25 Mar 67

Dear

Brigadier R. Hughes, Commander 6 Task Force asked me to write to you and give you the latest information, as we know it, on Exercise Barra Winga 2.

As you are no doubt aware, the Exercise is from 5 to 18 Oct 67. Prior to the Exercise we will be conducting a Command Post Exercise from 13 Sep to 17 Sep. This will be followed by warm up exercises for the battalions prior to Exercise Barra Winga 2.

The Commander and I will be visiting Exercise Get Set on the 4 and 5 Apr and we then intend to spend the 6 and 7 Apr having a look around the proposed Exercise Barra Winga 2 area. If you happen to be visiting Get Set during this period let me know and we could at least have a talk on the outline proposals for the Exercise.

The main recce for Barra Winga 2 is scheduled to be conducted early June, once we have firm dates I will advise you.

That is all I have to offer at the moment. We may see you during Exercise Get Set, if not I will be in touch with regards to the June recce.

Looking forward to meeting you in the near future.

Yours

To: WG CDR D.W. HITCHINS

LIQUEFIED PETROLEUM GAS

1. On occasions, contractors for the supply of liquefied petroleum gas have made deliveries to Army installations without request or official orders being raised.
2. These deliveries have been made under the contractor's "fringe area benefit" scheme whereby the contractor has decided that supplies should be replenished.
3. On 2 Mar 67 the contractor delivered some 2,200 gallons of liquefied petroleum gas to 8 RAR, and 34 gallons to 2 RAR without request or an official order. Neither of these units had lodged an indent for LPG with 1 Sup Dep.
4. It is appreciated that 8 RAR may experience some difficulty in determining when supplies are required as members of that unit do not appear to have been instructed in reading gauges on the bulk installation in that area. Arrangements are being made to have the contractor's representative explain these gauges.
5. On 29/30 Dec 66, the bulk tanks in 8 RAR area were completely filled - 17 tons were delivered. When the delivery was made on 2 Mar 67 one bulk tank was completely filled and the other would accept approximately five tons only.
6. Apart from disrupting Army's accounting system, these automatic deliveries by the contractor may occur at times that are most inconvenient to the unit.
7. It is requested that 2 RAR and 8 RAR refuse deliveries for which an Order for Supplies (AAF F59) has not been placed.

8. So that these Units will not be placed in the embarrassing position of refusing delivery for which an official order has been placed, it is requested that these units lodge indents for LPG with 1 Sup Dep at least 14 days before delivery is required - such delivery date is to be suggested on the indent. 1 Sup Dep is to advise the unit QM the number of the official order and, if the delivery date cannot be met, the date that delivery can be expected.

NEW BARRACKS : ENOGGERA

1. Following an inspection of the New Barracks certain shortcomings were noted.
2. Units are to ensure that the following points are included in unit fire orders or barrack block orders as appropriate:-
 - a. No combustible material be allowed to accumulate in plumbing ducts. These ducts contain a ventilation fan which, in the event of a fire, becomes a forced draft flue.
 - b. All louver windows in toilet blocks should be kept permanently open.

TERMS OF REFERENCE : LOSS OR DAMAGE TO COMMONWEALTH PROPERTY

To: 235233 Capt S.R. Hinton, 104 Sig Sqn

1. Pursuant to MBI 129-6 you are appointed to investigate and report on:
Loss of canopy from 2½ ton GS vehicle registered number 170017 of
3 Tpt Pl RAASC.
2. Your report is to cover the following matters and is to be submitted
to this HQ in quadruplicate by 1200 hrs on 23 Mar 67.
 - a. The cause and extent of the loss or damage.
 - b. The respective values of the property affected before
and after the occurrence.
 - c. The period over which the loss occurred.
 - d. Signed statements from any member or civilian able to
give material information.
 - e. If any loss arose out of identifiable transactions or
events give the reasons for your opinion and the names of any
person or persons who were concerned with the property in
these transactions or events. Unless it is apparent that
any such person could NOT have occasioned or facilitated the
loss or could NOT give any material information in which case
it is to be stated.
 - f. If the loss is NOT attributable to identifiable transactions
or events, the name of any person who, since the property was
last accounted for:
 - (1) Was concerned in any transaction or events affecting
the property; or
 - (2) In accordance with normal military usage, would have
been concerned in such transactions or events or would be
responsible for the property's safe custody, is to be
revealed, unless it appears that such person or persons
could NOT have occasioned or facilitated the loss or could
NOT give any material information.
 - g. The duties, in relation to the property affected, of any
person whose name is revealed in accordance with sub-paragraphs
(d), (e) and (j).
 - h. Your opinion, as to the cause of the loss together with the
names of the individual(s) responsible for occasioning the same.
In the case of individuals you are to state your opinion as to
their degree of culpability.
 - i. The extent to which each person named has performed his
duties and, if such be the case, the extent to which each
person has failed to perform them and the reasons (if any)
given by him for that failure.
 - j. Whether the loss or damage was occasioned or facilitated
by an offence committed by any member against the DA or AMR
and O.
 - k. Whether the loss or damage was due to any weakness in
the system of control, and if so, the nature thereof.

