: 151/71 is cancelled.

AFV ADMINISTRATIVE INSTRUCTION 8/71  
OF INTERFUSE  
AMENDMENT NO 3

1. The following amendments are to be made to AFV Administrative Instruction 8/71:

- a. Page Amendments. (Amended paragraphs have been sidelined):
- (1) Delete page 22 and insert new page 22 attached.
  - (2) Delete page 2 of Annex G and insert new pages 2 and 3 attached.
- b. Cut-out Amendments. Delete paragraphs 241 to 243 and substitute the following:

241. NSM who wish to extend their period of NS may either:
- a. Apply for an extension vide MBI 154-1 paragraph 9, or
  - b. Apply on the form at Annex I if they wish to serve to their previous discharge date i.e., for 24 months, or
  - c. Take action as in sub-paragraph b above followed by action as in sub-paragraph a above.

Re-establishment Benefits for NSM who Extend Service.

242. The following provisions are to apply:
- a. Where NSM extend their tour as detailed in paragraph 241a above, there is no change in re-establishment provisions. An extension in excess of three months still attracts penalties in relation to moratorium and contract of employment.
  - b. Where NSM elect to serve until their former discharge date as detailed in paragraph 241b above:
    - (1) Re-establishment rights are retained, and
    - (2) Members can apply for discharge before completing 24 months service, and still preserve removal rights.

243. NSM who have extended for more than three months as detailed in paragraph 241a above are unnecessarily surrendering re-establishment benefits. Units are to advise all such members of the benefits of acting vide paragraph 241b or c above, and where appropriate, a new election is to be forwarded to CARO, with a request to cancel the original extension. Full details are contained in ARO 113/71.

/c.

RESTRICTED

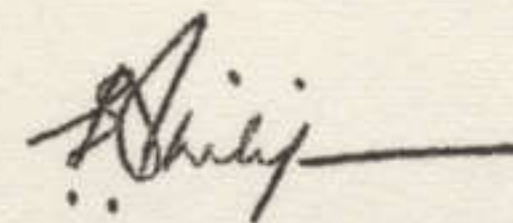

c. Manuscript Amendments:

(1) Paragraph 229 c:

- (a) Third and fourth lines - after "COMAFV" insert a full stop and delete "with the prior concurrence of the FA."
- (b) Last three lines - delete "(AHQ advise that Military Board approval to this instruction may be anticipated)."

(2) Paragraph 240. Sub-paragraphs a, b and c - delete the following detail:

" )  
 )  
 ) These dates are firm providing legislation is  
 ) passed before 15 Nov."  
 )

- c. All other air photographs are to be returned to HQ AFV, HQ 1 ATF or HQ 1 ALSG, as appropriate, for disposal to the National Geographic Directorate of Vietnam, 86 Hai Ba Trung, Saigon.
- d. Maps in the L8015 series held by A Sect 1 Topo Svy Tp are also to be forwarded to the National Geographic Directorate. Units holding stocks of these maps are to return them to HQ AFV, HQ 1 ATF or HQ 1 ALSG, as appropriate, for similar disposal.
- e. Other maps and charts held by units are to be destroyed by burning when no longer required for use in theatre. GS(Int) will be responsible for disposing of surplus maps and charts within HQ AFV.

Rations and Expense Supplies

- 378. 25 Sup Pl is to provide transport to units in both the Nui Dat and Vung Tau areas. Issues in the Nui Dat area will be through a Supply Point opened daily at times laid down by HQ 1 ATF.
- 379. Units withdrawing are to hold one day's combat rations for use on the day of movement.
- 380. 4 RAR/NZ (ANZAC) Bn Gp remaining at Nui Dat will be resupplied daily, normally by air, with a canned equivalent ration supplemented by fresh commodities where applicable. The Bn Gp is to hold a reserve of combat rations as determined by HQ 1 ATF.
- 381. Fresh rations are to be issued from 25 Sup Pl in the Vung Tau area until 14 days prior to the withdrawal of the Sup Pl. Remaining units are to draw sufficient stocks of canned equivalent rations to last until they RTA.
- 382. Expense supplies will be issued by 25 Sup Pl.

Finalization of Unit Ration Accounts

- 383. Units may return surplus rations to 25 Sup Pl provided they are in unbroken **containers** and are acceptable to the OCT25 Sup Pl.
- 384. Overdrawals are to be adjusted, by the appropriate financial delegate, prior to unit departure.

