"FORM GUIDE" OF COMPETITORS TAKING PART IN BATTALION HQ SPORTS

"OPS" TEAM

1. Team Capt "Shorty Turner" is expected to have his team of fine performers in top condition to contest for the "Bn HQ Trophy". When interviewed he had this to say:

"I am quiet confident of the win as we are cream and cream always comes to the top". He went on to say that Maj "Whip Cord and Steel" MANSFORD is expected to display a high performance in the running and jumping activities.

When we asked who were his Ace implement men he immediately said: we will be depending on Lt Col Healy in the Discus and Shot events and Maj SCHLYDER for his favourite the "Javelin" and water Polo. (Javelin - "Self Confessed") the remaining 3 members of the team are self confessed "All Rounders" Sgt "Olympic Standard" RUSSELL is tipped to draw in high points for his team with Sgt BORRETT and Lcpl KYTE being the boys to watch, as both boys have high Clerical and Mechanical appitude².

"CLERKS"

Team Capt, Capt A.S. D'HAGE has assured us of 4 brilliant display from his team members. His leadership and teams ability last year took out the Trophy but this time with a complete new team it will be interesting to see how he plays his men. He himself is expected to show top form in all activities especially the swimming. In our interview he gave us a brief run donw on his team.

1. 2Lt "BOOTS" MELLINGTON is team favourite for the football event and has been known to have shot the putt once in a while.
2. Lcpl MISKIEWICZ is expected to reach the "High Standard" in the Long Jump and a team winner for the 100 mts relay.
3. Pte "LEGS" DIMMOCK should show top form in the running activities and boost up his teams points in the High Jump.
4. Pte HAGE although - unknown at this stage for his athletic ability, he seems to have an air of suspence around him. (Boy to watch).
5. Sgt "SOFTBALL" BEASLEY once again has not much on record to his name but is team favourite for throwing the softball and reaching the high standard on the discus.

RP/PAY TEAM

Team Capt WOI K.F. DAVIDSON has stated that he will spur his team to their maximum ability in an effort to gain the Trophy. He is expected to show top form in all throwing events and the Water Polo. His run down of his team was:

1. Sgt "MONEY BUNNY" JOYCE will do extremely well in most events although is still being plagued by an old injury after being hit in the knee with a Discus or something last year.

.../2.

2. Cpl "SHORTY" LOURENSEN is tipped as a "Speedman" in the 100 mtr relay and the Basketball event.
3. Lcpl DORAN has stated that previous experience will assist him and his team in the athletic events.
3. Lcpl POLLOCK is team favourite as top scorer in the Water Polo. Although slightly slow to cut the stream his positional play and ball handling ability will leave the other teams stunned.
5. Pte Cahill. A veteran to athletic carnivals is expected to prove his worth in the shot and basketball events although upset that we didn't include the "Hammer".

INT TEAM

Team Captain, Capt M.J. EDWARDS has said that he will have his team ready to contest the Trophy which they won under Capt D'Hage's guidance last year. He said the tactics used last year cannot be used because of the nature and danger of the sports. He said we have a great physiological advantage being the previous victors but he declined from further questions regarding tactics except for a brief description of his team. He said we have the fittest and most versatile team entered.

1. Pte ANGUS ("GUS") is expected to be of great value in the throwing events but is favouring a leg injury which he won't talk about.
2. Pte BELLETTY a new guy in the team has the look of agility about him and will be pushed to his maximum to achieve required results.
3. Pte "CHOOK" COCHRANE and old timer at this type of activity will without a doubt be one of the teams high scorers.
4. Pte "FREE LOADER" FERGUSON is reported to have great athletic ability. working on previous records held on this member, he is one to watch.
5. Pte "HORATIO" HANCOCK is yet another new face in the team but he states he will dominate 90% of the field events.
6. Pte "LOFTY" McPHERSON (on loan from Pay), is still feeling his way around but rumours are he's in training and could prove an asset to the Int Team.