- l. Attach to your report all written statements which you have obtained and any other relevant document, including a copy of the terms of reference and any report by the civil or military authority and police.
- m. Any remedial action considered necessary to prevent a similar future occurrence(s).
- n. Recommendation for appropriate financial adjustments where necessary.

OPERATIONAL READINESS INSPECTION : 24 CONST SQN WKSP RAEME

General

1. The Operational Readiness Inspection of 24 Const Sqn Wksp, RAEME was conducted by HQ 6 TF on 3 Mar 67.
2. Apart from a few minor discrepancies in personnel and equipment, the unit has reached a high standard of Operational Readiness and is fully competent to perform its role as an Engr Const Sqn Wksp RAEME both in Australia and in an overseas theatre.

Personnel

3.

Serial	Detail	Offr	WO1	Sgt	Cpl	Cfn
(a)	(b)	(c)	(d)	(e)	(f)	(g)
1	Rest Estb	1	1	3	8	13
2	PS	1	1	3	7	13

4. The only member deficient on the rest estb is a cfn Driver/Batman. Added to this the unit has three personnel who are ineligible for overseas service. They are one Clerk Ord who is on reposting, one Storeman Tech Ord who has insufficient residual service and one Wksp Asst who is at present under age.

DPI Standard

5. The examination of unit documents proved that the DPI Standard is high and apart from a few entries to be recorded revealed no major problems.

Equipment

6. The equipment situation of 24 Const Sqn Wksp is satisfactory. The unit has raised indents for all deficiencies.

Summary

7. The unit has reached a high standard and apart from a few minor deficiencies is Operationally Ready.
8. The presentation of unit documentation for the inspection was impressive as was the active training programme with emphasis on minor tactics.

	Lt	T.	BYRNE	3 Tpt Pl
	2Lt	L. C.	MULLER (Secretary)	HQ 6 TF

Comd:

1. The Commander informed the conference that 1 Task Force were trying to obtain approval to issue a monthly operational report in lieu of the present after action reports.

Training

2. Recent operational readiness inspections carried out by HQ 6 TF revealed a common fault in that the smaller support and service units neglected regular basic refresher training in minor tactics and basic military skills.

Platoon Commander's Note Book

3. Recent loss of equipment by soldiers and the neglect in reporting these matters indicates mal-administration at junior level. Stores consciousness and awareness of accounting procedures need to be enforced. It is suggested that the use of Platoon Commander's Notebook and systematic checking would remedy this.

Speed Limits

4. All units are to ensure that vehicles obey the 15 MPH speed limit in their areas. All offenders are to be stopped. Civilians are to be informed and warned and soldiers disciplined. Civilians registration number and name are to be forwarded to the DAA and QMG.

GSO 2:

Attendance at N Comd Sports Conferences

5. Non-attendance at a recent Australian Rules meeting for units has caused HQ 6 TF embarrassment. Units are to send a representative to future meetings or notify this headquarters if not interested in fielding teams. The next Australian Rules meeting is at 1400 hours 17 Mar at the N Comd Conference Room.

Rifle Shooting

6. Units are reminded that returns are required at HQ 6 TF by 15 Mar 67.

Operational Readiness Returns

7. Some units failed to submit returns by the 5 Mar 67. These are to be forwarded to HQ 6 TF immediately.

Training Programme Returns

8. Detailed monthly training programmes are to arrive 6 TF HQ on time. Weekly programmes are to be with GSO 3(OPS) by 1400 hours each Thursday for the following week. The "bring forward" system must be used to ensure this.

10. All units are to ensure personnel do not drink at the Brook Hotel improperly dressed or during working hours.

All units

11. Units are not carrying out the administration of individual soldier's problems satisfactorily. As a result HQ SQ Area Chaplains are becoming overloaded with problems that are unit responsibilities. This is a responsibility for junior officers.

All units

Fire Alarms

12. Soldiers are to be warned not to tamper with fire alarm systems in the new area.

Investigating Officers Reports

17. CO 4 Fd Regt queried paragraph 7 of the last conference minutes. The DAA and QMG informed 4 Fd Regt that additional reports were to be forwarded to HQ 6 TF for forwarding to N Comd.

DAA and QMG

6 TF LAD

18. OC HQ 6 TF LAD informed units that he was able to provide support for units who found that they could not handle their own repairs.

All units

3 Tpt Pl

19. OC 3 Tpt Pl advised that he would be unable to provide personnel for the scheduled rifle shooting competition.

20. 3 Tpt Pl advised that rations for a planned exercise would be returned due to the platoon being committed to 2 RAR's Exercise PHOENIX 2. The Commander stated that the drivers were to undergo battle inoculation whilst with 2 RAR.

21. 3 Tpt Pl advised that they are without a clerk or any typing facilities.

6 OFF

22. OC 6 OFF advised that as 3 OFF was no longer being moved to N Comd he would be submitting a return to ADOS and 6 TF, showing deficiencies to be rectified to enable 6 OFF to function at minimum efficiency.

