POSTAL: MAIL DELAYS

1. Recent mail delays have caused severe morale problems and subsequent political implications in regard to the Australian Forces in VIETNAM.
2. In some cases letter mail from AFPO 3 at VUNG TAU has taken over four weeks to reach AUSTRALIA and in the past twelve months other delays of eight to fourteen days for letter mail have been experienced.
3. A recent thorough investigation into the processing of AUSTRALIAN mail produced the following:-
 - a. While mail to AUSTRALIA was often delayed, mail from AUSTRALIA was seldom delayed;
 - b. Mail to AUSTRALIA was not delayed at AFPO 1, AFPO 3 or SAIGON.
4. Mail coming from AUSTRALIA is placed in a blue mail bag. This mail arrives quickly and is reliable whereas mail to AUSTRALIA has been placed in US mail sacks and has ~~been~~ had lengthy delays. A contributory factor to the delays in mail consigned to AUSTRALIA may have been some difficulty in identification of AUSTRALIAN mail in HONOLULU and some bags may have been forwarded to USA due to an error which could have been occasioned by the use of US mail sacks.
5. US mail pouches have been recommended for use for priority one mail but these have been difficult to obtain in the past and mail sacks have had to be used in lieu. It is anticipated that mail pouches will continue to be in short supply.
6. It would appear that the simple solution is to use blue bags for mail consigned to AUSTRALIA as this would assist identification and presents no problems in the delivery of mail from AUSTRALIA to this theatre. Australian Army Headquarters and the Australian postal authorities have agreed to this procedure. Your early concurrence is requested.

Free World Military Assistance Organisation
(Attention Major TRUONG)

PROVISION OF RADIO SETS FOR
AUSTRALIAN MILITARY POLICE

1. The Australian Military Police provide two patrols and vehicles for security and police work in SAIGON. They work in conjunction with the Vietnamese National Police and other Free World Military Police.
2. Australian police radio sets do not operate on the same frequency bands as the Vietnamese sets. It is vital that communication be available to the police patrols.
3. May two VRC 12 type radio sets be made available from within ARVN for this purpose.
4. Your assistance in this matter would be very greatly appreciated.

She is separated from her husband and as such reaction is considered to be detrimental to her expected infant and to her own future mental health. I would recommend serious consideration of her husband's return to Australia. SUPPLY OF PSP

1. 1 ATF is at present supplied by road from Vung Tau. As the route is likely to be out of use occasionally it is intended to push ahead with the construction of TAC T (SR) airfield in the Task Force area. PSP is required for use on the aircraft unloading areas.
2. This is only one of several important requirements for PSP in the area and the issue of two hundred bundles of PSP is requested.
3. It is intended to collect and deliver these items under arrangements to be made by this headquarters.

APPLICATION FOR REMOVAL
61251 T/WO2 M F SHARPLES

- ... 1. Attached are AAFs H10, Application for Removal at Departmental Expense for the above member.
2. WO2 SHARPLES' reason for applying now for this removal, instead of prior to his departure from AUSTRALIA is as follows:-
- Prior to his departure for VIETNAM he arranged for his mother-in-law to live with his wife, at OYSTER BAY, for the duration of his tour of duty in VIETNAM. For business reasons WO2 SHARPLES' mother-in-law now is obliged to return to TASMANIA leaving Mrs SHARPLES alone. As SHARPLES has no children and his wife is living in a 1 room flat this is unsatisfactory. Consequently he is moving his wife to TASMANIA.
3. Part C, para 14 and 15 of the AAF H10 requires completion by the members wife.
4. The application is recommended.