Amdt No 3

ANNEX G

6. Group B and C stores on ledger charge are to be listed on schedules in the format shown at Appendix 1. Separate schedules are required for each group. The schedule listing Group B stores should be compiled in six sections as follows:

- a. Controlled stores other than engineer stores/equipment.
- b. Engineer stores/equipment of Australian origin.
- c. Engineer stores/equipment of American origin.
- d. Tentage and other canvas.
- e. Other non-controlled stores.
- f. Items of military clothing and personal equipment.

7. Each schedule is to be covered by a Write-off Voucher (AAF-F2). Pending write-off approval, the F2 is to be provisionally posted to the unit ledger as are stocktaking discrepancies vide Reference J Part 4, Chapter 12, Section 3. The delegation to COMAFV for approval of vouchers for Group B and C stores is for \$A100,000, subject to the concurrence of the FA AFV.

8. Boards of Survey are to be forwarded to HQ AFV as soon as possible.

9. Although closing dates for schedules for each unit will be advised by signal, they should not be delayed unnecessarily and should be forwarded as soon as possible.

Classification

10. Some difficulty may be experienced in determining whether stores are suitable for gifts but as a general rule items which require reconditioning should be classed as suitable provided they are structurally sound. This particularly applies to furniture which could be used by GVN service units, schools or orphanages.

11. No 110 volt electrical equipment is to be returned to Australia. These items are to be clearly identified on ~~stores~~ **schedules**.

12. Inspection reports (AAF-F114) are to be prepared for all technical and engineer stores, except 110 volt electrical equipment, and copies are to be attached to the relevant schedules. Reports prepared by RAEME EIS are to indicate the estimated remaining life of the item and whether or not it is recommended for RTA. In this regard, stores which may be repairable or usable in Vietnam, may be considered **uneconomical** for return to Australia due to repairs required and a short remaining life etc.

/ 13.

RESTRICTED

RESTRICTED

-3-

Amdt No 3

ANNEX G

13. To assist units in deciding what stores are not economical to return to Australia or acceptable to depots, an RSG adviser is available to unit quartermasters on request. The QMI, HQ AFV, is also available to assist if required.

Defence Stores, Construction Stores and Repair Parts of RAE Origin

14. See Annex C.

Follow Up Action

15. Between the date of preparation of schedules and the actual date of disposal of stores some items may become unserviceable or deficient. Details of these items together with the schedule reference is to be advised to HQ AFV for adjusting action.

16. Headquarters and units will be advised of the action to be taken to dispose of items listed in the schedules.

Appendix: 1. Stores for Disposal by Sale or Gift.

ANNEX G TO  
AFV GS INSTRUCTION 7/71  
DATED 11 SEP 71

HISTORICAL AND ARCHIVAL ASPECTS

Registry Files and Index Cards

1. As far as possible all files relating to Vietnam are to be either despatched to AHQ or destroyed before a unit or HQ **returns** to Australia or disbands. Units and HQ returning to Australia are to retain only the minimum number of files required for future action. These units and HQ are to close the filing systems used in Vietnam and open new filing systems for use in Australia. Sets of index cards for the filing systems which have been closed are to be sent intact to AHQ. Each of these cards should be marked either "ARCHIVES", "DESTROYED" or "RETAINED IN UNIT" (ie transferred to new filing system).
2. Action is to begin immediately in all units and HQ to sentence and dispose of files in accordance with paragraph 74 of "Registry Instructions and Classification of Correspondence Catalogue", as amplified by Appendix 1 of this Annex. Action is to be progressive as activities in Vietnam run down so that at any time only those files needed for action or reference are retained.
3. Entry No1(d) of the Disposal Schedule attached to Appendix 1 details the only classes of files which are permitted to be destroyed in Vietnam as a result of unit sentencing. Entry Nos 5 to 8 of the Disposal Schedule give instructions for the disposal of certain categories of files. All other classes of files are to be preserved for archives and handled in accordance with paragraphs 7, 8 and 9 below.
4. Logistic Data. AHQ is conducting a logistics statistics study and special care is to be taken that no files which could contain information pertinent to this study are destroyed. Further details are contained in Appendix 2.
5. If there is a doubt about the disposal of an individual file it should be preserved. Queries regarding the disposal of groups of files should be referred to HQ AFV (Historian).
6. Unless action would be seriously delayed, the Historian should be given the opportunity to either be present when files are being sentenced or to check files sentenced to be destroyed.

Packing and Movement of Files Sentenced to be Preserved for Archives

7. Unclassified and Restricted Files. These are to be handled in the following manner:
  - a. Packing. Files are to be packed in one of the following ways:
    - (1) In sealed cardboard boxes which are in turn packed in wooden crates. A suitable cardboard box available from Ordnance is "Box, corrugated, 15 in x 12 in x 10 in. Federal Stock No 8115 - 290 - 3379". They are supplied in bundles of 25.