RESERVES

Our one and only reserve is ONE SSGT ALLAN. (Thank God there is only One). He is sweating on the lack of replacements this week so he can slide into a slot in the Clerks Team. I feel given the chance our "CC" swift as he is, could prove a great asset to which ever team he is attached to. Going on our records, held under lock and key in an anonymous Char-Wallah, he has shown ability to a great extent with the High Jump, Long Jump and Sprinting events.

Interviewer Comments

I find, after talking to the four team Captains, that all teams are looking forward to contest the "Trophy" on Wed 31st Jan. With this enthusiasm of the Individual's, I foresee a great day of Competition.

Distribution List AMINUTES OF CO's CONFERENCE
FRI 12 JAN 73

1. General. The Commanding Officer made a short opening address. The CO indicated that the unit had an excellent reputation and he expected this to be maintained in all fields throughout a probably more difficult second year. Maintenance of efficiency was to include operations/exercises, personnel management and care of stores and financial accounts. The CO stressed that the Australian Army was now a fully volunteer army and those national servicemen remaining were committed in a professional role.
2. The CO stressed that initiative must be encouraged and a "2 way flow of ideas" should exist. The Army now had a major role as a cadre for expansion and members must be able to readily accept responsibility for higher ranks. NCO potential in soldiers should be carefully watched.
3. Sub-account System. The 2IC stated that a new system for sub-accounts would be brought into effect shortly. A half-day course would be run by the QM on 16 Jan 73 at 0900 hrs for the following personnel:
 - a. Coys
 - 2IC
 - CQMS
 - Storeman
 - b. Other Sub-accounts
 - Sub-account holder
 - Storeman
 - c. Any Officers or Interested Members
4. Commencing Wed 17 Jan 73, the QM will convert individual sub-accounts to the new system.
5. Dacron Clothing. The 2IC stated that current instructions on the wearing of this uniform would be clarified in the near future.
6. Promotion Exams. Maj Bishop, acting as Ops Offr stated that the status of publications has been issued. The IO was asked to ensure that publications were available with up to date amendments.
7. Assault Pioneer Course. A course is to be conducted by 28 Fd Sqn from 12 Feb - 23 Mar 73. Although the course will be primarily for the benefit of the Assault Pioneer Platoon, companies may bid for vacancies to the Ops Offr. (The course will be run during the battalion competition).
8. Adventure Training. OC Spt Coy stated that two landrovers and one 3 ton vehicle were available for adventure training. The Commanding Officer stressed the need for this type of training.

.../9. Wessex

9. Wessex Familiarization. OC Spt Coy stated that the aircraft were in country but would be "tied up" through January. Companies should look at suitable dates in February.

10. Major Mansford stated that the system of amending training programmes would continue and companies are to ensure that Coy 2ICs or CSMs phone amendments to training programmes to the ops office each day.

11. The conference was briefed by the Adjt on the following aspects of CO's policy.

Allocation of Reinforcements

12. Soldiers would be broadly classified into two categories:

- a. average to above average; and
- b. below average.

13. These classifications would be based on recruit training reports. The Adjt and the Chief Clerk would then allocate an equal number (where possible) of both categories to companies. The following factors would also be considered:

- a. strengths of rifle companies would be kept equal where possible;
- b. national servicemen would not be posted to Spt Coy if this could be avoided; and
- c. coys may bid to the Chief Clerk for specialists such as draughtsmen, musicians etc. Bids for sportsmen would not be acceptable.

Promotion

14. Lance-Corporals. Coys were allocated those numbers shown on the Vu-Graph. Recommendations for promotion above the entitlement would only be considered in exceptional circumstances.

15. Corporals. As a unit policy, only members who are qualified for Corporal in at least two out of the three subjects and have an education of AACE 3 or better would be considered for promotion to temporary corporal for a trial period of 3 months. If, after this period the member demonstrated the necessary qualities, the promotion would be made substantive by the submission of a further A26A. Members who did not have the above qualifications would only be considered as a special case.