104 Sig Sqn

Mounting Instructions

23. OC 104 Sig Sqn stated that it would be a waste of time writing mounting instructions for his unit. The Commander stated that 104 Sig Sqn and other small units could use 6 TF Mounting Instructions.

HQ SQ Area

Greenbank Ranges

24. Maj MOORE advised that alterations to Greenbank Range were nearing completion. After Jun 67 all ranges could be used concurrently. Four additional zeroing ranges have been asked for and an additional classification range would be available in approximately 18 months.

25. Shelter sheds, armourer bays, ammunition points, shower and toilets are being installed. Deep trench latrines have been dug on all training areas and it is considered advisable that if troops are to use these areas they should bivouac nearby.

Co-ordinating Conference - Ranges

26. A co-ordinating conference will be held at HQ SQ Area on 23 May 67. 6 RAR bids are to be included then. Units are asked to make realistic bookings.

Map Greenbank Area

27. A new map, dated 7 Mar 67 of the Greenbank Area will be issued. On receipt of this map all other old maps of the area are to be burnt as they are inaccurate.

TRAINING DIRECTIVE 5/67

1. Operational Readiness Inspections conducted by HQ 6 TF of Task Force units have revealed a serious weakness in Individual Training in your unit. It is imperative that steps be taken immediately to correct this weakness in view of impending commitment of members of your unit to AAFV.
2. You are to arrange your training programme to include instructions and practical training on the following subjects:
 - a. Weapon Handling, including Grenade training and TSOET.
 - b. Duties and Responsibilities of sentries.
 - c. Patrolling - to a standard sufficient to ensure that all members are capable of carrying out offensive clearing patrols around their own area.
 - d. Shooting - as much Range work as possible must be included.
 - e. Hygiene in the Field.
 - f. Camouflage and concealment.
 - g. Defence.
3. The GS03 OPS HQ 6 TF will be available to provide assistance to units in the formulation of training programmes and provision of training facilities where required.
4. It is the responsibility of commanders to ensure that every opportunity is taken to rectify these weaknesses by 1 Jul 67.

CANBERRA ACT

Dear

1. On 27 Feb 67 and whilst you were in the appointment of CRE N Comd a CONFIDENTIAL document was forwarded to you personally representing a signal written by the Comd, Brig R.L. Hughes.
2. An approach was made to CRE N Comd who do NOT possess the document and suggested that you may have taken it to CANBERRA with you.
3. It is requested that you forward to this headquarters duly acquitted the AAF A57 Receipt for Classified Matter covering the document, in order that the Safe Hand Registry may acquit the document before the next security survey.

OPERATIONAL READINESS INSPECTION : 24 CONST SQN RAE

General

1. The Operational Readiness Inspection of 24 Const Sq RAE was conducted by HQ 6 TF on 3 Mar 67.
2. The unit is NOT operationally ready due to deficiencies in personnel and equipment.

Personnel

3.

Serial	Detail	Offrs	WOs	Sgts	OR	Attached
(a)	(b)	(c)	(d)	(e)	(f)	(g)
1	Estb	10	6	12	212	10
2	PS	7	6	10	171	9

4. The main deficiencies which require attention are:

- a. Offrs - 3
- b. Clerk Tech - 5
- c. Drivers - 23
- d. Plant Op - 17

Ineligibles

5. The unit has the following personnel ineligible for overseas service:

- a. Medically unfit - 18
- b. Under age - 1
- c. Compassionate - 3
- d. Less than six months residual service - 6.

DPI Standard

6. An inspection of G Records reveals that in every case the recording of DPI standards is incomplete. The unit needs to devote sufficient time to complete these documents and maintain them at the required standard.

Equipment

7. Equipment deficiencies are listed in Annex C.

Summary

8. 24 Const Sq RAE is NOT operationally ready. Apart from the personnel and equipment deficiencies, which are beyond the unit's control, there is much the unit can do internally to improve its standard of readiness. In particular the documentation of personnel within the unit requires attention.

Unit Mounting Instructions

1. These instructions are outdated. Currently using E Comd Force MIs Jan 65.

Unit Movement Tables

2. The tables are up to date and complete, but include eqpt which to date is deficient.

Unit Standing Orders

3. These have not been revised since Feb 65; however, they are complete and current.

Trial Loadings and Pack Trials

4. This has been carried out only at sub unit level as there is a deficiency in stores and crates. The last trial held at unit level was Ex BARRA WINGA.

Training

- 5.
- a. Since Jan 65 sub unit training has been satisfactory.
 - b. A 10-day camp at troop level is planned for late March.
 - c. A 2-week squadron exercise is scheduled in June.
 - d. A HQ Signals Exercise is planned for April.
 - e. NCO cadres are run as required.
 - f. Officer training has not been carried out due to insufficient officers.
 - g. Range and TOETs were run in Jan and scheduled again for June.
 - h. Voice procedure training has not been conducted due to lack of the necessary radio equipment.

Unit Emplaning Officers

6. The unit has no officers trained as unit emplaning officers. However, courses have been bid for. There is one NCO trained in aircraft loading and despatch.

Records

7. G documents are not current and up to date.

Security

8. 3 officers are cleared to SECRET and all OR are cleared to the appropriate level.

