AUSTRALIAN MILITARY FORCES

R914/6/8

Headquarters  
Australian Force  
VIETNAM

DIART

26 Jul 66

1 ATF (4)  
1 ALSG (4)

DETACHMENT: 8 TP 17 CONST SQN TO 1 ATF

General

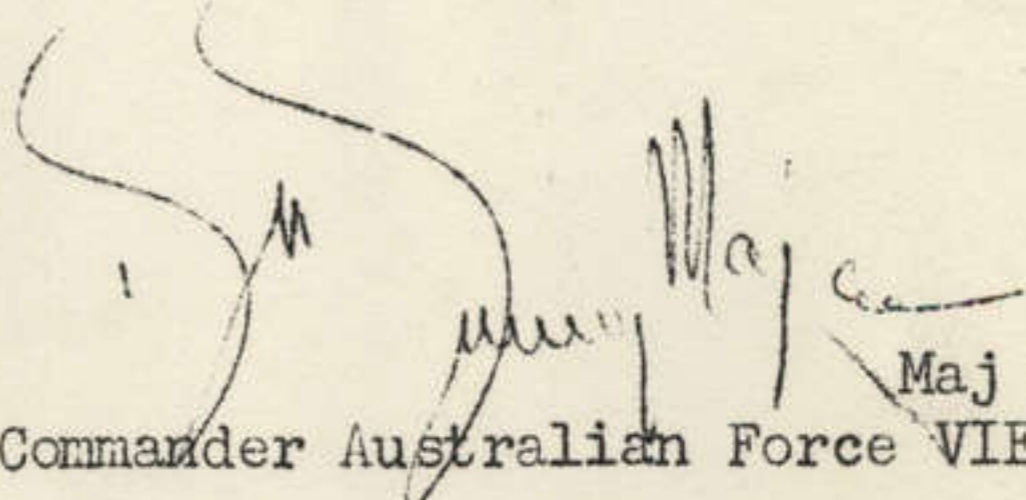

1. 8 Tp 17 Const Sqn is to be detached to 1 ATF from 8 Aug for an initial period of three months. The troop will be under command HQ 1 ATF for the period of the detachment.
2. The troop is provided to assist in construction of scaled accommodation in the TF area and should not be regarded as a supplement to the field squadron.

Works

3. For tasking, the troop should deal with the Area Project Officer, under the DAQMG, and not the field squadron. In effect the Area Project Officer should be tasking both 1 Fd Sqn and 8 Troop on area development. This in no way infringes on the OC 1 Fd Sqn's province as engineer adviser to 1 ATF.
4. The troop will be organised and equipped to undertake building construction. It will be necessary for 1 Fd Sqn to provide occasional minor plant support e.g. for site preparation.

Stores

5. Det 55 AESS will ensure that adequate construction material is provided forward before 8 Aug to support the work of the troop. This will involve the need for additional transport allocations or convoys by 1 ATF/1 ALSG. Material of importance is aggregate, sand, cement, Scale A pre-fab huts, timber and galvanised iron. In addition, 2 Comp Ord Depot should provide adequate nails forward.
6. The subsequent effect on engineer stores of the detachment forward is that a greater rate of consumption will occur in 1 ATF and a lower rate in 1 ALSG. 1 ATF and 1 ALSG will make whatever arrangements are necessary to ensure the adequacy of transport allocations to ensure efficient continuous employment of the troop.