/ (2)

CONFIDENTIAL

(2) In wooden crates with sisal liners.

- b. Consignment Details. The wooden crates are to be addressed and despatched to:

Military History Section  
Directorate of Co-ordination and Organisation (previously Staff  
AHQ, CANBERRA. Duties)

- c. Marking of Crates. The instructions in paragraph 11 of Appendix 1 are to be followed.

8. Files Classified Above Restricted:

- a. Confidential Files. These files are to be packed as detailed in paragraph 7 a (2) above, but wooden crates are to be banded with steel strapping.

- b. Secret Files:

(1) These files are to be packed in combination lock containers of Australian origin. The lock of each container is to be newly set by the Unit/Branch Security Officer, and a copy of the combination is to be sent direct to HQ AFV (GS Int) by safe-hand means. HQ AFV (GS Int) will then forward the combination to AHQ (Int).

(2) Where sufficient combination containers are not available, crates may be used as detailed in sub-paragraph a above.

- c. Top Secret Files. These files are not to be returned in the same way as lower classification files. Units holding TOP SECRET files are to return them to HQ AFV (GS Int), who will arrange their movement to AHQ by safe-hand.

- d. Marking of Combination Lock Containers and Crates. Each combination lock container or crate is to be marked clearly "BY SAFE HAND" and is to be given a serial number. The name of the unit and the consignment details contained in paragraph 7 b above are also to be included. Other than that, no other markings are to be made on the combination lock containers or crates. (This instruction is to be followed and not that contained in paragraph 11 of Appendix 1).

- e. Movement:

(1) When files have been prepared in accordance with sub-paragraphs a, b and d above, units and HQ are to notify HQ AFV (GS Int) through normal channels of the quantity and sizes of combination lock containers and crates ready for movement. HQ AFV will be responsible for arranging the movement of these to AHQ by secure means by stowing them in either ISO or other shipping containers.

/ (2)

- (2) HQ AFV will also arrange for an escort party. The OC Escort Party will be responsible for the safe custody of keys to shipping containers during sea movement, and until handover to the representative nominated by AHQ at the port of entry in Australia.

9. Recording. The requirements for listing files preserved and destroyed, and the disposition of the lists are detailed in Appendix 1, paragraphs 10 to 14.

Documents and Records

10. All documents and records, such as logs, signal and correspondence registers, marked maps, traces, overlays, photographs and any other material which could possibly have historical significance, are to be handled in the same way as registry files. (See paragraphs 7 and 8 above).

11. Small quantities of material may be sent to HQ AFV (Historian) for sorting and despatch to AHQ.

12. Material on which there is any doubt should be retained, or at least sent to HQ AFV (Historian) for examination.

Historical Properties-Unit Trophies etc

13. Units and HQ which are disbanding should give careful consideration to the disposal of items, particularly those which have been presented to them.

14. The following are some of the recipients who should be considered:

- a. Parent or successor unit or HQ in Australia.
- b. Corps centre.
- c. AHQ school or training establishment.
- d. Australian War Memorial.

15. Units and HQ should arrange for the despatch of items to the recipients selected, ensuring that any stories connected with the items are sent also. (See paragraphs 17-20 below regarding items for the Australian War Memorial).

16. Any item for which a recipient cannot be selected should be sent to HQ AFV (Historian) for disposal.

Items for Australian War Memorial

17. All units and HQ should ensure that at least one relic representing them is selected for presentation to the Australian War Memorial. Guidance on the types of items required is given in Reference F.

CONFIDENTIAL

-4-

Amdt No 5

ANNEX G

18. Small items should be sent to HQ AFV (Historian), where they will be packed for shipment to the War Memorial.

19. Details of large items for presentation to the War Memorial should be referred to the Historian, HQ AFV, for his concurrence. On receipt of this concurrence, units/HQ are to arrange backloading of items through Ordnance channels, marked "For Australian War Memorial".

20. In all cases full description of items, sufficient to identify them, and the story behind each, are to be forwarded to HQ AFV (Historian).

Responsibilities

21. From 21 Nov 71, when the Historian, HQ AFV, returns to Australia, those duties allocated to him in the above paragraphs are to be carried out by the following:

- a. 1 ATF - Archivist, HQ 1 ATF.
- b. HQ AFV (incl HQ Coy), AATTV and attached units in Saigon - GSO 2 (CA), HQ AFV.