9. All members have completed undertaking to preserve official secrets.

Summary

8. Although the unit has not been warned for overseas movement, Q aspects of operational readiness appear to be well in hand. However, the unit has many equipment and unit stores deficient, and as such, could not carry out its allotted role in a theatre of war.

The unit is currently operating under establishment III (10/2) and

All Black Section and Bangalore equipment scheduled are held and

its suggestions are held at frequent intervals.

Progressive features of the section have been made as follows:

As a result of recent IBI clothing and equipment checks carried out by technical troops and a recent workshop, necessary action has been taken to ensure the following deficiencies:

- (1) Boots
- (2) Socks
- (3) Gaiters
- (4) Trousers
- (5) Shirts
- (6) Caps
- (7) Hats
- (8) Socks

RELIEF OF AFV 1967 : 2 RAR RECCE PARTY

Reference AHQ GS Instr 5/67 dated 21 Feb 67.

1. Paragraph 6 of the reference gives approval for 2 RAR to send a recce party to VIETNAM but NO timings are given.
2. 2 RAR request permission to send a party of four, comprising one major, one warrant officer, one sergeant and one private, to VIETNAM 4-5 days before the despatch of the battalion advance party.
3. Earlier movement of the recce party is NOT considered necessary for the following reasons:-
 - a. Recce party will arrive in VIETNAM in sufficient time to organize reception and arrangements for battalion advance party.
 - b. Recce party will be in the theatre approximately four weeks before 2 RAR main body arrives and six weeks before 6 RAR main body departs (based on current movement planning).
4. Movement of 2 RAR recce party at the requested time would also allow members of the party, all battalion key personnel, to participate fully in pre-embarkation preparation and exercises.
5. It is therefore requested that arrangements be made for the movement of 2 RAR recce party to VIETNAM during the period 3-4 May 67.

OPERATIONAL READINESS INSPECTION : 18 FD SQN WKSPS

General

1. The Operational Readiness Inspection of 18 Fd Sqn Wksps was conducted by this HQ on 28 Feb 67.
2. The unit commenced raising on 1 Feb 66 and was scheduled to be completed by 1 Mar 66. The unit is still deficient in certain key personnel and equipments.
3. The unit is NOT Operationally ready. However once it received its full establishment of personnel and equipment it would be at a good standard of readiness.

Personnel

4. The unit has a restricted establishment of 1 Offr and 30 ORs. The present posted strength is 1 Offr and 25 ORs.
5. The main deficiencies in personnel are:-
 - a. Sgt Fitter and Turner - 1
 - b. Cpl Clerk Tech - 1
 - c. Cpl Veh Mech - 1

Ineligibles

6. Only two personnel are ineligible for overseas service. One is medically unfit and the other has less than six month residual service remaining.

DPI Standard

7. A check of all aspects required for DPI standard were found to be of a very high standard.

Equipment

8. Basic tool kits were incomplete on arrival when the unit was raised. Technical vehicles have still to be released. The unit has overcome to some extent this major deficiency in technical vehicles by borrowing a Studebaker Garage Truck and 5 KVA generator from the CMF.

CONFIDENTIAL

CONFIDENTIAL

Summary

9. This unit could be made operationally ready at very short notice provided the deficiencies in key personnel and equipments were made available. The unit has a high standard of morale and williness to work.

10. Throughout the inspection the unit proved to be impressive and well on the way to achieving a good Operational Readiness Standard.

Standing Orders for Operations

4. These are not published and will have to be coordinated with 18 Fd Sqn.

Trial Loadings and Pack Trials

5. As for 18 Fd Sqn.

Training

6.
 - a. Mil Trg. No emphasis has been placed on military training. A little drill is imparted by weekly OC's parades; promotion courses and range practices have been undertaken.
 - b. Three members have recently completed the Battle Efficiency Course.
 - c. Technical training. At no time since the workshop moved to its present location has any member been out of work. Any tendency for the workshop back load to fall off has resulted in searches for increased work, often beyond the bounds of the units responsibility and extending to any unit in the WACOL Area, all such units having received assistance at one time or another.

Full advantage has been taken of all offers of civil trade attachments and workshop members have attended civil courses with GM, HASTINGS DEERING, THIESS BROS., BLACKWOOD HODGE, MASSEY FERGUSON, Dept of Works, etc. Other attachments have been arranged with NCWS mainly to improve machine shop practice due to our lack of machinery. Trade testing has proceeded as normal through the auspices of NCWS.

OPERATIONAL READINESS : Q ASPECTS

Establishment and Equipment Tables

1. The unit is currently operating under Establishment No 11:39:1(TW) and TWET No 2039.

Scales and CES

2. All Block Scales and CES have been issued and kept up to date on receipt at amendments.

Personal Issues

3. The parent unit provides administrative support and as such, issues all items of personal equipment and clothing.

Note: See 18 Fd Sqn operational readiness report dated for details of overall deficiencies.

