Treatment

During the period November 65 - January 66 Dental Treatment has been carried out in two categories :-

- a. Routine Treatment for 173 Abn Bde, members of AAFV, NZFV;
- b. Civic Action treatment for Vietnamese nationals.

Routine Treatment

During this period a total of 527 patients have been seen and treated. This brings the total number treated to 1323. I have not attempted to break these figures down into rational groups, but it is safe to say that the majority of patients have been US personnel. This fact is interesting as it clearly shows the benefits of the concerted effort to bring all members of the force to a state of dental fitness prior to leaving AUSTRALIA.

The standards of Oral Hygiene of the force are no better but no worse than exists in AUSTRALIA generally, and response to instruction in Oral Hygiene has been very pleasing.

Civic Action

The Dental Detachment has been involved in two outlets of Civic Action :-

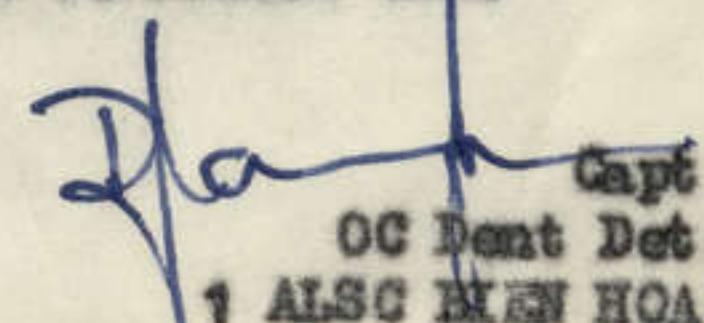

1. The village of ONG HUONG, situated to the NE of our location has been virtually adopted by B Coy 1 RAR, and numerous visits to this village have been made. With the assistance of the DORA, I have been able to do a considerable amount of work, restricted to extractions, with a very occasional simple restoration. The village has been most appreciative of the Australian activities amongst them, and I feel that this work is an important part of our task in SWN. Supplies are sometimes difficult to obtain, and I am now in the process of attempting to obtain a supply through the Civic Action Officer of the Brigade.
2. In addition to ONG HUONG, the 1st Bn RAR is at the moment allocating areas of Civic Action for the remaining companies, all in the vicinity of TAN BHU. This will provide further areas in which to work. Probably one afternoon per week can be devoted to this task.

Operational Areas

During operations of the 173 Abn Bde, Cpl GALLAND and myself have spent some time in the B Echelon area. During this time routine treatment has been provided for members of the Brigade, plus frequent visits into surrounding villages. Generally, the Dental Officer of 173 Bde and I have rotated these trips, so that a Dentist is always available at BIEN HOA to provide treatment for members not involved in the operations. To date, treatment has been provided at BIN GAT, DI ANH, VO DAT and COURTINAY.

Accommodation

A Kingstrand hut has been erected to provide better facilities for the Dental Detachment. However, commitments have not enabled this structure to be completed. When this is done we shall be able to provide better facilities for members of the force and this I feel is a desirable aim.

APPLICATION FOR TRANSFER 14357 L CPL N S G EEKHOFF

- 1. Attached is application for transfer for 14357 L cpl N S G EEKHOFF.
2. For some time L cpl EEKHOFF has been under treatment by RMO 1 RAR for a nervous disorder. It is understood, after a conversation with the RMO, that this condition is aggravated by the illness of L cpl EEKHOFF'S father plus other domestic problems.
3. It is realised that L cpl EEKHOFF is due to be returned to AUSTRALIA on reposting sometime in Feb/Mar 66. However the RMO 1 RAR has advised that the posting should be effected immediately.
4. This decision is concurred with by OC 1 ALSC.

APPLICATION FOR EXTENSION OF TOUR
14392 S SGT J R HANCOCK-RAADC

- 1. Attached is an application for an extension of tour of duty in VIETNAM, submitted by 14392 S sgt J R HANCOCK.
2. In the period of arrival in theatre to 27 Jul 65, S sgt HANCOCK, then Cpl HANCOCK, was warned that his service and conduct were unsatisfactory, and was put on probation.
3. Under constant supervision, he showed satisfactory improvement, and since then has worked well.
4. His earlier lapse was partly due to excessive consumption of alcohol. It is considered that an extended period of service in this theatre may result in a re-occurrence of earlier incidents.
5. The application is NOT recommended.