APPENDIX 1 TO  
ANNEX G TO  
AFV GS INSTRUCTION 7/71  
DATED 11 SEP 71

Commonwealth Archives Office  
Records Disposal Schedule

DEPARTMENT OF THE ARMY  
ARMY FORMATIONS AND UNITS - VIETNAM

Serial No S 371

Date of Issue: 6 October 1971

Issued with the  
agreement of the  
Secretary, Department  
of the Army.

Signed by T.M. EXLEY  
Acting Chief Archivist

INTRODUCTION

GENERAL

1. To comply with government directions concerning the preservation of records, no official records of any kind are to be destroyed without the approval of the Commonwealth Archival Authority.
2. This disposal schedule has been prepared as a guide to and an authority for the disposal of records from all Army formations and units which have served in Vietnam.
3. The records of a formation or unit include correspondence, files, other written or printed documents, maps, sketches, drawings, plans, films, photographs and other material of a similar kind which have been produced or received in the normal activities of the formation or unit.
4. In considering the value of records, those which constitute an authoritative source of establishing important dates, facts, events, the origin of an action or organisation or throw light on problems affecting the policy and administration of units or the execution of that policy are of particular value and should be retained. Those relating to the specialist/technical functions of a particular unit or to operations in which it has been engaged are of great importance for historical purposes and should be retained.
5. Records which are likely to be required for financial, legal, statistical or instructional purposes and those where the event or subject is closely confined to unit history and not to general service activities should also be retained.

/ ARRANGEMENT

CONFIDENTIAL

ARRANGEMENT

6. The various records series maintained by formations and units are listed on the schedule, together with an indication of the disposal action to be applied. The classes of files within the registry filing system which could contain material of value for the War History or unit history are enumerated for the guidance of units.

APPLICATION

7. The schedule is designed to serve as a general guide only. Unit files, in particular, require examination file by file, and their potential value both for departmental and archival purposes must be **very carefully** assessed. There may well be other categories of material which could qualify for permanent retention as Commonwealth Archives.

DISPOSAL ACTION

8. The disposal authorisations contained in this Schedule are effective immediately and should be utilised wherever possible.

9. Transfer to Archives: Where formations or units have records which are considered to have departmental or archival value and there is no further requirement for these records to be retained by the formation or unit, they are to be returned to AHQ Canberra, where after further checking or scrutiny by the Army Historian, they will be transferred as Commonwealth Archives to the Australian War Memorial or the Commonwealth Archives Office.

10. Where possible, a schedule of the records selected in this category is to be prepared in triplicate, showing file number, subject and date coverage. The original of the schedule is to be forwarded to AHQ Canberra with advice of the date and method of despatch and quantity in shelf feet, i.e. the length of storage shelf or drawer which these records formerly occupied. The duplicate copy is to be included with the records and the triplicate retained for the unit's own record.

11. All records should be packed in suitable containers, with the name of the unit clearly shown and a brief description of the contents (if files, the range of file numbers should also be given). (1)

12. The file location records of the files transferred to AHQ Canberra are to be noted accordingly and any classified records are to be transmitted in accordance with paragraph 354 of the Army Security Manual.

13. Destruction: Where destruction is authorised, disposal action may proceed at the unit's convenience, subject to the notification of this Office, through AHQ Canberra, of each time records are destroyed, including details of:

- a. description (if files, range of file numbers);
- b. quantity (expressed in shelf feet or fractions thereof);
- c. date(s) of destruction.

14. Action should be taken to ensure that the unit's location records relating to the files destroyed are noted accordingly.

/ AMENDMENTS TO  
SCHEDULE

AMENDMENTS TO SCHEDULE

15. The schedule will remain operative for a period of five (5) years or until such time as it is, by written agreement, amended, cancelled or superseded.
16. Officers using the schedule should advise the Departmental Registrar of any changes considered desirable. If in the course of disposal operations officers encounter classes of records not covered by the schedule, they should notify the Departmental Registrar so that action may be taken to have the schedule amended.
17. In correspondence with the Secretary, Department of the Army, reference should be made to Disposal Schedule No 371, file No 708/R1/6. In correspondence with the Commonwealth Archives Office, reference should be made to Disposal Schedule No 371, file No 1968/291.

Signed by T.M. EXLEY  
Acting Chief Archivist

Note: (1), These marking instructions are to be made on crates containing unclassified and restricted files only. Marking instructions for combination lock containers and crates containing files classified higher than restricted are detailed in paragraph 8 d of Annex G.