Vehicles and Unit Equipment

4. The following specialist type vehicles have NOT been issued:-

Truck $\frac{3}{4}$ ton Auto Repair and Matching Trailer
Truck $\frac{3}{4}$ ton Machine Shop and Matching Trailer
Truck $\frac{3}{4}$ ton Welding Shop and Matching Trailer
1 x $\frac{3}{4}$ ton GS - 1 x $\frac{1}{4}$ ton held in lieu.
2 x Trailer Mounted 5KNA Gen Sets - 1 x Skid Mtd in lieu.

Other Major Deficiencies

5. Porta - Power (10 ton)
Chain Saw
Equipment Spot Check Hartridge
Press Track Pin and Bushing.

Note: Apart from items mentioned above, 26 other vouchers submitted in Feb 66 are still to be fulfilled.

Technical Inspections and Repair of Equipment

6. Carried out by unit personnel.

Unit Scaling of Expense Items for 30 Days

7. Parent unit responsibility.

Loading Lists

8. At limited number of wooden crates have been manufactured for miscellaneous stores. Most unit equipment and spares are readily packed into binning within unit vehicles.

Packing Equipment and Materials

9. Sufficient materials equipments are available to meet current demands.

CONFIDENTIAL

OPERATIONAL READINESS INSPECTION : 18 FD SQN

General

1. The Operational Readiness Inspection of 18 Fd Sqn was conducted by HQ 6 Task Force on 28 Feb 67.
2. At the time of the inspection the OC Maj O. M. FRANCIS was attending a Tac 3 course. The 2IC Capt A. J. FITTOCK marched into the unit only five weeks ago. Out of the three National Service Officers posted to the unit one was away at Exercise NILLA QUA, one has been permanently attached to P and E Estb, PORT WAKEFIELD, the other was present at the unit.
3. Since Mar 66, 127 personnel have marched into the unit and 86 have marched out. As a result of this high turnover the unit is experiencing difficulty in getting personnel trade trained particularly clerks, storemen, plant operators and drivers.
4. The unit requires both personnel and equipment to enable it to function efficiently.

Personnel

5. Establishment strength is 10 Officers and 212 ORs. The posted strength is 5 Officers and 176 ORs.
6. The main deficiencies are as follows:-

Serial	Detail	Entitlement	Posted	Qual in trade	Deficient
(a)	(b)	(c)	(d)	(e)	(f)
1.	Offrs	10	5		5
2.	Ssgts	4	2	2	2 (both Sgt FE)
3.	Sgts	7	5	5	2 (1ocr Sgt and Sgt FE)
4.	Blacksmith	1	1	X	1

12.	Svyr (Engr)	1	1	-	
13.	Stmn Tech (Engr)	7	3	3	4

7. The major deficiencies in personnel are:-

- Recce Officer (Capt)
- OC 1 troop (Capt)
- Tp Offr 1 tp (Lt)
- Tp Offr 3 tp (Lt)
- Adm Offr (Lt)
- Incremental Sgt (Sgt)
- Sgt FE 1 Tp (Sgt)
- Ssgt FE 2 Tp (Ssgt)
- Ssgt FE 3 Tp (Sgt)

Ineligibles

8. At the time of the inspection the unit only had 12 soldiers on strength who were ineligible for overseas service. These were as follows:-

- a. Less Than 6 mths residual service. 4
- b. Medical 2
- c. Underage 6

DPI Standard

9. This was satisfactory. The percentage of completion is as follows.

- a. Medical 75%
- b. A 80%
- c. Q 60%
- d. Wills Awaiting will forms.
- e. IHC limited
- f. Mantoux test 72 personnel still to be tested. Suggest arrangement be made to have Chest Clinic personnel go to unit to do this test.

CONFIDENTIAL

Equipment

10. Listed in Annex C.

Summary

11. 18 Fd Sqn is NOT operationally ready. At present the unit is carrying out the role more as a Reinforcement Holding Unit than as a Engr Sqn. However the morale is high and action is being taken within the unit to overcome the problems within their control.

12. It is recommended that the Officer detached to P and E Estb, PORT WAKEFIELD, be posted to that establishment and every effort made to bring the unit up to strength, particularly in Officers and equipment.

DATED 3 MAR 67

OPERATIONAL READINESS : G ASPECTS

Unit Mounting Instructions

1. These have not been published yet. The OC has commenced writing them and estimates that they should be finished by mid May.

Unit Movement Data Tables.

2. No work has been done to date. However subunit tables have been made up from time to time as required (eg., Ex NILLA QUA). The biggest problem is the non availability of crates for loading and packing and the unit is reluctant to start on these tables until trial loadings and pack trials have been carried out.

