INTREP NUMBER FIVE

General

1. Information on the enemy is becoming increasingly harder to obtain. It is apparent that the publicity given to the ending of Confrontation has effected the attitude of sources and would be informers.
2. This INTREP contains information on:-
 - a. PASANDA at SELUAS and BABANG.
 - b. Cancellation of the reported withdrawal of 203 BRIMOB Bn.
 - c. A gun reported at BABANG.
 - d. Increased trading between SERIKIN and BABANG.
 - e. Possible new BRAWIDJAJA camp at PISANG 887041.

PASANDA

3. B3. 3 Aug. Source described the meaning of the word PASANDA as a unit comprising trained TNI soldiers from any unit, TNKU or PGRS. The members of PASANDA are willing to fight in SARAWAK and receive a gratuity of M \$ 300. The PASANDA at SELUAS do NOT appear to be training.
4. Twelve members of PASANDA have been stationed at BABANG since mid-July. Nine are regular TNI, three are PGRS. Units and names are NOT known. All are dressed in OGs and carry KALASHNIKOV rifles.
5. Comment. The dress and weapons are similar to MANJAR troops. These troops may be either remnants of the MANJAR troops or newly designated 'irregulars' stiffened by RPKAD and/or 514 Battalion. (connect para 11 of 4 RAR INTREP No FOUR).

Possible Orders for PASANDA

6. AJIS, AH JOO and NYONAU have all joined PASANDA. The two Chinese were reported to be at SELUAS, and both hold the rank of Pl Comd. AJIS, who has an intelligence appointment was to attend a meeting scheduled to last one week with a Colonel in PONTIANAK. This meeting was to start on 1 Aug. One of the reasons given for this meeting was to receive new orders for PASANDA.
7. Comment. The pattern for mounting Incursions appears to be
 - a. Training in a rear area.
 - b. Briefing by a senior officer.
 - c. Mounting within seven days of briefing.
8. The PASANDA in the SELUAS area have had over six weeks to prepare and train. It is not known what the 12 PASANDA at BABANG have been doing. However, it does not appear logical to have highly trained soldiers such as RPKAD on purely routine tasks.
9. It is considered possible a further incursion ~~may~~ be planned. Allowing time for AJIS to return from PONTIANAK (if this report is true) he should be back in SELUAS on approx 11 - 14 Aug. Allowing a further seven days for briefing and mounting preparations, it is considered that an incursion could be mounted from INDONESIA anytime after 18 Aug.

SECRET

...../2

10. It is probable that the tasks of an incursion party would be to contact local Chinese dissidents in the rear areas, with the aim of causing disturbances which would appear to have been caused by anti-government dissidents already inside SARAWAK.

BRIMOB in BABANG area

11. B3. 3 Aug. The intended withdrawal of 203 BRIMOB Bn in Aug has been cancelled due to lack of firm orders for the future role of PASAND.

12. B3. The positions of TNI arty weapons in the BABANG/RISAU area are reported to be:-

- a. 3 guns at JUNCTION.
- b. 2 guns at RISAU.
- c. 1 gun at BABANG.

The gun at BABANG is reported to be slightly smaller than a 105mm. Mors No 5 and 6 are reported to be held by BRIMOB in the area. In KORUH, the 40 BRIMOB are accommodated in three new huts with a mor outside each hut.

13. Comment. The guns are probably 76mm. Further info is being sought to clarify the mor sizes, however as No 2 mors are 2 inch and No 8 are 81mm, it is possible that No 5 mors are 51mm, and No 6 are 60mm.

Traders

14. Trading has continued between BABANG and SERIKIN with an increasing number of traders coming from INDONESIA. In late July, a trading party of 115 arrived at SERIKIN despite a warning to restrict numbers.

15. On 2 Aug, a meeting was held near SERIKIN to discuss trading between SERIKIN and BABANG. Present were FIO BAU, Tua Kampong SERIKIN, OKP BABANG and six INDONESIAN traders. It was explained that topics discussed should be given a wide circulation in the BABANG area, and that the local BRIMOB be fully informed. The following orders were laid down:-

- a. Strength of parties not to exceed 40.
- b. The frequency of trading days was immaterial. They could come any day.
- c. All traders are restricted in their movements when in SERIKIN, they will remain on the main track, and will NOT leave the shopping area of SERIKIN.
- d. Passes issued by SEKSI in BABANG authorising movement in SARAWAK are invalid.
- e. Changes in these instructions would be notified by the FIO.

16. At this meeting it was ascertained that SEKSI had requested the OKP BABANG to visit other kampongs outlined in his pass, in order "to discuss peaceful understanding in the border".

17. Comment. This is further evidence of attempts made by SEKSI to gain intelligence.

...../3

Possible New BRAWIDJAJA Camp

18. C3. 7 Aug. A ne camp has been reported for BRAWIDJAJA soldiers at PISANG. This camp is SOUTH WEST of the BRUNEI Range, but NORTH of the Sg. KOEMBA, and about 1½ hours walk from BANGUM. Strength of troops is not known.