APPENDIX 2 TO  
ANNEX G TO  
AFV GS INSTRUCTION 7/71  
DATED 11 SEP 71

MATERIAL FOR AHQ LOGISTICS STATISTICS STUDY

Aim

1. D Maint AHQ is conducting a study to compile correct logistic data which will provide Australian military planners with the information they require to produce operational logistic plans. The study is restricted to that information required by planning staff and excludes detail needed by Services for technical purposes.

Material Required

2. Material which could yield the following information is to be preserved for the study:

- a. Manpower - theatre strength by months.
- b. Commodities:
  - (1) Total tonnages obtained from all sources.
  - (2) Average daily tonnages obtained from all sources.
  - (3) Average rate of build up.
  - (4) lbs/man/day obtained.
  - (5) lbs/man/day issued.
- c. Personnel:
  - (1) Movement to Vietnam.
  - (2) Intra theatre movement.
  - (3) Movement to Australia.
  - (4) Hospitalisation.
  - (5) Dental treatment.
  - (6) Burials.
  - (7) Medical evacuations.
  - (8) Civil labour employed.

/ (9)

CONFIDENTIAL

CONFIDENTIAL

Amdt No 5

-2-

- (9) Prisoners of war.
- (10) Military prisoners.

d. Services:

- (1) Mail to Vietnam.
- (2) Mail from Vietnam.
- (3) MFO baggage to Vietnam.
- (4) MFO baggage from Vietnam.
- (5) Water production.
- (6) Sand production.
- (7) Gravel production.
- (8) Concessionaire trading.
- (9) Salvage recovered.

CONFIDENTIAL

1 ATF GENERAL STAFF INSTRUCTION 8/71  
OPERATION INTERFUSE - PRESS KIT

General

1. Now that all elements 1 ATF have withdrawn to VTSZ, there will be a lessening of interest generally in the activities of the force. This will revive about the time 4 RAR/NZ(ANZAC) Gp embark for home and their movement in Australia before Christmas will be watched with some interest.
2. About Christmas there may be some interest in what force is still in Vietnam and what that force is doing. For this reason it is worthwhile preparing a comprehensive Press Kit to cover the activities of units of 1 ATF in VUNG TAU.
3. Each CO or OC is required to prepare a brief on the activities of his unit during the entire period of INTERFUSE as far as the units originally comprising 1 ALSG and for the present and future activities of 1 ATF units from NUI DAT. At the same time he should be prepared to guide and assist WO2 W.J. Cunneen PR Photographer to obtain a full photographic - still and movie coverage of the unit activities. WO2 Cunneen will fix timings for his visits direct with units.
4. Annex A is a guide to activities which should be covered but is not meant to be definitive. Three copies of all reports and supporting photographs should reach this HQ by 22 Nov 71.

Security

5. All COs and OCs are reminded of the Security Instructions outlined in:
  - a. AFV General Staff Instruction 7/71 para 13; and
  - b. AHQ 113/71 Security of Publicity Operation INTERFUSE.

10 Nov 71

HQ AFV

EASTERN COMMAND GENERAL STAFF INSTRUCTION 1/71  
OPERATION INTERFUSE

Reference: A. HQ AFV R579-1-103 dated 2 Nov 71.

The following comments are offered:

- a. Para 218. Documentation for movement within Australia cannot be completed by the unit prior to arrival in Australia. Tickets and bookings should be arranged by 10 MC Gp in Australia.
- b. Para 313. Conflicts in essence with sub-para 332a.
- c. Sub-Para 332a. Further clarification is required on the status of Q Account Numbers, for example:
  - (1) N2585 is to be closed in theatre:
  - (2) AV 4 will operate as HQ Coy 1 ATF until RTA after which it should close; and
  - (3) N2655 should continue to operate for 1 TF in Australia.
- d. It will not be possible for HQ 1 ATF to return all stores in VN before departure, as depots will close while some stores are still in use. It is agreed however, that as many as possible are returned.

.... /c. AFV Provost

RESTRICTED

RESTRICTED

- 2 -

- e. AFV Provost Unit is to be disbanded in E Comd and the following paragraphs should be added:

332.x. AFV Pro Unit:

- (1) Location - (Decided by HQ E Comd).
  - (2) Fostering Unit - E Comd Pro Coy.
  - (3) Store Account No - AV 9 (to be closed on return to Australia).
  - (4) Manning Strength - disbanded on return to Australia.
  - (5) Stores Policy - Store account is to be closed.
- f. Annex E para 15 refers. The maximum gross weight given is 22,400 lbs. This is not so. It should read "22,400 lbs for single crane working, and up to 28,000 for double crane working, with occasional lifts up to 33,000 lbs when weight can be accurately calculated".