Unit Standing Orders

3. These are up to date and complete.

Standing Orders for Operations

4. These are not published however the OC estimates that they should be finished in mid May.

Trial Loadings and Pack Trials

5. The unit has had no opportunity as yet due to the shortage of crates. However this problem is being overcome.

Training

6. In the next three months the unit is carrying out the following training:-

- a. Minor Engineering Works at subunit level at GREENBANK, ROSE WOOD and at Ex NILLA QUA
- b. Future minor engineering works will be carried out at Ex GET SET.
- c. Range Classification was last done with the 7.62mm L2A1 on the 17-18 Feb. Future practices will be done where required.
- d. TOETs are all done except for NS personnel. This however is a constant process and will be done at subunit level.
- e. Cadres for junior NCO promotion will be run in April for Subject A.
- f. New voice procedure has not been taught yet because the unit has no T1B 12.
- g. Offr training is limited because of the acute shortage of officers.
- h. Courses currently running:-

CONFIDENTIAL

CONFIDENTIAL

- (1) M113 Dvrs Course 23 Feb-23 Mar 67. One attending.
- (2) 1/67 Sgt Qualifying Course 25 Jan-7 Mar 67. Two attending.
- (3) N Comd Plant Op Course 30 Jan-5 Mar 67. Nine attending.

Understudies for Key Appointments

7. The only posting being understudied at the moment is the OC. This is done by the 2IC. No other understudies have been appointed.

Unit Emplaning Officers

8. The only person who did a UEO course has been posted out of the unit. No replacement is available and due to shortage of senior personnel it is unlikely that the unit will be able to spare someone for this course.

9. The unit does not have anybody qualified on an Ac Loaders Course. However the Unit is applying for vacancies on the next course.

Records

10. A check of G documents reveal:-
- a. Individual training documents are up to date.
 - b. TOET's are conducted regularly and are recorded.
 - c. Recall telegrams are not prepared because there is no necessity for them as yet.

Security

11. All officers are cleared to SECRET.
12. All ORs responsible for classified files have been cleared to the appropriate level.
13. The undertaking to preserve official secrets is lacking but the unit is slowly getting this in hand.

ESTABLISHMENT : B SQN 2 CAV REGT

Reference B Sqn 2 Cav Regt 132:3:5 dated 28 Feb 67.

1. The lifting of the existing restrictions on the establishment of B Sqn 2 Cav Regt and the provision of additional equipment is strongly recommended.
2. The unit already has an excess of other rank personnel without adequate officer and NCO personnel to command and train them. The unit also lacks adequate equipment to permit effective squadron training for all personnel.
3. Whilst the ORBAT of 6 TF for AHQ Exercise BARRA WINGA 2 is NOT yet known it is anticipated that B Sqn 2 Cav Regt will be included, and on previous experience it is suggested that the Squadron will NOT be able to function as effectively as required on its present restricted establishment.

Dear Sir,

1. One of my units has requested permission to carry out a course that will include amphibious training. The unit concerned is B Squadron, 2 Cavalry Regiment which is equipped with a light tracked, armoured vehicle called the M13.
2. A reconnaissance has revealed that the most suitable area is at Somerset Dam. Contact has been made with Mr J. FARRELL the superintendent of Somerset Dam, who has given tentative approval for use of the area but written approval is required from the Brisbane City Council.
3. It would be appreciated if permission could be granted for this unit to use the area of Somerset Dam from the 13th of March until the 15th of March. I will send an officer to you to explain any further details that you might require.

2 RAR BATTLE INNOCULATION TRAINING WIDE BAY RANGE 13-17 MAR 67

1. Instructions for the above training are attached.
2. It is noted that the danger area trace (Annex F), for the P1 Attack Exercise, extends to the 89 Grid Line in map squares 1388, 1488 and 1588. The northern portion of this area extends into the mangrove swamp area of KAURI CREEK.
3. It is appreciated that the danger area must NOT include areas beyond the high water mark. From a study of current maps it is difficult to ascertain if the area in question is above or below the high water mark. If the area does impose beyond the high water mark then it is in all probability very small.
4. It is requested that N Comd be approached and permission requested for approval from the Maritime Services Board to use the area in question as part of the danger area for the P1 Attack Exercise.
5. Any additional safety precautions such as cleaning the area prior to the exercise and placing red flags north of the 89 Grid line will be undertaken by 2 RAR.
6. It is considered essential that 2 RAR carry out this Battle Innoculation Training and due to the time available, before this training is due to commence, any alterations in the already planned exercises would reduce its effectiveness.

EDUCATION FACILITIES - SOUTH VIETNAM

Reference N Comd 284:N8:2 dated Feb 67.

1. Establishment RAAEC in South Vietnam.

EO (Capt)	1
EO (Lt)	2
Edn Instr (W02)	1
2. Activities RAAEC in South Vietnam.
 - a. Army Certificate of Education courses as situation allows.
 - b. Miscellaneous courses as situation allows, for example; a Joint Linguist Centre has been established for the teaching of English to Vietnamese, Vietnamese to Australians. This will eventually provide linguists to Platoon level.
 - c. A daily news sheet.
 - d. Civic action.
3. Facilities Available in South Vietnam.
 - a. A limited amount of reference material is available but it is generally concerned with the courses conducted in South Vietnam. It is not practicable to try to meet all the possible requirements because of:
 - (1) The wide range of course available by correspondence.
 - (2) The rapid deterioration of books and materials and storage.
 - b. Funds are specifically allocated to the provision of books and study material for South Vietnam on an "on demand" basis. These funds are controlled by ADAE E Comd to whom EO South Vietnam submits requests. DAE advises that funds are still available from 1966/67 vote.