19. Comment. The approx location would be 8741. This may account for some of the "mystery" 514 Bn locations.

Conclusion

20. Despite the official ending of Confrontation, there have been NO reports to indicate any withdrawal of border troops opposite 4 RAR. With the continued presence of PASANDA, it is assessed that an external threat still exists.

247. PRECEDENCE OF INFORMATION ADDRESSEES ON SIGNALS

Reference: HQ LAND BOR ADMIN RO 155/66.

1. Where a message has both action and information addressees, it is incumbent on the originator to assign either:-

a. One precedence for all addressees.

b. One precedence for action addressees and another (normally a lower precedence) for information addressees.

2. With the abolishing of the precedence DEFERRED and in the absence of specific instruction from originators to the contrary, some communication staffs have been assuming that the precedence allotted to action addressees has been allotted to information addressees. Hence many signals to the information addressees are being given precedence which is neither intended nor merited.

3. The Message Form (F Sigs 52) will, when it is reprinted, bear the word "ROUTINE" in the PRECEDENCE INFO space where the word "DEFERRED" now appears. Therefore, until stocks of the new form appear, communication staffs are authorised, in the absence of instructions from the originator to the contrary, to assume that all information addressees on messages have been allotted the precedence ROUTINE.

1. SIGNAL FROM CO 2/7 GR

To CO and all ranks 4 RAR from commandant and all ranks 2/7 GP
On leaving Borneo we send you our best wishes for the rest of your tour
and look forward to meeting you again in Malaya. We could not have
asked for better or more generous neighbours or more professional
comrades in arms. We enjoyed working with you enormously and hope that
we can serve together again in similar circumstances to the destruction
of the Queens enemies.

2. SIGNAL IN REPLY FROM CO 4 RAR

To commandant and all ranks 2/7 GR from CO and all ranks
4 RAR. Many thanks for your farewell message. We will miss your
frequent visits to share our operations room. We will not forget the
firm friendships made at all levels. Our common approach to soldiering
made it very easy for us to work together in close harmony during a very
busy period. We look forward to seeing you all again soon.

3. EXTRACT OF LETTER FROM MAJ T. GALLON BC V BTY RA

There are two important things I want to say on behalf of
V Bty. The first is that although at the time we were all keen to see
our families we are all now more than convinced that what we really
wanted to do, was to see time through with the 4th Bn.

The second thing we all want to say is what a tremendous
experience it was to be within the Battalion. That this feeling is so
strong in everyone is due to you all either in Bn HQ or in the coy bases.
I refuse to believe that any gunners, anywhere, have ever been made to
feel so welcome and so much a part of a real team.

4. EXTRACT OF LETTER TO CO 4 RAR FROM MINISTER OF SOCIAL SERVICE

"On behalf of the members of the Australian Parliamentary
Delegation, I would extend to you, your officers and men, my grateful
thanks for the kind hospitality you so recently extended to us.

Our visit to Sarawak was one of the high lights of our tour.
The opportunity to see the local scene has given each of us a far better
appreciation of the difficulties of the political and military situation
there. To you all I would extend my congratulations on the outstanding
way you are representing your country and for the effectiveness of your
work in such arduous circumstances."

5. DEBTS DUE BY MEMBERS

Reference: HQ AAF FARELF notice contained in RO Serial 23.

It is apparent that members serving in FARELF obtain considerable
credit for goods and, as a result, numerous firms and persons complain
to HQ AAF FARELF, concerning members who are not honouring their
obligations to pay accounts.

In most of these cases the debt was probable incurred with
every intention on the part of the member to pay the amount when due.
Whatever the original intention, many members find themselves in the
position of being threatened with legal action and unable to pay the
sum due because their budget will not meet any payments beyond
their day to day living expenses. It is obvious that persons who
have these overdue accounts have been living beyond their means and some
thought at the time of incurring the debt would avoid this embarrassment
to themselves.

If a member is on a fixed salary he should budget according
to that salary. By obtaining credit he is merely planning to reduce
his income later, if he intends to pay.

RESTRICTED

...../8

RESTRICTED

Obviously it would be more practical to reduce his income by savings in accordance with his budget and so save the future worry and embarrassment of an account which he cannot pay.

If creditors are forced to take legal action to recover debts additional costs are added to the account. Once a judgment is obtained the creditor is usually entitled to about 8% interest on the amount of the judgment, so that the debtor may find himself paying for considerable charges.

The creditor who has a judgment may issue a further summons to the debtor and the debtor must then attend court to answer how he will pay the debt. If the debtor does not attend, or in certain cases if he does not pay, the creditor can obtain an order for his imprisonment.

The creditor may also issue a warrant of execution. This means that the bailiff can come along and seize goods belonging to the debtor. If the amount is not then paid, the goods are sold by auction. This auction price is often much less than the value of the goods, and therefore a debtor very often is forced to satisfy a debt by the loss of valuable property from his home.

