4. Before departure, applicants must satisfy the Commanding Officer that they can provide the return fare and will return to the unit on the conclusion of leave.

5. CHARGES PER DAY

7. Passengers are liable to be landed at intermediate parts of call, if their berths are required for individuals entitled to proceed at public expense; and must sign a statement that the conditions under which they embark are understood and accepted.

8. DISCIPLINE

All passengers travelling in troopships are subject to ship's standing orders.

9. DRESS

Correct uniforms must be worn when embarking or disembarking and during the voyage except during such periods as are approved by OC TROOPS. Voyage regulations do NOT give dispensation for WO's and other ranks to wear civilian clothes at any time on troopships, when moving as indulgence passengers.

10. BAGGAGE

Indulgence passengers are entitled only to normal cabin baggage and are NOT entitled to free portage.

11. EMBARKATION AND DISEMBARKATION

Indulgence passengers will comply with the normal regulations. Once embarked they will NOT go ashore again before sailing, as this interferes with normal embarkation.

Applications will be submitted at least 21 days prior to the date of departure and will include:-

- (a) Annexure 1 to Appx A to PART I of 3 RAR ADM Instr 1/57 in triplicate.

The movement orders will be countersigned by the sea transport Representative in SINGAPORE, and then taken to the shipping agents concerned who will exchange it for a ticket. At the same time the messing charges will be paid. The agent will give instructions for embarkation.
16. Personnel from SINGAPORE Base District will report to the Divisional Sea Transport Office, SINGAPORE, Ocean buildings, SINGAPORE, at least 48 hours prior to the hour of sailing, to collect tickets.
17. Passports, leave passes, International Health Certificates and movement orders must be produced on the demand, of any military or immigration staff. If NOT produced disciplinary action will be taken.

- (a) have documentary evidence of private accommodation reserved in ADEN.
- (b) have sufficient funds to pay for a return passage to the point of departure
- (c) present a signed certificate stating that these provisions are complied with.

116. JUKE BOX - NAAFI CANTEEN

1. The attention of this unit has been drawn to the fact that unauthorized methods are being used to operate the Juke Box located in the NAAFI Canteen at KUALA KANGSAR Camp.
2. These methods would appear to consist of the use of coins on strings and/or dummy coins.
3. The Contractor has advised that unless this practice ceases immediately and the Juke Box commences to show some profit, the Box will be withdrawn.
4. The practice of using unauthorized methods to operate the Juke Box will cease.

119. MOVEMENT OF TROOPS BY ROAD AT NIGHT

1. Recently there was a fatal accident in which a soldier, who was part of a foot patrol moving on both sides of a road at night, was knocked down and killed by a lorry.
2. The attention of all commanders is drawn to the necessity for observing safety precautions when parties of troops are moving along roads. Both the wearing of dark Jungle Green clothing and the necessity for moving tactically increase the danger at night, but where possible this should be overcome by moving in small well-spaced groups on one side of the road and facing the oncoming traffic.

2. The following members are authorised to collect unit mail:-

98. COMMUNICATION SECURITY - TELEPHONES

1. The GOC considers that the telephone is being used too much, particularly for discussing anti - CT operations.
2. The telephone in MALAYA is not a secure means of communication. There are two ways in which information may reach CTs from telephone conversations
 - (a) By CTs tapping telephone wires.
 - (b) By CT sympathisers, possibly employed by the Telecoms Dept, overhearing conversations and passing information to the CTs.

...../2.

3. Another aspect is that the main long distance telephone circuits in MALAYA are provided by using VHF radio. Conversations over these circuits could be monitored by suitable equipment outside the MALAYAN Peninsular. The security implications of this possibility must be borne in mind.

4. It is requested that the importance of security be again brought to the notice of all telephone users.

20. THIS LEAFLET CANCELS THE LEAFLET No. 6255 DATED 8th JANUARY, 1958.

Chairman,
Central Perak War Executive Committee.

Dated: 15th May, 1958.

OPERATION "GINGER"

Operation "Ginger" has now been in force for more than four months and experience gained during this period has disclosed certain weaknesses in the framework of the operation. The Central Perak War Executive Committee have therefore decided that amendments are necessary to ensure that supplies are completely denied to the Communist Terrorists. One point in particular has caused concern. Paragraph 7(d) of the pamphlet issued by the Chairman on the 8th January, 1958, stated that extra rice would be issued on application for festivals. From the number of applications received it has become clear that approval of such applications could produce a surplus of rice in areas where C.T. forces exert pressure. Both Perak State War Executive Committee and Central Perak War Executive Committee have decided that this privilege must be withdrawn and the operation conducted as a rigid food denial operation. From now on, therefore, the regulations affecting the movement of food-stuffs restricted articles, curfews danger belts and cultivations etc., in the Operation "Ginger" Area are as follows:—

(If you are in any doubt about these Regulations, do not hesitate to ask for advice. The Chinese Affairs Officers, the Penghulus, the Assistant Resettlement Officers, the Information Field Officers, the Police and the Food Denial Officers in the area will be glad to help you).

2. THE AREA IN WHICH THESE REGULATIONS APPLY:

- (a) The Mukims of Senggang, Kota Lama Kanan and Saiong east of the Perak River, but excluding the Malay Kampongs from Kampong Batang Kulim to Kg. Mandah.

- (d) The whole of the Mukim of Sungei Siput.
- (e) That part of the district of Kinta lying North of the Mukims of Sungei Raya, Sungei Trap and Blanja, EXCEPT Ipoh, Falim, Menglembu, Guntong New Village, Pasir Puteh, Pasir Pinji New Village and Kampong Simee New Village.

3. THE FOLLOWING ARE RESTRICTED ARTICLES:

- (a) Padi, padi products, rice, rice products, flour, flour products, all forms of oats and barley, edible oil, sugar, salt, concentrated foods, tinned foods, cooked food, dried fish, dried beans, dried peas, tapioca products, tapioca flour and sago;
- (b) paper suitable for use in typewriting or printing or other process for duplicating words, figures or pictorial or other representations, wax stencils and printing ink;

4. FOOD RESTRICTED AREA is an area where consumption and movement of food is restricted. Food may be taken into and out of a Food Restricted Area only under the conditions described in paragraphs 12 and 13 below.

5. FOOD PROHIBITED AREA is an area where, except in Residential areas, metalled roads, access roads, and bridle paths leading to a Residential Area, no food cooked or raw is allowed at any time.