/c. Examining authorities

c. Examining authorities, both state and private have co-operated in the setting up of examination centres in South Vietnam. These have been arranged through EO South Vietnam. The major problems are:

- (1) The ability of the soldier to meet pre-requisites for examination during his service in South Vietnam.
- (2) His availability for the examinations.

4. Libraries equivalent to the Command Library and G Library are not maintained in South Vietnam.

EDUCATION FACILITIES - SOUTH VIETNAM

1. The Brig Comd is pleased to advise that the following facilities are available in South Vietnam:

[Handwritten Signature]

OPERATIONAL READINESS INSPECTION : 3 TPT PL, RAASCGeneral

- The Operational Readiness Inspection of 3 Tpt Pl, RAASC was carried out by HQ 6 TF on 24 Feb 67.
- The unit is NOT operationally ready. This is mainly due to personnel deficiencies.

Personnel

3.

Serial	Detail	Offr	Sgt	Cpl	L opl	Ptes
(a)	(b)	(c)	(d)	(e)	(f)	(g)
1.	Estb	2	2	8	5	60
2.	PS	2	1	4	3	55

- The major deficiencies in personnel are:-
 - Officers. The Officer Commanding (Captain) of the unit is currently filled by a Lieutenant.
 - Sergeant Clerk (General Duties). 1
 - Drivers. 11
 - Cook. 1

Ineligibles

- The unit has a total of 16 personnel ineligible for overseas service. There are 12 personnel with less than six months residual service remaining and 4 personnel medically unfit.

DPI Standard

- The DPI Standard of the unit proved to be satisfactory. The current programme to bring all personnel at present on strength up to DP 1 Standard should be concluded within the next four weeks. This however does NOT include BE training.

Summary

- 3 Tpt Pl, RAASC although NOT operationally ready, (as a result of personnel deficiencies) has NO major problems that cannot be overcome within a short period of time. The presentation of documents and the overall enthusiasm of the unit was most impressive.

ANNEX A TO 6 TF R569:267:8
DATED 1 MAR 67

OPERATIONAL READINESS : G ASPECTS

Unit Mounting Instructions

1. These instructions have NOT been produced. The unit is operating from HQ 6 TF instructions.

Unit Standing Orders

2. The unit operates from HQ 6 TF Standing Orders and 1 Coy RAASC Standing Orders duly amended.

Trial Loadings and Pack Trials

3. The unit has had constant practice in trial loadings and pack trials. The last exercise was carried out between 7-16 Feb 67.

Training

4. The unit has carried out and is still conducting a well planned and suitable training programme.
5. The platoon has been conducting Infantry Minor Tactics training since 16 Jan 67 with exercises in the WACOL and LAKE MANCHESTER areas. In addition the unit has played an active role in supporting other units of 6 TF during their training exercises.
6. All members have received instruction in Health and Hygiene and in living in the field.

Understudies for Key Appointments

7. Where possible with the personnel available understudies for key appointments have been nominated and they have received training in their appointments.

G Records

8. These were at a satisfactory standard. Recall telegrams and TOETs were recorded and up to date.

Security

9. The platoon commander has been cleared to SECRET. The 2IC's security clearance is being processed.
10. OR responsible for classified documents have been cleared to the appropriate level.
11. All members have signed undertakings to preserve official secrets.

ANNEX B TO 6 TF R569:267:8
DATED 1 MAR 67

OPERATIONAL READINESS : A ASPECTS

Eligibility for Service in Operational Areas

1. a. Medically Fit. Four members are below PES FE and a further two members are receiving treatment for ailments which may result in medical downgrading.
- b. Age. All members are over 19 years of age.
- c. Residual Service. Twelve soldiers have less than six months to serve to complete current engagements. Of these, 10 are NSM.
- d. DPI Status. Dossiers for all members are only partially prepared at this stage.

Medical

2. a. Annual Examination. Six members are overdue for annual medical examination.
- b. X-Ray. The annual programme is currently in progress.
- c. Vaccinations and Inoculations. Twenty members are yet to undergo MANTOUX testing. Adequate arrangements have been made to ensure refresher inoculations are given as they become due.
- d. Medical Documents. Held and current for all personnel.
- e. International Health Certificates. Are held either completed or in blank form for all ranks.

Records

3. a. AABs 83 (Record of Service). The following entries are incomplete:-
 - (1) Lodgement of Will. 5.
 - (2) Official Photograph. 3.
 - (3) ID Cards. The number for ID Cards recorded and NO longer on issue to the member was 6.
- b. WF 5 (Paybook). Nineteen paybooks lack an official photograph of members.
- c. ID Cards. Held for all members but require photographs.

Summary

4. The unit is reasonably sound on A matters. The major outstanding requirements being action in respect of MANTOUX tests, official photographs and completion of DPI dossiers.