16. Sergeant. For promotion to substantive sergeant, an A26A is required to reach CARO by the 1 Mar each year. All subjects for promotion and education of AACE 2 standard are required.

17. HDA. In addition to those factors outlined in MBI 90-14, all applications are to be checked against the coy roll book prior to submission and are to be endorsed by the coy comd or coy 2IC to this effect. Only in exceptional cases should HDA be submitted for more than one step in rank.

.../18. CO's

18. CO's Conferences. The CO's policy is that these would be held on an "on demand" basis. Coys will be advised of the details as conferences are required.

19. Manning. The Adjt discussed the manning chart with company commanders.

20. Leave. Leave is to be taken during the two block leave periods per year. In special circumstances application may be made to take leave outside of this period for such reasons as marriage, opportunity to indulge to UK to see close relatives or where close relatives are visiting from Australia. Emergency leave would be granted along the lines of Annex D to the MBI and this would include requests to look after children regardless of whether or not members employ an amah.

21. Company commanders were briefed by the CO on the following points:

- a. Battle Efficiency Tests. All ranks, except those members exempted by age (40 yrs and over) or medical restrictions are to actually complete Battle Efficiency Tests as per MBI 252-3 rather than simply have their name recorded in ROs as having done the tests.
- b. Powers of Company Commander
 - (1) In the case of an NCO
 - (a) reprimand; or
 - (b) admonition.
 - (2) In the case of a private soldier
 - (a) a fine not exceeding Ten dollars;
 - (b) confinement to barracks not exceeding 7 days;
 - (c) extra guards or picket; or
 - (d) admonition.
 - (3) In addition to the above, the following CO's policy is to apply:
 - (a) all NCOs are to be remanded to the CO, unless the charge is of so trivial a nature that the coy comd thinks he should deal with it;
 - (b) all cases involving AWOL over 24 hrs are to be remanded to the CO (because of pay and allowances involved in a finding of guilty).
- c. Sport. Training is to be carried out each Tue and Thu afternoon from 1500 hrs onwards. The sports officer is to promulgate an up to date list of training squads periodically. In cases where coys are away on exercise (with the exception of Butterworth), members are to return to camp on a Thu in time for training. (There were to be no exceptions to this and pl comds etc should be allowed back).

22. Ceremonial. The CO stated that the unit would concentrate on one major ceremonial parade per year on Long Tan Day, whilst the battalion birthday and other occasions would be of a less major nature.

23. A conference with the CO, Ops Offr and RSM would be held shortly concerning the issue of instructions on Friday morning officers and RSM/SNCOs (training the remainder of the unit).

24. The CO stated that all officers and ORs were to be present for the 0800 hrs sub-unit parade. The CO also stated that terms of address such as "boss" and "skipper" were not to be used within the unit.

25. Questions were then taken:

a. ID Cards. In reply to a question by OC B Coy, the Adjt said a reply was expected shortly on the loss of an ID card being a prevalent offence.

b. NS Extensions. In reply to a question by OC A Coy, the Adjt stated that policy on extensions of NS would be promulgated.

c. Reinforcements. OC D Coy was informed that the next draft of reinforcements was due on 16 Jan 73.

26. Final Point. The QM drew attention to FRO 10/73 and the requirement for companies to submit forms FEME 1.

DRAFTING OF ROUTINE/STANDING ORDERS

 B. JSP 101 Service Writing.

1. Examination of unit Routine and Standing Orders received at HQ ANZUK Spt Gp has revealed that in a large number of cases, paragraphs designed to be read as orders have not been expressed as such but as statements of fact or intention.
2. If a serviceman is to be charged with breach of a written order, the prosecution case may well fail against him if the order is expressed as a statement.

 - a. The identity of the person responsible to do some act or refrain from doing some act.
 - b. The words "is to" or "are to".