It should be remembered that a judgment obtained in this area can be transferred to Australia and enforced there. The costs of this are added to the judgment and, of course, they would be very heavy.

The above means of collecting debts are normal civil means which exist in addition to the military regulations which provide that a member is required to state how he will pay an admitted debt or a judgment of the court.

257. MOVEMENT OF STORES TO SINGAPORE BY ROAD FROM MALAYA

1. To facilitate the clearance of consignments of stores moving from South JOHORE into SINGAPORE, Customs and Excise Department, SINGAPORE are establishing an office at Woodlands Customs Control Point under Mr YANG CHEONG HONG. This office is open from 0700 hours - 1900 hours daily Monday to Saturday excluding public holidays. Units are to ensure that consignments of stores are forwarded only during these hours, unless for a special reason it is necessary to move stores at other times in which case prior authority of HQ SINGAPORE Area is necessary.
2. Sub-units are now required to present the following forms properly completed to the Customs office at Woodlands for clearance at the time the Stores are being despatched:-
 - a. Form A - Customs Ordinance No 44 of 1960 (one copy)
 - b. Customs Form S - C - E110 - W1322 - Declaration of Dutiable Goods for Removal Under Exemption Or on Payment of Duty (three copies).
3. Both these forms are available from HQ RAOC (Ord 2) at HQ 17 Div and may be had on application. The conditions require that each consignment of dutiable goods must be entered on the forms as shown at para 2.
4. The above procedure is required only in the case of consignments of stores despatched from unit in MALAYA to a store holding establishment in SINGAPORE (i.e. stores that come from MALAYA and will remain in SINGAPORE) and excludes arms and ammunition. It does not apply to units carrying their own equipment through SINGAPORE, or to SINGAPORE and return. Only stores that are dutiable in SINGAPORE are affected, other stores need not be shown. The list of such stores varies from time to time but a current list of the items most likely to affect units in MALAYA is shown at Annex A.

5. It has been agreed by the SINGAPORE Customs and Excise Department that, in the case of units in MALAYA outside the boundaries of SINGAPORE Area, specimen signatures of officers authorising the despatch of stores need not be held. The forms must be signed individually by the officer (carbon copies will not be accepted), who must not be below the rank of Captain. His designation must be shown on the form (signatures "for" OC Unit are not acceptable); and the forms must carry the unit stamp. The unit telephone number should also be shown.

6. There is no change in procedure for the move of stores from SINGAPORE to SOUTH JOHORE.

(HQ FARELF 104/66)

261. SMUGGLING

1. During July, 1966, seven British Servicemen have been apprehended by the Malaysian Customs Authorities and held on charges of smuggling.

2. It is apparent that a syndicate is operating in SINGAPORE and approaches are made to Servicemen, particularly to those who have recently arrived in this Command.

3. It is also clear from the number of recent arrests that the Malaysian authorities are aware of the identity of the Syndicate and their method of operation. It is for that reason that Servicemen are being approached.

4. On 20th July, 1966, two sailors, who pleaded guilty to charges of smuggling, were given the alternative of paying a \$M4,000 fine or serving a year's imprisonment. (The car used was also forfeited). Three soldiers are at present in custody, awaiting trial for a similar offence.

5. It should be understood that any serviceman, who is awarded a fine, is given a short time in which to pay, and this may be as little as thirty minutes. In default of payment he will serve a prison sentence in a Malaysian Civil gaol.

NOTICES

1. MESSAGE FROM LT-GEN SIR ALAN JOLLY

The following message was issued by Lt-Gen Sir ALAN JOLLY KBE, CBE, DSO, prior to his departure from the FAR EAST:-

"1. As I have visited as many Units as possible to say good-bye personally, I do not propose to issue a Special Order of the Day. However, I would like to take this final opportunity, before leaving SINGAPORE tomorrow, to thank you, and everyone in your command or Department, including the families and the many organisations which serve the Army, for all that has been accomplished during my tour as Army Commander.

2. I am very conscious of the effort and self sacrifice that so many have had to make during these past two years, particularly those families who have had to accept a great deal of separation, and I am extremely grateful for the loyalty and understanding which has been shown by all ranks and all members of the community.

3. For me personally, as Army Commander, it has been an honour and a privilege to have been in command during these busy and eventful years. You have overcome every problem and each new hazard with courage skill and unfailing good humour.

4. Thank you again. Good-bye and good luck to you all."

264. CARRAIGE OF ARMS IN TROOPING CRAFT

1. It is stressed that LRT Aircraft, both RAF and Charter, are pressurised, and the carriage of arms loose in the passenger cabin could result in damage to the skin of the aircraft with disastrous results. 2. Arms carried by individuals will be hessian wrapped, as above and also stowed in the freight hold.

3. The need for arms, whether in bundles or separately wrapped, to be clearly labelled is stressed, and should be brought to the attention of all persons concerned.

(HQ LFB RO 174/66)