DATED 1 MAR 67

OPERATIONAL READINESS : Q ASPECTS

Establishment and Equipment Tables

1. The unit currently operates under establishment II/25/1 (TW) and TWET 202

Scales and CES

2. Block scales and CES are complete with the exception of a few minor CES. Hastening action has been taken.

Personal Issues

3. a. Kit inspections have been held at regular intervals.
b. The platoon does NOT hold a clothing account and has to rely on other units in the Force for issues of personal clothing and equipment. 8 RAR has fostered the unit in this respect.
c. A check of approximately 75% of AAB 83 (Q Section) revealed the following items were NOT up to entitlement:-

- (1) TOWELS, Hand Green
- (2) SHIRTS, Military Green
- (3) SHORTS, Drill Green
- (4) TROUSERS, Drill Green
- (5) SOCKS, ~~Hkaki~~
- (6) BAG, Kit Universal
- (7) CANTEEN, Water Plastic
- (8) COVERS, Canteen
- (9) FIELD PACK, Combat
- (10) POUCHES, Ammunition Basic Large
- (11) MILBANK, Filter Bag

Vehicles and Equipment

4. The unit has been issued with its full vehicle entitlement with the exception of two specialised type vehicles:-

- a. SHOP EQUIPMENT, Utility, Truck Mounted, $\frac{3}{4}$ -ton
- b. SHOP EQUIPMENT, Utility, Trailer Mounted $\frac{1}{2}$ -ton

Existing equipment deficiencies are to be made good by the transfer of same from 85 Tpt Pl, RAASC.

Technical Inspections and Repair of Equipment

5. Minor repairs are carried out by the platoon section of 1 Div ST Wksp, RAEME. All repairs beyond the scope of the detachment are backloaded to N Comd Wksp, RAEME.

Unit Scaling of Expense Items for 30 Days

6. NOT held.

Loading Lists

7. Packing and loading trials were conducted during a recent exercise. Difficulty has been experienced whenever this task is carried out due to the fact that a large percentage of unit stores and equipment are held at 1 BOD (GAYTHORNE) as NO suitable accommodation exists within the unit lines.

Packing Equipment and Materials

8. Adequate packing materials are available and 80% of crates have been manufactured. It should be noted that a Unit Serial Number has NOT been issued, consequently colour bars cannot be determined.

Summary

9. Q aspects within the unit are generally satisfactory. However due to the shortage of suitable accommodation for unit stores and equipment within the unit, operational readiness at the unit must be impaired.

OPERATIONAL READINESS INSPECTION : 23 ENGR SP TP

General

1. The Operational Readiness Inspection of 23 Engr Sp Tp was carried out by HQ 6 Task Force on 22 Feb 67.
2. The unit is NOT operationally ready. It requires certain major items of plant and considerable unit training in both specialized engineering work and Infantry minor tactics before reaching the required operational standard.

Personnel

3.

Serial	Detail	Offrs	S/Sgt	Sgts	Cpl	Sprs
(a)	(b)	(c)	(d)	(e)	(f)	(g)
1.	Estb	1	1	3	6	39
2.	PS	1		2	4	30

4. The major deficiencies which require filling are:-
 - a. Sgt Storeman Tech Engr. 1.
 - b. Cpl Plant Cp 2.
 - c. Sprs.
 - (1) Blacksmith 1.
 - (2) Plumber and Pipe Filter 1.

5. The unit has received posting orders for the other vacancies but to date the personnel posted have not marched into the unit.

Ineligibles

6. All members of the unit, except one, are eligible for overseas service. The one member ineligible has less than six months residual service remaining.

DPI Standard

7. The DPI Standard of the unit was satisfactory. The unit has a large

CONFIDENTIAL

turnover in personnel, mainly in providing reinforcement for SVN and as a result the documentation requires constant attention.

Equipment

8. The equipment situation in 23 Engr Sp Tp was the main feature which has placed the unit at a standard well below that required for operational readiness. The main deficiencies are listed on Annex C.

Summary

9. The unit, although deficient in personnel, could operate, with additional equipment, effectively in its role as an Engr Sp Tp. The major item of equipment required by this unit is a Semi Trailer Low Bed 25 ton.

10. The unit is having to supply reinforcements to SVN and as a result of losing these qualified trademen it has to devote the greater proportion of its training time to the training of new unqualified replacements. This has resulted in the unit having to neglect its minor tactical training and other aspects of training which are a requirement before the unit can even be considered up to the required operational readiness standard.

OPERATIONAL READINESS : G ASPECTS

Unit Mounting Instructions

1. The unit does NOT possess Unit Mounting Instructions. It operates from current AHQ and N Comd directives.

Unit Movement Data Tables

2. Their tables have been prepared for unit stores but NOT for unit vehicles.

Unit Standing Orders

3. The unit operates from 18 Fd Sqn Standing Orders.

Trial Loadings and Pack Trials

4. The unit has been unable to carry out trial loadings and pack trials as they do not have sufficient equipment to pack or to load into.

Training

5. The unit has recently conducted TOETs and its annual range practice. It conducted a unit exercise at Tin Can Bay during the period 19 Sep 66 and 10 Oct 66. The difficulty of training without equipment prevents an effective training syllabus being carried out.

Understudies for Key Appointments

6. Due to the large turnover in personnel it has not been possible to nominate and train understudies for key appointments.

Security

7. All ORs responsible for classified files have been cleared to the appropriate level.

8. All members have completed the undertaking to preserve official secrets.
